The Stars Group Completes Acquisition of Sky Betting & Gaming

TORONTO, July 10, 2018 -- The Stars Group Inc. (Nasdaq: TSG) (TSX: TSGI) announced today that it has completed its previously announced acquisition of Sky Betting & Gaming (“SBG”).

“This acquisition represents a pivotal moment in The Stars Group’s evolution,” stated Rafi Ashkenazi, The Stars Group’s Chief Executive Officer. “SBG’s mobile-focused sportsbook pairs well with our industry-leading poker offering to create two premier customer acquisition channels. We believe this combination along with our combined online casino offerings positions The Stars Group for continued growth in the evolving online gaming industry.”

This acquisition also provides The Stars Group with multiple expected operational and financial benefits, including:

- Dramatically improves The Stars Group’s revenue diversity, creating a balanced spread across poker, casino and sportsbook with a broad geographic reach.
- Increases The Stars Group’s presence in locally regulated or taxed markets to approximately 75% of combined revenues.
- Develops sports betting as a second customer acquisition channel, complementing The Stars Group’s core offerings and creating an opportunity to cross-sell players across multiple verticals.
- Enhances The Stars Group’s products and technology through the addition of SBG’s innovative sportsbook and casino offerings and portfolio of popular mobile apps.

“This transaction creates the world’s largest publicly listed online gaming company and unites two iconic brand portfolios with strong technology platforms and teams. This significant scale also positions The Stars Group to both secure and expand upon its global footprint,” concluded Mr. Ashkenazi.

Consideration for the purchase of SBG was comprised of a combination of cash and approximately 37.9 million newly-issued common shares of The Stars Group. The cash consideration of the acquisition was financed through cash on the balance sheet, proceeds from The Stars Group’s recent equity offering and newly issued debt consisting of:

- \$100 million from its revolving credit facility, which was increased to \$700 million, priced at LIBOR plus 3.25% and maturing in five years;
- \$4,567 million equivalent in new first lien term loans, comprising a U.S. dollar denominated tranche of \$3,575 million priced at LIBOR plus 3.50% and a Euro denominated tranche of €850 million priced at Euribor plus 3.75%, and each with a 0% floor and maturing in seven years; and
- \$1,000 million in 7.0% unsecured senior notes due July 2026.

About The Stars Group

The Stars Group is a leading provider of technology-based product offerings in the global gaming and interactive entertainment industries.
