Change in Presentation Currency

Amaya also announced that it will change its presentation currency from Canadian dollars to U.S. dollars beginning with Amaya's unaudited interim consolidated financial statements for the three months ended March 31, 2016. Amaya believes that this change will reduce the impact of movements in exchange rates on reported results and provide shareholders with a more accurate reflection of Amaya's underlying performance.

To assist shareholders in the transition, Amaya will also provide certain historical financial information restated in U.S. dollars in its unaudited interim financial statements for the three months ended March 31, 2016 and management's discussion and analysis thereon. This information will include certain income statement and balance sheet information for the comparative prior year period and as at December 31, 2015 and 2014, as applicable, and certain summary financial information for the prior seven quarters.
