Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturity that an entity has the intention and ability to hold to maturity. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than twelve months after the consolidated statements of financial position date, which are classified as non-current assets. Financial instruments classified as held-to-maturity and loans and receivables are initially recorded at fair value and subsequently measured at amortized cost using the effective interest method. No financial assets are held-to-maturity. Cash and cash equivalents, restricted cash, receivable under finance lease, accounts receivable are classified as loans and receivables.

Impairment

At the end of each reporting period, the Corporation assesses whether a financial asset or a group of financial assets, other than those classified as fair value through profit and loss, is impaired. If there is objective evidence that impairment exists, the loss is recognized in the consolidated statements of comprehensive income (loss). The impairment loss is measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized in the consolidated statement of comprehensive income (loss).

Financial Liabilities

Financial liabilities are classified as either "financial liabilities at fair value through profit or loss", or "other financial liabilities". Financial liabilities are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method for liabilities that are not hedged and fair value for liabilities that are hedged. All financial liabilities are classified as other liabilities.

Transaction costs

Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities that are classified as "Through Profit or Loss") are added to or deducted from the fair value of the financial instrument on initial recognition. These costs are expensed to "interest" on the consolidated statement of comprehensive income (loss) over the term of the related financial asset or financial liability using the effective interest method. When a debt facility is retired by the Corporation, any remaining balance of related debt transaction costs is expensed to "interest" on the consolidated statement of comprehensive income (loss) in the period that the debt facility is retired. Transactions costs related to financial instruments at fair value through profit or loss are expensed when incurred.

Compound Financial Instruments

The Corporation's compound financial instruments comprise of its non-convertible subordinated debentures that entitle the holder to receive a unit composed of one non-convertible debenture and 48 warrants. As a result the instrument is composed of one liability component and one equity component for the warrants. The liability component of the non-convertible debentures is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The Corporation has determined the fair value of the liability component. Then, the proceeds were allocated between the liability and the equity components using the residual method. Any directly attributable transaction costs are allocated to the liability and the warrants in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the convertible debentures is measured at amortized cost using the effective interest method. The warrants are not re-measured subsequent to initial recognition.

Embedded derivatives

Derivatives may be embedded in other financial and non-financial instruments (the "host instrument"). Embedded derivatives are treated as separate derivatives when their economic characteristics and risks are not closely related to those of the host instrument, the terms of the embedded derivative are the same as those of a stand-alone derivative, and the combined contract is not held-for-trading or designated at fair value. These embedded derivatives are measured at fair value with subsequent changes recognized in the consolidated statement of comprehensive income (loss). The Corporation has no embedded derivatives.

Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, the Corporation uses

market observable data to the extent possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Corporation (working closely with external qualified valuers) using valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset / liability that market participants would take into account.

For the Corporation's financial instruments which are recognized in the statement of financial position at fair value, the inputs used in measuring fair values are classified in the following levels in the fair value hierarchy:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 – Inputs for the asset or liability that are not based on observable market data.

Transfers between levels of the fair value hierarchy are recognised by the Corporation at the end of the reporting period during which the change occurred.

Comprehensive income (loss)

Comprehensive income (loss) is composed of the Corporation's net earnings (loss) and other comprehensive income (loss). Other comprehensive income (loss) includes unrealized effect of foreign currency translation of foreign operations net of income taxes. The components of comprehensive income (loss) are presented in the consolidated statements of changes in equity.

RESEARCH AND DEVELOPMENT INVESTMENT TAX CREDITS

The Corporation claims research and development investment tax credits as a result of incurring scientific research and experimental development expenditures. Research and development investment tax credits are recognized when the related expenditures are incurred, and there is reasonable assurance of their realization. Investment tax credits are accounted for by the cost reduction method, whereby the amounts of tax credits are applied as a reduction of the cost of the deferred development costs.

INVENTORY VALUATION

Inventories are priced at the lower of cost or net realizable value. Cost is determined on a weighted average basis. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventory to its present location and condition. Raw materials and purchased finished goods are valued at purchase cost. Net realizable value represents the estimated selling price for inventory less all estimated costs necessary to make the sale.

PREPAID EXPENSES AND DEPOSITS

Prepaid expenses and deposits consist of amounts paid in advance or deposits made for which the Corporation will receive goods or services within the next normal operating cycle.

PROPERTY AND EQUIPMENT

Property and equipment which have a finite life are recorded at cost less accumulated depreciation and impairment losses. Depreciation is expensed from the month the corresponding assets are available for use over the estimated useful lives at the following rates, which are intended to reduce the carrying value to the estimated residual value:

Revenue-producing assets	Declining balance	20%
Machinery and equipment	Declining balance	20%
Furniture and fixtures	Declining balance	20%
Computer equipment	Declining balance	20%

INTANGIBLE ASSETS

Software	Declining balance	20%
Licenses	Straight-line	Over the term of licenses
Placement fee	Straight-line	Over the term of lease

ACQUISITION-RELATED INTANGIBLES

Software Technology	Straight-line	5 years
Customer Relationships	Straight-line	15 years

The depreciation method, useful life and residual values are assessed annually and the assets are tested for impairment, whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

Upon retirement or disposal, the cost of the asset disposed of and the related accumulated amortization are removed from the accounts and any gain or loss is reflected in earnings. Expenditures for repairs and maintenance are expensed as incurred.

GOODWILL

Goodwill represents the excess of the purchase price over the fair value of the identifiable net assets acquired in a business acquisition. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Goodwill is reviewed for impairment at least annually or more frequently if circumstances such as significant declines in expected sales, earnings or cash flows indicate that it is more likely than not that the asset might be impaired.

RESEARCH AND DEVELOPMENT

Research and development costs are expensed except in cases where development costs meet certain identifiable criteria for deferral. Development costs, which have probable future economic benefit, can be clearly defined and measured, and are incurred for the development of new products or technologies, are capitalized. These development costs net of related research and development investment tax credits are not amortized until the products or technologies are commercialized, at which time, they are amortized over the estimated life of the commercial production.

The amortization method and the life of the commercial production are assessed annually and the assets are tested for impairment.

IMPAIRMENT OF NON-CURRENT ASSETS

At the end of each reporting period, the carrying amounts of property and equipment and intangible assets with finite useful lives are assessed to determine if there is any evidence that an asset is impaired. If there is such evidence, the recoverable amount of the asset is estimated. The recoverable amount of intangible assets with indefinite useful lives or those are not ready for use is estimated on the same date each year.

The recoverable amount of an asset or a cash generating unit is the higher of value-in-use and fair value less costs to sell.

Assets that cannot be tested individually for the impairment test are grouped into the smallest group of assets that generates cash inflows through continued use that are largely independent of the cash inflows from other assets or groups of assets ("cash-generating unit" or "CGU"). For the impairment test of goodwill, goodwill has been allocated to one group of CGUs, so that the level at which the impairment is tested represents the lowest level at which Management monitors goodwill for internal Management purposes, in accordance with operating segment. Goodwill acquired in a business combination is allocated to the group of CGUs that is expected to benefit from synergies of the related business combination.

The Corporation's corporate assets do not generate separate cash flows. If there is evidence that a corporate asset is impaired, the recoverable amount is determined for the CGU to which the corporate asset belongs. Impairments are recorded when the carrying amount of an asset or its CGU is higher than its recoverable amount. Impairment charges are recognized in income or loss.

Impairment losses recognized for a CGU (or group of CGU) first reduce the carrying amount of any goodwill allocated to that CGU and then reduce the carrying amounts of the other assets of the CGU (or group of CGU) pro rata on the basis of the carrying amount of each asset in the CGU (or group of CGU).

An impairment loss recognized for goodwill may not be reversed. On each reporting date, the Corporation assesses if there is an indication that impairment losses recognized in previous periods for other assets have decreased or no longer exist. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. The increased carrying amount of an asset attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized.

TAXATION

Income tax expense represents the sum of current and deferred taxes. Current and deferred taxes are recognized in the consolidated statement of comprehensive income (loss), except to the extent it relates to items recognized in other comprehensive income (loss) or directly in equity.

Current tax

The tax currently payable is based on taxable income for the year. Taxable income differs from earnings as reported in the consolidated statements of comprehensive income (loss) because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Corporation's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting earnings.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, except where the Corporation is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable income against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Corporation expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Corporation intends to settle its current tax assets and liabilities on a net basis.

STOCK-BASED COMPENSATION

The Corporation has one share option plan and accounts for grants under this plan in accordance with the fair value-based method of accounting for stock-based compensation. Compensation expense for equity settled stock options awarded to employees under the plan is measured at the fair value at the grant date using the Black-Scholes valuation model and is recognized using the graded vesting method over the vesting period of the options granted. Compensation expense recognized is adjusted to reflect the number of options that has been estimated by Management for which conditions attaching to service will be fulfilled as of the grant date until the vesting date so that the ultimately recognize expense corresponds to the options that have actually vested. The compensation expense credit is attributed to contributed surplus when the expense is recognized in income or loss. When options are exercised or shares are purchased, any consideration received from employees as well as the related compensation cost recorded as contributed surplus are credited to share capital.

Non-employee equity-settled share-based payments are measured at the fair value of the goods and services received, except where that fair value cannot be estimated reliably. If the fair value cannot be measured reliably, non-employee equity-settled share-based payments are measured at the fair value of the equity instrument granted, measured at the date the entity obtains the goods or the counterparty renders the service. The Corporation subsequently measures non-employee equity-settled share-based payments at each vesting period and settlement date, with any changes in fair value recognized in the consolidated statement of comprehensive income (loss). Stock-based compensation expense is recognized over the contract life of the options or the option settlement date, whichever is earlier.

EARNINGS PER SHARE

Basic earnings per common share are computed by dividing the earnings for the period by the weighted average number of common shares outstanding during the period. Diluted earnings per share are computed using the treasury stock method by dividing the earnings for the period applicable to common shares by the sum of the weighted average number of common shares outstanding and all additional common shares that would have been outstanding if potentially dilutive common shares had been issued.

Dilutive earnings per share comprise of employee share-based compensation and broker warrants.

LEASES

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of whether the arrangement conveys a right to use the asset. When substantially all risks and rewards of ownership are transferred from the lessor to the lessee, lease transactions are accounted for as finance leases. All other leases are accounted for as operating leases.

Corporation is the lessee

Leases of assets classified as finance leases are presented in the consolidated statements of financial position according to their nature. The interest element of the lease payment is recognized over the term of the lease based on the effective interest rate method and is included in financial expense, in the statement of comprehensive income (loss).

Payments made under operating leases are recognized in the consolidated statement of comprehensive income (loss) on a straight-line basis over the term of the lease.

PROVISIONS

Provisions represent liabilities to the Corporation for which the amount or timing is uncertain. Provisions are recognized when the Corporation has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. Provisions are measured at the present value of the expected expenditures required to settle the obligation using a discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in provisions due to the passage of time is recognized in “interest” on the consolidated statement of comprehensive income (loss). Provisions are not recognized for future operating losses.

Provision for jackpot

Several of the Corporation’s licensees participate in progressive jackpot games. Each time a progressive jackpot game is played, a portion of the amount wagered by the player is contributed to the jackpot for that specific game or group of games. Once a jackpot is won, the progressive jackpot is reset with a predetermined base amount. The Corporation maintains a provision for the reset for each jackpot and the progressive element added as the jackpot game is played. The provision for jackpots at the reporting date is included in provisions (see note 19). The provision is sufficient to cover the full amount of any required payout.

Contingent consideration

The acquisition of Ongame includes contingent consideration of up to €10 million which will become payable by Amaya if there is regulated online gaming in the United States within five years of completion of the acquisition. The Corporation has estimated the contingent consideration to be approximately €4 million ($5.84 million CAD), of which (i) €0.67 million ($0.98 million CAD) is recorded in Provisions (see note 19); and (ii) €3.33 million ($4.86 million CAD) was paid.

Provision for minimum revenue guarantee

The sale of WagerLogic Ltd. includes a minimum revenue guarantee agreement pursuant to which the vendor, in the first two years following the closing, may pay cash consideration if certain revenue targets are not achieved by the InterCasino Business. The Corporation has estimated a provision for the minimum revenue guarantee to be approximately USD$10 million ($10.67 million CAD), of which (i) USD$3.64 million ($3.88 million CAD) is recorded in Provisions (see note 19); (ii) USD $4.39 million ($4.68 million CAD) is recorded in accounts payable and accrued liabilities; and (iii) USD $1.97 million ($2.11 million CAD) was paid.

ROYALTIES

The Corporation licenses various royalty rights from several owners of intellectual property rights. These rights are used to produce games for use in Hosted Casino and Branded Games. Generally, the arrangements require material prepayments of minimum guaranteed amounts which have been recorded as prepayments in the consolidated statements of financial position. These prepaid amounts are amortized over the life of the arrangement as gross revenue is generated or on a straight-line basis if the underlying games are expected to have an effective royalty rate greater than the agreed amount. The amortization of these amounts is recorded as royalty expense.

The Corporation regularly reviews its estimates of future revenues under its license arrangements.

CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with IFRS requires Management to make estimates and assumptions that can have a significant effect on the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period.

Estimates and judgments are significant when:

- the outcome is highly uncertain at the time the estimates are made; or
- different estimates or judgments could reasonably have been used that would have had a material impact on the consolidated financial statements.

The consolidated financial statements include estimates based on currently available information and Management's judgment as to the outcome of future conditions and circumstances. Management uses historical experience, general economic conditions and trends, as well as assumptions regarding probable future outcomes as the basis for determining estimates.

Estimates and their underlying assumptions are reviewed on a regular basis and the effects of any changes are recognized immediately. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of the financial statements and actual results could differ from the estimates and assumptions.

The following areas require Management's most critical estimates and judgments.

ESTIMATES

Goodwill

The recoverable amount of the operating segment, representing the group of CGUs to which goodwill is allocated, is based on the higher of fair value less costs to sell and value in use. The recoverable amount was calculated as at June 30, 2014, based on fair value less costs to sell. The fair value less cost to sell is the amount for which the CGU could be exchanged between knowledgeable willing parties in an arm's length transaction, less cost to sell. Management undertakes an assessment of relevant market data, which is the market capitalization of the Corporation and in addition uses a discounted cash flow model. Estimated future cash flows for the first five years were based on the budget and strategic plans. A growth rate of 2.5% was applied to the last year of the strategic plan to derive estimated cash flows beyond the initial five-year period. The post-tax discount rate is also a key estimate in the discounted cash flow model and is based on a representative weighted average cost of capital. The pre-tax discount rate used to calculate the recoverable amount as at June 30, 2014, was 12.00%. As at June 30, 2014, there was no need for impairment.

Impairment of other long-lived assets

The determination of other long-lived asset impairment requires significant estimates and assumptions to determine the recoverable amount of an asset and/or CGU, wherein the recoverable amount is the higher of fair value less costs to sell and value in use. The value in use method involves estimating the net present value of future cash flows derived from the use of the asset and/or CGU, discounted at an appropriate rate.

The key assumptions utilized in the determination of future cash flows represent Management's best estimate of the range of economic conditions relating to the CGU, and are based on historical experience, economic trends, and communications with other key stakeholders of the Corporation. These key assumptions include the revenue growth rate, EBITDA[1] margin as a percentage of revenues, capital expenditures as a percentage of revenues, and the inflation growth rate. Significant changes in the key assumptions utilized in the determination of future cash flows could result in an impairment charge or reversal of an impairment loss. As at June 30, 2014 and June 30, 2013, there was no need for an impairment charge.

Stock-based compensation and warrants

The Corporation estimates the expense related to stock-based compensation and the value of warrants using the Black-Scholes valuation model. The model takes into account Management's best estimate of the exercise price of the stock option/warrant, an estimate of the expected life of the option/warrant, the current price of the underlying stock, an estimate of the stock's/warrant's volatility, an estimate of future dividends on the underlying stock/warrant, the risk-free rate of return expected for an instrument with a term equal to the expected life of the option/warrant, and the expected forfeiture rate of stock options granted (see note 24).

Inventory write-down

Periodical reviews of the inventory are performed for excess inventory, obsolescence and declines in net realizable value below cost and allowances are recorded against the inventory balance for any such declines. The Corporation writes down the value of ending inventory for obsolete and unmarketable inventory equal to the difference between the cost of inventory and the net realizable value. These reviews require Management to estimate future demand for products and evaluate market conditions. Possible changes in these estimates could result in a write-down of inventory. If actual market conditions are less favourable than those projected, additional inventory write-downs may be required.

Research and development investment tax credits

Management has made a number of estimates and assumptions in determining the expenditures eligible for the research and development investment tax credit claim. Tax credits are available based on eligible research and development expenses consisting of direct expenditures and including a reasonable allocation of overhead expenses. It is possible that the allowed amount of the research and development investment tax credit claim could be materially different from the recorded amount upon assessment by the Canada Revenue Agency, the Minister of Revenue of Quebec and Alberta Finance.

Income taxes

Deferred tax assets and liabilities are due to temporary differences between the carrying amount for accounting purposes and the tax basis of certain assets and liabilities, as well as undeducted tax losses. Estimation is required for the timing of the reversal of these temporary differences and the tax rate applied. The carrying amounts of assets and liabilities are based on amounts recorded in the financial statements and are subject to the accounting estimates inherent in those balances. The tax basis of assets and liabilities and the amount of undeducted tax losses are based on the applicable income tax legislation, regulations and interpretations. The timing of the reversal of the temporary differences and the timing of deduction of tax losses are based on estimations of the Corporation's future financial results.

---

[1] EBITDA as defined by the Corporation means earnings before interest and financing costs (net of interest income), income taxes, depreciation and amortization, stock-based compensation, restructuring and other non-recurring costs, and non-controlling interests. EBITDA is a non-IFRS measure.

The Corporation recognizes an income tax expense in each of the jurisdictions in which it operates. However, actual amounts of income tax expense only become final upon filing and acceptance of the tax return by the relevant authorities, which occur subsequent to the issuance of the financial statements. Additionally, estimation of income taxes includes evaluating the recoverability of deferred tax assets based on an assessment of the ability to use the underlying future tax deductions before they expire against future taxable income.

The assessment is based upon enacted or substantively enacted tax laws and estimates of future taxable income. To the extent estimates differ from the actual amounts determined when preparing the final tax returns, earnings would be affected in a subsequent period. As at June 30, 2014 a valuation allowance of $5,070,481 (2013 – $4,314,532) was recorded.

Changes in the expected operating results, enacted tax rates, legislation or regulations, and the Corporation's interpretations of income tax legislation, will result in adjustments to the expectations of future timing difference reversals, and may require material deferred tax adjustments. To the extent that forecasts differ from actual results, adjustments are recognized in subsequent periods.

Contingent consideration

The acquisition of Ongame includes contingent consideration of up to €10 million which will become payable by Amaya if there is regulated online gaming in the United States within five years of completion of the acquisition. The Corporation has estimated the contingent consideration to be approximately €4 million ($5.84 million CAD), of which (i) €0.67 million ($0.98 million CAD) is recorded in Provisions (see note 19); and (ii) €3.33 million ($4.86 million CAD) was paid.

Provision for minimum revenue guarantee

The sale of WagerLogic Ltd. includes a minimum revenue guarantee agreement pursuant to which the vendor, in the first two years following the closing, may pay cash consideration if certain revenue targets are not achieved by the InterCasino Business. The Corporation has estimated a provision for the minimum revenue guarantee to be approximately USD$10 million ($10.67 million CAD), of which (i) USD$3.64 million ($3.88 million CAD) is recorded in Provisions (see note 19); (ii) USD $4.39 million ($4.68 million CAD) is recorded in accounts payable and accrued liabilities; and (iii) USD $1.97 million ($2.11 million CAD) was paid.

JUDGMENTS

Finance leases

Judgement is required in the initial classification of leases as either operating leases or finance leases and, in respect of finance leases, determining the appropriate discount rate implicit in the lease to discount minimum lease payments. The useful life of the leased property is determined by Management at the inception of the lease. The useful life is based on historical experience with similar products as well as anticipation of future events, which may impact their useful economic life, such as changes in technology. The estimated fair values established at lease inception is periodically reviewed to determine if values are realizable, which depends on the credit risk of the lessee, market conditions and other subjective and qualitative factors.

Deferred Development Costs

Amounts capitalized include the total cost of any external products or services and labour costs directly attributable to development. Management's judgement is involved in determining the appropriate internal costs to capital i.e. The useful life represents Management's view of the expected period over which the Corporation will receive benefits from the software based on historical experience with similar products as well as anticipation of future events, which may impact their useful economic life, such as changes in technology.

Estimated useful lives of long-lived assets

Judgment is used to estimate each component of an asset's useful life and is based on an analysis of all pertinent factors including, but not limited to, the expected use of the asset and in the case of an intangible asset, contractual provisions that enable renewal or extension of the asset's legal or contractual life without substantial cost, and renewal history. If the estimated useful lives were incorrect, this could result in an increase or decrease in the annual amortization expense, and future impairment charges.

Change in Accounting Policies

Interests in Other Entities

The Corporation have adopted the following five standards applying to interests in other entities as at January 1, 2013:

IFRS 10, Consolidated Financial Statements;

IFRS 11, Joint Arrangements;

IFRS 12, Disclosure of Interests in Other Entities;

IAS 27, Separate Financial Statements (as amended in 2011); and

IAS 28, Investments in Associates and Joint Ventures (as amended in 2011).

IFRS 10 builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess.

IFRS 11 is intended to provide for a more realistic reflection of joint arrangements by focusing on the contractual rights and obligations of the arrangement, rather than its legal form. The standard addresses inconsistencies in the reporting of joint arrangements by establishing principles that are applicable to the accounting for all joint arrangements.

IFRS 12 is a new standard on disclosure requirements for all forms of interests in other entities, including joint arrangements, associates, special purpose vehicles, and other off-balance-sheet vehicles.

The IASB also issued Consolidated Financial Statements, Joint Arrangements and Disclosure of Interests in Other Entities: Transition Guidance (Amendments to IFRS 10, IFRS 11 and IFRS 12). The amendments clarify the transition guidance in IFRS 10, Consolidated Financial Statements and also provide additional transition relief in IFRS 10, IFRS 11, Joint Arrangements and IFRS 12, Disclosure of Interests in Other Entities.

IAS 27, as amended in 2011, contains accounting and disclosure requirements for investments in subsidiaries, joint ventures, and associates when an entity prepares separate financial statements. The standard requires an entity preparing separate financial statements to account for those investments at cost or in accordance with IFRS 9, Financial Instruments.

IAS 28, as amended in 2011, prescribes the accounting for investments in associates and sets out the requirements for the application of the equity method when accounting for investments in associates and joint ventures.

The adoption of these new IFRS pronouncements had no material impact on the measurement of the consolidated financial statements. However, application of IFRS 12 has resulted in more extensive disclosures in the consolidated financial statements.

IFRS 13, Fair Value Measurement

The Corporation adopted IFRS 13, Fair Value Measurement ("IFRS 13") with prospective application from January 1, 2013. IFRS 13 defines fair value, sets out a single IFRS framework for measuring fair value and outlines disclosure requirements for fair value measurements.

IFRS 13 defined fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is a market-based measurement, not an entity-specific measurement, so assumptions that market participants would use should be applied in measuring fair value.

The adoption of IFRS 13 did not have an effect on our Consolidated financial statements for the current period. The disclosure requirements of IFRS 13 are incorporated in the consolidated financial statements. This includes disclosures about fair values of financial assets and liabilities measured on a recurring basis and non-financial financial assets and liabilities measured on a non-recurring basis. Disclosures about assumptions used in calculating the fair value of assets classified as held for sale are included in the consolidated financial statements (note 11).

IAS 1, Presentation of Financial Statements

The Corporation adopted the amendments to IAS 1, Presentation of Financial Statements ("IAS 1") on January 1, 2013, with retrospective application. The amendments to IAS 1 require companies preparing financial statements under IFRS to group items within other comprehensive income that may be reclassified to profit and loss and those that will not be reclassified. Since there are is only one other comprehensive income item within our statement of comprehensive income (loss), there is no net impact on the presentation of our statement of comprehensive income (loss).

Recent Accounting Pronouncements

OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES (AMENDMENTS TO IAS 32)

Effective for annual periods beginning on or after January 1, 2014, on a retrospective basis. Early application is permitted. If an entity applies this amendment earlier than required, it shall disclose that fact and shall also make the disclosures required by Disclosures—Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7) issued in December 2011.

The Corporation has not yet assessed the impact of the adoption of this standard on its consolidated financial statements.

RECOVERABLE AMOUNT DISCLOSURES FOR NON-FINANCIAL ASSETS: AMENDMENTS TO IAS 36

The IASB has published Recoverable Amount Disclosures for Non-Financial Assets (Amendments to IAS 36). These narrow-scope amendments to IAS 36, Impairment of Assets, address the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.

The amendments are to be applied retrospectively for annual periods beginning on or after January 1, 2014. Earlier application is permitted for periods when the entity has already applied IFRS 13.

IFRS 9, FINANCIAL INSTRUMENTS

The IASB issued the chapters of IFRS 9 relating to the classification and measurement of financial assets. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the many different rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments (its business model) and the contractual cash flow characteristics of the financial assets.

The IASB also issued additions to IFRS 9 to address the problem of volatility in profit or loss arising from an issuer choosing to measure its own debt at fair value (i.e., the "own credit" problem). With the new requirements, an entity choosing to measure a liability at fair value will present the portion of the change in its fair value due to change in the entity's own credit risk in the other comprehensive income section of the income statement (no longer recognized in profit or loss). Entities are allowed to apply this change before applying any of the other requirements in IFRS 9.

The IASB also published a new hedge accounting model, together with corresponding disclosures about risk management activity for those applying hedge accounting. The new model represents a substantial overhaul of hedge accounting that will enable entities to better reflect their risk management activities in their financial statements. The most significant improvements apply to those that hedge non-financial risk. As a result of these changes, users of the financial statements will be provided with better information about risk management and about the effect of hedge accounting on the financial statements.

Because the impairment phase of the IFRS 9 project has not yet been completed, the IASB decided to temporarily remove the mandatory effective date of IFRS 9 while continuing to make it available for earlier application. The hedge accounting chapter of IFRS 9 will not however be available for earlier application by those entities reporting under Canadian GAAP until the necessary due process, translation and publication processes have been completed by the AcSB.

Off Balance Sheet Arrangements

The Corporation's commitments under lease agreements for premises, hardware support contracts, and purchase obligations aggregate to approximately $22,800,000. The minimum annual payments are as follows:

	$
Within one year	11,757,000
Later than one year but not later than 5 years	10,957,000
More than 5 years	86,000

OUTSTANDING SHARE DATA

As at August 14, 2014, the Corporation had a total of 130,432,275 common shares issued and outstanding, 9,172,532 options issued under the Corporation's stock option plan, and 5,490,885 share purchase warrants issued and outstanding.

BUSINESS RISKS AND UNCERTAINTIES

The Corporation operates in a rapidly changing environment that involves numerous risks and uncertainties, many of which are beyond Amaya's control and which could have a material effect on Amaya's business, revenue, operating results and financial condition.

Each of these risk factors could materially adversely affect the Corporation's business, revenue, operating results and financial condition, as well as materially adversely affect the value of an investment in the securities of the Corporation.

The Corporation's current principal risks and uncertainties as identified by Management are described below:

- The manufacture and distribution of gaming solutions is subject to extensive scrutiny and regulation at all levels of government;

- Online, social, casual and mobile gaming is a relatively new industry that continues to evolve. The success of this industry and Amaya's online business will be affected by future developments in social networks, mobile platforms, legal or regulatory developments which are beyond Amaya's control;
- The Corporation and its licensees are subject to applicable laws in the jurisdictions in which they operate and future legislative and court decisions may have a material impact on operations and financial results;
- The Corporation's Native American tribal customers that operate Class II games under the IGRA are subject to regulation by the NIGC. Any changes in regulations could cause the Corporation to modify its Class II games to comply with the new regulations, which may result in the Corporation's products becoming less competitive;
- Any license, permit, approval or finding of suitability may be revoked, suspended or conditioned at any time. The loss of a license in one jurisdiction could trigger the loss of a license or affect Amaya's eligibility for a license in another jurisdiction;
- There are significant barriers to entry to the market for the Corporation's solutions and if the Corporation is unable to overcome the barriers to entry, it will materially affect its results of operations and future prospects;
- There is intense competition amongst gaming solution providers. If the Corporation is unable to obtain significant early market presence or it loses market share to its competitors, it will materially affect its results of operations and future prospects;
- The ability of the Corporation to complete announced acquisitions and divestitures. The risks associated with these acquisitions and divestitures could have a material adverse effect upon the Corporation's business, financial condition and operating results;
- The markets for the Corporation's solutions are characterized by rapidly changing technology, evolving industry standards and increasingly sophisticated customer requirements. The Corporation's inability to develop solutions that are competitive in technology and price and that meet customer needs could have a material adverse effect on the Corporation's business, financial condition and results of operations;
- A significant portion of Amaya's operations are conducted in foreign jurisdictions. As such, Amaya's operations may be adversely affected by changes in foreign government policies and legislation or social instability and other factors which are not within the control of Amaya;
- The Corporation holds patents, trademarks and other intellectual property rights. The Corporation has also applied for patent protection in the United States, Canada and Europe, relating to certain existing and proposed processes, designs and methods. If the Corporation is denied any or all of these patents, it may not be able to successfully prevent its competitors from imitating its solutions or using some or all of the processes that are the subject of such patent applications;
- The sales cycle for the Corporation's products and services is variable, typically ranging from between a few weeks to several months and in some cases even longer, from the point of initial contact with a potential customer to the actual completion of a sale. If any events were to occur that affect the timing of the order, the sales of the Corporation's solutions or services may be cancelled or delayed, which would reduce the Corporation's revenue;
- The Corporation depends on the services of its executive officers as well as its key technical, sales, marketing and management personnel. The loss of any of these key persons could have a material adverse effect on the Corporation's business, results of operations and financial condition;

- The Corporation's solutions are complex and, accordingly, they may contain defects or errors, particularly when first introduced or as new versions are released. Defects and errors in the Corporation's solutions could materially and adversely affect the Corporation's reputation, result in significant costs to it, delay planned release dates and impair its ability to sell its products in the future;
- The Corporation incorporates security features into the design of its gaming machines and other systems which are designed to prevent the Corporation and its customers from being defrauded. If the Corporation's security systems fail to prevent fraud, the Corporation's operating results could be adversely affected;
- A substantial portion of the Corporation's revenue is earned in U.S. dollars and Euros, but a substantial portion of the Corporation's operating expenses are incurred in Canadian and U.S. dollars. Fluctuations in the exchange rate between the U.S. dollar, the Euro and other currencies, such as the Canadian dollar, may have a material adverse effect on the Corporation's business, financial condition and operating results;
- The Corporation has experienced and expects to continue to experience rapid growth in the Corporation's headcount and operations, placing significant demands on its operational and financial infrastructure. If the Corporation does not effectively manage its growth, its ability to develop and market its solutions could suffer, which could negatively affect its operating results;
- Contract awards by lottery authorities are sometimes challenged by unsuccessful bidders, which can result in costly and protracted legal proceedings that can result in delayed implementation or cancellation of the award. Further, there can be no assurance that the current contracts of Amaya will be extended or that Amaya will be awarded new contracts as a result of competitive bidding processes in the future;
- Some of the Corporation's licensees rely on Internet service providers to allow the Corporation's licensees' customers and servers to communicate with each other. If Internet service providers experience service interruptions, communications over the Internet may be interrupted and impair the Corporation's ability to carry on business. Further, there can be no assurance that the Internet infrastructure or the Corporation's own network systems will continue to be able to meet the demand placed on it by the continued growth of the Internet, the overall online gaming industry or of the Corporation's customers;
- Any disruption in the Corporation's network or telecommunications services could affect the Corporation's ability to operate its games or financial systems, which would result in reduced revenues and customer down time;
- In addition to regulations pertaining to the gaming industry in general and specifically to online gaming, the Corporation may become subject to any number of laws and regulations that may be adopted with respect to the Internet and electronic commerce. These laws could have a material adverse effect on Amaya's business, revenues, operating results and financial condition;
- The Corporation's ability to make scheduled payments on or to refinance its debt obligations and to make distributions to enable it to service its debt obligations depends on its financial and operating performance. If the Corporation's cash flows and capital resources are insufficient to fund its debt service obligations, it may be forced to reduce or delay activities and capital expenditures, sell assets, seek additional capital, or restructure or refinance its indebtedness;
- As a supplier of gaming solutions, the Corporation must continually offer themes and products that appeal to gaming operators and players. The Corporation's success depends in part on unpredictable and volatile factors that are beyond its control, such as customer preferences, competing games, travel activity and the availability of other entertainment activities;

- The Corporation is heavily dependent on the gaming industry. A decline in demand for the Corporation's products in the gaming industry could adversely affect its business;
- From time to time, Amaya may be subject to litigation claims through the ordinary course of its business operations which could result in substantial costs and diversion of Amaya's resources. This could cause a material adverse effect on its business, financial condition and results of operations;

A more comprehensive list of the risks and uncertainties affecting Amaya can be found in its most recent Annual Information Form filed with the Canadian Securities Regulatory Authorities at www.sedar.com. Additionally, risk factors related to the Corporation's Acquisition of Rational Group subsequent to quarter end are included in Amaya's Management Information Circular dated June 30, 2014 and available on www.sedar.com. Investors are urged to consult such risk factors.

In the third quarter ended September 30, 2014, B2C consisted of Rational Group, while B2B consisted of Amaya’s B2B interactive gaming solutions, land-based gaming solutions, and lottery solutions.

Amaya’s primary business is its business-to-consumer (“B2c”) operation, Rational Group, which was acquired on August 1, 2014. Rational Group operates globally and conducts its principal activities from its headquarters in the Isle of Man. Rational Group owns and operates gaming and related businesses and brands including, among others, PokerStars, Full Tilt, the European Poker Tour, PokerStars Caribbean Adventure, Latin American Poker Tour and the Asia Pacific Poker Tour. PokerStars and Full Tilt are Rational Group’s two main brands and they provide distinct online gaming platforms operated under separate brands. Sites operated by PokerStars and Full Tilt collectively hold a majority of the global share of real money poker player liquidity and are among the leaders in play money poker player liquidity (Source: Pokerscout.com, November 3, 2014). Since it launched in 2001, PokerStars has become the first choice of players all over the world and it operates the world’s most popular online poker sites. PokerStars provides desktop client services and products to its customers which include real-money online poker cash games, tournaments and fast fold poker. 2. Private Placement

On July 13, 2013, the Corporation completed a private placement of 6.4 million common shares at a price of $6.25 per common share for total gross proceeds of $40 million. The private placement was conducted through a syndicate of underwriters. The net proceeds from the private placement will be used for general corporate purposes and working capital to assist in the implementation of the Corporation's growth strategy and the expansion of its international activities. The common shares issued under the private placement were subject to a statutory resale restriction until November 12, 2013. The total transaction costs of the offering, including underwriter's compensation, amounted to $2,514,756.

On July 7, 2014, the Corporation completed a private placement of 32 million common shares at a price of $20 per common share for total gross proceeds of $640 million. The private placement was conducted through a syndicate of underwriters. The net proceeds from the private placement were used as part of the financing for the Oldford Group acquisition. The total transaction costs of the offering, including underwriter's compensation, amounted to $29,445,552.

On August 1, 2014, the Corporation completed a private placement of 2,984,025 common shares at a price of $20 per common share for total gross proceeds of $59,680,500. The proceeds from the private placement were used as part of the financing for the Oldford Group acquisition. The private placement arose from a commitment from funds or accounts managed or advised by GSO Capital Partners LP or its affiliates (collectively, "GSO").

On August 1, 2014, the Corporation completed a private placement of 1,139,356 convertible preferred shares at a price of $1,000 per convertible preferred share for total gross proceeds of $1,139,356,000. The net proceeds from the private placement were used as part of the financing for the Oldford Group acquisition. Each convertible preferred share has an initial principal amount of C$1,000 and is convertible, at the holder's option, initially into approximately 41.67 common shares of the Corporation based on the conversion price of C$24 per common share, in each case, subject to adjustments including 6% accretion to the conversion ratio, compounded semi-annually. The total transaction costs of the offering, including underwriter's compensation, amounted to $70,055,803.

3. Summary of significant accounting policies

BASIS OF PRESENTATION

The interim consolidated financial statements have been prepared in accordance with IAS 34, Interim financial reporting, as issued by the IASB. The interim consolidated financial statements follow the same accounting policies as the most recent annual consolidated financial statements. The interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Corporation's Financial Report for the fiscal year ended December 31, 2013.

PRINCIPLES OF CONSOLIDATION

A subsidiary is an entity controlled by the Corporation, i.e. the Corporation is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its current ability to direct the entity's relevant activities (power over the investee).

The existence and effect of substantive potential voting rights that the Corporation has the practical ability to exercise (i.e. substantive rights) are considered when assessing whether the Corporation controls another entity.

The consolidated financial statements include the accounts of the Corporation and its wholly owned subsidiaries. A wholly owned subsidiary is an entity over which the Corporation has control, where control is defined as the power to govern financial and operating policies. On consolidation, all significant inter-entity transactions and balances have been eliminated. As at September 30, 2014, the consolidated financial statements included 123 wholly owned subsidiaries.

Upon loss of control of a subsidiary, the Corporation's profit or loss is calculated as the difference between (i) the fair value of the consideration received and of any investment retained in the former subsidiary and (ii) the previous carrying amount of the assets (including any goodwill) and liabilities of the subsidiary and any non-controlling interests.

ASSOCIATES

Associates are entities over which the Corporation has the power to participate in the financial and operating policy decisions of the entity, but over which it does not have control or joint control. Associates are accounted for using the equity method of accounting.

Under the equity method, the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the investor's share of comprehensive income of the associate. On acquisition of the investment, any difference between the cost of the investment and the investor's share of the net fair value of the associate's identifiable assets, liabilities and contingent liabilities is accounted for in accordance with IFRS 3 Business Combinations. The goodwill (net of any accumulated impairment loss) relating to an investment in an associate is included within the carrying amount of that investment.

The Corporation's share of its associates' post-acquisition profits or losses is recognised in the statement of profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Distributions received from an investee reduce the carrying amount of the investment.

If the Corporation's share of losses of an associate equals or exceeds its interest in the associate, the Corporation does not provide for additional losses, unless it has incurred obligations or made payments on behalf of the associate. Profits / losses on Corporation transactions with associates are eliminated to the extent of the Corporation's interest in the relevant associate.

DISCONTINUED OPERATIONS AND ASSETS HELD FOR SALE

Non-Current assets held for sale

A non-current asset (or disposal group) held for sale represents an asset whose carrying amount will be recovered principally through a sale transaction rather than through continuing use. For this to be the case, the sale must be highly probable and the non-current asset (or disposal group) must be available for immediate sale in its present condition. The appropriate level of management must be committed to the sale which should be expected to qualify for recognition as a completed sale within one year from its classification. Disposal groups and non-current assets held for sale are included in the consolidated statement of financial position at fair value less costs to sell, if this is lower than the previous carrying amount. Once an asset is classified as held for sale or included in a group of assets held for sale, no further depreciation or amortisation is recorded.

Discontinued operations

These are either separate major lines of business or geographical operations that have been sold or classified as held for sale. When held for use, discontinued operations were a cash-generating unit or a group of cash-generating units. They comprise operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the entity. Their results are shown separately in the consolidated statement of profit or loss and comparative figures are restated to reclassify them from continuing to discontinued operations.

REVENUE RECOGNITION

Revenue is recognized when all the following criteria are met:

- the Corporation has transferred to the buyer the significant risks and rewards;

- the amount of revenue can be reliably measured;
- it is probable that the economic benefits associated with the transaction will flow to the Corporation; and
- the costs incurred or to be incurred in respect of the transaction can be reliably measured.

B2C Revenue

Revenue from the B2C Business is primarily generated from the provision of real money online poker games and tournaments by clients operated by PokerStars and Full Tilt, with the brands generating a scaled commission fee, or “rake”, from ring/cash games and entry fees for tournaments. Revenue is measured at the fair value of the consideration derived. Revenue is only recognised when it is probable that the economic benefits will flow to the B2c Business and the amount of revenue can be measured reliably.

Multiple-element revenue arrangements

Certain contracts of the Corporation include license fees, training, installation, consulting, maintenance, product support services and periodic upgrades.

Where such agreements exist, the amount of revenue allocated to each element is based upon the relative fair values of the various elements. The fair values of each element are determined based on current market price of each of the elements when sold separately. Revenue is only recognized when, in Management’s judgment, the significant risks and rewards of ownership have been transferred or when the obligation has been fulfilled.

In addition to the aforementioned general policies, the following are the specific revenue recognition policies for each major category of revenue:

Product Sales

Revenue from product sales is generally recognized when the product is shipped to the customer and when there are no unfulfilled Corporation obligations that affect the customer’s final acceptance of the arrangement. Any cost of warranties and remaining obligations that are inconsequential or perfunctory are accrued when the corresponding revenue is recognized.

Participation leases and arrangements

In contracts that stipulate profit sharing arrangements, revenues are earned based on revenue splits established in the contracts and can vary depending on the contracts. Revenues are recognized when performance has been achieved and collectability is reasonably assured.

Software Licensing

Typically, license fees, including fees from master license agreements, most of which are contingent upon licensee’s customer usage, are calculated as a percentage of each licensee’s level of activity. The percentage is as established in the contracts and can vary depending on the contracts. The Corporation only reports its revenues (as opposed to licensee’s total revenues and deducting licensee’s percentage as a cost). The license fees are recognized on an accrual basis as earned.

Lease revenues

In the course of its normal business the Corporation enters into lease agreements for its gaming equipment.

Assets subject to finance leases are initially recognized at an amount equal to the net investment in the lease, which is the fair value of the asset, or, if lower, the present value of the minimum lease payments. Revenue is recognized on the basis of policy for product sales. Finance income is subsequently recognized over the term of the applicable leases based on the effective interest rate method. Finance income is grouped with the revenues, in the statement of comprehensive income (loss).

Assets under operating leases are included in property and equipment. Lease income from operating leases is recognized on a straight-line basis over the term of the lease and is included in revenues, in the statement of comprehensive income (loss).

TRANSLATION OF FOREIGN OPERATIONS AND FOREIGN CURRENCY TRANSACTIONS

Functional and presentation currency

IAS 21 (''Effects of Changes in Foreign Currency Rates'') requires entities to consider primary and secondary indicators when determining the functional currency. Primary indicators are closely linked to the primary economic environment in which the entity operates and are given more weight. Secondary indicators provide supporting evidence to determine an entity's functional currency. Once the functional currency of an entity is determined, it should be used consistently, unless significant changes in economic facts, events and conditions indicate that the functional currency has changed.

A change in functional currency is accounted for prospectively from the date of change by translating all items into the new functional currency using the exchange rate at the date of change.

Based on an analysis of the primary and secondary indicators, the functional currency of each of the group's entities have been determined. These consolidated financial statements are presented in Canadian dollars, which in the opinion of Management is the most appropriate presentation currency in view of its operations in the global marketplace, user needs and a comparison with its major competitors.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of comprehensive income (loss).

Group companies

Each foreign operation determines its own functional currency and items included in the financial statements of each foreign operation are measured using that functional currency.

The results and financial position of all the group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

(i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;

(ii) income and expenses for each statement of comprehensive income (loss) are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and

(iii) all resulting exchange differences are recognized in other comprehensive income (loss).

The following functional currencies are referred to herein below:

Currency Symbol	Currency Description
CAD	Canadian Dollar
USD	United States Dollar
EUR	European Euro
GBP	Pound Sterling

BUSINESS COMBINATION

Business combinations are accounted for using the acquisition method. Under this method, the identifiable assets acquired and liabilities assumed, including contingent liabilities, are recognized, regardless of whether they have been previously recognized in the acquiree's financial statements prior to the acquisition. On initial recognition, the assets and liabilities of the acquired subsidiary are included in the consolidated statement of financial position at their fair values. Goodwill is recorded when the identifiable intangible assets have been determined. Goodwill is the excess of the fair value of the consideration transferred over the fair value of the Corporation's share in the acquiree's net identifiable assets on the date of acquisition. Any excess of the identifiable net assets over the consideration transferred is recognized in income immediately.

The consideration transferred by the Corporation to acquire control of a subsidiary is calculated as the sum of the acquisition-date fair values of the assets transferred, liabilities incurred and equity interests issued by the Corporation, including the fair value of all the assets and liabilities resulting from a deferred payment arrangement. Acquisition related costs are expensed as incurred.

OPERATING SEGMENTS

Amaya has two reportable segments, Business–to-Consumer ("B2C") and Business-to-Business ("B2B"). In the third quarter ended September 30, 2014, B2C consisted of Rational Group, while B2B consisted of Amaya's B2B interactive gaming solutions, land-based gaming solutions, and lottery solutions.

Amaya's primary business is its business-to-consumer ("B2C") operation, Rational Group, which was acquired on August 1, 2014. The Corporation's operating segments are organized around the markets they serve (B2C and B2B) serve and are reported in a manner consistent with the internal reporting provided to the Chairman and Chief Executive Officer, the Corporation's chief operating decision-maker. An operating segment is a component of the Corporation that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses relating to transactions with other components of the Corporation.

FINANCIAL INSTRUMENTS

Financial assets

Financial assets are initially recognized at fair value and are classified either as "fair value through profit and loss"; "available-for-sale"; "held-to-maturity"; or "loans and receivables". The classification depends on the purpose for which the financial instruments were acquired and their characteristics. Except in very limited circumstances, the classification is not changed subsequent to initial recognition.

Fair Value through Profit or Loss

Financial assets at fair value through profit or loss are financial assets held-for-trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short-term or if so designated by Management. Financial assets classified at fair value through profit or loss are measured at fair value, with the realized and unrealized changes in fair value recognized each reporting period on the consolidated statement of comprehensive income (loss). The Corporation's investment in Intertain is classified as fair value through profit or loss.

Available-for-sale

Available-for-sale assets are non-derivative financial assets that are either designated in this category or not classified in any of the other categories. They are included in other non-current financial assets unless Management intends to dispose of the investment within twelve months of the consolidated statements of financial position date. Financial assets classified as available-for-sale are carried at fair value with the changes in fair value recorded in other comprehensive income (loss), except for investments in equity instruments that do not have a quoted market price in an active market which are measured at cost. Interest on available-for-sale assets is calculated using the effective interest rate method and is recognized in the net loss. When a decline in fair value is determined to be other-than-temporary, the cumulative loss included in accumulated other comprehensive income (loss) is removed and recognized in the consolidated statement of comprehensive income (loss). Gains and losses realized on disposal of available-for-sale securities are recognized in the statement of comprehensive income (loss). The Corporation has short term and long term investments classified as available-for-sale (see note 11).

Held-to-maturity and loans and receivables

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturity that an entity has the intention and ability to hold to maturity. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than twelve months after the consolidated statements of financial position date, which are classified as non-current assets. Financial instruments classified as held-to-maturity and loans and receivables are initially recorded at fair value and subsequently measured at amortized cost using the effective interest method. No financial assets are held-to-maturity. Cash and cash equivalents, restricted cash, receivable under finance lease, accounts receivable, investment tax credit receivable, income tax receivable, promissory note are classified as loans and receivables.

Impairment

At the end of each reporting period, the Corporation assesses whether a financial asset or a group of financial assets, other than those classified as fair value through profit and loss, is impaired. If there is objective evidence that impairment exists, the loss is recognized in the consolidated statements of comprehensive income (loss). The impairment loss is measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized in the consolidated statement of comprehensive income (loss).

Financial Liabilities

Financial liabilities are classified as either “financial liabilities at fair value through profit or loss”, or “other financial liabilities”. Financial liabilities are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method for liabilities that are not hedged and fair value for liabilities that are hedged. All financial liabilities are classified as other liabilities.

Transaction costs

Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities that are classified as “Through Profit or Loss”) are added to or deducted from the fair value of the financial instrument on initial recognition. These costs are expensed to “interest” on the consolidated statement of comprehensive income (loss) over the term of the related financial asset or financial liability using the effective interest method. When a debt facility is retired by the Corporation, any remaining balance of related debt transaction costs is expensed to “interest” on the consolidated statement of comprehensive income (loss) in the period that the debt facility is retired. Transactions costs related to financial instruments at fair value through profit or loss are expensed when incurred.

Compound Financial Instruments

The Corporation's compound financial instruments comprise of its non-convertible subordinated debentures that entitle the holder to receive a unit composed of one non-convertible debenture and 48 warrants. As a result the instrument is composed of one liability component and one equity component for the warrants. The liability component of the non-convertible debentures is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The Corporation has determined the fair value of the liability component. Then, the proceeds were allocated between the liability and the equity components using the residual method. Any directly attributable transaction costs are allocated to the liability and the warrants in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the convertible debentures is measured at amortized cost using the effective interest method. The warrants are not re-measured subsequent to initial recognition.

The Corporation's compound financial instruments comprise of a mezzanine subordinated unsecured term loan which grants the lenders, in relation to the Mezzanine Facility, 4 million common share purchase warrants, entitling the holders thereof to acquire one common share of Amaya at a price per common share equal to CAD$19.17 at any time up to a period ending 10 years after the closing date. The liability component of the non-convertible debentures is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The Corporation has determined the fair value of the liability component. Then, the proceeds were allocated between the liability and the equity components using the residual method. Any directly attributable transaction costs are allocated to the liability and the warrants in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the convertible debentures is measured at amortized cost using the effective interest method. The warrants are not re-measured subsequent to initial recognition

Embedded derivatives

Derivatives may be embedded in other financial and non-financial instruments (the "host instrument"). Embedded derivatives are treated as separate derivatives when their economic characteristics and risks are not closely related to those of the host instrument, the terms of the embedded derivative are the same as those of a stand-alone derivative, and the combined contract is not held-for-trading or designated at fair value. These embedded derivatives are measured at fair value with subsequent changes recognized in the consolidated statement of comprehensive income (loss). The Corporation has no embedded derivatives.

Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, the Corporation uses market observable data to the extent possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Corporation (working closely with external qualified valuers) using valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset / liability that market participants would take into account.

For the Corporation's financial instruments which are recognized in the statement of financial position at fair value, the inputs used in measuring fair values are classified in the following levels in the fair value hierarchy:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 – Inputs for the asset or liability that are not based on observable market data.

Transfers between levels of the fair value hierarchy are recognised by the Corporation at the end of the reporting period during which the change occurred.

Comprehensive income (loss)

Comprehensive income (loss) is composed of the Corporation's net earnings (loss) and other comprehensive income (loss). Other comprehensive income (loss) includes unrealized effect of foreign currency translation of foreign operations net of income taxes. The components of comprehensive income (loss) are presented in the consolidated statements of changes in equity.

RESEARCH AND DEVELOPMENT INVESTMENT TAX CREDITS

The Corporation claims research and development investment tax credits as a result of incurring scientific research and experimental development expenditures. Research and development investment tax credits are recognized when the related expenditures are incurred, and there is reasonable assurance of their realization. Investment tax credits are accounted for by the cost reduction method, whereby the amounts of tax credits are applied as a reduction of the cost of the deferred development costs.

INVENTORY VALUATION

Inventories are priced at the lower of cost or net realizable value. Cost is determined on a weighted average basis. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventory to its present location and condition. Raw materials and purchased finished goods are valued at purchase cost. Net realizable value represents the estimated selling price for inventory less all estimated costs necessary to make the sale.

PREPAID EXPENSES AND DEPOSITS

Prepaid expenses and deposits consist of amounts paid in advance or deposits made for which the Corporation will receive goods or services within the next normal operating cycle.

PROPERTY AND EQUIPMENT

Property and equipment which have a finite life are recorded at cost less accumulated depreciation and impairment losses. Depreciation is expensed from the month the corresponding assets are available for use over the estimated useful lives at the following rates, which are intended to reduce the carrying value to the estimated residual value:

Revenue-producing assets	Declining balance	20%
Machinery and equipment	Declining balance	20%
Furniture and fixtures	Declining balance	20%
Computer equipment	Declining balance	20%
Land and building	Straight-line	25 years

INTANGIBLE ASSETS

Software	Declining balance	20%
Licenses	Straight-line	Over the term of licenses
Placement fee	Straight-line	Over the term of lease

ACQUISITION-RELATED INTANGIBLES

Software Technology	Straight-line	5 years
Customer Relationships	Straight-line	15 years
Brands	N/A	Indefinite useful life

The depreciation method, useful life and residual values are assessed annually and the assets are tested for impairment, whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

Upon retirement or disposal, the cost of the asset disposed of and the related accumulated amortization are removed from the accounts and any gain or loss is reflected in earnings. Expenditures for repairs and maintenance are expensed as incurred.

GOODWILL

Goodwill represents the excess of the purchase price over the fair value of the identifiable net assets acquired in a business acquisition. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Goodwill is reviewed for impairment at least annually or more frequently if circumstances such as significant declines in expected sales, earnings or cash flows indicate that it is more likely than not that the asset might be impaired.

RESEARCH AND DEVELOPMENT

Research and development costs are expensed except in cases where development costs meet certain identifiable criteria for deferral. Development costs, which have probable future economic benefit, can be clearly defined and measured, and are incurred for the development of new products or technologies, are capitalized. These development costs net of related research and development investment tax credits are not amortized until the products or technologies are commercialized, at which time, they are amortized over the estimated life of the commercial production.

The amortization method and the life of the commercial production are assessed annually and the assets are tested for impairment.

IMPAIRMENT OF NON-CURRENT ASSETS

At the end of each reporting period, the carrying amounts of property and equipment and intangible assets with finite useful lives are assessed to determine if there is any evidence that an asset is impaired. If there is such evidence, the recoverable amount of the asset is estimated. The recoverable amount of intangible assets with indefinite useful lives or those are not ready for use is estimated on the same date each year.

The recoverable amount of an asset or a cash generating unit is the higher of value-in-use and fair value less costs to sell.

Assets that cannot be tested individually for the impairment test are grouped into the smallest group of assets that generates cash inflows through continued use that are largely independent of the cash inflows from other assets or groups of assets ("cash-generating unit" or "CGU"). For the impairment test of goodwill, goodwill has been allocated to one group of CGUs, so that the level at which the impairment is tested represents the lowest level at which Management monitors goodwill for internal Management purposes, in accordance with operating segment. Goodwill acquired in a business combination is allocated to the group of CGUs that is expected to benefit from synergies of the related business combination.

The Corporation's corporate assets do not generate separate cash flows. If there is evidence that a corporate asset is impaired, the recoverable amount is determined for the CGU to which the corporate asset belongs. Impairments are recorded when the carrying amount of an asset or its CGU is higher than its recoverable amount. Impairment charges are recognized in income or loss.

Impairment losses recognized for a CGU (or group of CGU) first reduce the carrying amount of any goodwill allocated to that CGU and then reduce the carrying amounts of the other assets of the CGU (or group of CGU) pro rata on the basis of the carrying amount of each asset in the CGU (or group of CGU).

An impairment loss recognized for goodwill may not be reversed. On each reporting date, the Corporation assesses if there is an indication that impairment losses recognized in previous periods for other assets have decreased or no longer exist. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. The increased carrying amount of an asset attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized.

TAXATION

Income tax expense represents the sum of current and deferred taxes. Current and deferred taxes are recognized in the consolidated statement of comprehensive income (loss), except to the extent it relates to items recognized in other comprehensive income (loss) or directly in equity.

Current tax

The tax currently payable is based on taxable income for the year. Taxable income differs from earnings as reported in the consolidated statements of comprehensive income (loss) because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Corporation's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting earnings.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, except where the Corporation is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable income against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Corporation expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Corporation intends to settle its current tax assets and liabilities on a net basis.

STOCK-BASED COMPENSATION

The Corporation has one share option plan and accounts for grants under this plan in accordance with the fair value-based method of accounting for stock-based compensation. Compensation expense for equity settled stock options awarded to employees under the plan is measured at the fair value at the grant date using the Black-Scholes valuation model and is recognized using the graded vesting method over the vesting period of the options granted. Compensation expense recognized is adjusted to reflect the number of options that has been estimated by Management for which conditions attaching to service will be fulfilled as of the grant date until the vesting date so that the ultimately recognize expense corresponds to the options that have actually vested. The compensation expense credit is attributed to contributed surplus when the expense is recognized in income or loss. When options are exercised or shares are purchased, any consideration received from employees as well as the related compensation cost recorded as contributed surplus are credited to share capital.

Non-employee equity-settled share-based payments are measured at the fair value of the goods and services received, except where that fair value cannot be estimated reliably. If the fair value cannot be measured reliably, non-employee equity-settled share-based payments are measured at the fair value of the equity instrument granted, measured at the date the entity obtains the goods or the counterparty renders the service. The Corporation subsequently measures non-employee equity-settled share-based payments at each vesting period and settlement date, with any changes in fair value recognized in the consolidated statement of comprehensive income (loss). Stock-based compensation expense is recognized over the contract life of the options or the option settlement date, whichever is earlier.

EARNINGS PER SHARE

Basic earnings per common share are computed by dividing the earnings for the period by the weighted average number of common shares outstanding during the period. Diluted earnings per share are computed using the treasury stock method by dividing the earnings for the period applicable to common shares by the sum of the weighted average number of common shares outstanding and all additional common shares that would have been outstanding if potentially dilutive common shares had been issued.

Dilutive earnings per share comprise of employee share-based compensation and broker warrants.

LEASES

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of whether the arrangement conveys a right to use the asset. When substantially all risks and rewards of ownership are transferred from the lessor to the lessee, lease transactions are accounted for as finance leases. All other leases are accounted for as operating leases.

Corporation is the lessee

Leases of assets classified as finance leases are presented in the consolidated statements of financial position according to their nature. The interest element of the lease payment is recognized over the term of the lease based on the effective interest rate method and is included in financial expense, in the statement of comprehensive income (loss).

Payments made under operating leases are recognized in the consolidated statement of comprehensive income (loss) on a straight-line basis over the term of the lease.

PROVISIONS

Provisions represent liabilities to the Corporation for which the amount or timing is uncertain. Provisions are recognized when the Corporation has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. Provisions are measured at the present value of the expected expenditures required to settle the obligation using a discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in provisions due to the passage of time is recognized in “interest” on the consolidated statement of comprehensive income (loss). Provisions are not recognized for future operating losses.

Provision for jackpot

Several of the Corporation’s licensees participate in progressive jackpot games. Each time a progressive jackpot game is played, a portion of the amount wagered by the player is contributed to the jackpot for that specific game or group of games. Once a jackpot is won, the progressive jackpot is reset with a predetermined base amount. The Corporation maintains a provision for the reset for each jackpot and the progressive element added as the jackpot game is played. The provision for jackpots at the reporting date is included in provisions (see note 17). The provision is sufficient to cover the full amount of any required payout.

Contingent consideration

The acquisition of Ongame includes contingent consideration of up to €10 million which will become payable by Amaya if there is regulated online gaming in the United States within five years of completion of the acquisition. The Corporation has estimated the contingent consideration to be approximately €4 million ($5.66 million CAD), of which (i) €0.67 million ($0.96 million CAD) is recorded in Provisions (see note 17); and (ii) €3.33 million ($4.70 million CAD) was paid.

The acquisition of Oldford includes a contingent consideration of USD$400 million which shall be subject to adjustment, payable on February 1, 2017, based upon the occurrence of certain events. The Corporation has estimated that contingent consideration of USD$ 400 million (CAD$ 448 million) will be payable on February 1, 2017. The fair value of the contingent consideration of USD$ 346 million (CAD$ 391 million) is recorded in Provisions (see note 17) and was calculated using a 6% discount rate, equivalent to the discount rate negotiated by the parties in case of early payment of the contingent consideration.

Provision for minimum revenue guarantee

The sale of WagerLogic Ltd. includes a minimum revenue guarantee agreement pursuant to which the vendor, in the first two years following the closing, may pay cash consideration if certain revenue targets are not achieved by the InterCasino Business. The Corporation has estimated a provision for the minimum revenue guarantee to be approximately USD$24.81 million ($27.78 million CAD), of which (i) USD$13.75 million ($15.40 million CAD) is recorded in Provisions (see note 17); (ii) USD $4.58 million ($5.13 million CAD) was offset against the promissory note of $10 million CAD; and (iii) USD $6.48 million ($7.25 million CAD) was paid.

ROYALTIES

The Corporation licenses various royalty rights from several owners of intellectual property rights. Generally, the arrangements require material prepayments of minimum guaranteed amounts which have been recorded as prepayments in the consolidated statements of financial position. These prepaid amounts are amortized over the life of the arrangement as gross revenue is generated or on a straight-line basis if the underlying games are expected to have an effective royalty rate greater than the agreed amount. The amortization of these amounts is recorded as royalty expense.

The Corporation regularly reviews its estimates of future revenues under its license arrangements.

CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with IFRS requires Management to make estimates and assumptions that can have a significant effect on the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period.

Estimates and judgments are significant when:

- the outcome is highly uncertain at the time the estimates are made; or
- different estimates or judgments could reasonably have been used that would have had a material impact on the consolidated financial statements.

The consolidated financial statements include estimates based on currently available information and Management’s judgment as to the outcome of future conditions and circumstances. Management uses historical experience, general economic conditions and trends, as well as assumptions regarding probable future outcomes as the basis for determining estimates.

Estimates and their underlying assumptions are reviewed on a regular basis and the effects of any changes are recognized immediately. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of the financial statements and actual results could differ from the estimates and assumptions.

The following areas require Management’s most critical estimates and judgments.

ESTIMATES

Goodwill

The recoverable amount of the operating segment, representing the group of CGUs to which goodwill is allocated, is based on the higher of fair value less costs to sell and value in use. The recoverable amount was calculated as at September 30, 2014, based on fair value less costs to sell. The fair value less cost to sell is the amount for which the CGU could be exchanged between knowledgeable willing parties in an arm's length transaction, less cost to sell. Management undertakes an assessment of relevant market data, which is the market capitalization of the Corporation and in addition uses a discounted cash flow model. Estimated future cash flows for the first five years were based on the budget and strategic plans. A growth rate of 2.5% was applied to the last year of the strategic plan to derive estimated cash flows beyond the initial five-year period. The post-tax discount rate is also a key estimate in the discounted cash flow model and is based on a representative weighted average cost of capital. The pre-tax discount rate used to calculate the recoverable amount as at September 30, 2014, was 12.00%. As at September 30, 2014, there was no need for impairment.

Impairment of other long-lived assets

The determination of other long-lived asset impairment requires significant estimates and assumptions to determine the recoverable amount of an asset and/or CGU, wherein the recoverable amount is the higher of fair value less costs to sell and value in use. The value in use method involves estimating the net present value of future cash flows derived from the use of the asset and/or CGU, discounted at an appropriate rate.

The key assumptions utilized in the determination of future cash flows represent Management's best estimate of the range of economic conditions relating to the CGU, and are based on historical experience, economic trends, and communications with other key stakeholders of the Corporation. These key assumptions include the revenue growth rate, EBITDA[1] margin as a percentage of revenues, capital expenditures as a percentage of revenues, and the inflation growth rate. Significant changes in the key assumptions utilized in the determination of future cash flows could result in an impairment charge or reversal of an impairment loss. As at September 30, 2014 and September 30, 2013, there was no need for an impairment charge.

Stock-based compensation and warrants

The Corporation estimates the expense related to stock-based compensation and the value of warrants using the Black-Scholes valuation model. The model takes into account Management's best estimate of the exercise price of the stock option/warrant, an estimate of the expected life of the option/warrant, the current price of the underlying stock, an estimate of the stock's/warrant's volatility, an estimate of future dividends on the underlying stock/warrant, the risk-free rate of return expected for an instrument with a term equal to the expected life of the option/warrant, and the expected forfeiture rate of stock options granted (see note 23).

Research and development investment tax credits

Management has made a number of estimates and assumptions in determining the expenditures eligible for the research and development investment tax credit claim. Tax credits are available based on eligible research and development expenses consisting of direct expenditures and including a reasonable allocation of overhead expenses. It is possible that the allowed amount of the research and development investment tax credit claim could be materially different from the recorded amount upon assessment by the Canada Revenue Agency, the Minister of Revenue of Quebec, Ontario Media Development Corporation, and Alberta Finance.

---

1 EBITDA as defined by the Corporation means earnings before interest and financing costs (net of interest income), income taxes, depreciation and amortization, stock-based compensation, restructuring and other non-recurring costs, and non-controlling interests. EBITDA is a non-IFRS measure.

Income taxes

Deferred tax assets and liabilities are due to temporary differences between the carrying amount for accounting purposes and the tax basis of certain assets and liabilities, as well as undeducted tax losses. Estimation is required for the timing of the reversal of these temporary differences and the tax rate applied. The carrying amounts of assets and liabilities are based on amounts recorded in the financial statements and are subject to the accounting estimates inherent in those balances. The tax basis of assets and liabilities and the amount of undeducted tax losses are based on the applicable income tax legislation, regulations and interpretations. The timing of the reversal of the temporary differences and the timing of deduction of tax losses are based on estimations of the Corporation's future financial results.

The Corporation recognizes an income tax expense in each of the jurisdictions in which it operates. However, actual amounts of income tax expense only become final upon filing and acceptance of the tax return by the relevant authorities, which occur subsequent to the issuance of the financial statements. Additionally, estimation of income taxes includes evaluating the recoverability of deferred tax assets based on an assessment of the ability to use the underlying future tax deductions before they expire against future taxable income.

The assessment is based upon enacted or substantively enacted tax laws and estimates of future taxable income. To the extent estimates differ from the actual amounts determined when preparing the final tax returns, earnings would be affected in a subsequent period. As at September 30, 2014 a valuation allowance of $5,574,000 (2013 – $4,314,532) was recorded.

Changes in the expected operating results, enacted tax rates, legislation or regulations, and the Corporation's interpretations of income tax legislation, will result in adjustments to the expectations of future timing difference reversals, and may require material deferred tax adjustments. To the extent that forecasts differ from actual results, adjustments are recognized in subsequent periods.

JUDGMENTS

Finance leases

Judgement is required in the initial classification of leases as either operating leases or finance leases and, in respect of finance leases, determining the appropriate discount rate implicit in the lease to discount minimum lease payments. The useful life of the leased property is determined by Management at the inception of the lease. The useful life is based on historical experience with similar products as well as anticipation of future events, which may impact their useful economic life, such as changes in technology. The estimated fair values established at lease inception is periodically reviewed to determine if values are realizable, which depends on the credit risk of the lessee, market conditions and other subjective and qualitative factors.

Deferred Development Costs

Amounts capitalized include the total cost of any external products or services and labour costs directly attributable to development. Management's judgement is involved in determining the appropriate internal costs to capital i.e. The useful life represents Management's view of the expected period over which the Corporation will receive benefits from the software based on historical experience with similar products as well as anticipation of future events, which may impact their useful economic life, such as changes in technology.

Estimated useful lives of long-lived assets

Judgment is used to estimate each component of an asset's useful life and is based on an analysis of all pertinent factors including, but not limited to, the expected use of the asset and in the case of an intangible asset, contractual provisions that enable renewal or extension of the asset's legal or contractual life without substantial cost, and renewal history. If the estimated useful lives were incorrect, this could result in an increase or decrease in the annual amortization expense, and future impairment charges.

4. Recent Accounting Pronouncements

OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES (AMENDMENTS TO IAS 32)

Effective for annual periods beginning on or after January 1, 2014, on a retrospective basis. Early application is permitted. If an entity applies this amendment earlier than required, it shall disclose that fact and shall also make the disclosures required by Disclosures—Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7) issued in December 2011.

The Corporation has not yet assessed the impact of the adoption of this standard on its consolidated financial statements.

RECOVERABLE AMOUNT DISCLOSURES FOR NON-FINANCIAL ASSETS: AMENDMENTS TO IAS 36

The IASB has published Recoverable Amount Disclosures for Non-Financial Assets (Amendments to IAS 36). These narrow-scope amendments to IAS 36, Impairment of Assets, address the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.

The amendments are to be applied retrospectively for annual periods beginning on or after January 1, 2014. Earlier application is permitted for periods when the entity has already applied IFRS 13.

IFRS 9, FINANCIAL INSTRUMENTS

The IASB issued the chapters of IFRS 9 relating to the classification and measurement of financial assets. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the many different rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments (its business model) and the contractual cash flow characteristics of the financial assets.

The IASB also issued new requirements in IFRS 9 to address the problem of volatility in profit or loss arising from an issuer choosing to measure its own debt at fair value (i.e., the "own credit" problem).

The IASB added to IFRS 9 impairment requirements related to the accounting for expected credit losses on an entity's financial assets and commitments to extend credit.

The IASB also published a new hedge accounting model, together with corresponding disclosures about risk management activity for those applying hedge accounting. The new model represents a substantial overhaul of hedge accounting that will enable entities to better reflect their risk management activities in their financial statements. The most significant improvements apply to those that hedge non-financial risk.

An entity shall apply this Standard retrospectively for annual periods beginning on or after January 1, 2018 with early adoption permitted. The impairment provisions of IFRS 9 will not however be available for earlier application by those entities reporting under Canadian GAAP until the necessary due process, translation and publication processes have been completed by the AcSB.

IFRS 15, REVENUES FROM CONTRACTS WITH CUSTOMERS

The FASB and IASB (the Boards) have issued converged standards on revenue recognition. This new IFRS affects any entity using IFRS that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards. This IFRS will supersede the revenue recognition requirements in IAS 18 and most industry-specific guidance.

The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve that core principle, an entity should apply the following steps:

- Step 1: Identify the contract(s) with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.
- Step 4: Allocate the transaction price to the performance obligations in the contract.
- Step 5: Recognize revenue when (or as) the entity satisfies a performance obligation.

An entity shall apply this Standard for annual reporting periods beginning on or after January 1, 2017. Earlier application is permitted. IFRS 15 will not however be available for earlier application by those entities reporting under Canadian GAAP until the necessary due process, translation and publication processes have been completed by the AcSB.

As at September 30, 2014, the Corporation's significant foreign exchange currency exposure on these financial instruments by currency was as follows:

This exposure is monitored by the Corporation's reporting system and is reviewed by Management on a monthly basis.

INTEREST RATE RISK

The Corporation is exposed to fair value interest rate risk with respect to its subordinated debt, other long-term debt and convertible debentures which bear a fixed rate of interest. The Corporation is exposed to cash flow interest rate risk on its bank indebtedness and senior secured term loan, which bears interest at variable rates. A one percentage point increase (decrease) in interest rates would have decreased (increased) pre-tax earnings by approximately $6,184,000 in the period, with all other variables held constant. Management monitors movements in the interest rates by reviewing the Bank of Canada prime rate and LIBOR on a quarterly basis.

CREDIT RISK

The Corporation, in the normal course of business, monitors the financial condition of its customers and reviews the credit history of each new customer. The Corporation establishes an allowance for doubtful accounts that corresponds to the credit risk of its specific customers, historical trends and economic circumstances. The Corporation is exposed to credit risk in the event of non-payment by certain customers for their accounts receivable. The Corporation has focused on reducing customer concentration.

Details of the Corporation's accounts receivable were as follows:

	September 30, 2014 $000's	December 31, 2013 $000's

Allowance for doubtful accounts	(1,506)	(1,494)
Outstanding, end of period	**128,324**	**47,460**

The Corporation's maximum exposure to credit risk is equal to the carrying value of accounts receivable as set out on the statement of financial position.

LIQUIDITY RISK

Liquidity risk is the Corporation's ability to meet its financial obligations when they come due. The Corporation is exposed to liquidity risk with respect to its contractual obligations and financial liabilities. The Corporation manages liquidity risk by continuously monitoring forecast and actual cash flows and matching maturity profiles of financial assets and liabilities. The Corporation's objective is to maintain a balance between continuity of funding and flexibility through borrowing facilities available through the Corporation's bank and other lenders. The Corporation's policy is to ensure adequate funding is available from operations, established lending facilities and other sources as required.

The Corporation believes that future cash flows generated by operations and availability under its borrowing facility will be adequate to meet its financial obligations.

Customer deposit liabilities relate to player deposits which are held segregated in multiple separate bank accounts from those holding operational funds or working capital. These deposits are included in Current Assets in the Consolidated Statements of Financial Position under Cash, cash equivalents and Investments (see note 18).

25. Fair value

The Corporation has determined that the carrying values of its short-term financial assets and liabilities approximate their fair value because of the relatively short periods to maturity of these instruments.

The carrying amount of receivable under finance leases approximates their fair value since the interest rate approximates current market rates. On initial recognition the fair value of amounts receivable under finance leases and long-term debt was established using a discounted cash-flow model.

The carrying amounts of long-term debts approximate their fair value since the interest rates on these instruments either approximate the current market rates offered to the Corporation or the interest rates in these instruments change with market interest rates. On initial recognition the fair value of long-term debt was established based on current interest rates, market values and pricing of financial instruments with comparable terms.

Some of the Corporation's financial assets are measured at fair value at the end of each reporting period. The following table provides information about how the fair values of these financial assets are determined:

Financial assets	Fair value as at, September 30, 2014 $000's	December 31, 2013 $000's	Fair value hierarchy	Valuation techniques and key inputs
Investments in quoted market – FVTPL (note 11)	26,447	9,250	Level 1	Quoted bid prices in active market
Investments in quoted market – available for sale (note 11)	368,910	—	Level 1	Quoted bid prices in market

26. Capital Management

The Corporation's objective in managing capital is to ensure a sufficient liquidity position to market its products, to finance its sales and marketing activities, research and development activities, general and administrative expenses, working capital and overall capital expenditures, including those associated with property and equipment. The ability to fund these requirements in the future depends on the Corporation's ability to access additional capital and generate additional cash flow from its operations.

Since inception, the Corporation has financed its liquidity needs, primarily through bank indebtedness, borrowings, hybrid instruments such as special warrants and issuance of capital stock. When possible, the Corporation tries to optimize its liquidity needs by non-dilutive sources, including loans payable and promissory notes.

The Corporation defines capital as its total shareholders' equity.

The Corporation's credit facility includes a revolving demand credit facility of $3 million. As at September 30, 2014, $nil (December 31, 2013 – $nil) has been used to finance the Corporation's daily operations.

The capital management objectives listed above have not changed since the previous fiscal year.

The Corporation believes that funds from operations, as well as existing and future financial resources should be sufficient to meet the Corporation's requirements until September 30, 2015.

On August 1 2014, an additional credit facility of USD $100 million five-year first lien revolving credit facility priced at Libor plus 4.00% was obtained. The credit facility can be used for general working capital purposes.

As at September 30, 2014, the outstanding amount of the revolving demand credit facility is $nil (December 31, 2013- $nil) and the outstanding amount of the first lien revolving credit facility is $nil.

32. Discontinued operations

In September 2014, the Corporation's Board of Directors has approved of a plan to dispose of Amaya's B2B poker and gaming platform provider, Ongame Network Ltd. ("Ongame") following a strategic decision to place greater focus on the Group's key competencies. Previously, the subsidiary was not considered a discontinued operation as of December 31, 2013 but was classified as held for sale. The comparative consolidated statement of comprehensive income has been restated to show the discontinued operations separately from the continuing operations.

The entity measured the non-current assets and liabilities classified as held for sale at the lower of their carrying amount and fair value less costs to sell which was estimated to be $Nil. The resulting loss of $ 37,856,000 was recognized in loss on discontinued operations in the consolidated statement of comprehensive income.

The disposal of this entity is expected to take place before December 31, 2014.

33. Business Combination

DIAMOND GAME

The acquisition of Diamond Game has been accounted for using the acquisition method and the results of operations are included in the consolidated statement of comprehensive income (loss) from the date of acquisition, which is February 14, 2014.

The following table summarizes the estimated fair value of the identifiable assets and liabilities acquired at the date of acquisition:

	Fair value on acquisition $USD
Cash and cash equivalents	39,546
Inventory	1,192,150
Trade and other receivables	1,718,606

Cash consideration	17,870,851
Holdback on Purchase Price	7,000,000
Total consideration	**24,870,851**

Of the USD$24.87 million consideration paid by Amaya in connection with the acquisition of Diamond Game, there was a holdback of USD $7 million.

The main factors leading to the recognition of goodwill are the synergistic growth and revenues expected to be created from the strong strategic fit between Amaya and Diamond Game. Diamond Game presents a variety of opportunities to leverage each business' product and intellectual property suite across a broader combined platform with greater geographic presence and creates revenue synergies by expanding Amaya's penetration in the United States, accelerating Amaya's penetration in Lottery markets, and potentially extending Diamond Game's offering into new markets in Canada and Europe.

If the acquisition had occurred on January 1, 2014, Diamond Game would have contributed USD $14.25 million and USD $6.13 million to consolidated revenues and net income respectively. Since the date of acquisition, Diamond Game has contributed USD $11.83 million and USD $9.07 million to consolidated revenues and net income respectively.

Acquisition-related costs directly related to the Diamond Game acquisition was USD$1,145,834 and was expensed in the consolidated statement of comprehensive income (loss) during the year ended December 31, 2013 and in the period ended March 31, 2014.

OLDFORD GROUP LIMITED

The acquisition of Oldford Group Limited has been accounted for using the acquisition method and the results of operations are included in the consolidated statement of comprehensive income (loss) from the date of acquisition, which is August 1, 2014.

The following table summarizes the estimated fair value of the identifiable assets and liabilities acquired at the date of acquisition:

	Fair value on acquisition USD$000's
Cash and cash equivalents	670,657
Inventory	776
Trade and other receivables	112,682
Income tax receivable	10,602
Prepaid expenses	35,328
Available for sale assets	9,461
Deferred income tax asset	123
Property, plant and equipment	49,169

Other Payables	(97,000)
Deferred Revenue	(436)
Provisions	(19,993)
Income tax payable	(12,281)
Customer Deposits	(607,353)
Purchase price allocated intangibles	2,124,367
Goodwill	2,699,788
Deferred income tax liability	(26,767)
Total consideration	**4,866,937**

The main factors leading to the recognition of goodwill are the number of benefits to Amaya's shareholders the Corporation believes the acquisition will provide. These include the following:

- Acquisition of Leading Brands: The acquisition has resulted in a wholly-owned subsidiary of Amaya owning two global leading brands in online poker, PokerStars and Full-Tilt
- Leading Liquidity: PokerStars.com average cash game liquidity is approximately eight times larger than the next competitor, and PokerStars is a leader in almost every regulated market in which it operates.
- New Verticals: Introduction of online real money casino and/or online sportsbook in those markets where permitted, are new opportunities for cross selling to the existing poker player base.

If the acquisition had occurred on January 1, 2014, Oldford Group would have contributed USD$844.32 million and USD$297.86 million to consolidated revenues and net income respectively. Since the date of acquisition, Oldford Group has contributed USD$189.92 million and USD$89.73 million to consolidated revenues and net income respectively.

Acquisition-related costs directly related to the Oldford Group acquisition was USD$17.81 million and was expensed in the consolidated statement of comprehensive income (loss) in the period ended September 30, 2014.

The acquisition of Oldford includes a deferred payment of USD$400 million which shall be subject to adjustment, payable on February 1, 2017, based upon the occurrence of certain events. The Corporation has estimated that deferred payment of USD$ 400 million (CAD$ 448 million) will be payable on February 1, 2017. The fair value of the deferred payment of USD$ 346 million (CAD$ 391 million) is recorded in Provisions (see note 17) and was calculated using a 6% discount rate, equivalent to the discount rate negotiated by the parties in case of early payment of the deferred payment.

PYR SOFTWARE LTD

The acquisition of PYR Software Ltd has been accounted for using the acquisition method and the results of operations are included in the consolidated statement of comprehensive income (loss) from the date of acquisition, which is September 1, 2014.

The following table summarizes the estimated fair value of the identifiable assets and liabilities acquired at the date of acquisition:

	Fair value on acquisition $000's
Cash and cash equivalents	13,552
Trade and other receivables	5,953

Deferred Revenue	(2,400)
Income tax payable	(6,622)
Other Payables	(2,317)
Goodwill	280
Total consideration	**15,791**

PYR previously provided software development and support, on a B2B basis, primarily for Oldford. Amaya acquired the company as it was the primary outsourced games studio and development center supporting the Oldford business.

If the acquisition had occurred on January 1, 2014, PYR Software Ltd would have contributed nil to consolidated revenues and net income respectively. Since the date of acquisition, PYR Software Ltd. has contributed nil to consolidated revenues and CAD$(3.84) million net income respectively.

Acquisition-related costs directly related to the PYR Software Ltd. acquisition was CAD$32,000 and was expensed in the consolidated statement of comprehensive income (loss) in the period ended September 30, 2014.

35. Net earnings per share

The following table sets forth the computation of basic and diluted loss per common share from continuing operations for the three and nine month period ended September 30, 2014 and 2013.

	For the three month period ended		For the nine month period ended	
	September 30, 2014 $000's	September 30, 2013 $000's	September 30, 2014 $000's	September 30, 2013 $000's

Effect of dilutive securities	45,925,664	4,218,036	7,677,565	2,021,345

Diluted earnings (loss) per common share	(0.15)	(0.04)	0.18	(0.25)

For the three month period ended September 30, 2014 and the three and nine month period ended September 30, 2013, the diluted loss per share was the same as the basic net loss per share since the dilutive effect of stock options, warrants and other convertible instruments was not included in the calculation; otherwise the effect would have been anti-dilutive. Accordingly, the diluted loss per share for the period was calculated using the basic weighted average number of common shares outstanding.

36. Sale of WagerLogic Malta Holdings Ltd.

On February 11, 2014, the Corporation announced that pursuant to a share purchase agreement dated November 27, 2013, one of its subsidiaries has completed the previously announced sale to Goldstar Acquisitionco Inc. of all of the issued and outstanding shares of WagerLogic Malta Holdings Ltd. for $70 million, less a closing working capital adjustment satisfied through cash consideration of $52.5 million and a vendor take-back in the form of a promissory note of $10 million, bearing interest at 6.0% per annum payable semi-annually in arrears starting in the second year following the closing date and due on the fourth anniversary of the closing date. The purchase price is subject to customary post-closing adjustments.

Subsidiaries of Amaya will continue to supply WagerLogic with software, services and content to power the InterCasino Business pursuant to a services agreement.

The Share Purchase Agreement includes an earn out agreement pursuant to which the vendor thereunder may receive additional cash consideration payable on the second and third anniversary date from closing based on the achievement of certain revenue targets, as well as a minimum revenue guarantee agreement pursuant to which the vendor, in the first two years following the closing, may pay cash consideration if certain revenue targets are not achieved by the InterCasino Business. The Corporation has estimated a provision for the minimum revenue guarantee to be approximately USD$24.81 million ($27.78 million CAD), of which (i) USD$13.75 million ($15.40 million CAD) is recorded in Provisions (see note 17); (ii) USD $4.58 million ($5.13 million CAD) was offset against the promissory note of $10 million CAD; and (iii) USD $6.48 million ($7.25 million CAD) was paid.

37. Subsequent Events

Sale of Ongame

As the company focuses on its consumer poker business, Amaya announced today that it has reached a definitive agreement (the "Agreement") to divest Ongame, its B2B poker and platform provider, to NYX Gaming Group Ltd. ("NYX Gaming Group") (the "Transaction"). Pursuant to the Agreement, NYX Gaming Group would acquire ownership of the Gibraltar-based Ongame Network Limited and Ongame's Stockholm-based subsidiaries, which own and operate the B2B online poker business ("Ongame poker") and B2B player management system (the "AGO platform"), with the transaction consideration being equivalent to a multiple of eight times Ongame's 2015 EBITDA, less any required working capital. Amaya and NYX will also expand their existing partnership with:

- Amaya making a strategic investment in NYX Gaming Group via a subscription of a $10 million unsecured convertible debenture, which matures two years after the date of issuance and bears interest at 6.00% per annum, payable at maturity. Interest and principal are payable in kind in NYX Gaming Group common shares at Amaya's option.
- Amaya and NYX subsidiary NextGen Gaming Pty Ltd ("NextGen"), a leading supplier of innovative games to the gambling industry, expanding their existing agreement under which NextGen supplies innovative online slot content to Amaya.

Closing of the Transaction is subject to customary regulatory approvals and is anticipated to occur by the end of November, 2014.

Amaya acquired Ongame in November, 2012, and subsequently developed the AGO platform. This platform development work was strategically important for Amaya as it allowed the Corporation to establish an important presence in the newly regulated U.S. online gaming market in New Jersey and to improve Amaya's InterCasino offering ("WagerLogic") prior to the announced sale of that asset in October, 2013. As the Corporation intended to acquire a B2C poker business, Amaya subsequently deemed Ongame to be a non-core B2B business and classified it as held for sale in December, 2013. In January, 2014, Amaya entered into a letter of intent to acquire the B2C poker brands PokerStars and Full Tilt.

Ongame is classified as discontinued operations for all periods in the MD&A and financial statements for the three and nine months ending September 30, 2014.

Overview

Amaya is a leading provider of technology-based products and services in the gaming industry. Amaya has two reportable segments, B2C and B2B. In the third quarter ended September 30, 2014, B2C consisted of the consumer online gaming business, primarily PokerStars and Full Tilt, while B2B consisted of Amaya's interactive gaming, land-based gaming, and lottery solutions.

B2C

Amaya's primary business is its business-to-consumer operation (the "B2C Business"), which was acquired on August 1, 2014 when Amaya acquired Oldford Group Ltd. ("Oldford"). The B2C business owns and operates the online gaming brands PokerStars and Full Tilt. In addition, the B2C business operates, among others, the European Poker Tour, PokerStars Caribbean Adventure, Latin American Poker Tour and the Asia Pacific Poker Tour. These brands collectively form the largest poker business in the world, comprising online poker games and tournaments, live poker competitions, branded poker rooms in major global casinos, and poker programming created for television and online audiences. The B2C Business operates globally and management conducts its principal activities from its headquarters in the Isle of Man. It is led by an experienced, proven senior management team with extensive industry experience along with additional product and marketing executives recruited in recent years to lead the entry into new verticals and additional markets. B2B

Amaya is engaged in the design, development, manufacturing, distribution, sale and service of technology-based gaming solutions for the regulated gaming industry worldwide, primarily to land-based and online gaming operators and government bodies (the "B2B Business"). These business-to-business ("B2B") solutions include technology, content and services for interactive gaming and electronic games and game systems for commercial, charitable and tribal casinos, as well as government lotteries and gaming agencies. As a result, this entity's assets and liabilities are classified separately as held for sale and its operating results are classified separately as discontinued operations in all periods presented. Amaya developed its portfolio of B2B solutions through both internal development and strategic acquisitions.

Third quarter and Subsequent Highlights

Oldford Group Acquisition

On August 1, 2014, Amaya announced that it had completed the acquisition of 100% of the issued and outstanding shares of privately held Oldford Group Limited ("Oldford Group"), the owner and operator of the PokerStars and Full Tilt Poker brands, among others, in an all-cash transaction for an aggregate purchase price of USD$4.9 billion (the "Purchase Price"), including certain deferred payments and subject to customary purchase price adjustments (the "Acquisition").

Oldford Group recorded consolidated revenues of approximately USD$1.133 billion (2012 – USD$976 million) and net income of USD$422 million (2012 – USD$314 million) in the fiscal year ended December 31, 2013. Oldford Group recorded consolidated revenues of approximately USD$568 million (2013 – USD$546 million) and net income of USD$218 million (2013 – USD$190 million) in the six months ended June 30, 2014.

The Purchase Price (excluding certain deferred payments) and fees and expenses relating to the Acquisition and the related financing that were paid by closing of the Transaction were financed through a combination of cash on hand, new debt, a private placement of subscription receipts, a private placement of common shares and a private placement of non-voting convertible preferred shares, allocated as follows:

- USD$1.05 billion of convertible preferred shares (the "Convertible Preferred Shares"), which were subscribed for as follows: USD$600 million were subscribed by funds or accounts managed or advised by GSO Capital Partners LP or its affiliates (collectively, "GSO"); approximately USD$270 million were subscribed for by certain funds or accounts managed or advised by BlackRock Financial Management, Inc. or its affiliates (collectively, "BlackRock"); and, Canaccord Genuity purchased from treasury, on an underwritten bought-deal private placement basis, approximately USD$180 million. The Convertible Preferred Shares will not be listed on any exchange but, subject to legal limitations, will be freely transferable at the option of a holder. Each Convertible Preferred Share has an initial principal amount of C$1,000 and is convertible, at the holder's option, initially into approximately 41.67 common shares of the Corporation based on the conversion price of C$24 per common share, in each case, subject to adjustments including 6% accretion to the conversion ratio, compounded semi-annually. The Corporation may, at any time after the first three (3) years of issuance, give notice of its election to cause all of the outstanding Convertible Preferred Shares to be automatically converted, subject to certain conditions. The terms of the convertible preferred shares are included in the Corporation's Management Information Circular dated June 30, 2014, which was filed on SEDAR.
- $640 million of subscription receipts at $20 per subscription receipt (the "Subscription Price"), underwritten on a bought deal, private placement basis, which were automatically converted on a one-to-one basis into common shares upon closing of the Acquisition. BlackRock purchased approximately USD$55 million of the subscription receipts. The Subscription Price represented a premium of approximately 66.4% to the closing price of C$12.02 per common share on the TSX on June 11, 2014, the last trading day prior to the announcement of the Acquisition, and a premium of approximately 108.5% over the 30-trading day volume-weighted average price of C$9.59 per common share on the TSX, up to and including June 11, 2014.
- GSO purchased USD$55 million of common shares at C$20 per share.
- Senior Secured Credit Facilities in the aggregate principal equivalent amount in US Dollars of approximately $2.92 billion, fully underwritten by Deutsche Bank AG New York Branch ("Deutsche Bank"), Barclays Bank PLC ("Barclays"), and Macquarie Capital (USA) Inc. ("Macquarie Capital"), and consisting of the following:
- a USD$1.75 billion seven-year first lien term loan priced at Libor plus 4.00%, and a €200 million seven-year first lien term loan priced at Euribor plus 4.25%, in each case with a 1.00% floor (together, the "First Loan");

- a USD$100 million five-year first lien revolving credit facility priced at Libor plus 4.00%, none of which was drawn at completion; and
- a USD$800 million eight-year second lien term loan priced at Libor plus 7.00%, with a 1.00% floor (the “Second Loan”).
- Approximately USD$213 million from cash on hand, which includes a USD$50 million deposit made on June 12, 2014, the date of the announcement of the Acquisition.

Both GSO and BlackRock participated in the debt financing.

In connection with the Transaction, and as consideration for GSO’s and BlackRock’s significant role in the financing of the Transaction, the Corporation granted 11 million common share purchase warrants to GSO (the “GSO Warrants”) and 1.75 million common share purchase warrants to BlackRock (the “BlackRock Warrants”, collectively with the GSO Warrants, the “Oldford Group Warrants”), each with an exercise price of C$0.01 and exercisable for a term of 10 years, as payment for a portion of the fees payable to the two parties.

Further details on the Acquisition, are included in public filings made on SEDAR, including press releases related to the Acquisition, the Corporation’s Management Information Circular related to its Annual and Special Meeting of Amaya Shareholders held July 30, 2014, and a Business Acquisition Report.

Addition to S&P/TSX Composite Index

On September 16, 2014, Amaya announced that it had been added to the S&P/TSX Composite Index, effective at the market open on Monday, September 22, 2014. The Company joins Canada’s other leading corporations on the approximately 250-company index, which represents the largest businesses on the Toronto Stock Exchange. Launch of Spin & Go’s on PokerStars.com

Following successful launches in Spain, France and Italy, PokerStars launched “Spin & Go’s” to players on its global .com network on September 29. Full Tilt rolled out its version, Jackpot Sit and Go’s, on its global .com site earlier in the summer of 2014. The speedy, mobile-friendly poker variant has proven to be an instant hit, demonstrating that product innovation can attract new poker players and increase the amount of play from existing customers.

Spin & Go’s and Jackpot Sit & Go’s are fast-paced, three-handed hyper-turbo Sit & Go tournaments, which give players of all levels the chance to win multiples of their buy-in in a matter of minutes. The B2C Business believes the new variant will help attract new recreational players to the platform, reactivate players in its database, and excite current players.

Strategic Review of Cadillac Jack

On October 20, Amaya announced that it had initiated a strategic review process to explore alternatives for Amaya’s B2B land-based gaming solutions business, Cadillac Jack Inc. (“Cadillac Jack”). The strategic review will consider various alternatives for the company identified by Amaya’s and Cadillac Jack’s executive management, with the fundamental objective of expediting Cadillac Jack’s growth strategy and maximizing value for Amaya’s shareholders. Amaya has engaged

Macquarie Capital and Deutsche Bank Securities Inc. as co-financial advisors to assist the Corporation with the strategic review of Cadillac Jack. There can be no assurance that the Corporation's strategic review process will result in the consummation of any specific action. There is no defined timeline for the strategic review and the Corporation does not intend to disclose additional information or further developments with respect to this process unless and until Amaya's Board of Directors reviews and approves a specific action or otherwise deems further disclosure is appropriate or required.

UK Continuation Licenses

On November 11, 2014, Amaya announced that its gaming brands including PokerStars and Full Tilt have obtained continuation licenses to allow uninterrupted service to consumer and business customers in the United Kingdom. The continuation license for PokerStars and Full Tilt was awarded by the UK Gambling Commission in recognition of the existing licenses held in the Isle of Man. PokerStars and Full Tilt have operated in the United Kingdom as a "white-listed" company approved to do business throughout the country on the basis of the existing Isle of Man licensing. Amaya's B2B online business also received the necessary continuation licenses to continue supplying UK-facing online gaming operators with Amaya's online gaming content and technology.

San Manuel/California

On November 11, Amaya announced that the San Manuel Band of Mission Indians had agreed to join the existing business agreement between the Morongo Band of Mission Indians, California's three largest card clubs - the Commerce Club, the Hawaiian Gardens Casino and the Bicycle Casino - and Amaya. These gaming operators will join together to operate a licensed online poker site in California once legislation is enacted to authorize iPoker. This coalition will also work together to advocate for legislation that extends California's tough, long-established gaming regulations to include intrastate online poker.

Ongame Sale

As the company focuses on its consumer poker business, Amaya announced today that it has reached a definitive agreement (the "Agreement") to divest Ongame, its B2B poker and platform provider, to NYX Gaming Group Ltd. ("NYX Gaming Group") (the "Transaction"). Pursuant to the Agreement, NYX Gaming Group would acquire ownership of the Gibraltar-based Ongame Network Limited and Ongame's Stockholm-based subsidiaries, which own and operate the B2B online poker business ("Ongame poker") and B2B player management system (the "AGO platform"), with the transaction consideration being equivalent to a multiple of eight times Ongame's 2015 EBITDA, less any required working capital. Amaya and NYX will also expand their existing partnership with:

- Amaya making a strategic investment in NYX Gaming Group via a subscription of a $10 million unsecured convertible debenture, which matures two years after the date of issuance and bears interest at 6.00% per annum, payable at maturity. Interest and principal are payable in kind in NYX Gaming Group common shares at Amaya's option.
- Amaya and NYX subsidiary NextGen Gaming Pty Ltd ("NextGen"), a leading supplier of innovative games to the gambling industry, expanding their existing agreement under which NextGen supplies innovative online slot content to Amaya.

Closing of the Transaction is subject to customary regulatory approvals and is anticipated to occur by the end of November, 2014.

Amaya acquired Ongame in November, 2012, and subsequently developed the AGO platform. This platform development work was strategically important for Amaya as it allowed the Corporation to establish an important presence in the newly

regulated U.S. online gaming market in New Jersey and to improve Amaya's InterCasino offering ("WagerLogic") prior to the announced sale of that asset in October, 2013. As the Corporation intended to acquire a B2C poker business, Amaya subsequently deemed Ongame to be a non-core B2B business and classified it as held for sale in December, 2013. In January, 2014, Amaya entered into a letter of intent to acquire the B2C poker brands PokerStars and Full Tilt.

Ongame is classified as discontinued operations for all periods in the MD&A and financial statements for the three and nine months ending September 30, 2014.

Outlook

With the Corporation's Acquisition of Oldford Group, the Corporation's primary revenue provider beginning in the third quarter of 2014 is the B2C Business.

This transaction resulted in Amaya becoming the world's largest publicly traded online gaming company and provides Amaya with a premier, scalable gaming platform. It significantly diversifies us both geographically and in gaming verticals. The Corporation anticipates the transaction will be highly accretive to our earnings and provide strong cash flow. The B2C Business is the owner and operator of PokerStars, which is the world's largest online gaming brand. Over the past 14 years, the business has become the world's largest poker business, earning the loyalty of millions of players, not only having the highest liquidity but also a recognized dedication to game integrity, player protection, and responsible gaming as well as being an innovator in technology, game formats and marketing and loyalty programs. The business has developed a premium, robust software and scalable operating platform and has spearheaded industry leading practices in customer service, payment security, game integrity, player fund protection and responsible gaming. We believe its marketing investments are above those of anyone else in the online poker industry and it supports this effort through leading player loyalty programs.

PokerStars has 11 online gaming licenses in various global markets, including in France, Spain and Italy. With the continued trend toward regulation of online gaming around the world, the business in recent years has been developing and executing on growth initiatives to leverage its brand recognition and customer loyalty to diversify into other gaming verticals, notably casino, sportsbetting and social gaming, which represent a combined global market size of approximately $25 billion, according to industry estimates, significantly greater than its current addressable poker market. Additionally, the business does not currently operate in the United States of America (the "U.S."). Amaya anticipates its regulatory track record in the U.S. has the potential to facilitate a speedier entry into the U.S. for the business. The U.S. Department of Justice in late 2012 issued an opinion on its stance on online gaming, to the effect that only sports betting is subject to the Federal Wire Act of 1961 and all other forms of online gambling are permitted. As a result, three states, New Jersey, Delaware and Nevada, have subsequently regulated online gaming. Amaya's B2B Business subsequently received transactional waivers from the New Jersey Division of Gaming Enforcement to supply technology for real money online gaming websites operated by licensed permit holders in New Jersey. In late November 2013, real money online gaming went live in New Jersey, the third and thus far largest U.S. state to have approved it, following Nevada and Delaware.

Amaya intends to support the growth initiatives of the business, expansion into adjacent gaming verticals, growth in emerging markets, and expansion into new markets, and believes they have the potential to increase the size of the overall business as well as liquidity within the core B2C poker business.

Amaya's strategy for its B2B Business consists of extending its market footprint by facilitating the delivery of gaming content across physical and interactive media. Amaya's strategy is reinforced by its existing portfolio of developed and acquired technologies.

Amaya markets its solutions to gaming operators licensed in regulated gaming jurisdictions, as well as governments and hospitality industry operators.

The Mezzanine Facility will mature over a 6-year term from the closing date and is unsecured. Amaya has provided an unsecured

guarantee of the obligations under the Mezzanine Facility of Cadillac Jack in favour of the lenders. The Mezzanine Facility contains customary covenants, including, without limitation, maintenance and incurrence covenants based on certain agreed-upon leverage and coverage ratios which the Corporation was in compliance with as of September 30, 2014. The Corporation has agreed to grant the lenders, in relation to the Mezzanine Facility, 4 million common share purchase warrants, entitling the holders thereof to acquire one common share of Amaya at a price per common share equal to CAD$19.17 at any time up to a period ending 10 years after the closing date (see note 23).

Summary of Significant Accounting Policies

BASIS OF PRESENTATION

The interim consolidated financial statements have been prepared in accordance with IAS 34, Interim financial reporting, as issued by the IASB. The interim consolidated financial statements follow the same accounting policies as the most recent annual consolidated financial statements. The interim consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in the Corporation's Financial Report for the fiscal year ended December 31, 2013.

PRINCIPLES OF CONSOLIDATION

A subsidiary is an entity controlled by the Corporation, i.e. the Corporation is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its current ability to direct the entity's relevant activities (power over the investee).

The existence and effect of substantive potential voting rights that the Corporation has the practical ability to exercise (i.e. substantive rights) are considered when assessing whether the Corporation controls another entity.

The consolidated financial statements include the accounts of the Corporation and its wholly owned subsidiaries. A wholly owned subsidiary is an entity over which the Corporation has control, where control is defined as the power to govern financial and operating policies. On consolidation, all significant inter-entity transactions and balances have been eliminated. As at September 30, 2014, the consolidated financial statements included 123 wholly owned subsidiaries.

Upon loss of control of a subsidiary, the Corporation's profit or loss is calculated as the difference between (i) the fair value of the consideration received and of any investment retained in the former subsidiary and (ii) the previous carrying amount of the assets (including any goodwill) and liabilities of the subsidiary and any non-controlling interests.

ASSOCIATES

Associates are entities over which the Corporation has the power to participate in the financial and operating policy decisions of the entity, but which is not control or joint control. Associates are accounted for using the equity method of accounting.

Under the equity method, the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the investor's share of comprehensive income of the associate. On acquisition of the investment, any difference between the cost of the investment and the investor's share of the net fair value of the associate's identifiable assets,

liabilities and contingent liabilities is accounted for in accordance with IFRS 3 Business Combinations. The goodwill (net of any accumulated impairment loss) relating to an investment in an associate is included within the carrying amount of that investment.

The Corporation's share of its associates' post-acquisition profits or losses is recognised in the statement of profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Distributions received from an investee reduce the carrying amount of the investment.

If the Corporation's share of losses of an associate equals or exceeds its interest in the associate, the Corporation does not provide for additional losses, unless it has incurred obligations or made payments on behalf of the associate. Profits / losses on Corporation transactions with associates are eliminated to the extent of the Corporation's interest in the relevant associate.

DISCONTINUED OPERATIONS AND ASSETS HELD FOR SALE

Non-Current assets held for sale

A non-current asset (or disposal group) held for sale represents an asset whose carrying amount will be recovered principally through a sale transaction rather than through continuing use. For this to be the case, the sale must be highly probable and the non-current asset (or disposal group) must be available for immediate sale in its present condition. The appropriate level of management must be committed to the sale which should be expected to qualify for recognition as a completed sale within one year from its classification. Disposal groups and non-current assets held for sale are included in the consolidated statement of financial position at fair value less costs to sell, if this is lower than the previous carrying amount. Once an asset is classified as held for sale or included in a group of assets held for sale, no further depreciation or amortisation is recorded.

Discontinued operations

These are either separate major lines of business or geographical operations that have been sold or classified as held for sale. When held for use, discontinued operations were a cash-generating unit or a group of cash-generating units. They comprise operations and cash flows that can be clearly distinguished, operationally and for financial reporting purposes, from the rest of the entity. Their results are shown separately in the consolidated statement of profit or loss and comparative figures are restated to reclassify them from continuing to discontinued operations.

REVENUE RECOGNITION

Revenue is recognized when all the following criteria are met:

- the Corporation has transferred to the buyer the significant risks and rewards;
- the amount of revenue can be reliably measured;
- it is probable that the economic benefits associated with the transaction will flow to the Corporation; and
- the costs incurred or to be incurred in respect of the transaction can be reliably measured.

B2C REVENUE

Revenue from the B2C Business is primarily generated from the provision of real money online poker games and tournaments by clients operated by PokerStars and Full Tilt, with the brands generating a scaled commission fee, or "rake",

from ring/cash games and entry fees for tournaments. Revenue is measured at the fair value of the consideration derived. Revenue is only recognised when it is probable that the economic benefits will flow to the B2c Business and the amount of revenue can be measured reliably.

Multiple-element revenue arrangements

Certain contracts of the Corporation include license fees, training, installation, consulting, maintenance, product support services and periodic upgrades.

Where such agreements exist, the amount of revenue allocated to each element is based upon the relative fair values of the various elements. The fair values of each element are determined based on current market price of each of the elements when sold separately. Revenue is only recognized when, in Management's judgment, the significant risks and rewards of ownership have been transferred or when the obligation has been fulfilled.

In addition to the aforementioned general policies, the following are the specific revenue recognition policies for each major category of revenue:

Product Sales

Revenue from product sales is generally recognized when the product is shipped to the customer and when there are no unfulfilled Corporation obligations that affect the customer's final acceptance of the arrangement. Any cost of warranties and remaining obligations that are inconsequential or perfunctory are accrued when the corresponding revenue is recognized.

Participation leases and arrangements

In contracts that stipulate profit sharing arrangements, revenues are earned based on revenue splits established in the contracts and can vary depending on the contracts. Revenues are recognized when performance has been achieved and collectability is reasonably assured.

Software Licensing

Typically, license fees, including fees from master license agreements, most of which are contingent upon licensee's customer usage, are calculated as a percentage of each licensee's level of activity. The percentage is as established in the contracts and can vary depending on the contracts. The Corporation only reports its revenues (as opposed to licensee's total revenues and deducting licensee's percentage as a cost). The license fees are recognized on an accrual basis as earned.

Lease revenues

In the course of its normal business the Corporation enters into lease agreements for its gaming equipment.

Assets subject to finance leases are initially recognized at an amount equal to the net investment in the lease, which is the fair value of the asset, or, if lower, the present value of the minimum lease payments. Revenue is recognized on the basis of policy for product sales. Finance income is subsequently recognized over the term of the applicable leases based on the effective interest rate method. Finance income is grouped with the revenues, in the statement of comprehensive income (loss).

Assets under operating leases are included in property and equipment. Lease income from operating leases is recognized on a straight-line basis over the term of the lease and is included in revenues, in the statement of comprehensive income (loss).

TRANSLATION OF FOREIGN OPERATIONS AND FOREIGN CURRENCY TRANSACTIONS

Functional and presentation currency

IAS 21 (''Effects of Changes in Foreign Currency Rates'') requires entities to consider primary and secondary indicators when determining the functional currency. Primary indicators are closely linked to the primary economic environment in which the entity operates and are given more weight. Secondary indicators provide supporting evidence to determine an entity's functional currency. Once the functional currency of an entity is determined, it should be used consistently, unless significant changes in economic facts, events and conditions indicate that the functional currency has changed.

A change in functional currency is accounted for prospectively from the date of change by translating all items into the new functional currency using the exchange rate at the date of change.

Based on an analysis of the primary and secondary indicators, the functional currency of each of the group's entities have been determined. These consolidated financial statements are presented in Canadian dollars, which in the opinion of Management is the most appropriate presentation currency in view of its operations in the global marketplace, user needs and a comparison with its major competitors.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the statement of comprehensive income (loss).

Group companies

Each foreign operation determines its own functional currency and items included in the financial statements of each foreign operation are measured using that functional currency.

The results and financial position of all the group entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

(i) assets and liabilities for each balance sheet presented are translated at the closing rate at the date of that balance sheet;

(ii) income and expenses for each statement of comprehensive income (loss) are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and

(iii) all resulting exchange differences are recognized in other comprehensive income (loss).

The following functional currencies are referred to herein below:

Currency Symbol	Currency Description
CAD	Canadian Dollar
USD	United States Dollar
EUR	European Euro
GBP	Pound Sterling

BUSINESS COMBINATION

Business combinations are accounted for using the acquisition method. Under this method, the identifiable assets acquired and liabilities assumed, including contingent liabilities, are recognized, regardless of whether they have been previously recognized in the acquiree's financial statements prior to the acquisition. On initial recognition, the assets and liabilities of the acquired subsidiary are included in the consolidated statement of financial position at their fair values. Goodwill is recorded when the identifiable intangible assets have been determined. Goodwill is the excess of the fair value of the consideration transferred over the fair value of the Corporation's share in the acquiree's net identifiable assets on the date of acquisition. Any excess of the identifiable net assets over the consideration transferred is recognized in income immediately.

The consideration transferred by the Corporation to acquire control of a subsidiary is calculated as the sum of the acquisition-date fair values of the assets transferred, liabilities incurred and equity interests issued by the Corporation, including the fair value of all the assets and liabilities resulting from a deferred payment arrangement. Acquisition related costs are expensed as incurred.

OPERATING SEGMENTS

Amaya has two reportable segments, Business–to-Consumer ("B2C") and Business-to-Business ("B2B"). In the third quarter ended September 30, 2014, B2C consisted of Rational Group, while B2B consisted of Amaya's B2B interactive gaming solutions, land-based gaming solutions, and lottery solutions.

Amaya's primary business is its business-to-consumer ("B2C") operation, Rational Group, which was acquired on August 1, 2014. The Corporation's operating segments are organized around the markets they serve (B2C and B2B) serve and are reported in a manner consistent with the internal reporting provided to the Chairman and Chief Executive Officer, the Corporation's chief operating decision-maker. An operating segment is a component of the Corporation that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses relating to transactions with other components of the Corporation.

FINANCIAL INSTRUMENTS

Financial assets

Financial assets are initially recognized at fair value and are classified either as "fair value through profit and loss"; "available-for-sale"; "held-to-maturity"; or "loans and receivables". The classification depends on the purpose for which the financial instruments were acquired and their characteristics. Except in very limited circumstances, the classification is not changed subsequent to initial recognition.

Fair Value through Profit or Loss

Financial assets at fair value through profit or loss are financial assets held-for-trading. A financial asset is classified in this category if acquired principally for the purpose of selling in the short-term or if so designated by Management. Financial assets classified at fair value through profit or loss are measured at fair value, with the realized and unrealized changes in fair value recognized each reporting period on the consolidated statement of comprehensive income (loss). The Corporation's investment in Intertain is classified as fair value through profit or loss.

Available-for-sale

Available-for-sale assets are non-derivative financial assets that are either designated in this category or not classified in any of the other categories. They are included in other non-current financial assets unless Management intends to dispose of the investment within twelve months of the consolidated statements of financial position date. Financial assets classified as

available-for-sale are carried at fair value with the changes in fair value recorded in other comprehensive income (loss), except for investments in equity instruments that do not have a quoted market price in an active market which are measured at cost. Interest on available-for-sale assets is calculated using the effective interest rate method and is recognized in the net loss. When a decline in fair value is determined to be other-than-temporary, the cumulative loss included in accumulated other comprehensive income (loss) is removed and recognized in the consolidated statement of comprehensive income (loss). Gains and losses realized on disposal of available-for-sale securities are recognized in the statement of comprehensive income (loss). The Corporation has short term and long term investments classified as available-for-sale (see note 11).

Held-to-maturity and loans and receivables

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturity that an entity has the intention and ability to hold to maturity. Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for those with maturities greater than twelve months after the consolidated statements of financial position date, which are classified as non-current assets. Financial instruments classified as held-to-maturity and loans and receivables are initially recorded at fair value and subsequently measured at amortized cost using the effective interest method. No financial assets are held-to-maturity. Cash and cash equivalents, restricted cash, receivable under finance lease, accounts receivable, investment tax credit receivable, income tax receivable, promissory note are classified as loans and receivables.

Impairment

At the end of each reporting period, the Corporation assesses whether a financial asset or a group of financial assets, other than those classified as fair value through profit and loss, is impaired. If there is objective evidence that impairment exists, the loss is recognized in the consolidated statements of comprehensive income (loss). The impairment loss is measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized in the consolidated statement of comprehensive income (loss).

Financial Liabilities

Financial liabilities are classified as either “financial liabilities at fair value through profit or loss”, or “other financial liabilities”. Financial liabilities are initially measured at fair value and subsequently measured at amortized cost using the effective interest rate method for liabilities that are not hedged and fair value for liabilities that are hedged. All financial liabilities are classified as other liabilities.

Transaction costs

Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities that are classified as “Through Profit or Loss”) are added to or deducted from the fair value of the financial instrument on initial recognition. These costs are expensed to “interest” on the consolidated statement of comprehensive income (loss) over the term of the related financial asset or financial liability using the effective interest method. When a debt facility is retired by the Corporation, any remaining balance of related debt transaction costs is expensed to “interest” on the consolidated statement of comprehensive income (loss) in the period that the debt facility is retired. Transactions costs related to financial instruments at fair value through profit or loss are expensed when incurred.

Compound Financial Instruments

The Corporation’s compound financial instruments comprise of its non-convertible subordinated debentures that entitle the holder to receive a unit composed of one non-convertible debenture and 48 warrants. As a result the instrument is composed of one liability component and one equity component for the warrants. The liability component of the non-convertible debentures is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The

Corporation has determined the fair value of the liability component. Then, the proceeds were allocated between the liability and the equity components using the residual method. Any directly attributable transaction costs are allocated to the liability and the warrants in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the convertible debentures is measured at amortized cost using the effective interest method. The warrants are not re-measured subsequent to initial recognition.

The Corporation's compound financial instruments comprise of a mezzanine subordinated unsecured term loan which grants the lenders, in relation to the Mezzanine Facility, 4 million common share purchase warrants, entitling the holders thereof to acquire one common share of Amaya at a price per common share equal to CAD$19.17 at any time up to a period ending 10 years after the closing date. The liability component of the non-convertible debentures is recognized initially at the fair value of a similar liability that does not have an equity conversion option. The Corporation has determined the fair value of the liability component. Then, the proceeds were allocated between the liability and the equity components using the residual method. Any directly attributable transaction costs are allocated to the liability and the warrants in proportion to their initial carrying amounts.

Subsequent to initial recognition, the liability component of the convertible debentures is measured at amortized cost using the effective interest method. The warrants are not re-measured subsequent to initial recognition

Embedded derivatives

Derivatives may be embedded in other financial and non-financial instruments (the "host instrument"). Embedded derivatives are treated as separate derivatives when their economic characteristics and risks are not closely related to those of the host instrument, the terms of the embedded derivative are the same as those of a stand-alone derivative, and the combined contract is not held-for-trading or designated at fair value. These embedded derivatives are measured at fair value with subsequent changes recognized in the consolidated statement of comprehensive income (loss). The Corporation has no embedded derivatives.

Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When measuring the fair value of an asset or a liability, the Corporation uses market observable data to the extent possible. If the fair value of an asset or a liability is not directly observable, it is estimated by the Corporation (working closely with external qualified valuers) using valuation techniques that maximize the use of relevant observable inputs and minimize the use of unobservable inputs (e.g. by use of the market comparable approach that reflects recent transaction prices for similar items, discounted cash flow analysis, or option pricing models refined to reflect the issuer's specific circumstances). Inputs used are consistent with the characteristics of the asset / liability that market participants would take into account.

For the Corporation's financial instruments which are recognized in the statement of financial position at fair value, the inputs used in measuring fair values are classified in the following levels in the fair value hierarchy:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly; and

Level 3 – Inputs for the asset or liability that are not based on observable market data.

Transfers between levels of the fair value hierarchy are recognised by the Corporation at the end of the reporting period during which the change occurred.

Comprehensive income (loss)

Comprehensive income (loss) is composed of the Corporation's net earnings (loss) and other comprehensive income (loss). Other comprehensive income (loss) includes unrealized effect of foreign currency translation of foreign operations net of income taxes. The components of comprehensive income (loss) are presented in the consolidated statements of changes in equity.

RESEARCH AND DEVELOPMENT INVESTMENT TAX CREDITS

The Corporation claims research and development investment tax credits as a result of incurring scientific research and experimental development expenditures. Research and development investment tax credits are recognized when the related expenditures are incurred, and there is reasonable assurance of their realization. Investment tax credits are accounted for by the cost reduction method, whereby the amounts of tax credits are applied as a reduction of the cost of the deferred development costs.

INVENTORY VALUATION

Inventories are priced at the lower of cost or net realizable value. Cost is determined on a weighted average basis. The cost of inventories comprises all costs of purchase and other costs incurred in bringing the inventory to its present location and condition. Raw materials and purchased finished goods are valued at purchase cost. Net realizable value represents the estimated selling price for inventory less all estimated costs necessary to make the sale.

PREPAID EXPENSES AND DEPOSITS

Prepaid expenses and deposits consist of amounts paid in advance or deposits made for which the Corporation will receive goods or services within the next normal operating cycle.

PROPERTY AND EQUIPMENT

Property and equipment which have a finite life are recorded at cost less accumulated depreciation and impairment losses. Depreciation is expensed from the month the corresponding assets are available for use over the estimated useful lives at the following rates, which are intended to reduce the carrying value to the estimated residual value:

Revenue-producing assets	Declining balance	20%
Machinery and equipment	Declining balance	20%
Furniture and fixtures	Declining balance	20%
Computer equipment	Declining balance	20%
Land and Building	Straight-line	25 years

INTANGIBLE ASSETS

Software	Declining balance	20%
Licenses	Straight-line	Over the term of licenses
Placement fee	Straight-line	Over the term of lease

ACQUISITION-RELATED INTANGIBLES

Software Technology	Straight-line	5years
Customer Relationships	Straight-line	15 years
Brands	N/A	Indefinite useful life

The depreciation method, useful life and residual values are assessed annually and the assets are tested for impairment, whenever events or changes in circumstances indicate that the carrying amount may not be recoverable.

Upon retirement or disposal, the cost of the asset disposed of and the related accumulated amortization are removed from the accounts and any gain or loss is reflected in earnings. Expenditures for repairs and maintenance are expensed as incurred.

GOODWILL

Goodwill represents the excess of the purchase price over the fair value of the identifiable net assets acquired in a business acquisition. After initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Goodwill is reviewed for impairment at least annually or more frequently if circumstances such as significant declines in expected sales, earnings or cash flows indicate that it is more likely than not that the asset might be impaired.

RESEARCH AND DEVELOPMENT

Research and development costs are expensed except in cases where development costs meet certain identifiable criteria for deferral. Development costs, which have probable future economic benefit, can be clearly defined and measured, and are incurred for the development of new products or technologies, are capitalized. These development costs net of related research and development investment tax credits are not amortized until the products or technologies are commercialized, at which time, they are amortized over the estimated life of the commercial production.

The amortization method and the life of the commercial production are assessed annually and the assets are tested for impairment.

IMPAIRMENT OF NON-CURRENT ASSETS

At the end of each reporting period, the carrying amounts of property and equipment and intangible assets with finite useful lives are assessed to determine if there is any evidence that an asset is impaired. If there is such evidence, the recoverable amount of the asset is estimated. The recoverable amount of intangible assets with indefinite useful lives or those are not ready for use is estimated on the same date each year.

The recoverable amount of an asset or a cash generating unit is the higher of value-in-use and fair value less costs to sell.

Assets that cannot be tested individually for the impairment test are grouped into the smallest group of assets that generates cash inflows through continued use that are largely independent of the cash inflows from other assets or groups of assets (“cash-generating unit” or “CGU”). For the impairment test of goodwill, goodwill has been allocated to one group of CGUs, so that the level at which the impairment is tested represents the lowest level at which Management monitors goodwill for internal Management purposes, in accordance with operating segment. Goodwill acquired in a business combination is allocated to the group of CGUs that is expected to benefit from synergies of the related business combination.

The Corporation's corporate assets do not generate separate cash flows. If there is evidence that a corporate asset is impaired, the recoverable amount is determined for the CGU to which the corporate asset belongs. Impairments are recorded when the carrying amount of an asset or its CGU is higher than its recoverable amount. Impairment charges are recognized in income or loss.

Impairment losses recognized for a CGU (or group of CGU) first reduce the carrying amount of any goodwill allocated to that CGU and then reduce the carrying amounts of the other assets of the CGU (or group of CGU) pro rata on the basis of the carrying amount of each asset in the CGU (or group of CGU).

An impairment loss recognized for goodwill may not be reversed. On each reporting date, the Corporation assesses if there is an indication that impairment losses recognized in previous periods for other assets have decreased or no longer exist. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. The increased carrying amount of an asset attributable to a reversal of an impairment loss shall not exceed the carrying amount that would have been determined (net of amortization or depreciation) had no impairment loss been recognized.

TAXATION

Income tax expense represents the sum of current and deferred taxes. Current and deferred taxes are recognized in the consolidated statement of comprehensive income (loss), except to the extent it relates to items recognized in other comprehensive income (loss) or directly in equity.

Current tax

The tax currently payable is based on taxable income for the year. Taxable income differs from earnings as reported in the consolidated statements of comprehensive income (loss) because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Corporation's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable income. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences to the extent that it is probable that taxable income will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the taxable income nor the accounting earnings.

Deferred tax liabilities are recognized for taxable temporary differences associated with investments in subsidiaries and associates, except where the Corporation is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognized to the extent that it is probable that there will be sufficient taxable income against which to utilize the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realized, based on tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Corporation expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Corporation intends to settle its current tax assets and liabilities on a net basis.

STOCK-BASED COMPENSATION

The Corporation has one share option plan and accounts for grants under this plan in accordance with the fair value-based method of accounting for stock-based compensation. Compensation expense for equity settled stock options awarded to employees under the plan is measured at the fair value at the grant date using the Black-Scholes valuation model and is recognized using the graded vesting method over the vesting period of the options granted. Compensation expense recognized is adjusted to reflect the number of options that has been estimated by Management for which conditions attaching to service will be fulfilled as of the grant date until the vesting date so that the ultimately recognize expense corresponds to the options that have actually vested. The compensation expense credit is attributed to contributed surplus when the expense is recognized in income or loss. When options are exercised or shares are purchased, any consideration received from employees as well as the related compensation cost recorded as contributed surplus are credited to share capital.

Non-employee equity-settled share-based payments are measured at the fair value of the goods and services received, except where that fair value cannot be estimated reliably. If the fair value cannot be measured reliably, non-employee equity-settled share-based payments are measured at the fair value of the equity instrument granted, measured at the date the entity obtains the goods or the counterparty renders the service. The Corporation subsequently measures non-employee equity-settled share-based payments at each vesting period and settlement date, with any changes in fair value recognized in the consolidated statement of comprehensive income (loss). Stock-based compensation expense is recognized over the contract life of the options or the option settlement date, whichever is earlier.

EARNINGS PER SHARE

Basic earnings per common share are computed by dividing the earnings for the period by the weighted average number of common shares outstanding during the period. Diluted earnings per share are computed using the treasury stock method by dividing the earnings for the period applicable to common shares by the sum of the weighted average number of common shares outstanding and all additional common shares that would have been outstanding if potentially dilutive common shares had been issued.

Dilutive earnings per share comprise of employee share-based compensation and broker warrants.

LEASES

The determination of whether an arrangement is or contains a lease is based on the substance of the arrangement and requires an assessment of whether the arrangement conveys a right to use the asset. When substantially all risks and rewards of ownership are transferred from the lessor to the lessee, lease transactions are accounted for as finance leases. All other leases are accounted for as operating leases.

Corporation is the lessee

Leases of assets classified as finance leases are presented in the consolidated statements of financial position according to their nature. The interest element of the lease payment is recognized over the term of the lease based on the effective interest rate method and is included in financial expense, in the statement of comprehensive income (loss).

Payments made under operating leases are recognized in the consolidated statement of comprehensive income (loss) on a straight-line basis over the term of the lease.

PROVISIONS

Provisions represent liabilities to the Corporation for which the amount or timing is uncertain. Provisions are recognized when the Corporation has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount can be reliably estimated. Provisions are measured at the present value of the expected expenditures required to settle the obligation using a discount rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in provisions due to the passage of time is recognized in “interest” on the consolidated statement of comprehensive income (loss). Provisions are not recognized for future operating losses.

Provision for jackpot

Several of the Corporation’s licensees participate in progressive jackpot games. Each time a progressive jackpot game is played, a portion of the amount wagered by the player is contributed to the jackpot for that specific game or group of games. Once a jackpot is won, the progressive jackpot is reset with a predetermined base amount. The Corporation maintains a provision for the reset for each jackpot and the progressive element added as the jackpot game is played. The provision for jackpots at the reporting date is included in provisions (see note 17). The provision is sufficient to cover the full amount of any required payout.

Contingent consideration

The acquisition of Ongame includes contingent consideration of up to €10 million which will become payable by Amaya if there is regulated online gaming in the United States within five years of completion of the acquisition. The Corporation has estimated the contingent consideration to be approximately €4 million ($5.66 million CAD), of which (i) €0.67 million ($0.96 million CAD) is recorded in Provisions (see note 17); and (ii) €3.33 million ($4.70 million CAD) was paid.

The acquisition of Oldford includes a contingent consideration of USD$400 million which shall be subject to adjustment, payable on February 1, 2017, based upon the occurrence of certain events. The Corporation has estimated that contingent consideration of USD$ 400 million (CAD$ 448 million) will be payable on February 1, 2017. The fair value of the contingent consideration of USD$ 346 million (CAD$ 391 million) is recorded in Provisions (see note 17) and was calculated using a 6% discount rate, equivalent to the discount rate negotiated by the parties in case of early payment of the contingent consideration.

Provision for minimum revenue guarantee

The sale of WagerLogic Ltd. includes a minimum revenue guarantee agreement pursuant to which the vendor, in the first two years following the closing, may pay cash consideration if certain revenue targets are not achieved by the InterCasino Business. The Corporation has estimated a provision for the minimum revenue guarantee to be approximately USD$24.81 million ($27.78 million CAD), of which (i) USD$13.75 million ($15.40 million CAD) is recorded in Provisions (see note 17); (ii) USD $4.58 million ($5.13 million CAD) was offset against the promissory note of $10 million CAD; and (iii) USD $6.48 million ($7.25 million CAD) was paid.

ROYALTIES

The Corporation licenses various royalty rights from several owners of intellectual property rights. Generally, the arrangements require material prepayments of minimum guaranteed amounts which have been recorded as prepayments in the consolidated statements of financial position. These prepaid amounts are amortized over the life of the arrangement as gross revenue is generated or on a straight-line basis if the underlying games are expected to have an effective royalty rate greater than the agreed amount. The amortization of these amounts is recorded as royalty expense.

The Corporation regularly reviews its estimates of future revenues under its license arrangements.

CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of financial statements in conformity with IFRS requires Management to make estimates and assumptions that can have a significant effect on the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period.

Estimates and judgments are significant when:

- the outcome is highly uncertain at the time the estimates are made; or
- different estimates or judgments could reasonably have been used that would have had a material impact on the consolidated financial statements.

The consolidated financial statements include estimates based on currently available information and Management's judgment as to the outcome of future conditions and circumstances. Management uses historical experience, general economic conditions and trends, as well as assumptions regarding probable future outcomes as the basis for determining estimates.

Estimates and their underlying assumptions are reviewed on a regular basis and the effects of any changes are recognized immediately. Changes in the status of certain facts or circumstances could result in material changes to the estimates used in the preparation of the financial statements and actual results could differ from the estimates and assumptions.

The following areas require Management's most critical estimates and judgments.

ESTIMATES

Goodwill

The recoverable amount of the operating segment, representing the group of CGUs to which goodwill is allocated, is based on the higher of fair value less costs to sell and value in use. The recoverable amount was calculated as at September 30, 2014, based on fair value less costs to sell. The fair value less cost to sell is the amount for which the CGU could be exchanged between knowledgeable willing parties in an arm's length transaction, less cost to sell. Management undertakes an assessment of relevant market data, which is the market capitalization of the Corporation and in addition uses a discounted cash flow model. Estimated future cash flows for the first five years were based on the budget and strategic plans. A growth rate of 2.5% was applied to the last year of the strategic plan to derive estimated cash flows beyond the initial five-year period. The post-tax discount rate is also a key estimate in the discounted cash flow model and is based on a representative weighted average cost of capital. The pre-tax discount rate used to calculate the recoverable amount as at September 30, 2014, was 12.00%. As at September 30, 2014, there was no need for impairment.

Impairment of other long-lived assets

The determination of other long-lived asset impairment requires significant estimates and assumptions to determine the recoverable amount of an asset and/or CGU, wherein the recoverable amount is the higher of fair value less costs to sell and value in use. The value in use method involves estimating the net present value of future cash flows derived from the use of the asset and/or CGU, discounted at an appropriate rate.

The key assumptions utilized in the determination of future cash flows represent Management's best estimate of the range of economic conditions relating to the CGU, and are based on historical experience, economic trends, and communications with other key stakeholders of the Corporation. These key assumptions include the revenue growth rate, EBITDA[1] margin as a percentage of revenues, capital expenditures as a percentage of revenues, and the inflation growth rate. Significant changes in the key assumptions utilized in the determination of future cash flows could result in an impairment charge or reversal of an impairment loss. As at September 30, 2014 and September 30, 2013, there was no need for an impairment charge.

Stock-based compensation and warrants

The Corporation estimates the expense related to stock-based compensation and the value of warrants using the Black-Scholes valuation model. The model takes into account Management's best estimate of the exercise price of the stock option/warrant, an estimate of the expected life of the option/warrant, the current price of the underlying stock, an estimate of the stock's/warrant's volatility, an estimate of future dividends on the underlying stock/warrant, the risk-free rate of return expected for an instrument with a term equal to the expected life of the option/warrant, and the expected forfeiture rate of stock options granted (see note 23).

Research and development investment tax credits

Management has made a number of estimates and assumptions in determining the expenditures eligible for the research and development investment tax credit claim. Tax credits are available based on eligible research and development expenses consisting of direct expenditures and including a reasonable allocation of overhead expenses. It is possible that the allowed amount of the research and development investment tax credit claim could be materially different from the recorded amount upon assessment by the Canada Revenue Agency, the Minister of Revenue of Quebec, Ontario Media Development Corporation, and Alberta Finance.

Income taxes

Deferred tax assets and liabilities are due to temporary differences between the carrying amount for accounting purposes and the tax basis of certain assets and liabilities, as well as undeducted tax losses. Estimation is required for the timing of the reversal of these temporary differences and the tax rate applied. The carrying amounts of assets and liabilities are based on amounts recorded in the financial statements and are subject to the accounting estimates inherent in those balances. The tax basis of assets and liabilities and the amount of undeducted tax losses are based on the applicable income tax legislation, regulations and interpretations. The timing of the reversal of the temporary differences and the timing of deduction of tax losses are based on estimations of the Corporation's future financial results.

The Corporation recognizes an income tax expense in each of the jurisdictions in which it operates. However, actual amounts of income tax expense only become final upon filing and acceptance of the tax return by the relevant authorities, which occur subsequent to the issuance of the financial statements. Additionally, estimation of income taxes includes evaluating the recoverability of deferred tax assets based on an assessment of the ability to use the underlying future tax deductions before they expire against future taxable income.

---

1 EBITDA as defined by the Corporation means earnings before interest and financing costs (net of interest income), income taxes, depreciation and amortization, stock-based compensation, restructuring and other non-recurring costs, and non-controlling interests. EBITDA is a non-IFRS measure.

The assessment is based upon enacted or substantively enacted tax laws and estimates of future taxable income. To the extent estimates differ from the actual amounts determined when preparing the final tax returns, earnings would be affected in a subsequent period. As at September 30, 2014 a valuation allowance of $5,574,000 (2013 – $4,314,532) was recorded.

Changes in the expected operating results, enacted tax rates, legislation or regulations, and the Corporation's interpretations of income tax legislation, will result in adjustments to the expectations of future timing difference reversals, and may require material deferred tax adjustments. To the extent that forecasts differ from actual results, adjustments are recognized in subsequent periods.

JUDGMENTS

Finance leases

Judgement is required in the initial classification of leases as either operating leases or finance leases and, in respect of finance leases, determining the appropriate discount rate implicit in the lease to discount minimum lease payments. The useful life of the leased property is determined by Management at the inception of the lease. The useful life is based on historical experience with similar products as well as anticipation of future events, which may impact their useful economic life, such as changes in technology. The estimated fair values established at lease inception is periodically reviewed to determine if values are realizable, which depends on the credit risk of the lessee, market conditions and other subjective and qualitative factors.

Deferred Development Costs

Amounts capitalized include the total cost of any external products or services and labour costs directly attributable to development. Management's judgement is involved in determining the appropriate internal costs to capital i.e. The useful life represents Management's view of the expected period over which the Corporation will receive benefits from the software based on historical experience with similar products as well as anticipation of future events, which may impact their useful economic life, such as changes in technology.

Estimated useful lives of long-lived assets

Judgment is used to estimate each component of an asset's useful life and is based on an analysis of all pertinent factors including, but not limited to, the expected use of the asset and in the case of an intangible asset, contractual provisions that enable renewal or extension of the asset's legal or contractual life without substantial cost, and renewal history. If the estimated useful lives were incorrect, this could result in an increase or decrease in the annual amortization expense, and future impairment charges.

Recent Accounting Pronouncements

OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES (AMENDMENTS TO IAS 32)

Effective for annual periods beginning on or after January 1, 2014, on a retrospective basis. Early application is permitted. If an entity applies this amendment earlier than required, it shall disclose that fact and shall also make the disclosures required by Disclosures—Offsetting Financial Assets and Financial Liabilities (Amendments to IFRS 7) issued in December 2011.

The Corporation has not yet assessed the impact of the adoption of this standard on its consolidated financial statements.

RECOVERABLE AMOUNT DISCLOSURES FOR NON-FINANCIAL ASSETS: AMENDMENTS TO IAS 36

The IASB has published Recoverable Amount Disclosures for Non-Financial Assets (Amendments to IAS 36). These narrow-scope amendments to IAS 36, Impairment of Assets, address the disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.

The amendments are to be applied retrospectively for annual periods beginning on or after January 1, 2014. Earlier application is permitted for periods when the entity has already applied IFRS 13.

IFRS 9, FINANCIAL INSTRUMENTS

The IASB issued the chapters of IFRS 9 relating to the classification and measurement of financial assets. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the many different rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments (its business model) and the contractual cash flow characteristics of the financial assets.

The IASB also issued new requirements in IFRS 9 to address the problem of volatility in profit or loss arising from an issuer choosing to measure its own debt at fair value (i.e., the “own credit” problem).

The IASB added to IFRS 9 impairment requirements related to the accounting for expected credit losses on an entity’s financial assets and commitments to extend credit.

The IASB also published a new hedge accounting model, together with corresponding disclosures about risk management activity for those applying hedge accounting. The new model represents a substantial overhaul of hedge accounting that will enable entities to better reflect their risk management activities in their financial statements. The most significant improvements apply to those that hedge non-financial risk.

An entity shall apply this Standard retrospectively for annual periods beginning on or after January 1, 2018 with early adoption permitted. The impairment provisions of IFRS 9 will not however be available for earlier application by those entities reporting under Canadian GAAP until the necessary due process, translation and publication processes have been completed by the AcSB.

IFRS 15, REVENUES FROM CONTRACTS WITH CUSTOMERS

The FASB and IASB (the Boards) have issued converged standards on revenue recognition. This new IFRS affects any entity using IFRS that either enters into contracts with customers to transfer goods or services or enters into contracts for the transfer of nonfinancial assets unless those contracts are within the scope of other standards. This IFRS will supersede the revenue recognition requirements in IAS 18 and most industry-specific guidance.

The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve that core principle, an entity should apply the following steps:

- Step 1: Identify the contract(s) with a customer.
- Step 2: Identify the performance obligations in the contract.
- Step 3: Determine the transaction price.

Later than one year but not later than 5 years	33,934

BUSINESS RISKS AND UNCERTAINTIES

The Corporation operates in a rapidly changing environment that involves numerous risks and uncertainties, many of which are beyond Amaya's control and which could have a material effect on Amaya's business, revenue, operating results and financial condition.

Each of these risk factors could materially adversely affect the Corporation's business, revenue, operating results and financial condition, as well as materially adversely affect the value of an investment in the securities of the Corporation.

The Corporation's current principal risks and uncertainties as identified by Management are described below:

- The manufacture and distribution of gaming solutions is subject to extensive scrutiny and regulation at all levels of government;
- Online, social, casual and mobile gaming is a relatively new industry that continues to evolve. The success of this industry and Amaya's online business will be affected by future developments in social networks, mobile platforms, legal or regulatory developments which are beyond Amaya's control;
- The Corporation and its licensees are subject to applicable laws in the jurisdictions in which they operate and future legislative and court decisions may have a material impact on operations and financial results;
- The Corporation's Native American tribal customers that operate Class II games under the IGRA are subject to regulation by the NIGC. Any changes in regulations could cause the Corporation to modify its Class II games to comply with the new regulations, which may result in the Corporation's products becoming less competitive;
- Any license, permit, approval or finding of suitability may be revoked, suspended or conditioned at any time. The loss of a license in one jurisdiction could trigger the loss of a license or affect Amaya's eligibility for a license in another jurisdiction;

- There are significant barriers to entry to the market for the Corporation's solutions and if the Corporation is unable to overcome the barriers to entry, it will materially affect its results of operations and future prospects;
- There is intense competition amongst gaming solution providers. If the Corporation is unable to obtain significant early market presence or it loses market share to its competitors, it will materially affect its results of operations and future prospects;
- The ability of the Corporation to complete announced acquisitions and divestitures. The risks associated with these acquisitions and divestitures could have a material adverse effect upon the Corporation's business, financial condition and operating results;
- The markets for the Corporation's solutions are characterized by rapidly changing technology, evolving industry standards and increasingly sophisticated customer requirements. The Corporation's inability to develop solutions that are competitive in technology and price and that meet customer needs could have a material adverse effect on the Corporation's business, financial condition and results of operations;
- A significant portion of Amaya's operations are conducted in foreign jurisdictions. As such, Amaya's operations may be adversely affected by changes in foreign government policies and legislation or social instability and other factors which are not within the control of Amaya;
- The Corporation holds patents, trademarks and other intellectual property rights. The Corporation has also applied for patent protection in the United States, Canada and Europe, relating to certain existing and proposed processes, designs and methods. If the Corporation is denied any or all of these patents, it may not be able to successfully prevent its competitors from imitating its solutions or using some or all of the processes that are the subject of such patent applications;
- The sales cycle for the Corporation's products and services is variable, typically ranging from between a few weeks to several months and in some cases even longer, from the point of initial contact with a potential customer to the actual completion of a sale. If any events were to occur that affect the timing of the order, the sales of the Corporation's solutions or services may be cancelled or delayed, which would reduce the Corporation's revenue;
- The Corporation depends on the services of its executive officers as well as its key technical, sales, marketing and management personnel. The loss of any of these key persons could have a material adverse effect on the Corporation's business, results of operations and financial condition;
- The Corporation's solutions are complex and, accordingly, they may contain defects or errors, particularly when first introduced or as new versions are released. Defects and errors in the Corporation's solutions could materially and adversely affect the Corporation's reputation, result in significant costs to it, delay planned release dates and impair its ability to sell its products in the future;
- The Corporation incorporates security features into the design of its gaming machines and other systems which are designed to prevent the Corporation and its customers from being defrauded. If the Corporation's security systems fail to prevent fraud, the Corporation's operating results could be adversely affected;
- A substantial portion of the Corporation's revenue is earned in U.S. dollars and Euros, but a substantial portion of the Corporation's operating expenses are incurred in Canadian and U.S. dollars. Fluctuations in the exchange rate between the U.S. dollar, the Euro and other currencies, such as the Canadian dollar, may have a material adverse effect on the Corporation's business, financial condition and operating results;

- The Corporation has experienced and expects to continue to experience rapid growth in the Corporation's headcount and operations, placing significant demands on its operational and financial infrastructure. If the Corporation does not effectively manage its growth, its ability to develop and market its solutions could suffer, which could negatively affect its operating results;
- Contract awards by lottery authorities are sometimes challenged by unsuccessful bidders, which can result in costly and protracted legal proceedings that can result in delayed implementation or cancellation of the award. Further, there can be no assurance that the current contracts of Amaya will be extended or that Amaya will be awarded new contracts as a result of competitive bidding processes in the future;
- Some of the Corporation's licensees rely on Internet service providers to allow the Corporation's licensees' customers and servers to communicate with each other. If Internet service providers experience service interruptions, communications over the Internet may be interrupted and impair the Corporation's ability to carry on business. Further, there can be no assurance that the Internet infrastructure or the Corporation's own network systems will continue to be able to meet the demand placed on it by the continued growth of the Internet, the overall online gaming industry or of the Corporation's customers;
- Any disruption in the Corporation's network or telecommunications services could affect the Corporation's ability to operate its games or financial systems, which would result in reduced revenues and customer down time;
- In addition to regulations pertaining to the gaming industry in general and specifically to online gaming, the Corporation may become subject to any number of laws and regulations that may be adopted with respect to the Internet and electronic commerce. These laws could have a material adverse effect on Amaya's business, revenues,operating results and financial condition;
- The Corporation's ability to make scheduled payments on or to refinance its debt obligations and to make distributions to enable it to service its debt obligations depends on its financial and operating performance. If the Corporation's cash flows and capital resources are insufficient to fund its debt service obligations, it may be forced to reduce or delay activities and capital expenditures, sell assets, seek additional capital, or restructure or refinance its indebtedness;
- As a supplier of gaming solutions, the Corporation must continually offer themes and products that appeal to gaming operators and players. The Corporation's success depends in part on unpredictable and volatile factors that are beyond its control, such as customer preferences, competing games, travel activity and the availability of other entertainment activities;
- The Corporation is heavily dependent on the gaming industry. A decline in demand for the Corporation's products in the gaming industry could adversely affect its business;
- From time to time, Amaya may be subject to litigation claims through the ordinary course of its business operations which could result in substantial costs and diversion of Amaya's resources. This could cause a material adverse effect on its business, financial condition and results of operations;
- Achieving the benefits of the Oldford Group acquisition depends in part on successfully supporting the B2C Business's growth initiatives and operations in a timely and efficient manner, as well as Amaya's ability to realize the anticipated growth and development opportunities. The process will require the dedication of management effort, time and resources which may divert management's focus and resources from other strategic opportunities and from operational matters during this process. These decisions will present challenges to management and special risks pertaining to possible unanticipated liabilities, unanticipated costs, and the potential loss of key employees. This process may result in the loss and the disruption of ongoing business, customer and employee relationships that may adversely affect Amaya's ability to achieve the anticipated benefits of the acquisition and as a result of these factors, it is possible that the anticipated benefits of the acquisition and the growth of Amaya and the B2C Business will not be realized.

- The Corporation incurred a substantial amount of indebtedness to finance a portion of the Purchase Price related to the Oldford Group acquisition payable at closing with funds available through the Credit Facilities. Amaya believes that the Buyer will be able to satisfy all financial covenants and make all payments of principal and interest required thereunder. However, in the event that the Buyer does not generate sufficient cash flow, including revenues expected to be generated as a result of the Acquisition, there is a risk that the Buyer may not be able to satisfy all financial covenants set forth in, and/or satisfy all of its payment obligations with respect to the indebtedness incurred pursuant to the Credit Facilities. Any such failure to generate revenues or satisfy its obligations under such definitive documentation could have a material adverse effect on Amaya's business, results from operations and financial condition.
- In connection with the Oldford Group acquisition, a significant number of additional common shares and securities convertible or exchangeable into common shares were issued. The increase in the number of common shares issued and issuable may lead to sales of the common shares or the perception that such sales may occur, either of which may adversely affect the market for, and the market price of, common shares. Moreover, the potential that any significant holder of common shares may sell its common shares in the public market (commonly referred to as "market overhang") as well as any actual sales of such common shares could adversely affect the market price of the common shares.
- All historical information relating to the Oldford Group presented in, or due to lack of information omitted from, Corporation documents filed on SEDAR, including its Management Information Circular and Business Acquisition Report, including all financial information of the Oldford Group, has been provided in exclusive reliance on the information made available by the Oldford Group and their respective representatives. Although the Corporation has no reason to doubt the accuracy or completeness of the Oldford Group's information provided therein, any inaccuracy or omission in such information contained could result in unanticipated liabilities or expenses, increase the cost of integrating Amaya and Oldford or adversely affect the operational plans of the combined entities and its results of operations and financial condition.

A more comprehensive list of the risks and uncertainties affecting Amaya can be found in its most recent Annual Information Form filed with the Canadian Securities Regulatory Authorities at www.sedar.com. Additionally, risk factors related to the Corporation's Acquisition of Rational Group subsequent to quarter end are included in Amaya's Management Information Circular dated June 30, 2014 and available on www.sedar.com. Investors are urged to consult such risk factors.

("Cadillac Jack") obtained credit facilities from FS Investment Corporation and FS Investment Corporation II for the purpose of financing working capital expenses and general corporate purposes of the Amaya group. These lending entities are advised by FB Income Advisor, LLC and FSIC II Advisor, LLC, respectively, and sub-advised by an affiliate of GSO Capital Partners LP, Blackstone's credit business. The credit facilities provide for (1) an incremental USD$80 million term loan to Cadillac Jack's existing USD$160 million senior term loan, with the new aggregate principal amount of USD$240 million bearing interest at a per annum rate equal to LIBOR plus 8.50% with a 1% LIBOR floor (the "Senior Facility"); and (2) mezzanine debt in the form of a subordinated term loan in the aggregate principal amount of USD$100 million, bearing interest at a per annum rate equal to 13%; provided, at the option of Cadillac Jack, interest accruing at a per annum rate of 7% may instead be paid in-kind in lieu of cash (the "Mezzanine Facility", and collectively with the Senior Facility, the "New Facilities"). The Senior Facility will mature over a 5-year term and the Mezzanine Facility will mature over a 6-year term from the closing date. The Senior Facility is secured by the assets of Cadillac Jack and its subsidiaries. The Mezzanine Facility is unsecured. Amaya has provided an unsecured guarantee of the obligations under the New Facilities of Cadillac Jack in favour of the lenders. The New Facilities contain customary covenants, including, without limitation, maintenance and incurrence covenants based on certain agreed-upon leverage and coverage ratios. Amaya has agreed to grant the lenders, in relation to the Mezzanine Facility, with 4 million common share purchase warrants, entitling the holders thereof to acquire one common share of Amaya at a price per common share equal to CAD$15 at any time up to a period ending 10 years after the closing date. The grant of the share purchase warrants is subject to the final approval of the Toronto Stock Exchange.

Under the Contract, Diamond Game will receive a firm-fixed percentage of the ITLM proceeds. The Contract amount is estimated by the Lottery at up to USD$57 million over the original five year term and an additional amount of up to USD$60 million for the renewal option based upon its projected number of ITLMs placed at VO meeting halls and the projected win for those ITLMs.

Amaya paid USD$18 million on closing of the Transaction from cash on hand with a USD$7 million holdback for certain contingent liabilities and other items. business was acquired by Amaya through its acquisition of CryptoLogic. Subsidiaries of Amaya (the "Service Providers") will continue to supply WagerLogic with software, services and content to power the InterCasino Business pursuant to services agreements. The Share Purchase Agreement provides for a bonus payment of USD $10 million if CryptoLogic Operations Limited ("CryptoLogic Operations"), the wholly-owned operating subsidiary of WagerLogic, achieves a net revenue target of USD $30 million during the second year following closing (payable in 12 monthly instalments during the third year following closing), and a bonus payment of USD $10 million if CryptoLogic Operations achieves a net revenue target of USD $40 million during the third year following closing (payable in 12 monthly instalments during the fourth year following closing). Amaya and its Service Providers have entered into a revenue guarantee agreement (the "WagerLogic Revenue Guarantee"), under which they jointly and severally guarantee the financial obligations of the Service Providers under the service agreements, including an obligation to pay CryptoLogic Operations, during the next two years, an amount equal to the shortfall between CryptoLogic Operation's quarterly net revenue and a pre-established quarterly net revenue target of USD $4.75 million. Amaya has estimated a provision for the minimum revenue guarantee to be approximately $11.05 million.

"We are very pleased with the progression of our business in the first quarter of 2014," said David Baazov, President and CEO of Amaya. "The acquisition of Diamond Game has significantly bolstered our Lottery solutions and has provided us with an attractive offering for the large public gaming market. Soon after the acquisition was completed, Diamond Game was awarded a significant contract by Maryland for its instant ticket vending machines. We anticipate rollout of those machines to begin in the third quarter of this year.

"We recorded strong year-over-year growth in revenues from our land-based solutions, through both our installed base of recurring revenue generating leased machines and via sales of gaming machines in the United States and Latin America."

"Within our interactive solutions, during the quarter and subsequently, we completed the integration of games from numerous leading third party games suppliers onto our Casino Gaming System, for the benefit of our operator partners in Europe and New Jersey. This is a process that is continuing as we execute on our strategy of being a leading aggregator of games content for online casinos.

"To increase our market share within existing customers and to attract new customers, we have also been actively developing new and innovative online and mobile games content through our proprietary games studios. During the first quarter, we launched approximately a half dozen games, including jackpot slots featuring Superman and Wonder Woman. We expect to roll out more games in the second quarter including multiple mobile slots. Additionally, we are continuing the development of more new branded content featuring DC Comics-inspired characters pursuant to the licensing agreement we extended with Warner Bros. last year.

"Our bottom line was boosted during the quarter by our sale of WagerLogic, which was one of two assets we classified as held for sale during the fourth quarter of 2013. We anticipate announcing further details on an agreement to sell the other during the second quarter. The sale of WagerLogic has resulted in us having a very strong cash balance. Combined with the refinancing of Cadillac Jack's debt completed yesterday, our balance sheet is positioned to support both our organic growth and potential strategic acquisitions, particularly those that would bolster our current solutions offering significantly and/or enable us to compete more significantly in new verticals," Mr. Baazov concluded.

FINANCIAL RESULTS

Revenue for the three month period ended March 31, 2014 was $41.20 million compared to $38.05 million for the three month period ended March 31, 2013, representing an increase of 8%. This was driven by an increase in gaming machines sold outright and under finance lease. On a regional basis, revenue in Q1 2014 was primarily concentrated in North America, Latin America and the Caribbean, and Europe.

Total expenses, comprised of cost of goods sold, selling, general and administrative, and financial expenses as well as acquisition-related costs, were $49.59 million for the three month period ended March 31, 2014, compared to $44.74 million for the three month period ended March 31, 2013, an increase of 11%. The percentage increase was driven by non-recurring acquisition related costs related primarily to the acquisition of Diamond Game and the sale of WagerLogic during Q1 2014; higher cost of products expense reflecting the increased sales of gaming machines in Q1 2014 vs Q1 2013; increased general and administrative expense driven by increased salaries and maintenance and repairs expenses due to the addition of Diamond Game, as well as higher depreciation and amortization expenses; partially offset by lower interest and bank charges and a positive impact from foreign exchange.

Net income in the first quarter of 2014 was $39.64 million, or $0.42 per basic share and $0.38 per diluted share. Net loss in Q1 2013 was $7.44 million, or $(0.09) per basic and diluted common share. Net income in Q1 2014 was driven by the gain on sale of WagerLogic as well as income from investments.

[1] Adjusted EBITDA as used by the Corporation means earnings before interest and financing costs (net of interest income), income taxes, depreciation and amortization, stock-based compensation, restructuring and other non-recurring costs, and non-controlling interests. Adjusted EBITDA is a non-IFRS measure. Amaya believes this non-IFRS financial measure provides useful information to both management and investors in measuring financial performance, the ability to fund future working capital needs, to service outstanding debt, and to fund future capital expenditures. This measure does not have a standard meaning prescribed by IFRS and therefore may not be comparable to similarly titled measures presented by other publicly traded companies, and should not be construed as an alternative to other financial measures determined in accordance with IFRS. Other issues may calculate adjusted EBITDA differently.

"This is a transformative acquisition for Amaya, strengthening our core B2B operations with a consumer online powerhouse that creates a scalable global platform for growth," said David Baazov, CEO of Amaya. "Mark Scheinberg pioneered the online poker industry, building a remarkable business and earning the trust of millions of poker players by delivering the industry's best game experiences, customer service and online security. The values and integrity which have shaped this company are deeply ingrained in its DNA. David Baazov has a strong vision for the future of the Rational Group which will lead the company to new heights."

Amaya believes the Transaction will expedite the entry of PokerStars and Full Tilt Poker into regulated markets in which Amaya already holds a footprint, particularly the U.S.A. Additionally, Amaya will provide an extensive selection of its online casino games to expand the Nascent Full Tilt Poker casino platform. Amaya Intends to strongly support Rational Group's growths initiatives in new gaming verticals, including casino, sportsbook and social gaming, and new geographies.

In recent years, Amaya has experienced rapid growth, partly through strategic acquisitions that have strengthened its core offering of B2B technology-based gaming solutions. Amaya has an expansive footprint in regulated markets in the U.S.A, Canada and Europe through the provision of its online, land-based and lottery solutions to licensed commercial, tribal and charitable gaming operations as well as government lotteries and gaming control agencies.

Rational Group's core business is PokerStars, launched in 2001. Since then, PokerStars has become the world's largest online poker site hosting the most players, offering the largest prize pools and the greatest variety of poker games to millions of players.

PURCHASE PRICE FINANCING DETAILS

The Purchase Price will be paid using a combination of cash on hand, new credit facilities and equity financing, allocated as follows:

- $2.1 billion senior secured credit facilities, consisting of a $2.0 billion first lien term loan and a $100 million revolving credit facility fully underwritten by Deutsche Bank AG New York Branch ("Deutsche Bank"), Barclays Bank PLC ("Barclays"), and Macquarie Capital (USA) Inc. ("Macquarie Capital").
- $800 million senior secured second lien term loan fully underwritten by Deutsche Bank, Barclays, and Macquarie Capital, with participation from GSO and the Investment Manager.
- $1 billion to be raised through the issuance of convertible preferred shares on a private-placement basis at an initial conversion price of C$24 per convertible preferred share.
- C$500 million to be raised through the issuance of subscription receipts convertible on a one-to-one basis into common shares upon completion of the Transaction on a bought-deal private-placement basis, and an Underwriters' Option to purchase subscription receipts for additional gross proceeds of up to C$140 million and a commitment from GSO to purchase common shares for additional gross proceeds of up to $55 million.
- Remainder of the balance payable in cash.

The combined company's significant cash flow should allow for rapid debt repayment and provide Amaya with sufficient liquidity and flexibility to support ongoing growth prospects.

Subscription Receipt Offering

Amaya has entered into an agreement with a syndicate of underwriters led by Canaccord Genuity Corp. ("Canaccord Genuity"), Cormark Securities Inc. ("Cormark") and Desjardins Capital Markets ("Desjardins") (collectively, the "Lead Underwriters"), and Clarus Securities pursuant to which the Lead Underwriters and Clarus Securities have agreed to purchase from treasury, on a bought-deal private placement basis, 25 million subscription receipts of the Corporation (the "Subscription Receipts") at a price of C$20 per Subscription Receipt (the "Subscription Price"), for aggregate gross proceeds to Amaya of C$500 million. Amaya has also granted the Lead Underwriters an option to purchase up to an additional 7 million Subscription Receipts at the Subscription Price for additional gross proceeds of up to C$140 million, exercisable at any time up to 48 hours prior to the closing date of the Subscription Receipt offering (the "Underwriters' Option").

The Subscription Receipts will be automatically converted, without additional payment, into common shares of the Corporation on a one-to-one basis upon completion of the Transaction. If the Transaction is not completed within six months from the closing date of the Subscription Receipt offering, then the Subscription Receipts shall be automatically terminated and cancelled and the principal amount subscribed plus accrued interest will be returned to the holders of the Subscription Receipts in accordance with the terms of the subscription receipt agreement.

The Subscription Receipt offering is expected to close on or about July 7, 2014. Completion of the Subscription Receipt offering is subject to certain conditions, including receipt of the approval of the TSX and all other necessary regulatory approvals.

Net proceeds from the Subscription Receipt offering will be used by the Corporation to partially fund the Purchase Price payable in connection with the Transaction.

25 million common shares of the Corporation will be issued upon conversion of the Subscription Receipts to be sold under the Subscription Receipt offering, representing 21% of the Corporation's concurrently issued and outstanding common shares on a non-diluted basis. If the Underwriters' Option is exercised, 7 million common shares of the Corporation will be issued upon conversion of these Subscription Receipts representing 6% of the Corporation's concurrently issued and outstanding common shares on a non-diluted basis.

The Subscription Price represents a premium of approximately 66.4% to the closing price of C$12.02 per common share on the TSX on June 11, 2014 and a premium of approximately 108.5% over the 30-trading day volume-weighted average price of C$9.59 per common share on the TSX up to and including June 11, 2014.

Convertible Preferred Share Offering

Amaya has entered into an agreement with Canaccord Genuity pursuant to which Canaccord Genuity has agreed to purchase from treasury, on an underwritten bought-deal private placement basis, $130 million of convertible preferred shares of the Corporation (the "Convertible Preferred Shares").

The Corporation has also entered into Commitment Letters, pursuant to which (a) GSO has agreed to purchase $600 million of Convertible Preferred Shares, and (b) the Investment Manager has agreed to purchase approximately $271 million of Convertible Preferred Shares.

The Convertible Preferred Shares will not be listed on any exchange but, subject to legal limitations, will be freely transferable at the option of a holder.

Each Convertible Preferred Share has an initial principal amount of C$1,000 and is convertible at the holder's option, initially into approximately 41.67 common shares of the Corporation based on the conversion price of C$24 per common share, in each case, subject to adjustments including 6% accretion to the conversion ratio, compounded semi-annually.

The Corporation may, at any time after the first (3) years of issuance, give notice of its election to cause all of the outstanding Convertible Preferred Shares to be automatically converted, subject to certain conditions.

The Corporation expects the delivery of the Convertible Preferred Shares to occur concurrently with the closing of the Transaction.

The Corporation expects to receive aggregate net proceeds from this offering of approximately $944.25 million, after deducting applicable underwriting and other fees. The Corporation intends to use the net proceeds to partially fund the Purchase Price payable in connection with the Transaction.

It is currently anticipated that the completion of the Convertible Preferred Share offering, the Subscription Receipt offering, the common share purchase commitment and the issuance of Warrants may result in GSO beneficially owning, or having control or direction over more than 20% of the common shares of a fully-diluted basis.

SHAREHOLDER MEETING

In light of the need of certain matters to be approved by shareholders in connection with the Transaction, the Corporation has postponed its annual and special meeting of shareholders previously announced as June 17, 2014. The annual and special meeting of the Corporation's shareholders (the "Shareholder Meeting") will now be held on July 30, 2014 with a record date of June 11, 2014. The Corporation has received approval from the TSX in connection with the postponement of the annual meeting of shareholders and will file an amended notice of record date and meeting date on SEDAR at www.sedar.com.

At the Shareholder Meeting, shareholders of Amaya will be asked to consider, and if deemed advisable, pass a resolution to approve the creation of the new class of Convertible Preferred Shares. The creation of the Convertible Preferred Shares will require the approval of two-thirds of the votes cast by shareholders present in person or represented by proxy at the Shareholder Meeting.

The TSX requires that the issuance of the Warrants and certain terms of the Convertible Preferred Shares also be approved by a majority of the votes cast by shareholders present in person or represented by proxy at the Shareholder Meeting.

The board of directions of the Corporation (the "Board") has, following consultation with its financial and legal advisors, determined that the Transaction is in the best interests of the Corporation, and unanimously recommends that shareholders vote in favour of the resolutions to be passed at the Shareholder Meeting in connection with the Transaction.

Deutsche Bank Securities Inc., in its capacity as one of Amaya's financial advisors, has provided an opinion to the Board that, subject to the assumptions, limitations, qualifications and conditions set forth therein, the $4.9 billion cash consideration to be paid by Amaya for the acquisition of Oldford Group is fair, from a financial point of view to Amaya, Canaccord Genuity has also provided an opinion to the Board that, subject to the assumptions, limitations, qualifications and conditions set forth therein, the $4.9 billion cash consideration to be paid by Amaya for the acquisition of Oldford Group is fair, from a financial point of view, to Amaya. Copies to the fairness opinions will be included in the management information circular to be mailed to shareholders in anticipation of the Shareholder Meeting.

The Corporation intends to mail a proxy circular in the upcoming weeks to its shareholders in anticipation of the Shareholder Meeting. Details of the Transaction and the matters to be approved by shareholders, including the terms of the Transaction as set out in the Agreement and the rationale for the Board's decision to enter in the Transaction, will be set out in the proxy circular which will be available on SEDAR under the Corporation's profile at www.sedar.com once mailed. RECITALS

WHEREAS, Sellers are the record and beneficial owners of 100% of the issued and outstanding shares of common stock, no par value per share, of the Company (the "Shares");

WHEREAS, Buyer desires to purchase the Shares from Sellers, and Sellers desire to sell all of the Shares to Buyer upon the terms and subject to the conditions set forth in this Agreement; and

WHEREAS, concurrently with the execution and delivery of this Agreement, Amaya Gaming Group, Inc. ("Amaya") and the Company have entered into that certain Credit Agreement, dated as of the date hereof, by and between the Company, as borrower, and Amaya, as lender (the "Equipment Placement Draw Down Facility"), pursuant to which Amaya has agreed to loan to the Company, on the terms and subject to the conditions contained therein, an aggregate amount equal to Two Million Five Hundred Thousand Dollars ($2,500,000) for Qualified Machine Expenditures.

AGREEMENT

NOW THEREFORE, in consideration of the premises and mutual promises herein made, and in consideration of the representations, warranties and covenants herein contained, Buyer, Sellers and Sellers' Representative hereby agree as follows:

1. PURCHASE AND SALE OF SHARES.

1.1 Purchase and Sale of Shares. At the Closing, subject to the terms and conditions of this Agreement, Sellers will sell, transfer and deliver to Buyer, and Buyer will purchase from Sellers, the Shares free and clear of any and all Encumbrances, other than restrictions on the transfer of securities arising under federal and state securities Laws and Encumbrances created by Buyer.

1.2 Purchase Price. The aggregate purchase price for the Shares (the "Purchase Price") shall be paid to Sellers as set forth on Schedule 1.2 and is equal to the Closing Date Purchase Price, as adjusted as provided in this Section 1.

1.3 Estimate of Purchase Price. At least ten (10) Business Days prior to the Closing Date, Sellers shall prepare in accordance with GAAP and deliver to Buyer Sellers' good faith reasonable estimate of the Company's consolidated balance sheet as of the Closing Date (the "Estimated Closing Balance Sheet") and a statement (the "Closing Statement"), setting forth each of the following:

1.3.1 all Debt (the "Estimated Indebtedness"), as set forth on the Estimated Closing Balance Sheet;

1.3.2 Net Working Capital (the "Estimated Net Working Capital"), calculated as set forth on Exhibit A, which contains a sample calculation of Working Capital for illustrative purposes (the "Working Capital Calculation"); and

1.3.3 the Qualified Machine Indebtedness.

Following receipt of the Closing Statement, Sellers shall permit Buyer and its Representatives at all reasonable times and upon reasonable notice to review Sellers' and the Company's working papers relating to the Estimated Closing Balance Sheet and Closing Statement as well as Sellers' and the Company's accounting books and records relating thereto, and Sellers shall make reasonably available their Representatives responsible for the preparation of the Estimated Closing Balance Sheet and the Closing Statement in order to respond to the inquiries of Buyer. Prior to the Closing, the parties shall act reasonably in resolving in good faith any disagreements concerning the computation of any of the items on the Estimated Closing Balance Sheet and Closing Statement; provided that it is acknowledged and agreed that if any disagreements cannot be resolved, then the Closing shall occur on the basis of the Closing Statement provided by Sellers with such changes as requested by Buyer in good faith and/or mutually agreed to by the parties, and that any unresolved disagreements shall be deferred for resolution pursuant to the post-closing purchase price adjustment process described in Section 1.5.

1.4 Payment of Closing Date Purchase Price. At Closing, Buyer shall:

1.4.1 pay to Sellers as set forth on Schedule 1.2 an amount (the "Closing Date Purchase Price") equal to the following:

(a) Twenty-Five Million Dollars ($25,000,000); minus

(b) the Estimated Indebtedness; minus

(c) if the Estimated Net Working Capital is less than Zero Dollars ($0), the difference between Zero Dollars ($0) and the Estimated Net Working Capital; plus

(d) if the Estimated Net Working Capital is more than Zero Dollars ($0), the difference between the Estimated Net Working Capital and Zero Dollars ($0).

1.4.2 Method of Cash Payments. All cash payments made under this Section 1.4 shall be made by wire transfer of immediately available funds to an account designated by the recipient in writing no fewer than two (2) Business Days immediately preceding the scheduled Closing Date.

1.5 Post-Closing Purchase Price Adjustment.

1.5.1 As soon as practicable but in no event more than one hundred twenty (120) days following the Closing Date, Buyer shall prepare, or cause to be prepared, and deliver to Sellers' Representative: (a) a consolidated balance sheet of the Company as of the Closing Date prepared in accordance with GAAP (the "Closing Balance Sheet"); and (b) a statement (the "Final Closing Statement"), setting forth each of the following as set forth on the Closing Balance Sheet: (i) the actual aggregate amount of the Company's Debt (the "Actual Indebtedness"); and (ii) and the actual Net Working Capital ("Actual Net Working Capital"), which shall be calculated in a manner consistent with the Working Capital Calculation.

1.5.2 Sellers and their accountants shall complete their review of the Closing Balance Sheet and Final Closing Statement within forty-five (45) days after Buyer's delivery thereof to Sellers' Representative. During such review period, Buyer shall provide Sellers' Representative with access to all books and records reasonably requested by Sellers' Representative to review the Closing Balance Sheet and the Final Closing Statement and any work papers prepared by Buyer or its accountants in connection with such calculations, and Buyer shall make reasonably available its Representatives responsible for the preparation of the Closing Balance Sheet and Final Closing Statement in order to respond to the inquiries of Sellers' Representative. If Sellers object to the Closing Balance Sheet or Final Closing Statement for any reason, Sellers' Representative shall, on or before the last day of such 45-day period, so inform Buyer in writing (a "Sellers' Objection"), setting forth a specific description of the basis of Sellers' determination and the adjustments to the Closing Balance Sheet or Final Closing Statement that Sellers believe should be made. To the extent any disagreement therewith is not described in a Sellers' Objection received by Buyer on or before the last day of such 45-day period, then all non-disputed items described on the Closing Balance Sheet and Final Closing Statement delivered by Buyer to Sellers' Representative shall be deemed agreed, final and binding on the parties.

1.5.3 If Sellers' Representative timely delivers a Sellers' Objection to Buyer and Sellers' Representative and Buyer are unable to resolve all of their disagreements with respect to the proposed adjustments set forth in Sellers' Objection within thirty (30) days following Buyer's receipt of Sellers' Objection, then they shall jointly retain the CPA Firm, which, acting as an expert and not as an arbitrator, shall determine, on the basis set forth in and in accordance with this Section 1.5, and only with respect to those items specifically described in Sellers' Objection on which Buyer and Sellers' Representative have not agreed, whether and to what extent, if any, the Closing Date Purchase Price requires adjustment. Buyer and Sellers' Representative shall instruct the CPA Firm to deliver its written determination to Buyer and Sellers' Representative no later than thirty (30) days after submitting the matter to it for resolution. At the time of retention of the CPA Firm, Buyer shall specify in writing to the CPA Firm and Sellers' Representative the amount of Buyer's computation of the Closing Date Purchase Price (the "Buyer's Position"), and Sellers' Representative shall specify in writing to the CPA Firm and to Buyer the amount of Sellers' computation of the Closing Date Purchase Price (the "Sellers' Position"). The CPA Firm's determination shall be conclusive and binding upon Buyer and Sellers. In resolving any disputed item, the CPA Firm may not assign a value to any disputed item that is greater than the greatest value claimed by Buyer or Sellers' Representative at the time the CPA Firm is retained or less than the smallest value claimed for any disputed item by Buyer or Sellers' Representative at such time. The scope of the disputes to be resolved by the CPA Firm is limited to whether the preparation of the Closing Balance Sheet and the calculation of Actual Indebtedness and Actual Net Working Capital were done in a manner consistent with GAAP and otherwise in accordance with this Agreement, and the CPA Firm is not to make any other determination unless jointly requested in writing by Sellers' Representative and Buyer. The fees and disbursements of the CPA Firm and the reasonable attorneys' fees and expenses of the parties relating to the disputes submitted to the CPA Firm (collectively, the "Purchase Price Dispute Expenses") shall be borne (i) jointly and severally by Sellers in that proportion equal to a fraction (expressed as a percentage) the numerator of which is equal to Sellers' Position minus the Closing Date Purchase Price determined by the CPA Firm, and the denominator of which is equal to Sellers' Position minus Buyer's Position and (ii) by Buyer in that proportion equal to a fraction (expressed as a percentage) equal to one (1) minus the fraction described in clause (i). For example, if Sellers' Position is that the Closing Date Purchase Price should be $25,000,000 and Buyer's Position is that the Closing Date Purchase Price should be $24,000,000, the CPA Firm determines that the Closing Date Purchase Price should be $24,600,000 and the Purchase Price Dispute Expenses are $10,000, then (i) Sellers shall pay $4,000 (40%) of the Purchase Price Dispute Expenses and (ii) Buyer shall pay $6,000 (60%) of the Purchase Price Dispute Expenses. Buyer and Sellers shall cooperate with the CPA Firm during its resolution of the disagreement and make readily available to the CPA Firm all relevant books and records and any work papers (including those of the parties' respective accountants, to the extent permitted by such accountants) relating to the Closing Balance Sheet, Final Closing Statement and Sellers' Objection and all other items reasonably requested by the CPA Firm in connection therewith.

1.5.4 The Closing Balance Sheet, Debt and Net Working Capital, as agreed to (or deemed to have been agreed to) between Buyer and Sellers' Representative or as determined by the CPA Firm, as applicable, shall be conclusive and binding on all of the parties hereto and shall be deemed the "Actual Closing Balance Sheet", "Actual Indebtedness" and "Actual Net Working Capital" respectively, for all purposes herein.

1.5.5 Upon completion of the calculation of the Actual Closing Balance Sheet, Actual Indebtedness and Actual Net Working Capital in accordance with this Section 1.5, the Closing Date Purchase Price shall be recalculated, and the following adjustments (the "Purchase Price Adjustment") made:

(i) If the Closing Date Purchase Price calculated using the Actual Indebtedness and Actual Net Working Capital shown on the Actual Closing Balance Sheet is greater than the Closing Date Purchase Price calculated using the Estimated Indebtedness and Estimated Net Working Capital shown on the Estimated Closing Balance Sheet, then Buyer shall pay such difference to Sellers as set forth on Schedule 1.2 by wire transfer of immediately available funds to the accounts designated by Sellers' Representative.

(ii) If the Closing Date Purchase Price calculated using the Actual Indebtedness and Actual Net Working Capital shown on the Actual Closing Balance Sheet is less than the Closing Date Purchase Price calculated using the Estimated Indebtedness and Estimated Net Working Capital shown on the Estimated Closing Balance Sheet, then within two (2) Business Days thereafter the amount of such difference will be paid to Buyer, jointly and severally by Sellers.

1.6 Closing.

1.6.1 Closing Date. Subject to the terms and conditions of this Agreement, the sale and purchase of the Shares contemplated by this Agreement shall take place at a closing (the "Closing" and the date on which the Closing actually occurs, the "Closing Date") to be held at the offices of Greenberg Traurig, P.A., located at 333 Avenue of the Americas (333 S.E. 2nd Avenue), Miami, Florida 33131 at 10:00 a.m. Miami time, on the third (3rd) Business Day following the date on which all of the conditions set forth in Section 6 and Section 7 shall have been satisfied or waived (other than delivery of items to be delivered at the Closing and other than satisfaction of those conditions that by their nature are to be satisfied at the Closing, it being understood that the occurrence of the Closing shall remain subject to the delivery of such items and the satisfaction or waiver of such conditions at the Closing). Upon consummation, the Closing will be deemed for all purposes to have taken place as of 12:01 a.m. on the Closing Date. By agreement of Buyer and Sellers' Representative, the Closing may take place by delivery of the items to be delivered at Closing by facsimile or other electronic transmission. Subject to the provisions of Section 8, failure to consummate the purchase and sale provided for in this Agreement on the date and time and at the place determined pursuant to this Section 1.6.1 will not result in the termination of this Agreement and will not relieve any party of any obligation under this Agreement. All deliveries by the parties at Closing shall be deemed to have occurred simultaneously, and none shall be effective until and unless all have occurred in accordance with this Agreement or have been waived.

1.6.2 Deliveries at Closing. At the Closing:

(a) Deliveries by Sellers. Sellers will deliver, or cause to be delivered, to Buyer:

(i) certificates representing the Shares, duly endorsed by each Seller (as to such Seller's Shares) or accompanied by stock powers for unconditional and irrevocable transfer to Buyer;

(ii) a receipt for the Closing Date Purchase Price;

(iii) a certificate signed by Sellers, certifying to the fulfillment of the conditions specified in Section 6.1 and Section 6.2;

5.2.2 Acknowledgement. Each Seller acknowledges that the Company conducts business throughout the Territory. Accordingly, each Seller agrees that the Territory is reasonable to protect the legitimate business interests of Buyer. Each Seller agrees that any reduction to the Territory would seriously undermine the efficacy of this Section 5.2 and the protections that it is intended to provide. Each Seller acknowledges and agrees that the covenants contained in this Section 5.2 are essential elements of this Agreement and that but for these covenants Buyer would not have agreed to purchase the Shares. Each Seller further expressly agrees and acknowledges that (a) the confidentiality, nonsolicitation and non-competition covenants contained in this Agreement (i) are reasonable and necessary for the protection of Buyer with respect to the covenants' respective stated purposes, time, scope and geographic area; (ii) are necessary for the protection of Buyer's legitimate business interests, including the trade secrets, goodwill, and relationships with customers and suppliers purchased by Buyer pursuant to this Agreement; (iii) have been granted to maintain or preserve the value of the Shares acquired by the Buyer hereunder; and (iv) are not unduly restrictive of any rights of Sellers; and (b) each Seller has sufficient employment alternatives and sufficient assets, taking into account the Purchase Price received and to be received by such Seller, such that such Seller does not have to compete with the Company or impermissibly use the Company's confidential, proprietary, trade secret information described in this Agreement during the term of this Section 5.2 in order to earn a living. The existence of any claim or cause of action against Buyer by any Seller, whether predicated on Buyer's breach of this Agreement or otherwise, shall not constitute a defense to the enforcement by Buyer of the covenants contained in this Section 5.2.

5.2.3 Injunction. Sellers agree that a violation of the terms, provisions, covered obligations, duties and conditions described in this Agreement will cause irreparable damage to Buyer for which money damages or other legal remedies would not be an adequate remedy. Accordingly, Sellers acknowledge and hereby agree that in the event of any breach or threatened breach by any Seller of any of such Seller's covenants or obligations set forth in this Section 5.2, Buyer shall be entitled, in any court in the United States or otherwise having jurisdiction, to an injunction or injunctions, without the posting of any bond, to prevent or restrain breaches or threatened breaches of this Section 5.2, and to specifically enforce the terms and provisions of this Section 5.2 to prevent breaches or threatened breaches of, or to enforce compliance with, the covenants and obligations of this Section 5.2. Each Seller hereby agrees not to raise any objections to the availability of the equitable remedy of specific

performance to prevent or restrain breaches or threatened breaches of this Section 5.2, and to specifically enforce the terms and provisions of this Section 5.2 to prevent breaches or threatened breaches of, or to enforce compliance with, the covenants and obligations of each Seller under this Section 5.2. Sellers further agree that (x) by seeking the remedies provided for in this Section 5.2.3, Buyer shall not in any respect waive its right to seek any other form of relief that may be available under this Agreement (including monetary damages), and (y) nothing set forth in this Section 5.2.3 shall require Buyer to institute any Action for (or limit Buyer's right to institute any Action for) specific performance under this Section 5.2.3 prior or as a condition to exercising any rights under Section 9 or otherwise, nor shall the commencement of any Action pursuant to this Section 5.2.3 or anything set forth in this Section 5.2.3 restrict or limit any party's right to pursue any other remedies under this Agreement that may be available to Buyer thereafter.

5.2.4 Severability. In the event that any provision of this Section 5 shall be held to be invalid or unenforceable for any reason whatsoever, such invalidity or unenforceability shall not affect any other provision of this Agreement, and the remaining provisions hereof shall remain in full force and effect, to the extent permitted by Law, and any court of competent jurisdiction may so modify the objectionable provision as to make it valid, reasonable and enforceable. All parties hereto hereby agree that each and every restrictive covenant as set forth in Section 5.1 and Section 5.2 is a separate and distinct restrictive covenant, designated to operate under different factual circumstances, and that the invalidity of one of said covenants shall not affect the validity and/or enforceability of the other covenants.

5.2.5 Allocation of Purchase Price Has No Effect. The parties acknowledge and agree that no portion of the Purchase Price payable to Sellers is attributable to the covenants set forth in this Section 5.2, which have been granted to maintain the fair market value of the Shares. Notwithstanding the foregoing, each Seller acknowledges that Buyer would not have entered into the Contemplated Transactions without the covenants set forth in Section 5.2; and if any covenant set forth in this Section 5.2 is breached by any Seller, each Seller acknowledges and agrees that the fact that no portion of the Purchase Price is attributable to these non-competition covenants shall not be deemed to be a measure of the damages that would result from such a breach, and each Seller agrees that at no time shall he or it argue or in any way assert in any Action that such consideration is a measure of the damages resulting from such breach.

6. CONDITIONS PRECEDENT TO BUYER'S OBLIGATION TO CLOSE.

Buyer's obligation to purchase the Shares and to take the other actions required to be taken by Buyer at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Buyer, in whole or in part):

6.1 Accuracy of Representations and Warranties. The representations and warranties of Sellers and the Company contained in this Agreement that are qualified by a reference to materiality, a Material Adverse Effect or any similar qualifier (any such qualification referred to herein as a "Materiality Qualifier") shall be true and correct in all respects as written (including the Materiality Qualifier) when made and (without giving effect to any schedule updates permitted under Section 4.7) on and as of the Closing Date as if made at and as of the Closing Date (other than representations and warranties that are qualified by a reference to a Materiality Qualifier which address matters only as of a certain date, which shall have been true and correct as written (including the Materiality Qualifier) as of such certain date) and the representations and warranties of Sellers and the Company set forth in this Agreement that are not qualified by a Materiality Qualifier shall be true and correct in all material respects when made and (without giving effect to any schedule updates permitted under Section 4.7) on and as of the Closing Date as if made on and as of such time (except for those representations and warranties that are not so qualified and relate to a particular date, which representations and warranties shall be true and correct in all material respects as of such date).

6.2 Sellers' and the Company's Performance.

6.2.1 Covenants. All of the covenants and obligations that Sellers and/or the Company are required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been performed and complied with in all material respects.

6.2.2 Documents. Each document required to be delivered by Sellers pursuant to Section 1.6.2(a) must have been delivered.

6.3 No Actions. Since the date of this Agreement, there must not have been commenced or threatened against Buyer, the Company or Sellers or against any Person affiliated with Buyer, the Company or Sellers, any Action (a) involving any challenge to, or seeking material damages or other material relief in connection with, any of the Contemplated Transactions, or (b) that may have the effect of preventing, restraining, making illegal, or otherwise materially interfering with any of the Contemplated Transactions.

6.4 No Claim Regarding Shares or Sale Proceeds. There must not have been made or threatened by any Person any claim asserting that such Person (a) is the holder or the beneficial owner of, or has the right to acquire or to obtain beneficial ownership of, any Shares or any other Equity Securities of the Company, or (b) is entitled to all or any portion of the Purchase Price payable for the Shares.

6.5 No Prohibition. No Governmental Authority shall have enacted, issued, promulgated, enforced or entered into any Law or Governmental Order and no other legal or regulatory restraint or prohibition shall be in effect, in either case, which has the effect of making the Contemplated Transactions illegal or that otherwise prohibits or requires the payment of any damages as a result of the Contemplated Transactions, and no Action in which any of the foregoing is sought shall be pending.

6.6 No Material Adverse Effect. Since the date of this Agreement, no Material Adverse Effect shall have occurred.

6.7 Third-Party Consents. The Company shall have received and delivered to Buyer the third-party consents listed on Schedule 2.5.

6.8 Withdrawals. Any withdrawal required pursuant to Section 4.13 shall have been effected.

6.9 Gaming Approvals. Buyer shall have received all Gaming Approvals listed on Schedule 2.4, except with respect to any Withdrawn Consents.

6.10 Key Gaming Approvals. Buyer shall have received the Gaming Approvals listed on Schedule 6.10 (the "Key Gaming Approvals"), except with respect to any Withdrawn Consents.

6.11 Payment of Dividends. The Company shall have declared and paid the Phone Card Business Dividend and the Equalizing Dividend.

7. CONDITIONS PRECEDENT TO SELLERS' OBLIGATION TO CLOSE.

Sellers' obligations to sell the Shares and to take the other actions required to be taken by Sellers at the Closing is subject to the satisfaction, at or prior to the Closing, of each of the following conditions (any of which may be waived by Sellers' Representative, in whole or in part):

7.1 Accuracy of Representations and Warranties. The representations and warranties of Buyer contained in this Agreement that are qualified by a reference to a Materiality Qualifier shall be true and correct in all respects when made as written (including the Materiality Qualifier) and (without giving effect to any schedule updates) on and as of the Closing as if made at and as of the Closing (other than representations and warranties that are qualified by a reference to a Materiality Qualifier which address matters only as of a certain date, which shall have been true and correct as written (including the Materiality Qualifier) as of such certain date), and the representations and warranties of Buyer set forth in this Agreement that are not qualified by a Materiality Qualifier shall be true and correct in all material respects when made and (without giving effect to any schedule updates) on and as of the Closing Date as if made on and as of such time (except for those representations and warranties that are not so qualified and relate to a particular date, which representations and warranties shall be true and correct in all material respects as of such date).

7.2 Buyer's Performance.

7.2.1 Covenants. All of the covenants and obligations that Buyer is required to perform or to comply with pursuant to this Agreement at or prior to the Closing must have been performed and complied with in all material respects.

7.2.2 Documents. Buyer must have delivered each of the documents required to be delivered by Buyer pursuant to Section 1.6.2(b) and must be prepared to make the cash payments required to be made by Buyer pursuant hereto.

7.3 No Prohibition. No Governmental Authority shall have enacted, issued, promulgated, enforced or entered into any Law or Governmental Order and no other legal or regulatory restraint or prohibition shall be in effect, in either case, which has the effect of making the Contemplated Transactions illegal or that otherwise prohibits or requires the payment of any damages as a result of the Contemplated Transactions, and no Action in which any of the foregoing is sought shall be pending.

7.4 No Actions. Since the date of this Agreement, there must not have been commenced or threatened against Buyer, the Company or Sellers or against any Person affiliated with Buyer, the Company or Sellers, any Action (a) involving any challenge to, or seeking material damages or other material relief in connection with, any of the Contemplated Transactions, or (b) that may have the effect of preventing, restraining, making illegal, or otherwise materially interfering with any of the Contemplated Transactions.

8. TERMINATION.

8.1 Termination Events. This Agreement may, by written notice given prior to or at the Closing, be terminated:

8.1.1 By mutual written consent of Buyer and Sellers' Representative;

8.1.2 on or after December 31, 2013, by either Sellers' Representative or Buyer if the Closing has not occurred on or before such date; provided, that the terminating party shall

give the other party not less than two (2) Business Days' notice of its intent to terminate this Agreement pursuant to this Section 8.1.2 and within such two (2) Business Day period will discuss with the other party or parties the basis upon which such notice was given and shall explore possible alternatives; provided, however, that the decision to terminate shall rest solely in the discretion of the notifying party; and provided, further that (i) the right to terminate this Agreement pursuant to this Section 8.1.2 shall not be available to a party that is then in breach in any material respect of any representation, warranty, covenant, agreement or obligation contained in this Agreement and (ii) Sellers' Representative's right to terminate this Agreement pursuant to this Section 8.1.2 shall not be available if Closing shall not have occurred on or prior to November 30, 2013 solely because the condition contained in Section 6.10 shall not have been satisfied or waived on or prior to such date, except that Sellers' Representative may terminate this Agreement pursuant to this Section 8.1.2 (subject to the proviso set forth in the immediately preceding clause (i)) if (y) Closing shall not have occurred on or prior to February 28, 2014 or (z) a Gaming Authority shall have determined, in a writing delivered to Buyer, not to issue a Key Gaming Approval to Buyer, and on or prior to the fifth (5th) Business Day following Buyer's receipt of such determination, Buyer shall not have delivered to Sellers' Representatives a request for a Withdrawn Consent with respect to such Key Gaming Approval (provided, that, Sellers' Representative may not terminate this Agreement pursuant to this clause (z) if Buyer uses its commercially reasonable efforts to challenge such determination, unless and until such time as such determination is subsequently upheld pursuant to the entry of a final, binding and non-appealable order issued, made or rendered by a court of competent jurisdiction);

8.1.3 by Sellers' Representative, upon written notice, if (i) one or more of the representations and warranties of Buyer shall have become untrue such that the condition set forth in Section 7.1 would not be satisfied, (ii) Buyer shall have breached any agreement, obligation or covenant such that the condition set forth in Section 7.2 would not be satisfied, or (iii) all of the conditions set forth in Section 6 are satisfied (excluding conditions that, by their terms, cannot be satisfied until the Closing, but which would be reasonably capable of being satisfied at Closing) and Buyer fails to satisfy its obligations to be carried out at Closing under Section 1; provided, that in the case of (i) or (ii) if the inaccuracy in Buyer's representations and warranties or the breach of Buyer's agreement, obligation or covenant is curable through the exercise of Buyer's commercially reasonable efforts, then Sellers' Representative may not terminate this Agreement for thirty (30) days after Sellers' Representative shall have given written notice of such inaccuracy or breach to Buyer (so long as Buyer continues to use commercially reasonable efforts to cure the inaccuracy or breach during such period), it being understood that Sellers' Representative may not terminate this Agreement if Buyer cures such inaccuracy or breach within such thirty (30) day period;

8.1.4 by Buyer, upon written notice to Sellers' Representative, if (i) one or more of the representations and warranties of Sellers and/or the Company shall have become untrue such that the condition set forth in Section 6.1 would not be satisfied, (ii) Sellers or the Company shall have breached any agreement, obligation or covenant such that the condition set forth in Section 6.2 would not be satisfied, or (iii) all of the conditions set forth in Section 7 are satisfied (excluding conditions that, by their terms, cannot be satisfied until the Closing, but which would be reasonably capable of being satisfied at Closing) and Sellers and the Company fail to satisfy all of their obligations to be carried out at Closing under Section 1; or

8.1.5 by Buyer or Sellers if there shall be any Legal Requirement that makes consummation of the purchase of the Shares illegal or otherwise prohibited, or if any Governmental Order enjoining Buyer or Sellers from consummating the purchase of the Shares is entered and such order shall have become final and nonappealable; provided that the party seeking to terminate this Agreement pursuant to this provision shall have used all commercially reasonable efforts to remove or vacate such order.

8.2 Effect of Termination. If this Agreement is terminated pursuant to Section 8.1, this Agreement shall forthwith become void and of no further force and effect, except for the provisions of this Section 8.2, Section 11 and Section 12, which shall survive such termination; provided, however, that nothing herein shall relieve any party from Liability for any breach of any representation, warranty, covenant or agreement contained in this Agreement.

9. INDEMNIFICATION.

9.1 Indemnification by Sellers. Subject to the limitations set forth in this Section 9, from and after Closing, Sellers, jointly and severally, will indemnify and hold harmless Buyer and each of its Affiliates (including, following the Closing, the Company), and the Representatives and Affiliates of each of the foregoing Persons (each, a "Buyer Indemnified Person"), from, against and in respect of any and all Losses, whether or not involving a Third Party Claim, incurred or suffered by Buyer Indemnified Persons or any of them as a result of, arising out of or directly or indirectly relating to:

9.1.1 any breach of, or inaccuracy in, any representation or warranty made by Sellers and/or the Company in Section 2 or in any certificate delivered by the Company or Sellers at Closing or any other Company Agreement; or

9.1.2 any breach or violation of any covenant or agreement of Sellers and/or the Company to the extent required to be performed or complied with by Sellers (including under this Section 9) or the Company in or pursuant to this Agreement; provided that with respect to the Company, only to the extent required to be performed or complied with by the Company at or prior to Closing.

9.1.3 Sellers shall not be liable for the indemnification obligations pursuant to Section 9.1.1 or Section 10.3.1(c) until the aggregate amount of Losses with respect to matters referred to in Section 9.1.1 and Section 10.3.1(c) exceeds One Hundred Fifty Thousand Dollars ($150,000) (the "Deductible"), after which Sellers will be jointly and severally responsible for all Losses in excess of the Deductible up to a maximum aggregate amount of Losses equal to Three Million Seven Hundred Fifty Thousand Dollars ($3,750,000) (the "Liability Cap"). Notwithstanding anything herein to the contrary, neither the Deductible nor the Liability Cap will apply (i) in the case of fraud, intentional misrepresentation or willful misconduct, (ii) with respect to any breach of Sections 2.1 (Organization and Predecessors), 2.2 (Capitalization and Title), 2.3 (Power and Authorization), 2.5(d) (Noncontravention), 2.10.1 (Ownership of Assets), 2.10.3 (Phone Card Business Assets and Liabilities), 2.17 (Employee Benefit Plans) or 2.28 (No Brokers), (iii) with respect to Sellers' indemnification obligations pursuant to Section 9.1.2 or (iv) with respect to Sellers' indemnification obligations pursuant to Section 10.

9.2 Indemnity by Buyer. Subject to the limitations set forth in this Section 9, from and after Closing, Buyer will indemnify and hold harmless Sellers and Sellers' Affiliates, and the Representatives and Affiliates of each of the foregoing Persons (each, a "Seller Indemnified Person"), from, against and in respect of any and all Losses incurred or suffered by Seller Indemnified Persons or any of them as a result of, arising out of or relating to, directly or indirectly:

9.2.1 any breach of, or inaccuracy in, any representation or warranty made by Buyer in Section 3 or in any certificate delivered by Buyer at Closing;

9.2.2 any breach or violation of any covenant or agreement of Buyer (including under this Section 9) or any covenant or agreement of the Company to the extent required to be performed or complied with by the Company after the Closing Date, in either case in or pursuant to this Agreement; or

9.2.3 the Excess.

9.3 Time for Certain Claims. No claim may be made or suit instituted seeking indemnification pursuant to Sections 9.1.1 or 9.2.1 for any breach of, or inaccuracy in, any representation or warranty unless a written notice describing such breach or inaccuracy in reasonable detail in light of the circumstances then known to the Indemnified Person, is provided to the Indemnifying Person:

9.3.1 at any time, in the case of any breach of, or inaccuracy in, the representations and warranties set forth in Sections 2.1 (Organization and Predecessors), 2.2 (Capitalization and Title), 2.3 (Power and Authorization), 2.5(d) (Noncontravention), 2.10.1 (Ownership of Assets), 2.28 (No Brokers), 3.1 (Organization), 3.2 (Power and Authorization) or 3.5 (No Brokers);

9.3.2 at any time, in the case of any claim or suit based upon fraud, intentional misrepresentation or willful misconduct;

9.3.3 at any time prior to the ninetieth (90th) day after the expiration of the applicable statute of limitations (taking into account any tolling periods and other extensions) in the case of any breach of, or in accuracy in, the representations and warranties set forth in Section 2.17 (Employee Benefit Plans); and

9.3.4 at any time prior to last day of the eighteen (18) month anniversary following the Closing Date, in the case of any breach of, or inaccuracy in, any other representation and warranty described in Section 9.1.1 or 9.2.1; provided that if, at any time prior to the expiration of the respective survival period set forth in this Section 9.3 with respect to any particular representation or warranty, any Indemnified Person delivers to any Indemnifying Person a written notice alleging the existence of an inaccuracy in or a breach of such representation or warranty and asserting a claim for Losses pursuant to Section 9.1.1 or 9.2.1, then the representation or warranty underlying the claim asserted in such notice and all indemnity obligations under this Section 9 related thereto shall survive until such claim is finally and fully resolved in accordance with this Agreement.

Claims for indemnification pursuant to Section 10 are not subject to the limitations set forth in this Section 9.3.

9.4 Third Party Claims.

9.4.1 Notice of Claim. If any third party notifies an Indemnified Person with respect to any matter (a "Third Party Claim") which may give rise to an Indemnified Claim against an Indemnifying Person under Section 9, then the Indemnified Person will promptly give written notice to the Indemnifying Person; provided, however, that no delay on the part of the Indemnified Person in notifying the Indemnifying Person will relieve the Indemnifying Person from any obligation this Section 9, except to the extent that the Indemnifying Person is actually prejudiced by the Indemnified Person's failure to give such notice in such a timely manner.

9.4.2 Assumption of Defense, etc. The Indemnifying Person will be entitled to participate in the defense of any Third Party Claim that is the subject of a notice given by the Indemnified Person pursuant to Section 9.4.1. In addition, the Indemnifying Person will have the right to assume the defense of the Indemnified Person against the Third Party Claim with counsel satisfactory to the Indemnified Person so long as (a) the Indemnifying Person gives written notice to the Indemnified Person within fifteen days after the Indemnified Person has given notice of the Third Party Claim that the Indemnifying Person will indemnify the Indemnified Person from and against the entirety of any and all

Losses the Indemnified Person may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Third Party Claim, (b) the Indemnifying Person provides the Indemnified Person with evidence reasonably acceptable to the Indemnified Person that the Indemnifying Person will have adequate financial resources to defend against the Third Party Claim and fulfill its indemnification obligations hereunder, (c) the Third Party Claim involves only money damages and does not seek an injunction or other equitable relief against the Indemnified Person, (d) the Indemnified Person has not been advised by counsel that an actual or potential conflict exists between the Indemnified Person and the Indemnifying Person in connection with the defense of the Third Party Claim, (e) the Third Party Claim does not relate to or otherwise arise in connection with Taxes (provided that with respect to Taxes, this Section 9.4.2 shall not affect Sellers' right to defend any claim of a Governmental Authority as permitted by Section 10.3.3(b)) or any criminal or regulatory enforcement Action and (f) the Indemnifying Person conducts the defense of the Third Party Claim actively and diligently. The Indemnified Person may retain separate co-counsel at its sole cost and expense and participate in the defense of the Third Party Claim; provided, however, that the Indemnifying Person will pay the reasonable fees and expenses of one separate co-counsel retained by the Indemnified Person that are incurred prior to the Indemnifying Person's assumption of control of the defense of the Third Party Claim.

9.4.3 Limitations on Indemnifying Person. The Indemnifying Person will not consent to the entry of any judgment or enter into any compromise or settlement with respect to the Third Party Claim without the prior written consent of the Indemnified Person, which consent shall not be unreasonably withheld, conditioned or delayed, unless such judgment, compromise or settlement (a) provides for the payment by the Indemnifying Person of money as sole relief for the claimant, (b) results in the full and general release of all Buyer Indemnified Persons or Seller Indemnified Persons, as applicable, from all Liabilities arising or relating to, or in connection with, the Third Party Claim and (c) involves no finding or admission of any violation of Legal Requirements or the rights of any Person and has no effect on any other claims that may be made against the Indemnified Person.

9.4.4 Indemnified Person's Control. If the Indemnifying Person does not deliver the notice contemplated by clause (a), or the evidence contemplated by clause (b), of Section 9.4.2 within 15 days after the Indemnified Person has given notice of the Third Party Claim, or otherwise at any time fails to conduct the defense of the Third Party Claim actively and diligently, the Indemnified Person may defend, and may consent to the entry of any judgment or enter into any compromise or settlement with respect to, the Third Party Claim with the consent of the Indemnifying Person, which consent shall not be unreasonably withheld, conditioned or delayed. If such notice and evidence is given on a timely basis and the Indemnifying Person conducts the defense of the Third Party Claim actively and diligently but any of the other conditions in Section 9.4.2 is or becomes unsatisfied, the Indemnified Person may defend, and may consent to the entry of any judgment or enter into any compromise or settlement with respect to, the Third Party Claim with the consent of the Indemnifying Person, which consent shall not be unreasonably delayed, conditioned or withheld. In the event that the Indemnified Person conducts the defense of the Third Party Claim pursuant to this Section 9.4.4, the Indemnifying Person will (a) advance the Indemnified Person promptly and periodically for the costs of defending against the Third Party Claim (including reasonable attorneys' fees and expenses) and (b) remain responsible for any and all other Losses that the Indemnified Person may incur or suffer resulting from, arising out of, relating to, in the nature of or caused by the Third Party Claim to the fullest extent provided in this Section 9.

9.4.5 Reasonable Cooperation. The party not in control of the prosecution or defense of a Third Party Claim will reasonably cooperate with the other party in the conduct of the prosecution or defense of such Third Party Claim.

9.5 Sellers' Representative. For the avoidance of doubt, for purposes of Section 9 or Section 10, it is understood and agreed that Sellers' Representative shall act on behalf of all Sellers.

9.6 Knowledge and Investigation. The right of any Buyer Indemnified Person or Seller Indemnified Person to indemnification pursuant to this Section 9 will not be affected by any investigation conducted or knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Agreement or the Closing, with respect to the accuracy of any representation or warranty, performance of or compliance with any covenant or agreement, referred to in Sections 9.1 or 9.2, or otherwise.

9.7 Company's Indemnification Obligations. The obligation of the Company to indemnify Buyer and the other Buyer Indemnified Persons shall terminate in all respects upon the Closing; provided, that, for the avoidance of doubt, the parties agree that the termination of the Company's indemnification obligations pursuant to this Section 9.7 shall have no affect on or in any way limit Buyer's or any other Buyer Indemnified Person's rights to indemnification from Sellers. In addition, Sellers' rights to seek contribution or payment of any amount from the Company for any indemnification obligations that they are required to make to Buyer or any other Buyer Indemnified Person shall also terminate in all respects upon the Closing. If the Company suffers, incurs or otherwise becomes subject to any Losses as a result of or in connection with any inaccuracy in or breach of any representation, warranty, covenant or obligation of the Company or Sellers hereunder, then (without limiting any of the rights of the Company, Buyer or any other Buyer Indemnified Persons as Indemnified Persons) Buyer shall also be deemed, by virtue of its ownership of the Equity Securities of the Company, to have incurred Losses as a result of and in connection with such inaccuracy or breach but in any case the total amount both Buyer and the Company may recover shall not exceed the amount of Losses.

9.8 Time of Payment of Claims. Except as otherwise set forth in this Section 9, any amount owing by any Person pursuant to this Section 9 shall be paid within seven (7) Business Days after determination of such amount.

9.9 Insurance Reimbursement. The amount of any Losses for which indemnification is provided under this Section 9 shall be reduced by (i) the insurance proceeds actually recovered with respect to any such Losses and (ii) any other amount, if any, recovered from third parties (as a result of indemnification, contribution, guarantee or otherwise) by the Indemnified Person (or its Affiliates) with respect to any Losses less in the case of each of the immediately preceding clauses (i) and (ii) all reasonable costs (including attorneys' fees) of the Indemnified Person to collect such proceeds and any increase in insurance premiums resulting from such recovery.

9.10 No Multiple Recovery. No Indemnified Person shall be entitled to recover from an Indemnifying Person more than once for any particular Loss, nor shall any Indemnifying Person be liable or otherwise obligated to indemnify any Indemnified Person for the same Loss more than once. If an Indemnifying Person pays to an Indemnified Person all amounts payable under this Agreement in respect of a particular Loss, and the Indemnified Person later recovers an amount for the same Loss pursuant to insurance proceeds or from a third party (as a result of indemnification, contribution, guarantee or otherwise), then the Indemnified Person shall promptly pay to the Indemnifying Person an amount equal to such later recovery (up to the dollar amount paid by the Indemnifying Person to the Indemnified Person in respect of such Loss), net of all reasonable costs (including attorneys' fees) of the Indemnified Person to collect such proceeds and any increase in insurance premiums resulting from such recovery.

9.11 Purchase Price Adjustment. Payments received by any party pursuant to Section 9 or Section 10 shall be treated by the parties as an adjustment to the Purchase Price for Tax purposes.

9.12 Exclusive Remedy. Following the Closing Date, (a) except for remedies that cannot be waived as a matter of law and injunctive (including, but not limited to, pursuant to Section 5.2.3), provisional and equitable relief (including specific performance) and (b) in the absence of fraud, knowing

and intentional breach, intentional misrepresentation or willful misconduct (it being understood that nothing in this Agreement shall preclude a claim based on fraud, knowing and intentional breach, intentional misrepresentation or willful misconduct), the Buyer Indemnified Persons' sole and exclusive remedy for any Losses arising out of or related to this Agreement will be indemnification pursuant to and subject to the limitations contained in Section 9 and Section 10.

9.13 Debt Reduction as Exclusive Remedy. Notwithstanding any other provision of this Agreement, in circumstances in which this Agreement is terminated (i) by Sellers' Representative pursuant to Section 8.1.2 or Section 8.1.3 or (ii) by Buyer pursuant to Section 8.1.2, and the principal amount of the Loans (as defined in the Equipment Placement Draw Down Facility) is reduced by an amount equal to $1,000,000 (but in no event to an amount less than $0) in accordance with the terms of the Equipment Placement Draw Down Facility (the "Debt Reduction"), there shall be no further liability of any nature on the part of Buyer or any of its Affiliates arising out of or relating to this Agreement or the Contemplated Transactions. The parties acknowledge and agree that (i) the agreements contained in this Section 9.13 are an integral part of the Contemplated Transactions, and that without these agreements, the other parties hereto would not enter into this Agreement, (ii) any losses or damages resulting from the termination of this Agreement under circumstances where the Debt Reduction becomes effective are uncertain and incapable of accurate calculation and that the Debt Reduction is not a penalty, but rather liquidated damages in a reasonable amount that will compensate Sellers in circumstances in which the Debt Reduction becomes effective for the efforts and resources expended and opportunities foregone while negotiating this Agreement and the Equipment Placement Draw Down Facility and in reliance on this Agreement, the Equipment Placement Draw Down Facility and the consummation of the Contemplated Transactions and (iii) the Debt Reduction is intended to be Sellers' sole and exclusive remedy in circumstances in which the Debt Reduction becomes effective.

9.14 Efforts to Join Sellers. If Buyer commences any Action against a Seller in order to enforce the indemnification provisions contained in Section 9 or Section 10, then Buyer shall use commercially reasonable efforts to join the other Seller to such Action if such Seller was not originally a party to such Action.

10. TAX MATTERS.

10.1 Representations and Obligations Regarding Taxes. The Company and Sellers jointly and severally represent and warrant to and agree with Buyer as follows, in each case except to the extent set forth on Schedule 10 (for purposes of this Section 10, the term "Company" shall mean the Company, together with the Company Subsidiaries):

10.1.1 The Company has duly and timely filed all Tax Returns it was required to file. All of those Tax Returns were true, correct and complete in all material respects. All material elections with respect to Taxes affecting the Company are disclosed on or attached to a Tax Return of the Company.

10.1.2 All Taxes of the Company (whether or not shown on any Tax Return and whether or not any Tax Return was required) have been timely paid. The Company is not the beneficiary of any extension of time within which to file any Tax Return. The Company has maintained adequate provision for Taxes (excluding amounts deferred to take into account timing differences between book and tax) payable by the Company as of the Closing Date.

10.2 Covenants With Respect To Taxes.

10.2.1 Buyer shall (i) grant to Sellers' Representative reasonable access to the Company's books and records (including Tax workpapers and returns and correspondence with Tax authorities), including the right to take extracts therefrom and make copies thereof, to the extent that the books and records relate to the operations of the Company during taxable periods ending on or prior to or that include the Closing Date as may be necessary for Tax Return preparation, audit, or other financial reporting matters, and (ii) otherwise reasonably cooperate with Sellers' Representative in connection with any audit of Taxes that relates to the Business prior to Closing, in each case to the extent relevant to Sellers' indemnification obligations under Section 10.3.

10.2.2 Buyer shall be responsible for preparing and filing, or causing the Company to prepare and file, all Tax Returns of the Company required to be filed for taxable periods ending after the Closing Date, and Sellers shall be responsible, at their cost, for filing all Tax Returns of the Company for taxable periods ending on or before the Closing Date ("Seller-Prepared Returns"). Sellers shall furnish such Seller-Prepared Returns to Buyer for its review, comment and approval (such approval not to be unreasonably withheld, conditioned or delayed) at least 20 days prior to the due date (or extended due date) for filing such Tax Returns (seven (7) days with respect to Tax Returns that are required to be filed monthly), and such Tax Returns shall be prepared in accordance with past practice,

except as required by Law. Sellers shall pay all Taxes required to be paid with respect to Seller-Prepared Returns, except to the extent such Taxes have been previously paid, deposited or accrued in Actual Net Working Capital on the Actual Closing Balance Sheet. In the case of any Tax Returns (a "Straddle Return") for taxable periods which begin before the Closing Date and end after the Closing Date (a "Straddle Period"), Buyer shall furnish such Tax Returns to Seller's Representative for its review, comment and approval (such approval not to be unreasonably withheld, conditioned or delayed) at least 30 days prior to the due date (or extended due date) for filing such Tax Returns, and such Tax Returns shall be prepared in accordance with past practice, except as required by Law. Sellers shall jointly and severally pay to Buyer within five (5) days after the date on which Taxes are paid with respect to a Straddle Return approved by Sellers' Representative, or as to which the refusal of Sellers' Representative to approve is unreasonable, an amount equal to the portion of those Taxes that relates to the portion of the taxable period ending on the Closing Date, reduced by the amount of the accrual for those Taxes in Actual Net Working Capital on the Actual Closing Balance Sheet.

10.2.3 Section 338(h)(10) Election. At the option of Buyer, Sellers and Buyer shall jointly make an election under Section 338(h)(10) of the Code, and corresponding provisions of state and local Law elected by Buyer, in connection with the sale and purchase of the Shares. Buyer shall provide to Sellers all Tax forms and other documents required by Sellers in connection with the preparation, execution and filing of the Section 338(h)(10) elections, including a purchase price allocation schedule, which forms and documents Sellers shall execute on or before the Closing Date, and the Parties will do such other things necessary, including, but not limited to, making all necessary filings with Tax authorities, to accomplish the purposes of this Section 10.2.3. In connection with the Section 338(h)(10) elections, Buyer shall pay Sellers an amount sufficient so that, after the payment by Sellers of all Taxes in respect of that payment, the net amount realized by Sellers from Buyer in connection with the sale of the Shares, after the payment of all federal, state and local income and franchise taxes related thereto, is equal to the net amount after such Taxes Sellers would have realized from the sale of the Shares had the Section 338(h)(10) elections not been made.

10.3 Indemnification for Taxes. Notwithstanding anything to the contrary in this Agreement (in particular Section 9):

10.3.1 Sellers shall jointly and severally indemnify Buyer and its Affiliates, including, after the Closing, the Company (each herein sometimes referred to as an "Indemnified Taxpayer") against, and agree to jointly and severally protect, save and hold harmless each Indemnified Taxpayer from, any and all claims, damages, deficiencies and losses and all reasonable expenses, including attorneys', accountants' and experts' fees and disbursements (all herein referred to as "Tax Losses"), resulting from:

(a) (A) any Taxes of the Company or Sellers allocable to any period ending on or prior to the Closing Date or allocable to the portion of any Straddle Period ending on or prior to the Closing Date, and (B) a claim by any Governmental Authority for any Taxes of the Company or any corporation that is or was a member of an Affiliated Group of which the Company was or is a member, or any liability of any of the foregoing for the Taxes of any Person, whether as a transferee or successor, by contract or otherwise;

(b) a claim by any Governmental Authority for any Taxes arising from or occasioned by the sale of the Shares pursuant to this Agreement;

(c) any misrepresentation or breach of any representation, warranty or obligation set forth in this Section 10; or

(d) any breach or violation of any covenant or agreement of Sellers in Section 10.2 (each of which shall be treated as omitting any Materiality Qualifier).

10.3.2 Subject to the resolution of any Tax contest pursuant to Section 10.3.3, upon notice from Buyer to Sellers' Representative that an Indemnified Taxpayer is entitled to an indemnification payment for a Tax Loss pursuant to Section 10.3.1, Sellers thereupon shall jointly and severally pay to the Indemnified Taxpayer an amount that, net of any Taxes imposed on the Indemnified Taxpayer with respect to the payment, will indemnify and hold the Indemnified Taxpayer harmless from the Tax Loss.

10.3.3 Tax Contests.

(a) If a claim shall be made by any Governmental Authority that, if successful, would result in the indemnification of an Indemnified Taxpayer, the Indemnified Taxpayer shall notify Sellers' Representative in writing of that fact; provided, however, that any failure to give the notice will not waive any rights of the Indemnified Taxpayer.

(b) Sellers shall have the right to defend the Indemnified Taxpayer against the claim with counsel of its choice satisfactory to the Indemnified Taxpayer so long as (A) Sellers' Representative notifies the Indemnified Taxpayer in writing within 15 days after the Indemnified Taxpayer has given notice of the claim that Sellers will jointly and severally indemnify the Indemnified Taxpayer from and against the entirety of any Tax Losses the Indemnified Taxpayer may suffer resulting from, arising out of, relating to, in the nature of, or caused by the claim, (B) Sellers' Representative provides the Indemnified Taxpayer with evidence reasonably acceptable to the Indemnified Taxpayer that Sellers will have the financial resources to jointly and severally defend against the claim and fulfill their indemnification obligations hereunder, (C) if requested by the Indemnified Taxpayer, Sellers' Representative provides to the Indemnified Taxpayer an opinion, in form and substance reasonably satisfactory to the Indemnified Taxpayer, of counsel satisfactory to the Indemnified Taxpayer, that there exists a reasonable basis for the relevant Company to prevail in that contest, (D) if the Indemnified Taxpayer is required or requested to pay the Tax claimed and sue for a refund, Sellers shall have jointly and severally advanced to the Indemnified Taxpayer, on an interest free basis, the full amount the Indemnified Taxpayer is required to pay, and (E) Sellers conduct the defense of the claim actively and diligently.

(c) Subject to the provisions of paragraph (b) above, Sellers shall be entitled to prosecute the contest to a determination in a court of initial jurisdiction, and if Sellers' Representative shall reasonably request, to a determination in an appellate court; provided that, if requested by the Indemnified Taxpayer, Sellers' Representative shall provide to the Indemnified Taxpayer an opinion, in form and substance reasonably satisfactory to the Indemnified Taxpayer, of counsel reasonably satisfactory to the Indemnified Taxpayer, that there exists a reasonable basis for the relevant Company to prevail on that appeal.

(d) Sellers shall not be entitled to settle or to contest any claim relating to Taxes if the settlement of, or an adverse judgment with respect to, the claim would be likely, in the good faith judgment of the Indemnified Taxpayer, to cause the Liability for any Tax of the Indemnified Taxpayer or of any Affiliate of the Indemnified Taxpayer for any taxable period ending after the Closing Date to increase (including by making any election or taking any action having the effect of making any election, by deferring the inclusion of any amount in income or by accelerating the deduction of any amount or the claiming of any credit) or to take a position that, if applied to any taxable period ending after the Closing Date, would be adverse to the interest of the Indemnified Taxpayer or any Affiliate of the Indemnified Taxpayer.

(e) If, after actual receipt by the Indemnified Taxpayer of an amount advanced by Sellers pursuant to Subsection 10.3.3(b)(D), the extent of the liability of the Indemnified Taxpayer with respect to the indemnified matter shall be established by the judgment or decree of a court that has become final or a binding settlement with an administrative agency having jurisdiction thereof that has become final, the Indemnified Taxpayer shall promptly pay to Sellers, in the proportion to the amounts paid by each Seller, any refund received by or credited to the Indemnified Taxpayer with respect to the indemnified matter (together with any interest paid or credited thereon by the Governmental Authority and any recovery of legal fees from the Governmental Authority); provided, however, that the Indemnified Taxpayer shall have been indemnified and held harmless from all Tax Losses by reason of any indemnification payments retained by the Indemnified Taxpayer net of any Taxes imposed on the Indemnified Taxpayer with respect to indemnification payments received by the Indemnified Taxpayer or with respect to the receipt of any payment from the Governmental Authority. Notwithstanding the foregoing, the Indemnified Taxpayer shall not be required to make any payment hereunder before the time that Sellers shall have made all payments or indemnities then due to the Indemnified Taxpayer pursuant to this Section 10.

(f) If any of the conditions in Section 10.3.3(b) above are or become unsatisfied, (A) the Indemnified Taxpayer may defend against, and consent to the entry of any judgment or enter into any settlement with respect to, the claim in any manner it may deem appropriate (and the Indemnified Taxpayer need not consult with, or obtain any consent from, Sellers in connection therewith), (B) Sellers will jointly and severally reimburse the Indemnified Taxpayer promptly and periodically for the costs of defending against the claim (including attorneys', accountants' and experts' fees and disbursements) and (C) Sellers will remain jointly and severally responsible for any Losses the Indemnified Taxpayer may suffer to the fullest extent provided in this Section 10.3.

10.3.4 Notwithstanding anything to the contrary in this Agreement, the indemnification obligations of Sellers under this Section 10 shall survive the Closing until the 90th day following the end of the applicable statutes of limitations (taking into account extensions, waivers or other documents extending such period). With respect to any indemnification obligation for any Tax for which a Governmental Authority asserts a claim within 90 days before the end of the applicable statute of limitations, an Indemnified Taxpayer shall be treated as having provided timely notice by providing written notice on or before the 90th day after the Indemnified Taxpayer's receipt of a written assertion of the claim by the Governmental Authority.

10.3.5 All transfer, documentary, sales, use, stamp, registration and other similar Taxes and fees (including any penalties and interest) incurred in connection with this Agreement shall be jointly and severally paid by Sellers when due, and Sellers will, at their expense, file all necessary Tax Returns and other documentation with respect to all such transfer, documentary, sales, use, stamp, registration and other Taxes and fees, and, if required by applicable Law, Buyer will, and will cause its Affiliates to, join in the execution of any of those Tax Returns and other documentation.

Buyer and the Company (after the Closing) shall be entitled to rely on any and all actions taken by Sellers' Representative under this Agreement without any Liability to, or obligation to inquire of, any Seller. All notices, counter notices or other instruments or designations delivered by any Seller in regard to this Agreement shall not be effective unless, but shall be effective if, signed by Sellers' Representative, and if not, such document shall have no force or effect whatsoever, and Buyer and the Company (after the Closing) and any other Person may proceed without regard to any such document.

11.2.3 Change of Representative. Sellers' Representative may be changed by Sellers upon not less than twenty (20) calendar days prior written notice to Buyer; provided, that Sellers' Representative may not be removed unless Sellers holding (or, following Closing, who held) a majority of the Shares agree to such removal and to the identity of the substituted agent or agents. Sellers' Representative may resign at any time upon not less than thirty (30) calendar days' prior written notice to Buyer, but in any event, not prior to the appointment of a substitute Sellers' Representative. No bond shall be required of Sellers' Representative. Notices or communications to or from Sellers' Representative shall constitute notice to or from Sellers.

11.2.4 A decision, act, consent or instruction of Sellers' Representative, including an amendment, extension or waiver of this Agreement, shall constitute a decision of Sellers and shall be final, binding and conclusive upon Sellers; and Buyer may conclusively and absolutely, rely, without any inquiry, upon any such decision, act, consent or instruction of Sellers' Representative as being the decision, act, consent or instruction of Sellers. Buyer is hereby relieved from any Liability to any Person, including any Seller, for any acts done by it in accordance with or reliance on such decision, act, consent or instruction of Sellers' Representative.

Additionally, Buyer and Sellers' Representative shall agree on the form and content of any public announcement or disclosure with respect to this Agreement or the Contemplated Transactions prior to the issuance thereof, including providing each other the opportunity to review and comment upon, and use all reasonable efforts to agree upon, any such public announcement or disclosure, and no such public announcement or disclosure shall be issued prior to such consultation and prior to considering in good faith any such comments; provided, however, that the provisions of this Section 11.3 will not prohibit (a) any disclosure required by any applicable Legal Requirements, including any disclosure necessary or desirable to provide proper disclosure under the securities Laws or under any rules or regulations of any securities exchange on which the securities of such party may be listed or traded or (b) any disclosure made in connection with the enforcement of any right or remedy relating to, or the performance of any obligation arising under, this Agreement or the Contemplated Transactions.

11.4 Succession and Assignment; No Third-Party Beneficiary. Subject to the immediately following sentence, this Agreement will be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns, each of which successors and permitted assigns will be deemed to be a party hereto for all purposes hereof. No party may assign, delegate or otherwise transfer either this Agreement or any of its rights, interests, or obligations hereunder (by operation of Law or otherwise) without the prior written approval of the other parties; provided, however, that Buyer may (a) assign any or all of its rights and interests hereunder to one or more of its Affiliates and (b) designate one or more of its Affiliates to perform its obligations hereunder; provided, no such assignment or delegation shall relieve Buyer of its obligations hereunder. Except as expressly set forth in Section 9 with respect to Indemnified Persons who are not parties to this Agreement, this Agreement is for the sole benefit of the parties and their successors and permitted assignees and nothing herein expressed or implied will give or be construed to give any Person, other than the parties and such successors and assignees, any legal or equitable rights hereunder.

No waiver by any party of any breach or violation or, default under or inaccuracy in any representation, warranty or covenant hereunder, whether intentional or not, will be deemed to extend to any prior or subsequent breach, violation, default of, or inaccuracy in, any such representation, warranty or covenant hereunder or affect in any way any rights arising by virtue of any prior or subsequent such occurrence. No delay or omission on the part of any party in exercising any right, power or remedy under this Agreement will operate as a waiver thereof.

11.6 Further Assurances. From and after the date hereof, upon the request of Sellers' Representative or Buyer, each party will do, execute, acknowledge and deliver all such further acts,

assurances, deeds, assignments, transfers, conveyances and other instruments and papers as may be reasonably required or appropriate to carry out the Contemplated Transactions. No Sellers will take any action that is designed or intended to have the effect of discouraging any lessor, licensor, supplier, distributor or customer of the Company or other Person with whom the Company has a relationship from maintaining the same relationship with the Company after the Closing as it maintained prior to the Closing.

11.7 Entire Agreement. This Agreement, the Company Agreements, the Confidentiality Agreement and the other agreements and documents to be executed and delivered pursuant hereto or contemporaneously herewith constitute the entire agreement among the parties hereto with respect to the subject matter hereof and supersede any and all prior and contemporaneous discussions, negotiations, proposals, undertakings, understandings and agreements, whether written or oral, with respect thereto.

11.8 Schedules; Listed Documents, etc. Notwithstanding anything to the contrary contained in the Disclosure Schedules or in this Agreement, the information and disclosures contained in any section of a Disclosure Schedule shall be deemed to be disclosed and incorporated by reference in any other section of such Disclosure Schedule as though fully set forth in such section for which applicability of such information and disclosure is reasonably apparent. The fact that any item of information is disclosed in any Disclosure Schedule shall not be construed to mean that such information is required to be disclosed by this Agreement. Such information and the dollar thresholds set forth herein shall not be used as a basis for interpreting the terms “material” or “Material Adverse Effect” or other similar terms in this Agreement.

11.9 Counterparts; Execution. This Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute but one and the same instrument. This Agreement will become effective when duly executed by each party hereto. Facsimile or other electronically scanned and transmitted signatures shall be deemed originals and shall constitute valid execution and acceptance of this Agreement by the signing/transmitting party.

11.10 Survival. The covenants and agreements and, subject to Section 9.3, the representations and warranties set forth in this Agreement shall survive and remain in effect after the Closing.

11.11 Severability. Any term or provision of this Agreement that is invalid or unenforceable in any situation in any jurisdiction will not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation or in any other jurisdiction. If any provision hereof would, under applicable Law, be invalid or unenforceable in any respect, then each party hereto intends that such provision will be construed by modifying or limiting it so as to be valid and enforceable to the maximum extent compatible with, and possible under, applicable Law.

11.12 Headings. The headings contained in this Agreement are for convenience purposes only and will not in any way affect the meaning or interpretation hereof.

11.13 Construction. The parties have participated jointly in the negotiation and drafting of this Agreement. In the event an ambiguity or question of intent or interpretation arises, this Agreement will be construed as if drafted jointly by the parties and no presumption or burden of proof will arise favoring or disfavoring any party by virtue of the authorship of any of the provisions of this Agreement.

11.14 Governing Law. This Agreement, the rights of the parties and all Actions arising in whole or in part under or in connection herewith, will be governed by and construed in accordance with the laws of the State of New York, without giving effect to any choice or conflict of law provision or rule that would cause the application of the laws of any other jurisdiction.

11.15 Jurisdiction; Venue; Service of Process.

11.15.1 Jurisdiction. Subject to the provisions of Section 5.2.3, each party, by its execution hereof, (a) hereby irrevocably submits to the exclusive jurisdiction of the state courts of the State of New York or the United States District Courts located in New York, NY for the purpose of any Action between the parties arising in whole or in part under or in connection with this Agreement, (b) hereby waives to the extent not prohibited by applicable law, and agrees not to assert, by way of motion, as a defense or otherwise, in any such Action, any claim that it is not subject personally to the jurisdiction of the above-named courts, that its property is exempt or immune from attachment or execution, that any such Action brought in one of the above-named courts should be dismissed on grounds of *forum non conveniens*, should be transferred or removed to any court other than one of the above-named courts, or should be stayed by reason of the pendency of some other proceeding in any other court other than one of the above-named courts, or that this Agreement or the subject matter hereof may not be enforced in or by such court and (c) hereby agrees not to commence any such Action other than before one of the above-named courts. Notwithstanding the previous sentence a party may commence any Action in a court other than the above-named courts solely for the purpose of enforcing an order or judgment issued by one of the above-named courts.

11.15.2 Venue. Each party agrees that for any Action between the parties arising in whole or in part under or in connection with this Agreement, such party will bring Actions only in New York, NY. Each party further waives any claim and will not assert that venue should properly lie in any other location within the selected jurisdiction.

11.15.3 Service of Process. Each party hereby (a) consents to service of process in any Action between the parties arising in whole or in part under or in connection with this Agreement in any manner permitted by New York law, (b) agrees that service of process made in accordance with clause (a) or made by registered or certified mail, return receipt requested, at its address specified pursuant to Section 11.1, will constitute good and valid service of process in any such Action (including, with respect to each Seller that notice need only be given to Sellers' Representative) and (c) waives and agrees not to assert (by way of motion, as a defense, or otherwise) in any such Action any claim that service of process made in accordance with clause (a) or (b) does not constitute good and valid service of process.

11.16 Waiver of Jury Trial. 2.1 Joint and Several Liability

The liability of each of Amaya Gaming, CMH, GPL and Amaya Malta under this Agreement is joint and several and a separate claim or claims may be brought against any of them, whether or not a claim is made against any other, and whether or not the others are joined in any such claim.

2.2 Minimum Revenue Guarantee

(1) During the Minimum Revenue Guarantee Period, but subject to the provisions of subsection (2) below, Amaya shall pay to Licensee, on a Quarterly basis, an amount equal to the shortfall, if any, between the Quarterly Minimum Revenue Guarantee and the Revenue for that Quarter (the "Minimum Revenue Guarantee Payment"), except if that shortfall is caused by the termination of the Services and License Agreement in accordance with Section 18.1 or Section 18.2 of the Services and License Agreement.

(2) In any Quarter immediately following a Quarter in respect of which a Minimum Revenue Guarantee Payment was made pursuant to the provisions of subsection (1) above, but not in the first Quarter following an annual reconciliation completed pursuant to the provisions of subsection (3) below, Licensee will pay to Licensor a refund equal to the amount by which, if any, the Revenue for that subsequent Quarter exceeds the Quarterly Minimum Revenue Guarantee, but only to a maximum amount of the Minimum Revenue Guarantee Payment that was received by Licensee in respect of the immediately preceding Quarter (the "Minimum Revenue Guarantee Refund").

(3) At the end of each calendar year that occurs during the Minimum Revenue Guarantee Period, and at the end of the Minimum Revenue Guarantee Period, the Licensor and Licensee will perform a reconciliation whereby Licensee shall pay to Licensor the amount by which, if any, the sum of the Revenue and the Minimum Revenue Guarantee Payment for the reconciliation period exceeds the Minimum Revenue Guarantee as applicable for that reconciliation period.

2.3 Liquidated Damages

(1) If Licensor terminates the Services and License Agreement on any basis other than the grounds expressly permitted by Sections 18.1 to 18.3 of the Services and License Agreement, then Amaya shall pay to Licensee the following amount as liquidated damages and not as a penalty (the "Liquidated Damages"):

(a) USD $30,000,000 if such termination occurs at any time during any of the first (1st), second (2nd) or third (3rd) years following the Closing Date;

(b) USD $20,000,000 if such termination occurs at any time during the (4th) year following the Closing Date; or

(c) USD $10,000,000 if such termination occurs at any time during the fifth (5th) year following the Closing Date.

(2) Notwithstanding Section 2.4 below, where Liquidated Damages are payable for termination of the Services and License Agreement during the Minimum Revenue Guarantee Period, the Liquidated Damages payable are in addition to any Minimum Revenue Guarantee Payments that would be required to be made for the Minimum Revenue Guarantee Period.

(3) Where Liquidated Damages are payable for a termination of the Services and License Agreement that occurs following the Minimum Revenue Guarantee Period, the Liquidated Damages payable shall be reduced by the amount of damages, if any, arising from a breach by Licensor of any of the provisions of Sections 18.3 to 18.7 of the Services and License Agreement and that have already paid by Amaya to Licensee.

2.4 Liquidated Damages are Exclusive Remedies

(1) Subject to subsection 2.3(2) above, the remedies set forth in Section 2.3 are exclusive and not cumulative, and constitute the only remedies of the Licensee in relation to the termination of the Services and License Agreement in its entirety. Licensee hereby waives any further claim it may have against the Licensor in relation to such termination of the Services and License Agreement.

(2) Except if Liquidated Damages are payable pursuant to the provisions of Section 18.8 of the Services and License Agreement or Section 2.3 of this Agreement, nothing in this Section 2.4 or Agreement precludes or otherwise affects the exercise by Licensee of any right or remedy, available at law or in equity or otherwise, for the suspension or termination by Licensor of access to the Platform or to any applicable Online Games, in one or more applicable jurisdictions, other than in accordance with Section 18.3 of the Services and License Agreement.

2.5 Payments

All amounts to be paid pursuant to this Article 2 shall be paid in immediately available funds by wire transfer within thirty (30) Business Days following the end of the Quarter, the applicable reconciliation period or the Liquidated Damages event in respect of which the payment is required to be made.

ARTICLE 3
GUARANTEE

3.1 Guarantee

Each Guarantor hereby unconditionally and irrevocably guarantees payment of all of the monetary debts and liabilities, present or future, direct or indirect,

absolute or contingent, at any time owing or remaining unpaid by the Licensor to Licensee pursuant to or in connection with the Services and License Agreement, including without limitation payment of any damages awarded against Licensor for breach of the Services and License Agreement, and by each other Guarantor to COL pursuant to Article 2 of this Agreement (hereinafter collectively referred to as the "Guaranteed Obligations") and waives all defenses to the enforceability of the guarantee contained herein.

3.2 Indemnity

If any or all of the Guaranteed Obligations are not paid when due and are not recoverable under Section 3.1, each Guarantor will, as a separate and distinct obligation, indemnify and save harmless Licensee from the failure of the Licensor or any Guarantor to pay such Guaranteed Obligations; for greater certainty, it is agreed that this indemnity (i) will not extend beyond any losses, expenses, debt or liability not forming part of the Guaranteed Obligations including, without limitation, attorney fees and legal costs (except to the extent that such attorney fees and legal costs form a part of any damages awarded against Licensor for breach of the Services and License Agreement and therefore form a part of the Guaranteed Obligations), and (ii) the Guaranteed Obligations are subject to the limitations of liability set forth in Section 20 of the Services and License Agreement and this indemnity cannot be interpreted as giving rise to an indemnified claim for the purpose of the limitations of liability.

3.3 No Release

Except expressly agreed to in writing, the liability of the Guarantors under this Agreement will not be released, discharged, limited or in any way affected by anything done, suffered or permitted by Licensee in connection with any duties or liabilities of the Licensor or any other Guarantor. Without limiting the generality of the foregoing, and without releasing, discharging, limiting or otherwise affecting in whole or in part any Guarantor's liability under this Agreement, without obtaining the consent of or giving notice to the Guarantors, Licensee may:

(a) grant time, renewals, extensions, indulgences, releases and discharges to the Licensor or any other Guarantor;

(b) accept compromises from the Licensor or any other Guarantor; and

(c) apply all money at any time received from the Licensor or any other Guarantor as Licensee may see fit or change any such application in whole or in part from time to time as Licensee may see fit.

3.4 No Exhaustion of Remedies

Licensee will not be bound or obligated to exhaust its recourse against the Licensor, or any other Guarantor, or other persons, or any securities or collateral it may hold, or to take any other action, before being entitled to demand payment of the Guaranteed Obligations from a Guarantor.

3.5 Continuing Guarantee

The liability of each Guarantor under this Agreement will continue until the expiry of the latter of: (i) the Term of the Services and License Agreement; (ii) the expiry of the last of the limitation periods permitting a claim by Licensee against Amaya under this Agreement or against Licensor under the Services and License Agreement under Applicable Law; or (iii) the expiry of the right to contest, object or appeal, under Applicable Law, an assessment, award or decision in respect of a claim by Licensee against Amaya under this Agreement or against Licensor under the Services and License Agreement.

3.6 Subrogation

Each Guarantor will not be entitled to subrogation until (i) such Guarantor makes payment to Liensee of all amounts owing by such Guarantor to Licensee under this Agreement and (ii) the Guaranteed Obligations are paid in full. Thereafter, Licensee will, at such Guarantor's request and expense, execute and deliver to such Guarantor appropriate documents, without recourse and without representation and warranty, necessary to evidence the transfer by subrogation to such Guarantor of an interest in the Guaranteed Obligations and any security held therefor resulting from such payment by such Guarantor.

ARTICLE 4
GENERAL

4.1 Dispute Resolution and Arbitration

The parties shall resolve any dispute, claim, difference or controversy arising between the parties out of or related to this Agreement (other than a dispute, claim, difference or controversy with respect to the commencement of an action for injunctive or other equitable relief) through such dispute resolution and arbitration provisions agreed to in the Services and License Agreement.

4.2 Executed Copy

Each Guarantor acknowledges receipt of a fully executed copy of this Agreement.

4.3 Benefit of the Agreement

This Agreement shall enure to the benefit of and be binding upon the respective heirs, executors, administrators, other legal representatives, successors and permitted assigns of the parties.

4.4 Entire Agreement

This Agreement and the guarantee of Amaya Gaming granted herein constitutes the entire agreement between Amaya Gaming and Licensee with respect to the

subject matter of this Agreement and cancels and supersedes any prior understandings and agreements between them with respect thereto. There are no representations, warranties, terms, conditions, undertakings or collateral agreements, express, implied or statutory, (i) between Amaya Gaming and Licensee except as expressly set forth in this Agreement, (ii) between Licensor and Licensee regarding the subject matter of this Agreement except as expressly set forth in this Agreement and in the Services and License Agreement, and (iii) between CMH and Licensee regarding the subject matter of this Agreement except as expressly set forth in this Agreement and in the SPA. Neither party will be bound by any representations or promises unless set forth in this Agreement, the Services and License Agreement or the SPA. Possession of this Agreement by Licensee will be conclusive evidence against the Guarantors that this Agreement and the guarantees herein were not delivered in escrow or pursuant to any agreement such that they would not be effective until any condition precedent or subsequent has been complied with.

4.5 Amendments and Waivers

No amendment to this Agreement will be valid or binding unless set forth in writing and duly executed by all of the parties hereto. No waiver of any breach of any provision of this Agreement will be effective or binding unless made in writing and signed by the party purporting to give the same and, unless otherwise provided, will be limited to the specific breach waived.

Notwithstanding any provision of this Deed to the contrary, Shares that are issued and outstanding immediately prior to the Effective Time and that are held by any person who is entitled to exercise, and properly exercises, dissenter's rights with respect to such Shares pursuant to the Companies Act by reason of Section 161 thereof (the "**Dissenting Shares**") and who complies in all respects with, the provisions of Section 161 of the Companies Act, shall not be converted into, exchangeable for or represent the right to receive, their respective portion of the Merger Consideration. Any such person shall instead be entitled to receive payment of the fair value of such person's Dissenting Shares in accordance with the provisions of Part X of the Companies Act; provided, however, that all Dissenting Shares held by any person who shall have failed to perfect or who otherwise shall have withdrawn, in accordance with Part X of the Companies Act, or lost such person's rights to demand payment in respect of such Dissenting Shares under Part X of the Companies Act shall thereupon be deemed to have been converted into, and to have become exchangeable for, as of the Effective Time, the right to receive their respective portion of the Merger Consideration, without any interest thereon, upon surrender of the Certificate or Certificates that formerly evidenced such Shares in accordance with this Deed. For the elimination of doubt, a Participating Equityholder that owns or holds unexercised or unissued Oldford Share Awards, Oldford Share Options, or Interim Period Employee Shares, or Phantom Plan Equity Award Units, shall have no right to exercise dissenter's rights with respect to such securities pursuant to the Companies Act.

2.8 **Appointment of the Sellers' Representative**

2.8.1 execute and deliver each of the Transaction Documents (other than this Deed, the Voting Agreement, Letter of Transmittal or the Senior Officer Agreements);

2.8.2 execute and deliver, from time to time, such amendments to the Transaction Documents (other than the Senior Officer Agreements), including for greater certainty the Deed, as the Sellers' Representative deems necessary or desirable;

2.8.3 execute and deliver any and all instruments of transfer including share transfer deeds and endorsements;

2.8.4 give, from time to time, such waivers in relation to any Transaction Document as the Sellers' Representative deems necessary or desirable;

2.8.5 deliver and receive any opinion, certificate or other document provided pursuant to, or in connection with, any Transaction Document and agree to waive the requirement for any such opinion, certificate or other document or modify the terms thereof to such extent and in such manner as the Sellers' Representative deems necessary or desirable;

2.8.6 deliver any notice required to be delivered by any Participating Equityholder under, or in connection with, a Transaction Document;

2.8.9 take any and all action on behalf of any Participating Equityholder from time to time as the Sellers' Representative may deem necessary or desirable to resolve and/or settle any claims under, or in connection with, any Transaction Document, including consenting to, pursuing, defending, compromising or settling any claim, conducting negotiations with Buyer regarding any such claim and engaging counsel, accountants or other agents in connection with any of the foregoing;

2.8.10 incur any other reasonable expenses in connection with all matters and actions set out in any Transaction Document, or otherwise in respect of the Contemplated Transactions;

2.8.12 instruct the Escrow Agent to transfer to the Expense Fund on the Release Date (or thereafter), out of the Indemnity Escrow Account, as the case may be, such funds as are available for distribution to the Sellers at such time, in an amount determined in good faith by the Sellers' Representative, for purposes of performing the Sellers' Representative duties and obligations under this clause 2.8; and

2.8.13 make use of the Expense Fund as may otherwise be required for purposes of performing the Sellers' Representative duties and obligations pursuant to this Deed.

2.9 **Replacement of the Sellers' Representative**

In the event of the death, disability or incapacity of Igal Mark Scheinberg, Pinhas Schapira shall automatically succeed Igal Mark Scheinberg as the Sellers' Representative as if Pinhas Schapira had been appointed hereunder as of the date of this Deed and the provisions of clause 2.8 shall apply as if Pinhas Schapira had been so appointed. Igal Mark Scheinberg may resign as the Sellers' Representative by delivering written notice thereof to Buyer, Sellers and Pinhas Schapira and, concurrently with the delivery of such notice, Pinhas Schapira shall automatically succeed Igal Mark Scheinberg as the Sellers' Representative as if Pinhas Schapira had been appointed hereunder as of the date of this Deed and the provisions of clause 2.8 shall apply as if Pinhas Schapira had been so appointed. Upon the death, disability, incapacity or resignation of Pinhas Schapira as Seller's Representative, Sellers who held, in the aggregate, 65% of the Transaction Percentage are required, within 30 days from such terminating event, to designate Pinhas Schapira's successor as Sellers' Representative by delivering a written notice to Buyer and the other Sellers who such designating Sellers reasonably believe is the appropriate person to carry out the duties and perform the obligations of the Sellers' Representative pursuant to this Deed and the provisions of this clause 2.9 shall similarly apply to such designee. In the event that the Sellers fail to designate a successor Sellers' Representative within the 30-day period as required by this clause 2.9, then the person with the highest Transaction Percentage shall automatically, without any further action, become the Sellers' Representative as if such person had been appointed hereunder and Buyer shall be entitled to rely upon all instructions from such person in all circumstances.

2.10 **Actions by the Sellers' Representative and receipt**

2.10.1 A decision, act, consent or instruction of the Sellers' Representative, including an amendment, extension or waiver of this Deed, shall constitute a decision of the Sellers and shall be final, binding and conclusive upon the

Sellers; and Buyer may conclusively and absolutely rely, without any inquiry, upon any such decision, act, consent or instruction of the Sellers' Representative as being the decision, act, consent or instruction of the Sellers. Buyer is hereby relieved from any Liability to any person, including any Seller, for any acts done by it in accordance with or reliance upon such written decision, act, consent or instruction of the Sellers' Representative.

2.10.2 Receipt by the Paying Agent, the Escrow Agent or the Sellers' Representative, in each case, at the Sellers' Representative's written instruction or consent, of any funds, or the receipt by the Sellers' Representative of any completed documentation to be provided by Buyer in satisfaction of any of its obligations under this Deed, shall be deemed accepted by each of the Sellers as a full and complete discharge of that obligation and Buyer shall not be concerned with the basis upon which those funds or documents are distributed among the Sellers.

2.10.3 All notices, counter notices or other instruments or designations delivered by any Seller in regard to this Deed shall not be effective unless, but shall be effective if, signed by the Sellers' Representative, and, if not, such document shall have no force or effect whatsoever, and Buyer and Oldford (after Completion) and any other person may proceed without regard to any such document.

2.10.4 All notices, counter notices or other communications required to be made or delivered by Buyer to Sellers shall be made to the Sellers' Representative for the benefit of Sellers, and any notices so made shall discharge in full all notice requirements of Buyer to Sellers with respect thereto. All notices or other communications required to be made or delivered by Sellers to Buyer shall be made by the Sellers' Representative for the benefit of Sellers and any notices so made shall discharge in full all notice requirements of Sellers to Buyer with respect thereto.

2.10.5 Each Participating Equityholder shall severally and not jointly indemnify and hold harmless the Sellers' Representative and its successors, permitted assigns, Affiliates, directors, officers, employees and agents (collectively, "**Seller Representative Indemnitees**") against all Losses incurred or sustained by a Seller Representative Indemnitee in connection with any Action to which such Seller Representative Indemnitee is made a party by reason of any act or omission in connection with its role as the Sellers' Representative, except for fraud or wilful misconduct by the Sellers' Representative or such Seller Representative Indemnitee. The Sellers' Representative may reimburse himself for any amount incurred by or otherwise owing to the Sellers' Representative under the terms of any Transaction Document (whether for fees, expenses, indemnification claims or otherwise) from the Expense Fund against proper invoices or receipts; provided, that if the Expense Fund is depleted, the Sellers' Representative may reimburse himself from any portion of the Indemnity Escrow Amount that has been distributed to the Paying Agent for the benefit of the Participating Equityholders following the Release Date. In the event that the Sellers' Representative determines that any expense or payment is appropriate or desirable in connection with the exercise of its duties as Sellers' Representative or otherwise in connection with the protection of the rights of the Participating Equityholders, and if such amount is not available from the Expense Fund, then each Participating Equityholder shall, in accordance with instructions provided by the Sellers' Representative, provide its pro-rata portion of such payment or expense (determined by the Transaction Percentage of each Participating Equityholder).

2.10.6 Each Seller hereby irrevocably and unconditionally releases and waives any and all claims and demands of any kind whatsoever (whether existing now or in the future, including with respect to contingent liabilities), it, she or he may or will have against the Sellers' Representative and any Seller Representative Indemnitee in relation to the performance (or non-performance) of any of the rights and duties of the Sellers' Representative pursuant to this Deed (including in respect of any Losses or Liabilities that such Seller may incur pursuant to any action or default of the Sellers' Representative or any Seller Representative Indemnitee), except in the case of fraud or wilful misconduct by the Sellers' Representative or such Seller Representative Indemnitee.

The aggregate merger consideration payable for the Participating Shares is an amount equal to (the "**Merger Consideration**"):

3.2.2 as at the Completion Date, in accordance with the Estimated Completion Balance Sheet, the Net Working Capital as of the Completion Date (the "**Estimated Net Working Capital**"), which shall be made in a manner consistent with the example set forth in Schedule 2 (the "**Net Working Capital and Other Adjustments Calculation**"). Such example is for illustrative purposes only and neither Oldford nor the Warranting Sellers warrant that any of the results depicted in such example shall actually be achieved;

3.2.3 as applicable, either (i) the Fixed Reference Working Capital Amount or (ii) the Reference Working Capital Amount (as applicable, the "**Estimated Reference Working Capital Amount**"), which, in the case of this clause (ii), shall be made in a manner consistent with the example set forth in the Net Working Capital and other Adjustments Calculation; and

3.2.4 as at the Completion Date, in accordance with the Estimated Completion Balance Sheet, the Other Adjustments Amount, which shall additionally be made in a manner consistent with the example set forth in the Net Working Capital and Other Adjustments Calculation (the "**Estimated Other Adjustments Amount**").

Following receipt of the Completion Certificate, Oldford shall provide Buyer and its Representatives with access to all accounting books and records reasonably requested by Buyer to review the Estimated Completion Balance Sheet, Estimated Debt, Estimated Net Working Capital, Estimated Reference Working Capital Amount and the Estimated Other Adjustments Amount and all work papers prepared by Oldford or its Representatives in connection with such calculations, and Oldford shall make reasonably available its Representatives responsible for the preparation of the Completion Certificate, Estimated Completion Balance Sheet, Estimated Debt, Estimated Net Working Capital, Estimated Reference Working Capital Amount and the Estimated Other Adjustments Amount in order to respond to inquiries of Buyer.

(a) the Completion Date Purchase Price (as determined pursuant to clause 3.3.3 below); minus

(b) the Deposit Amount; minus

(c) the Indemnity Escrow Amount; minus

(d) the Expense Fund Amount.

The sum of the foregoing clauses (a) through (e) above plus the Deposit Amount shall be referred to as the "**Completion Date Payment to Participating Equityholders**".

3.3.2 At the Effective Time:

(a) Buyer shall:

(i) from the Completion Date Purchase Price, pay the Indemnity Escrow Amount to the Escrow Agent; and

(ii) from the Completion Date Purchase Price, pay the Expense Fund Amount to the account of a person designated in writing by the

Sellers' Representative (the "**Expense Fund Agent**") (which, for the elimination of doubt, is a portion of the Completion Date Purchase Price that is payable at Completion to the Participating Equityholders).

(b) Oldford shall deliver the Deposit Amount to the Paying Agent (which, for the elimination of doubt, is counted toward the Completion Date Purchase Price).

3.3.3 The portion of the Merger Consideration payable by Buyer pursuant to this Deed at the Effective Time for the benefit of the Participating Equityholders (the "**Completion Date Purchase Price**") shall be equal to the sum of the following:

(a) $4,500,000,000 (the "**Cash Completion Date Amount**"); minus

(b) the Estimated Debt; minus

(c) if the Estimated Net Working Capital is less than the Estimated Reference Working Capital Amount, the difference between the Estimated Reference Working Capital Amount and the Estimated Net Working Capital; plus

To provide for an escrow to secure and to serve as a fund in respect of the obligations of Participating Equityholders under clause 9.1 and clause 9.2, Buyer, the Sellers' Representative and Deutsche Bank (London Branch), as escrow agent (the "**Escrow Agent**") shall, at Completion, enter into an escrow agreement substantially in the form of Exhibit I (the "**Indemnity Escrow Agreement**"). At the Effective Time, Buyer shall pay the Indemnity Escrow Amount to the Escrow Agent who shall deposit the Indemnity Escrow Amount into an account (the "**Indemnity Escrow Account**") established by the Escrow Agent pursuant to the terms of the Indemnity Escrow Agreement. The Indemnity Escrow Amount shall be invested in accordance with investment guidelines specified in the Indemnity Escrow Agreement. Subject to clause 9.8.2 and clause 9.8.4, the Indemnity Escrow Amount shall always be the initial source for indemnification claims, and any claims shall always first be made against the

Indemnity Escrow Amount until it has been depleted. Subject to, and in accordance with, clause 9.8, the Indemnity Escrow Amount shall be distributed to the Paying Agent for the benefit of the Participating Equityholders (by wire transfer of immediately available funds), as follows:

(a) all funds in respect of the Indemnity Escrow Amount then deposited in the Indemnity Escrow Account, including all interest and profits accrued thereon, minus the sum of any amounts in respect of claims by any Buyer Indemnified Person then pending (which claims made pursuant to, and in accordance with, clause 9), shall be distributed on the 18-month anniversary of the Completion Date (the "**Release Date**"); and

(b) such amounts in respect of such claims pending as of the Release Date by any Buyer Indemnified Person for indemnification (made pursuant to, and in accordance with, clause 9) will be distributed to the Paying Agent for the benefit of the Sellers, subsequent to the Release Date, upon final and binding resolution of any such claim in favour of the Sellers; provided, that if such final and binding resolution is in favour of a Buyer Indemnified Person, any such amounts shall be distributed to such Buyer Indemnified Person, as applicable;

provided, further, that, notwithstanding anything to the contrary contained in this Deed, to the extent the Warranting Sellers indemnify (other than from the Indemnity Escrow Account or the Expense Fund), in accordance with Clause 9, any Buyer Indemnified Person in respect of any Losses suffered by such Buyer Indemnified Person (other than where such payment is in respect of breach of: (i) any of the of the Warranting Sellers' individual Warranties set out in Schedule 6 Part 2, or (ii) any of the Warranting Sellers' personal covenants or undertakings), then the Warranting Sellers will have the right to be reimbursed from any available funds deposited in the Indemnity Escrow Account upon their release to the Participating Equityholders pursuant to Clauses 3.4.2(a) or 3.4.2(b), so that each Participating Equityholder (including any Warranting Seller) will ultimately contribute such Participating Equityholder's pro-rata portion of any such indemnified Losses, based on such Participating Equityholder's Transaction Percentage.

3.4.3 Expense Fund.

(a) The Sellers' Representative and the Expense Fund Agent shall, at Completion, enter into an escrow agreement (the "**Expense Fund Escrow Agreement**"). Immediately following the Effective Time, the Paying Agent shall deposit the Expense Fund Amount into an account (the "**Expense Fund**") established by the Expense Fund Agent. The Expense Fund shall be invested as determined by the Sellers' Representative from time to time. The Expense Fund Amount and any interest and profit accrued thereon are for (i) the use by the Sellers' Representative to pay any costs, fees, indemnities and other expenses related to the performance by the Sellers' Representative of his duties and obligations hereunder, on behalf of the Participating Equityholders, and (ii) the payment of any amount in respect of indemnification of any Buyer Indemnified Person pursuant to clause 9 that is due and payable. Funds shall be disbursed from the Expense Fund in accordance with written instructions from the Sellers' Representative to the Expense Fund Agent from time to time. The outstanding balance of the Expense Fund shall be distributed by the Expense Fund Agent to the Participating

Equityholders at such time as determined by the Sellers' Representative in its discretion. The portion of the Expense Fund Amount allocable to each Participating Equityholder shall be determined by multiplying the aggregate amount in the Expense Fund by such Participating Equityholder's Transaction Percentage. Neither Buyer nor any Affiliate thereof nor any of their respective Representatives shall have any interest, right, Encumbrance or claim in respect of the Expense Fund and any amounts held therein. Neither Buyer nor any Affiliate thereof shall be allowed to take any action with respect to, or grant to any person any right with respect to, the Expense Fund and any amounts held therein, or instruct the Sellers' Representative, the Expense Fund Agent or any other person regarding any actions to take with respect to the Expense Fund and any amounts held therein. Buyer shall have no Liability for any actions or inactions taken by the Sellers' Representative regarding the Expense Fund and any amounts held therein.

(b) Notwithstanding anything to the contrary contained in this Deed, to the extent the Warranting Sellers indemnify (other than from the Indemnity Escrow Account or the Expense Fund), in accordance with Clause 9, any Buyer Indemnified Person in respect of any Losses suffered by such Buyer Indemnified Person (other than where such payment is in respect of breach of: (i) any of the of the Warranting Sellers' individual Warranties set out in Schedule 6 Part 2, or (ii) any of the Warranting Sellers' personal covenants or undertakings), then, following the Release Date, the Warranting Sellers will have the right to be reimbursed from any available funds deposited in the Expense Fund, so that each Participating Equityholder (including any Warranting Seller) will ultimately contribute such Participating Equityholder's pro-rata portion of any such indemnified Losses, based on such Participating Equityholder's Transaction Percentage.

3.4.4 Payment and Shortfall. Any amount in respect of indemnification of any Buyer Indemnified Person for indemnification pursuant to, and in accordance with, clause 9 that is due and payable shall be released from the Indemnity Escrow Account and distributed to such Buyer Indemnified Person promptly after it becomes due and payable (and in any event within five Business Days), subject always to the provisions and limitations set forth in clause 9 and the Indemnity Escrow Agreement; provided, that to the extent such amount exceeds the portion of the Indemnity Escrow Amount then deposited in the Indemnity Escrow Account, then, subject to clause 3.4.3, (i) in case of a breach by a Participating Equityholder of (A) any of such Participating Equityholder's Warranties set out in such Participating Equityholder's Letter of Transmittal, or (B) any of such Participating Equityholder's personal covenants or undertakings as set forth in such Participating Equityholder's Letter of Transmittal, such Participating Equityholder will be liable to pay such excess promptly after becoming due and payable (and in any event within seven Business Days), and (ii) in all other cases, such excess will be paid promptly after becoming due and payable (and in any event within seven Business Days) by the Warranting Sellers to the Buyer on a pro-rata basis among the Warranting Sellers in accordance with each Warranting Seller's Indemnification Percentage. For purposes of this Deed and the Indemnity Escrow Agreement, any amounts in respect of indemnification of any Buyer Indemnified Persons under this Deed shall become "due and payable" only upon either (a) a joint release or (b) pursuant to, and as specified in, an Arbitration Award rendered in accordance with clause 19.

3.4.5 Paying Agent Agreement. The Sellers' Representative, Buyer and the Paying Agent shall, at Completion, enter into a paying agent agreement in form reasonably agreed to by Sellers' Representative and Buyer (the "**Paying Agent Agreement**") under which the Paying Agent shall, (a) act as paying agent with respect to the payment to each Participating Equityholder of such Participating Equityholder's portion of the Merger Consideration to Participating Equityholders upon receipt by the Paying Agent of such Participating Equityholder's duly executed Letter of Transmittal; (b) act as paying agent with respect to the payment to each Participating Equityholder of such Participating Equityholder's portion of the Merger Consideration Adjustments, if any; (c) act as paying agent with respect to the payment to each Participating Equityholder of such Participating Equityholder's portion of the Deferred Payment Amount; (d) act as paying agent with respect to the payment to each Participating Equityholder of any funds released from the Indemnity Escrow Account in accordance with this Deed and the Indemnity Escrow Agreement; and (e) act as paying agent with respect to the payment to each Participating Equityholder of any funds authorised by the Sellers' Representative for release from the Expense Fund, in each of (a) through (e), in accordance with each Participating Equityholder's Transaction Percentage, and (f) act as paying agent with respect to the payment of certain transaction expenses incurred by the Participating Equityholders in connection with the Contemplated Transactions.

3.5 **Post-Completion Merger Consideration Adjustment**

3.5.1 As soon as practicable, but in no event more than 90 days following the Completion Date, Buyer shall prepare, or cause to be prepared, and deliver to the Sellers' Representative the following:

(a) a consolidated balance sheet of Oldford as of the Completion Date prepared in accordance with IFRS (the "**Completion Balance Sheet**"); and

(b) a certificate substantially in the form of Exhibit K executed by Buyer's chief financial officer (the "**Final Completion Statement**"), setting forth each of the following:

(i) as at the Completion Date, as set forth on the Completion Balance Sheet, the actual aggregate amount of Debt of Oldford (the "**Actual Debt**");

(ii) as at the Completion Date, as set forth on the Completion Balance Sheet, the actual Net Working Capital as of the Completion Date ("**Actual Net Working Capital**"), which shall be prepared in a manner consistent with the Net Working Capital and Other Adjustments Calculation;

(iii) as applicable, either (A) the Fixed Reference Working Capital Amount or (B) the Reference Working Capital Amount (as applicable, the "**Actual Reference Working Capital Amount**"), which, in the case of this clause (B), shall be prepared in a manner consistent with the Net Working Capital and Other Adjustments Calculation; and

(iv) as at the Completion Date, in accordance with the Completion Balance Sheet, the Other Adjustments Amount, which shall additionally be made in a manner consistent with the example set forth in the Net Working Capital and Other Adjustments Calculation (the "**Actual Other Adjustments Amount**").

3.5.2 Sellers and their accountants shall complete their review of the Completion Balance Sheet and Final Completion Statement within 45 days after Buyer's delivery thereof to the Sellers' Representative. During such review period, Buyer shall provide the Sellers' Representative with access to all accounting books and records reasonably requested by the Sellers' Representative to review the Completion Balance Sheet and the Final Completion Statement and all work papers prepared by Buyer or its accountants in connection with such calculations, and Buyer shall make reasonably available its Representatives responsible for the preparation of the Completion Balance Sheet and Final Completion Statement in order to respond to the inquiries of the Sellers' Representative. Failure by Buyer to provide such access and other cooperation in a timely manner shall have the effect of extending the 45-day period set out in this clause and in clause 3.5.3, which extended period shall be agreed in good faith by Buyer and the Sellers' Representative (and if they fail to so agree, then as determined by the CA Firm in accordance with the procedures set out in clause 3.7).

3.5.3 If the Sellers' Representative objects to the Completion Balance Sheet or Final Completion Statement for any reason, the Sellers' Representative shall, on or before the last day of such 45-day period, so inform Buyer in writing (for purposes of this clause 3.5, a "**Sellers' Objection**"), setting forth a specific description of the basis of the Sellers' Representative's determination and the adjustments to the Completion Balance Sheet or Final Completion Statement that the Sellers' Representative believes should be made. If the Sellers' Representative does not transmit a Sellers' Objection on or before the last day of such 45-day period, then all items described on the Completion Balance Sheet and Final Completion Statement delivered by Buyer to the Sellers' Representative shall be deemed agreed, final and binding on the parties.

3.5.4 If the Sellers' Representative timely delivers a Sellers' Objection to Buyer and the Sellers' Representative and Buyer are unable to resolve all of their disagreements with respect to the proposed adjustments set forth in the Sellers' Objection within 30 days following Buyer's receipt of Sellers' Objection, then, in accordance with the procedures set forth in clause 3.7, they shall jointly retain the CA Firm, which, acting as an expert and not as an arbitrator, shall determine, on the basis set forth in and in accordance with this clause 3.5, and only with respect to those items specifically described in Sellers' Objection on which Buyer and the Sellers' Representative have not agreed, whether and to what extent, if any, the Completion Balance Sheet or Final Completion Statement (including Actual Debt, Actual Net Working Capital, the Actual Reference Working Capital Amount and the Actual Other Adjustments Amount) require adjustment.

3.5.5 The Completion Balance Sheet and Final Completion Statement (including Actual Debt, Actual Net Working Capital, Actual Reference Working Capital Amount and the Actual Other Adjustments Amount), as agreed to (or deemed to have been agreed to) between Buyer and the Sellers' Representative or as determined by the CA Firm, as applicable, shall be conclusive and binding and shall be deemed the "**Confirmed Completion Balance Sheet**", "**Confirmed Debt**", "**Confirmed Net Working Capital**", the "**Confirmed Reference Working Capital Amount**" and the "**Confirmed Other Adjustments Amount**", respectively, for all purposes herein.

3.5.6 Upon final determination of the calculation of the Confirmed Completion Balance Sheet, Confirmed Debt, Confirmed Net Working Capital, Confirmed Reference Working Capital Amount and Confirmed Other Adjustments Amount in accordance with this clause 3.5, the Completion Date Purchase

Price shall be recalculated with reference to the Confirmed Debt, Confirmed Net Working Capital, the Confirmed Reference Working Capital Amount and the Confirmed Other Adjustments Amount, and the following adjustments ("**Merger Consideration Adjustments**") made:

(a) If the Confirmed Completion Date Purchase Price is greater than the Completion Date Purchase Price then Buyer shall pay such difference to the Paying Agent for the benefit of the Participating Equityholders by wire transfer of immediately available funds to a single account designated by the Paying Agent within two Business Days.

(b) If the Confirmed Completion Date Purchase Price is less than the Completion Date Purchase Price, then within two Business Days thereafter any amount owed to Buyer as a Merger Consideration Adjustment shall be paid by the Sellers' Representative on behalf of the Participating Equityholders to Buyer by wire transfer of immediately available funds to an account designated by Buyer.

3.6 **Deferred Payment**

3.6.1 Deferred Payment; Standstill

(a) As additional consideration for the Participating Shares, and subject only to the occurrence of Completion pursuant to this Deed, Buyer shall pay to the Paying Agent for the benefit of the Participating Equityholders on the earlier to occur of: (i) July 31, 2017, and (ii) the date that is 30 months following the Completion Date (the "**Deferred Payment Date**") an amount equal to $400,000,000, as may be adjusted pursuant to Exhibit C and clause 1.1.3(a), (the "**Deferred Payment Amount**"). Buyer shall pay the Deferred Payment Amount to the Paying Agent, for the benefit of the Participating Equityholders, in cash by wire transfer of immediately available funds to a single account designated at least two Business Days prior to the Deferred Payment Date in writing by the Sellers' Representative. Such payment is a part of the Merger Consideration and shall not bear interest

(b) If either (i) the Financing Sources (or their respective agents) under the Buyer Credit Agreements accelerate the maturity of the Debt outstanding thereunder such that all or any portion of such Debt becomes immediately due and payable, or (ii) there is a change of control (as such term or similar term is defined in the Buyer Credit Agreements) of Buyer Parent, Buyer or Oldford, then the unpaid portion of the Deferred Payment Amount shall become immediately due and payable by Buyer; provided, that Participating Equityholders' right to receive any portion of the unpaid Deferred Payment Amount shall be subordinated in right of payment to the lenders' respective rights to receive payment of any and all amounts due and payable in full under the Buyer Credit Agreements, including in the case of any Insolvency Event of Buyer or Buyer Parent.

(c) Subject to clause 3.6.1(b), the Participating Equityholders and the Sellers' Representative agree that during the Standstill Period none of them will enforce or seek to enforce (whether by threatening or instituting any Action or otherwise) against Buyer or its Affiliates with respect to Buyer's obligation to pay the Deferred Payment Amount to the Participating Equityholders pursuant to clause 3.6.1, including any rights of indemnity, contribution, subrogation or set-off. If Buyer fails to pay

any portion of the Deferred Payment Amount on the Deferred Payment Date, such unpaid portion of the Deferred Payment Amount shall accrue a monthly late payment fee for each month of delay equal to the product of such unpaid portion times either (i) the sum of 30 day LIBOR, plus 85 basis points for all months prior to the sixth-month anniversary of such failure to pay or (ii) the sum of 30 day LIBOR plus 135 basis points for all months after the sixth-month anniversary of such failure to pay. For example, if the unpaid portion of the Deferred Payment Amount is $400 million and 30 day LIBOR is 15 basis points, then in the first month after such failure to pay the late payment fee would be $400 million x (15 bps + 85bps) = $4 million, and in the seventh month of such failure to pay the late payment fee would be $400 million x (15 bps + 135bps) = $6 million. For purposes of this clause 3.6.1, "**LIBOR**" means the British Bankers Association LIBOR Rate, as published by Reuters (or any other commercially available source providing quotations of BBA LIBOR).

(d) Each Participating Equityholder shall be entitled to receive in respect of each Participating Share held by such Participating Equityholder immediately prior to the Effective Time (in accordance with and subject to clause 2, such Participating Equityholder's Letter of Transmittal and the procedures set forth in the Paying Agent Agreement), an amount equal to the Per Share Deferred Payment Consideration.

3.6.2 Establishment and Investment of the Cash Account

(a) To the extent permitted under the Buyer Credit Agreements, at the end of each calendar month during the period commencing on the Completion Date and ending on the date on which the Deferred Payment Amount is paid in full to the Participating Equityholders (the "**Required Deposit Period**"), Buyer will deposit into a separate bank account established by Buyer (the "**Cash Account**") an amount equal to 35% of monthly "excess cash flow", as expected to be defined under the Buyer Credit Agreements, but for the avoidance of doubt generally equal to EBITDA less change in net working capital, less maintenance capex, less growth capex, less cash Taxes paid, less cash interest, less scheduled debt principal repayments. Buyer agrees that, to the extent permitted under the Buyer Credit Agreements, the balance in the Cash Account, including all interest or other investment gains thereon (collectively, the "**Cash Account Balance**"), shall be "restricted cash" that may be used by Buyer solely for payment of the Deferred Payment and may not be withdrawn from the Cash Account for any other reason, except in all cases to the extent required under the Buyer Credit Agreements.

(b) Buyer shall cause the Cash Account Balance to be invested in U.S. Dollar-denominated government bonds or bank deposits at money center banks or similar securities, in accordance with the investment guidelines set forth in the Indemnity Escrow Agreement. At the end of each calendar month during the Required Deposit Period, Buyer shall provide the Sellers' Representative with a copy of the bank statement showing the Cash Account Balance promptly following Buyer's receipt of such statement from the institution at which Buyer established the Cash Account, or else provide the Sellers' Representative with read-only internet access to view the Cash Account Balance.

(c) If, on the Deferred Payment Date Buyer, fails to pay the Deferred Payment amount in full, and the Cash Account Balance is insufficient to pay the Deferred Payment Amount, then Buyer shall use its commercially reasonable efforts to issue equity securities for cash consideration sufficient to pay, subject to the terms of the Buyer Credit Agreements, the balance of the Deferred Payment Amount, together with any late payment fees accrued thereon until the date of actual payment.

3.6.3 prepayment of the Deferred Payment Amount

(a) At Buyer's election Buyer may pay all or any portion of the Deferred Payment Amount prior to the Deferred Payment Date at a discount of 6% per annum; provided that any such prepayment shall be in an amount of not less than $50 million.

(By way of example, if Buyer elects to prepay $100 million of the Deferred Payment Amount on the date that is one year prior to the Deferred Payment Date, then Buyer would pay to the Paying Agent for the benefit of the Participating Equityholders an amount equal to $94.34 million, which payment will reduce the remaining balance of the Deferred Payment Amount due on the Deferred Payment Date by $100 million).

3.7 **CA Firm procedures**

In the event that a Sellers' Objection is submitted to the CA Firm for resolution pursuant to clause 3.5.3, the parties agree as follows:

3.7.1 At the time of retention of the CA Firm, Buyer shall specify in writing to the CA Firm and the Sellers' Representative the amount of Buyer's computation of the Completion Date Purchase Price (the "**Buyer's Position**"), and the Sellers' Representative shall specify in writing to the CA Firm and to Buyer the amount of Sellers' computation of the Completion Date Purchase Price (the "**Sellers' Position**"). If permitted pursuant to clause 3.5.2, the Sellers' Representative shall be entitled to approach the CA Firm (with a copy sent to the Buyer), requesting the CA Firm to determine whether the 45-day period afforded to the Sellers' Representative to dispute the Buyer's Position should be extended, while specifying in reasonably sufficient detail the reasons for such extension. In such event, the Buyer shall have a right to object to such extension while providing to the CA Firm and the Sellers' Representative the Buyer's reasons for such objection (such reasons to be set out in reasonably sufficient detail).

3.7.2 Buyer and the Sellers' Representative shall instruct the CA Firm to deliver its written determination to Buyer and the Sellers' Representative no later than 30 days after submitting the matter to it for resolution (including the submission of Buyer's Position and the Sellers' Position).

3.7.3 Buyer and the Sellers' Representative shall cooperate with the CA Firm during its resolution of the disagreement and make readily available to the CA Firm all relevant books and records and all work papers (including those of the parties' respective accountants) relating to the matter in controversy and all other items reasonably requested by the CA Firm in connection therewith.

3.7.4 In resolving any disputed item:

(a) the CA Firm may not assign a value to any disputed item that is greater than the greatest value claimed by Buyer or the Sellers' Representative at the time the CA Firm is retained or less than the smallest value claimed for the item by Buyer or the Sellers' Representative at such time;

(b) the CA Firm (i) shall be bound by the provisions of this clause 3 and the applicable definitions set forth in this Deed, (ii) shall limit its decision to such items as are in dispute, (iii) shall make its determination utilising IFRS as in effect on the Completion Date and (iv) shall make its determination based solely on presentations by Buyer and the Sellers' Representative that are in accordance with the guidelines and procedures set forth in this Deed (i.e., not on the basis of independent review); and

(c) the fees and disbursements of the CA Firm (collectively, the "**CA Firm Dispute Expenses**") shall be borne (i) by Sellers in that proportion equal to a fraction (expressed as a percentage) the numerator of which is equal to Sellers' Position minus the Completion Date Purchase Price determined by the CA Firm, and the denominator of which is equal to Sellers' Position minus Buyer's Position, and (ii) by Buyer in that proportion equal to a fraction (expressed as a percentage) equal to one minus the fraction described in clause (i). For example, if Sellers' Position is that the Completion Date Purchase Price should be $4,500,000,000 and Buyer's Position is that the Completion Date Purchase Price should be $4,400,000,000, the CA Firm determines that the Completion Date Purchase Price should be $4,460,000,000 and the CA Firm Dispute Expenses are $100,000, then (A) Sellers shall pay $40,000 (40%) of the CA Firm Dispute Expenses and (B) Buyer shall pay $60,000 (60%) of the CA Firm Dispute Expenses. In addition, Buyer and Sellers acknowledge and agree that all fees and expenses incurred by them for legal advisors, accountants and other experts in connection with any matter related to a Sellers' Objection shall be borne solely and exclusively by Buyer or Sellers, respectively (as the case may be), irrespective of the CA Firm's findings.

3.7.5 The CA Firm's determination shall be conclusive and binding upon Buyer and Sellers, save in the event of a manifest mathematical error (when the relevant part of the determination shall be void and the matter shall be remitted to the CA Firm for correction).

4. CONDITIONS TO COMPLETION

7.1.3 Each of Buyer and Buyer Parent warrants to Oldford and the Warranting Sellers in the terms of the Warranties set forth in Schedule 6, part 3, to the extent these Warranties relate to each of Buyer and Buyer Parent, and acknowledges that such Warranties were delivered to Oldford and the Warranting Sellers with the intention of inducing them to enter into this Deed and that they have entered into this Deed in reliance upon such Warranties.

7.1.4 Merger Sub warrants to Oldford and the Warranting Sellers in the terms of the Warranties set forth in Schedule 6, part 4 and acknowledges that such Warranties were delivered to Oldford and the Warranting Sellers with the intention of inducing them to enter into this Deed and that they have entered into this Deed in reliance upon such Warranties.

7.1.5 Each of the Warranties shall be construed as a separate and independent Warranty.

7.1.6 For the elimination of doubt, (a) neither Oldford nor the Warranting Sellers make warranties to Buyer regarding the Oldford Group Companies or the Business other than such Warranties set forth in Schedule 6, part 1; (b) no Warranting Seller makes or warranties to Buyer with respect to such Warranting Seller, other than such Warranties set forth in Schedule 6, part 2, as applicable; (c) neither Buyer nor Buyer Parent makes any warranties to

Oldford and the Warranting Sellers with respect to itself other than such Warranties set forth in Schedule 6, part 3, as applicable; and (d) Merger Sub makes no warranties to Oldford and the Warranting Sellers with respect to itself other than such Warranties set forth in Schedule 6, part 4.

7.2 **Disclosure**

Subject to and without prejudice to clause 7.3,

7.2.1 the Warranties shall be qualified by, and the Buyer shall be deemed to have knowledge of the matters, events and circumstances fairly disclosed to the Buyer in the Disclosure Letter and the Disclosure Documents (including the Disclosure Documents themselves); and

7.2.2 matters, events and circumstances fairly disclosed in a particular section contained in the Disclosure Letter, or fairly disclosed in the Disclosure Documents, shall be deemed to qualify each Warranty to which such disclosure is applicable provided that the relevance and applicability of such disclosure to each such Warranty is reasonably apparent on its face.

7.3 **Fair disclosure**

7.3.1 A matter, event or circumstance disclosed in the Disclosure Letter or in the Disclosure Documents shall not be deemed fairly disclosed unless:

(a) in the context of the disclosures contained in the Disclosure Letter, the information disclosed is presented in a manner that is not misleading in any material respect; and

(b) no Disclosure Document shall be deemed to qualify any Warranty in respect of the Oldford Stipulation;

(c) no Disclosure Document shall be deemed to qualify the Tax Covenant;

(d) no Disclosure Document shall be deemed to qualify any Warranty set forth in Schedule 6, part 1, clauses 21.3 and 21.5; and Schedule 6, part 2, clause 2.10;

(g) nothing disclosed by Oldford or a Warranting Seller to Buyer other than in the Disclosure Letter or the Disclosure Documents and in accordance with the provisions of clause 7.2 and this clause 7.3 shall constitute disclosure for the purposes of this Deed.

8. TERMINATION

8.1 Termination by mutual consent

This Deed may be terminated and the Contemplated Transactions may be abandoned at any time prior to Completion by mutual written consent of Buyer and the Sellers' Representative.

8.2 Termination by either Buyer or Sellers

This Deed may be terminated and the Contemplated Transactions may be abandoned by either the Sellers' Representative or Buyer (the party exercising such right under this clause 8.2, the "**Terminating Party**") by providing the other party a written notice if Completion has not occurred on or before the date set forth on Exhibit B-3 (the "**Initial Long Stop Date**") or such other date as may be extended pursuant to this clause 8.2; provided, however; that the Terminating Party may not terminate this Deed pursuant to this clause 8.2 if, at the time the Terminating Party provides notice of such termination, the Terminating Party (which, in case the Terminating Party is the Sellers' Representative, shall include Sellers' Representative, any Seller or any Oldford Group Company, and which, in the case the Terminating Party is Buyer, shall include Buyer or Buyer Parent) is in breach of its Warranties, covenants or agreements under this Deed so as to cause any of the Conditions set out in Schedule 3, part 3 (in case the Terminating Party is Buyer) or Schedule 3, part 2 (in case the Terminating Party is the Sellers' Representative) not to be satisfied; provided, further, that:

8.2.1 if the Conditions set forth in Schedule 3 have not been satisfied (or waived by the party or parties entitled thereto) by the Initial Long Stop Date, then either the Sellers' Representative or Buyer (such party, the "**Exercising Party**") may extend the Initial Long Stop Date for an additional period of 60 days and, if so extended, again for an additional period of 60 days (the last date of such 60-day period, the "**Extended Long Stop Date**") in each case by providing written notice thereof to the other party at least three Business Days prior to the expiration of the Initial Long Stop Date and, thereafter, the then applicable Extended Long Stop Date, but only if:

(a) the Exercising Party is actively and diligently pursuing in good faith the satisfaction of the Condition(s) that have not yet been satisfied or waived; and

(b) if the Buyer is the Exercising Party, the Financing Commitments are valid through the expiration of the applicable Extended Long Stop Date; and

8.2.2 if the Conditions set forth in Schedule 3 have not been satisfied (or waived by the party or parties entitled thereto) by the Extended Long Stop Date (and such Extended Long Stop Date may no longer be extended pursuant to clause 8.2.1), then Buyer may elect to extend the Extended Long Stop Date for one or more additional periods of 60 days each (each, an "**Extension Period**" and, the last day of the applicable Extension Period, the "**Extension Period Stop Date**") by providing written notice thereof to the Sellers' Representative at least three Business Days prior to the expiration of the Extended Long Stop Date and, thereafter, the then applicable Extension Period Stop Date, but only if:

(a) concurrently with Buyer's notice to the Sellers' Representative of Buyer's election to effect an Extension Period, Buyer shall deliver $10,000,000 in immediately available funds to Oldford (which amount shall be added to, and be regarded as, part of the Deposit Amount for all purposes of this Deed);

(b) Buyer is actively and diligently pursuing in good faith the satisfaction of the Condition(s) that have not yet been satisfied or waived; and

(c) the Financing Commitments are valid through the expiration of the applicable Extension Period Stop Date.

Notwithstanding the foregoing, (a) in no event shall any Extension Period extend past the date set forth on Exhibit B-4 (the "**Final Long Stop Date**"), and, if Buyer delivers notice to the Sellers' Representative of Buyer's election to effect an Extension Period that would otherwise extend past the Final Long Stop Date, then (i) such Extension Period shall terminate on the Final Long Stop Date, and (ii) the $10,000,000 paid in respect of such Extension Period shall be reduced pro rata based upon the actual number of days in such Extension Period, and (b) the Exercising Party may not extend the Long Stop Termination Effective Date pursuant to this clause 8.2 if, at the time the Exercising Party provides notice of such extension, the Exercising Party (which, in case the Exercising Party is the Sellers' Representative, shall include Sellers' Representative, any Seller or any Oldford Group Company, and which, in the case the Exercising Party is Buyer, shall include Buyer or Buyer Parent) is in breach of its Warranties, covenants or agreements under this Deed so as to cause any of the Conditions set out in Schedule 3, part 3 (in case the Exercising Party is Buyer) or Schedule 3, part 2 (in case the Exercising Party is the Sellers' Representative) not to be satisfied.

The date on which this Deed terminates pursuant to this clause 8.2 is the "**Long Stop Termination Effective Date**".

8.3 **Termination by Buyer**

8.3.1 Material Breach of Warranties as of Signing. This Deed may be terminated and the Contemplated Transactions may be abandoned at any time prior to Completion by Buyer if:

(a) any of the following occurs prior to Completion:

(i) any of the Fundamental Warranties of Oldford or the Warranting Sellers fails to have been true and correct in all respects as of the date of this Deed (or, with respect to those Fundamental Warranties that relate to a particular date, any such Fundamental Warranty fails to have been true and correct in all respects as of such date);

(ii) any of the Warranties (other than Fundamental Warranties) of Oldford or the Warranting Sellers contained in Schedule 6, part 1 or part 2, as applicable, that is qualified by a reference to materiality, a Material Adverse Effect or any similar qualifier (any such qualification referred to herein as a "**Materiality Qualifier**") fails to have been true and correct in all respects as written as of the date of this Deed (or, with respect to such Warranties that are qualified by a reference to a Materiality Qualifier that relate to a particular date, any such Warranty fails to have been true and correct in all respects (including the Materiality Qualifier) as of such date); or

(iii) any of the Warranties (other than Fundamental Warranties) of Oldford or the Warranting Sellers contained in Schedule 6, part 1 or part 2, as applicable that is not qualified by a Materiality Qualifier fails to have been true and correct in all material respects as of the date of this Deed (or, with respect to such Warranties that are not so qualified and relate to a particular date, any such Warranty fails to have been true and correct in all material respects as of such date); and

(b) such failure to be true and correct is not cured (if curable) within 30 days after Buyer provides written notice of such failure to the Sellers' Representative;

provided, however, that Buyer may not terminate this Deed pursuant to this clause 8.3.1 if (i) Sellers or Oldford cure such failure within such 30-day cure period, or (ii) at the time Buyer provides notice of such termination, Buyer or Buyer Parent is in breach of its Warranties, covenants or agreements under this Deed so as to cause any of the Conditions set out in Schedule 3, part 3 to not be satisfied.

8.3.2 Material Breach of Warranties Post-Signing. This Deed may be terminated and the Contemplated Transactions may be abandoned at any time prior to Completion by Buyer if:

(a) any Warranty made by Oldford or any Warranting Seller in this Deed shall fail to be true and correct following the date of this Deed as a result of any event, fact or circumstance that occurs or arises following the date of this Deed (a "**Post-Signing Event**") such that Schedule 3, part 2, paragraph 2.1 or paragraph 2.5, as the case may be, would not then be satisfied; and

(b) such breach or failure to be true and correct is not cured (if curable) within 30 days after Buyer provides written notice of such breach or failure to the Sellers' Representative;

provided, however, that Buyer may not terminate this Deed pursuant to this clause 8.3.2 if (i) Sellers or Oldford cure such breach or failure within such 30-day cure period, or (ii) at the time Buyer provides notice of such termination, Buyer or Buyer Parent is in breach of its Warranties, covenants or agreements under this Deed so as to cause any of the Conditions set out in Schedule 3, part 3 to not be satisfied.

8.3.3 Breach of Covenant or Agreement. This Deed may be terminated and the Contemplated Transactions may be abandoned at any time prior to Completion by Buyer if:

(a) there has been any breach, default or violation of any covenant or agreement made by Oldford or any Warranting Seller in this Deed such that Schedule 3, part 2, paragraph 2.2 or paragraph 2.5, as the case may be, would not then be satisfied; and

(b) such breach, default or violation is not cured (if curable) within 30 days after Buyer provides written notice of such breach, default or violation to the Sellers' Representative;

provided, however, that Buyer may not terminate this Deed pursuant to this clause 8.3.3 if (i) Sellers or Oldford cure such breach, default or violation within such 30-day cure period, or (ii) at the time Buyer provides notice of such termination, Buyer or Buyer Parent is in breach of its Warranties, covenants or agreements under this Deed so as to cause any of the Conditions set out in Schedule 3, part 3 to not be satisfied.

8.3.4 Occurrence of a Material Adverse Effect. This Deed may be terminated and the Contemplated Transactions may be abandoned at any time prior to Completion by Buyer if a Material Adverse Effect shall have occurred.

8.4 **Termination by Sellers**

This Deed may be terminated and the Contemplated Transactions may be abandoned at any time prior to Completion by the Sellers' Representative if there has been a breach of any Warranty, covenant or agreement made by Buyer or Buyer Parent in this Deed, or any such Warranty shall have become untrue or incorrect after the execution of this Deed, such that any of the Conditions set out in Schedule 3, part 3 would not then be satisfied and such breach or failure to be true and correct is not cured (if curable) within 30 days after the Sellers' Representative provides written notice of such breach or failure to Buyer; provided, however, that the Sellers' Representative may not terminate this Deed pursuant to this clause 8.4 if (a) Buyer or Buyer Parent cures such breach or failure within such 30-day cure period, or (b) at the time the Sellers' Representative provides notice of such termination, the Sellers' Representative is in breach of its covenants or agreements under this Deed or Oldford or any Warranting Seller is in breach of their respective Warranties, covenants or agreements under this Deed so as to cause any of the Conditions set out in Schedule 3, part 2 to not be satisfied.

8.5 **Effect of termination**

In the event of the termination of this Deed and the abandonment of the Contemplated Transactions pursuant to this clause 8, this Deed shall become void and of no force or effect with no Liability on the part of any party (or of any of their respective Affiliates or Representatives) under this Deed or in connection with the Contemplated Transactions, except as follows:

8.5.1 in the event this Deed is terminated other than as a result of a Refund Event, Oldford shall retain the Deposit Amount pursuant to clause 8.6;

8.5.2 nothing herein shall relieve any party from liability for any damages for, or prohibit any such party from seeking injunctive relief (including specific performance pursuant to clause 19.3) as a result of:

(a) a knowing and intentional breach of any provision of this Deed; or

(b) fraud, dishonesty, or wilful misconduct.

8.5.3 in the event of a termination of this Deed pursuant to clause 8.3.2 which does not constitute a Refund Event, then:

(a) if Buyer's Financing Commitment shall have terminated, notwithstanding Buyer's best endeavours to maintain the Financing Commitment following the date of this Deed or to obtain Alternative Financing, then Buyer's Liability shall be limited to the Deposit Amount, which shall be deemed paid through retention of the Deposit Amount by Oldford; or

(b) if Buyer's Financing Commitment remains in effect at the time of such termination or Buyer shall have failed to use its best endeavours to maintain such Financing Commitment following the date of this Deed or to obtain Alternative Financing, then Buyer's Liability shall be an amount equal to sum of the Deposit Amount and $50,000,000 (the "**Additional Fee**" and together with the Deposit Amount, the "**Buyer Termination Fee**")), of which (A) the Deposit Amount shall be deemed paid through retention of the Deposit Amount by Oldford, and (B) the Additional Fee shall be paid by Buyer to Oldford no later than 30 days following such termination;

8.5.4 in the event of a termination of this Deed pursuant to clause 8.3.3, which does not constitute a Refund Event, then:

(a) if Buyer's Financing Commitment shall have terminated, notwithstanding Buyer's best endeavours to maintain the Financing Commitment following the date of this Deed or to obtain Alternative Financing, then Buyer's Liability shall be limited to the Deposit Amount, which shall be deemed paid through retention of the Deposit Amount by Oldford; or

(b) if Buyer's Financing Commitment remains in effect at the time of such termination or Buyer shall have failed to use its best endeavours to maintain such Financing Commitment following the date of this Deed or to obtain Alternative Financing, then Buyer's Liability shall be the Buyer Termination Fee of which (A) the Deposit Amount shall be deemed paid through retention of the Deposit Amount by Oldford, and (B) the Additional Fee shall be paid by Buyer to Oldford no later than 30 days following such termination;

8.5.5 in the event of a termination of this Deed pursuant to clause 8.4; provided, that Buyer's Liability therefor shall be as follows:

(a) if Buyer's Financing Commitment shall have terminated, notwithstanding Buyer's best endeavours to maintain the Financing Commitment following the date of this Deed or to obtain Alternative Financing, then Buyer's Liability shall be limited to the Deposit Amount, which shall be deemed paid through retention of the Deposit Amount by Oldford; or

(b) if Buyer's Financing Commitment remains in effect at the time of such termination or Buyer shall have failed to use its best endeavours to maintain such Financing Commitment following the date of this Deed or to obtain Alternative Financing, then Buyer's Liability shall be the Buyer Termination Fee, of which (A) the Deposit Amount shall be deemed paid through retention of the Deposit Amount by Oldford, and (B) the Additional Fee shall be paid by Buyer to Oldford no later than 30 days following such termination; and

8.5.6 the provisions contained in this clause 8.5 and in clauses 1, 8.6, 10.1.3, 10.1.4, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21.5 and 22 shall survive indefinitely.

8.6 **Buyer Deposit**

In the event that this Deed is terminated and the Contemplated Transactions are abandoned pursuant to clauses 8.2, 8.3 or 8.4, the Deposit Amount shall be retained by Oldford, except that the Deposit Amount shall be refunded to Buyer, and the Sellers' Representative shall

cause such amount to be paid to the Buyer by wire transfer of immediately available funds no later than three Business Days following the termination of this Deed, in the event that this Deed is terminated following the occurrence of any of the following events (each, a "**Refund Event**"):

8.6.1 if any party terminates this Deed pursuant to clause 8.2 and Completion shall not have occurred by the Long Stop Termination Effective Date as a result of the Condition set out in Schedule 3, part 1, clause 1.1 not being satisfied in full (or waived by Buyer and Sellers' Representative), except where the Relevant Authority contemplated therein seeks only money damages and does not seek an injunction or other equitable relief (or any other Action that would reasonably be expected to have the effect of materially prejudicing the goodwill or reputation of Buyer, the Business or the Oldford Group Companies) and (a) the money damages being sought are equal to or less than the Refund Threshold, or (b) such money damages are in excess of the Refund Threshold but the Action relating to such money damages shall have been Definitively Resolved prior to the Long Stop Termination Effective Date without additional cost or Liability to Buyer;

8.6.2 [Reserved]

8.6.3 if any party terminates this Deed pursuant to clause 8.2 and Completion shall not have occurred by the Long Stop Termination Effective Date as a result of the Condition set out in Schedule 3, part 1, clause 1.3 not being satisfied in full (or waived by Buyer and Sellers' Representative), except where (a) such Condition was not satisfied due to a failure to obtain the approval of Buyer Parent's shareholders or the TSX, or (b) the Consent contemplated therein is a Gaming Approval for a change of control in respect of an Oldford Group Company from any of the Gaming Authorities listed on Exhibit 3.1.3(1) (a "**Relevant Gaming Authority**"), and the failure to have satisfied such Condition arose directly from the following:

(i) any wrongful or negligent act or omission of Buyer or any of its Representatives (including a failure to provide sufficient information to any such Relevant Gaming Authority or otherwise failing to cooperate with any reasonable action required for the purpose of obtaining such Gaming Approval); or

(ii) a Relevant Gaming Authority finding that Buyer or any of its Representatives (or any other key individuals of the Buyer or its Representatives) who are required to obtain licensure or whose suitability will be reviewed in connection with the issuance of such Permit are unsuitable to possess a Permit to operate the Business in such jurisdiction;

8.6.4 if any party terminates this Deed pursuant to clause 8.2 and Completion shall not have occurred by the Long Stop Termination Effective Date as a direct result of the Condition set out in Schedule 3, part 1, clause 1.4 not being satisfied in full (or waived by Buyer and Sellers' Representative);

8.6.5 if Buyer terminates this Deed pursuant to clause 8.3.1;

8.6.6 if Buyer terminates this Deed pursuant to clause 8.3.2 (a "**Bring-Down Failure**") and the following shall have occurred:

(a) the Bring-Down Failure was caused by the occurrence of a Post-Signing Event arising from (i) an act, omission or transaction of the Sellers' Representative, Oldford or any Seller, or (ii) the fraud, dishonesty, wilful concealment, intentional misrepresentation or wilful misconduct of the Sellers' Representative, Oldford or any Seller; and

(b) the Post-Signing Event that gave rise to the Bring-Down Failure has a material adverse impact on the Oldford Group Companies or the Contemplated Transactions; for purposes of determining whether a "material adverse impact" shall have occurred, the parties agree that the following non-exclusive factors shall be taken into consideration: (i) the impact on the reputation of Buyer or any Oldford Group Company, (ii) the financial impact of such Post-Signing Event on Buyer, the Buyer Parent, the Oldford Group Companies or the Contemplated Transactions, (iii) the impact on the ability of Buyer or any Oldford Group Company to conduct its business, (iv) the impact on the Financing Commitment (including whether the Financing Sources terminate the Financing Commitment); provided, that the parties acknowledge that such termination of the Financing Commitment shall not, in and of itself, result in a material adverse impact but, rather, the cause of such termination shall be a factor in determining whether a material adverse impact has occurred, and (v) in considering whether a material adverse impact has occurred, the parties agree that the adverse impact must not be immaterial, but also need not rise to the level of a Material Adverse Effect (the foregoing standard is hereinafter referred to as a "**material adverse impact**" and shall apply *mutatis mutandis* in the event of a breach of a Warranty or a covenant under this Deed);

8.6.7 if Buyer terminates this Deed pursuant to clause 8.3.3:

(a) at any time during the 150-day period following the date of this Deed; or

(b) at any time following such 150-day period, if the breached covenant that gave rise to a failure to satisfy the Condition set forth in Schedule 3, part 2, clause 2.2 is (i) a Fundamental Covenant or (ii) if not a Fundamental Covenant, such breached covenant has a material adverse impact (as defined in clause 8.6.6(b)) on the Oldford Group Companies or the Contemplated Transactions;

8.6.8 if Buyer terminates this Deed pursuant to clause 8.3.4; or

8.6.9 if, notwithstanding any other provision of this Deed to the contrary, the Sellers' Representative or Buyer terminates this Deed pursuant to clause 8.2 and the failure to satisfy any Condition referenced in such clause 8.2 resulted from the fraud or intentional misrepresentation of the Sellers' Representative, Oldford or any Seller or as a result of any such person's wilful failure to cooperate with Buyer in connection with arrangements by Buyer to obtain the Financing.

8.7 **Certain acknowledgments**

8.7.1 Buyer and the Sellers acknowledge and agree that the agreements contained in this clause 8 are an integral part of the Contemplated Transactions, and that, without these agreements, none of Buyer, Oldford or the Sellers would have entered into this Deed. The parties further acknowledge that:

(a) the damages resulting from termination of this Deed under circumstances in which either (i) Oldford is entitled to retain the Deposit Amount or (ii) Oldford is entitled to retain the Deposit Amount and Buyer is required to pay the Additional Fee are uncertain and incapable of accurate calculation but both parties confirm and agree that the Buyer Termination Fee payable pursuant to this clause 8 represents a reasonable forecast of the actual damages that may be incurred; and

(b) in the event that the Sellers shall receive full payment of the Buyer Termination Fee pursuant to this clause 8:

(i) the receipt of the Buyer Termination Fee shall be deemed to be liquidated damages, and not a penalty, for any and all Losses suffered or incurred by the Sellers, Oldford, any of their respective Affiliates or any other person in connection with this Deed (and the termination hereof), the Contemplated Transactions (and the abandonment thereof) or any matter forming the basis for such termination; and

(ii) the payment of the Buyer Termination Fee shall be the sole remedy for the Sellers, Oldford, any of their respective Affiliates or any other person, and none of such parties shall be entitled to bring or maintain any Action against Buyer or any of its Affiliates (together, "**Buyer Parties**") or any Financing Sources for damages or any equitable relief arising out of or in connection with this Deed, any of the Contemplated Transactions or any matters forming the basis for such termination;

provided, however, that the foregoing clauses 8.7.1(a), (b) and (c) (in the case of a Buyer Party only) shall not apply in the event of (A) a Liquidated Damages Exception under clause 8.7.2, (B) any breach of the Non-Disclosure Agreement, (C) any breach of clause 10.1.4, or (D) fraud or wilful misconduct of Buyer or any of its Affiliates.

8.7.2 Notwithstanding any other provision of this clause 8 to the contrary, if Buyer shall fail to pay any portion of the Additional Fee when due (a "**Liquidated Damages Exception**"), then Sellers shall have the right to retain the Deposit Amount and pursue all other claims against Buyer (subject to clause 19.3.3), including damages in excess of the Additional Fee.

8.7.3 The parties agree that if Completion does not take place on the Completion Date because Oldford or any Seller or Buyer or Buyer Parent fails to comply with any of its obligations under clause 6 or Schedule 5 (whether such failure by such party amounts to a repudiatory breach or not), Buyer (in case of a failure by Oldford or any Seller) or the Sellers' Representative (in case of a failure by Buyer or Buyer Parent) may, by written notice to the Sellers' Representative or Buyer, as applicable, in addition to and without limiting any other right or remedy of Buyer, Oldford or Sellers, as the case may be, under this Deed, elect to terminate this Deed pursuant to clause 8.3.3, in the case of Buyer, or clause 8.4, in the case of Sellers' Representative, with immediate effect (without the application of any cure period).

9. **INDEMNIFICATION**

9.1 **Indemnification by Participating Equityholders for Participating Equityholder-specific breaches**

Subject to the limitations set forth in this clause 9, from and after Completion, each of the Participating Equityholders, with respect to such Participating Equityholder, on a several and not joint basis, will indemnify and hold harmless Buyer and each of their respective Affiliates (including, following the Effective Time, each Oldford Group Company), and the Representatives and Affiliates of each of the foregoing persons (each, a "**Buyer Indemnified Person**"), from, against and in respect of any and all Losses, whether or not involving a Third Party Claim, incurred or suffered by any Buyer Indemnified Person, arising out of or as a result of:

9.1.1 any breach of, or inaccuracy in, any Warranty made by such Participating Equityholder: (i) in Schedule 6, part 2, if such Participating Equityholder is a Warranting Seller, and (ii) in such Participating Equityholder's Letter of Transmittal; or

9.1.2 any breach, default or violation of any covenant or agreement of such Participating Equityholder (including under this clause 9 and clause 10, but excluding any breach, default or violation of any covenant or agreement indemnifiable pursuant to clause 9.2.2(b)) to the extent required to be performed or complied with by such Participating Equityholder pursuant to this Deed, such Participating Equityholder's Letter of Transmittal or any other Transaction Document, as applicable.

9.2 **Indemnification by Participating Equityholders for other breaches and Dissenting Shares**

Subject to the limitations set forth in this clause 9, from and after Completion, the Participating Equityholders, on a several and not joint basis (pro-rata to each Participating Equityholder's Transaction Percentage), will indemnify and hold harmless each Buyer Indemnified Person from, against and in respect of any and all Losses, whether or not involving a Third Party Claim, incurred or suffered by such Buyer Indemnified Person arising out of or as a result of:

9.2.1 any breach of, or inaccuracy in, any Warranty made by Oldford or the Warranting Sellers in Schedule 6, part 1;

9.2.2 (a) any breach, default or violation of any covenant or agreement of the Sellers' Representative, Oldford or the other Oldford Group Companies (including under this clause 9) to the extent required to be performed or complied with by the Sellers' Representative or such Oldford Group Company pursuant to this Deed or any other Transaction Document, but only to the extent required to be performed or complied with by the Sellers' Representative or such Oldford Group Company at or prior to Completion, and (b) any breach, default or violation of any covenant or agreement of the Warranting Sellers set out in this Deed (including in Schedule 4) to the extent required to be performed or complied with by the Warranting Sellers pursuant to this Deed; or

9.2.3 any Dissenting Shares, but only in respect of Losses incurred by the Buyer Indemnified Persons arising out of or relating to the Dissenting Shares or any appraisal process or appraisal proceedings related thereto which exceed the portion of the Merger Consideration that would have otherwise been payable in respect of the Dissenting Shares in accordance with this Deed had such Shares not been Dissenting Shares.

9.3 **Limitations**

The Participating Equityholders will not be obligated to pay for any Losses pursuant to clause 9.1.1, clause 9.2.1 or clause 9.2.2 (but only with respect to Excluded Covenants) until the aggregate amount of all such Losses exceeds $31,500,000 (the "**Deductible**"), following which the Buyer Indemnified Persons will be entitled to be indemnified by the Participating Equityholders (subject to Clause 9.3.2) in respect of all such Losses in excess of the Deductible up to a maximum aggregate amount of such excess Losses equal to $315,000,000 (the "**Liability Cap**"). Notwithstanding the foregoing, no Loss may be claimed by any Buyer Indemnified Person, nor shall it be reimbursable by or be included in calculating the aggregate Losses for purposes of calculating whether the Deductible has been reached or whether the Liability Cap has been met, other than such Losses in excess of $250,000 resulting from any single claim or aggregated claims arising out of the same facts, events or circumstances (the "**Mini-Basket**").

9.3.1 Notwithstanding anything to the contrary contained herein, none of the Mini-Basket, Deductible or the Liability Cap shall apply with respect to:

(a) any Losses incurred or suffered by Buyer Indemnified Persons as a result of fraud, intentional misrepresentation or wilful misconduct by any Oldford Group Company (at or prior to Completion), Seller or the Sellers' Representative;

(b) any Losses incurred or suffered by Buyer Indemnified Persons as a result of any breach of the Fundamental Warranties;

(c) Participating Equityholders' indemnification obligations pursuant to clauses 9.1.2, 9.2.2 (other than the Excluded Covenants, which shall be subject to the Mini-Basket, Deductible and the Liability Cap), or clause 9.2.3; or

(d) any Tax Losses, for which the Buyer Indemnified Persons will be entitled to be indemnified by the Participating Equityholders (subject to Clause 9.3.2) up to a maximum aggregate amount of Losses equal to $100,000,000 in excess of the Liability Cap.

Notwithstanding anything to the contrary contained herein, subject to clauses 3.4.2 and 3.4.3, the liability of any Participating Equityholder, other than the Warranting Sellers, shall be limited to such Participating Equityholder's pro-rata portion of the Indemnity Escrow Amount (in accordance with such Participating Equityholder's Transaction Percentage), except in the event of (i) a breach by such Participating Equityholder of any of his/her/its warranties included in the Letter of Transmittal, (ii) a breach by such Participating Equityholder of such Participating Equityholder's personal covenants, or (iii) fraud, dishonesty, wilful concealment, intentional misrepresentation or wilful misconduct by such Participating Equityholder.

9.3.2 Certain Other Limitations:

(a) except for those obligations set forth in clause 9.3.1 which are not subject to the Mini-Basket, Deductible or the Liability Cap, the aggregate liability of each Participating Equityholder to indemnify the Buyer Indemnified Persons for Losses under clause 9.1 and clause 9.2 shall in no event exceed the Transaction Percentage of such Seller multiplied by the Liability Cap, except that in respect of Tax Losses, such aggregate liability shall in no event exceed the Transaction Percentage of such Seller multiplied by the sum of the Liability Cap plus $100,000,000;

(b) for the elimination of doubt, with respect to any indemnification claim made against any Participating Equityholder pursuant to this clause 9, that portion of the Indemnity Escrow Amount available to the Buyer Indemnified Persons shall be limited to such Participating Equityholder's pro-rata portion of the Indemnity Escrow Amount (in accordance with such Participating Equityholder's Transaction Percentage); and

(c) if Buyer waives any of: (i) the Condition set out in Schedule 3, part 2, clause 2.1 following Sellers' Representative's delivery to Buyer of a written notice that sets forth in reasonable detail each Warranty that is not true and correct in all respects, or true and correct in all material respects, as applicable, and the reasons therefor; (ii) the Condition set out in Schedule 3, part 2, clause 2.2 following Sellers' Representative's delivery to Buyer of a written notice that sets forth in reasonable detail each covenant that has not been performed or complied with in all material respects; or (iii) the Condition set out in Schedule 3, part 2, clause 2.3, then the Buyer Indemnified Persons shall not be entitled to seek any indemnification for the Loss which would have otherwise been indemnifiable under this clause 9, absent such written waiver (each, a "**Waived Event**"); provided, however, with respect to (i) or (ii) above, that if:

(i) Completion occurs during the 150-day period following the date of this Deed (but not after the expiration of such period), and

(ii) the Waived Event was caused by (i) an act or omission by the Sellers' Representative, Oldford or any Seller, or (ii) the fraud, dishonesty, wilful concealment, intentional misrepresentation or wilful misconduct by the Sellers' Representative, Oldford or any Seller,

then, any Losses incurred or suffered by any Buyer Indemnified Person as result of any Waived Event will reduce the Deductible but not below zero, and any Losses incurred or suffered by any such Buyer Indemnified Person as a result of such Waived Event in excess of the Deductible shall not be indemnifiable under this clause 9.

9.4 **Indemnity by Buyer**

Subject to the limitations set forth in this clause 9, from and after Completion, Buyer will indemnify and hold harmless Sellers and their Affiliates, other Participating Equityholders and the Representatives and Affiliates of each of the foregoing persons (each, a "**Seller Indemnified Person**"), from, against and in respect of any and all Losses, whether or not involving a Third Party Claim, incurred or suffered by any Seller Indemnified Person, arising out of or as a result of:

9.4.1 any breach of, or inaccuracy in, any Warranty made by Buyer in Schedule 6, part 3 or Merger Sub in Schedule 6, part 4; or

9.4.2 any breach, default or violation of any covenant or agreement of Buyer or Merger Sub (including under this clause 9) to the extent required to be performed or complied with by Buyer or Merger Sub in or pursuant to this Deed or any other Transaction Document.

9.5 **Time for claims**

No claim may be made or suit instituted seeking indemnification pursuant to clause 9.1, clause 9.2 or clause 9.4 for any Loss unless a written notice (a "**Notice of Claim**") describing such breach or inaccuracy with respect to any Warranty or covenant, in reasonable detail in light of the circumstances then known to the Seller Indemnified Person or Buyer Indemnified Person making such claim (as the case may be, the "**Indemnified Person**"), is provided to the person against whom indemnification is being sought pursuant to clause 9.1 clause 9.2 or clause 9.4 (as the case may be, the "**Indemnifying Person**"):

9.5.1 at any time, in the case of any breach of, or inaccuracy in, any Fundamental Warranty or in any warranty contained in the Letters of Transmittal;

9.5.2 at any time prior to the Release Date in the case of any breach of, or inaccuracy in any Warranty (other than a Fundamental Warranty);

9.5.3 at any time prior to the Release Date in the case of any breach, default or violation of the Tax Covenant;

9.5.4 at any time prior to the Release Date in the case of any breach, default or violation of any covenant set forth in Schedule 4, other than any Fundamental Covenant set forth therein; and

9.5.5 at any time, in the case of any claim or suit based upon fraud, intentional misrepresentation or wilful misconduct;

provided that:

(a) if, at any time prior to the expiration of the applicable survival period set forth in this clause 9.5, any Indemnified Person delivers to any Indemnifying Person a Notice of Claim asserting a claim for Losses pursuant to clause 9.1, clause 9.2 or clause 9.4, then the claim set out in such Notice of Claim shall survive until such time as such claim is finally resolved in accordance with this Deed; and

(b) claims for indemnification pursuant to any other provision of clause 9.1, clause 9.2 or clause 9.4 which are not expressed to be subject to the limitations set out in this clause 9.5, including each of the covenants and agreements of the parties set forth in this Deed which are required to be performed and satisfied after the Completion Date, shall survive in accordance with their terms.

9.6 **Third Party Claims**

9.6.1 Notice of Claim. If any third party notifies an Indemnified Person with respect to any matter (a "**Third Party Claim**") which may give rise to an indemnified claim against an Indemnifying Person under this clause 9, then the Indemnified Person will promptly give written notice to the Indemnifying Person; provided, however, that no delay on the part of the Indemnified Person in notifying the Indemnifying Person will relieve the Indemnifying Person from any obligation under this clause 9, except to the extent that the Indemnifying Person is actually prejudiced by the Indemnified Person's failure to give such notice in a timely manner.

9.6.2 Assumption of Defence, etc. The Indemnifying Person will be entitled at such Indemnifying Person's sole cost and expense to participate in the defence of any Third Party Claim. In addition, the Indemnifying Person will have the right to assume the defence of the Indemnified Person against the

Third Party Claim with counsel reasonably satisfactory to the Indemnified Person so long as: (a) the Indemnifying Person has given written notice to the Indemnified Person within 20 days after the Indemnified Person has given notice of the Third Party Claim that the Indemnifying Person will indemnify the Indemnified Person from and against all Losses the Indemnified Person may suffer resulting from, arising out of, relating to, or caused by the Third Party Claim; (b) the Third Party Claim involves only money damages and does not seek an injunction or other equitable relief against the Indemnified Person and would not reasonably be expected to have the effect of materially prejudicing the goodwill or reputation of the Business or the Oldford Group Companies; (c) the Indemnified Person has not been advised in writing by counsel (reasonably satisfactory to the Indemnifying Person) that an actual or potential conflict exists between the Indemnified Person and the Indemnifying Person in connection with the defence of the Third Party Claim; (d) the Third Party Claim does not relate to or otherwise arise in connection with any criminal or regulatory enforcement Action; and (e) the Indemnifying Person conducts the defence of the Third Party Claim in a reasonable and diligent manner. The Indemnified Person may retain separate co-counsel at its sole cost and expense and participate in the defence of the Third Party Claim; provided, however, that the Indemnifying Person will pay all the fees and expenses of separate co-counsel retained by the Indemnified Person that are incurred prior to the Indemnifying Person's assumption of control of the defence of the Third Party Claim.

9.6.3 Limitations on Indemnifying Person. Without the prior written consent of the Indemnified Person, which consent shall not be unreasonably withheld, conditioned or delayed, the Indemnifying Person will not consent to the entry of any judgment or enter into any compromise or settlement with respect to any Third Party Claim unless such judgment, compromise or settlement: (a) provides for the payment by the Indemnifying Person of money as sole relief for the claimant; (b) results in the full and general release of all Buyer Indemnified Persons or Seller Indemnified Persons, as applicable, from all Liabilities arising or relating to, or in connection with, the Third Party Claim; (c) involves no finding or admission of any violation of any Legal Requirements; and (d) does not harm, in any material respect, the goodwill or reputation of, such Indemnified Person or the Business of the Oldford Group Companies.

9.6.4 Indemnified Person's Control. If the Indemnifying Person does not deliver the notice contemplated by clause (a) of clause 9.6.2 within 20 days after the Indemnified Person has given notice of a Third Party Claim, or otherwise at any time fails to conduct the defence of the Third Party Claim in a reasonable and diligent manner, the Indemnified Person may assume the defence, and, if it receives the prior written consent of the Indemnifying Person, which consent shall not be unreasonably withheld, conditioned or delayed, the Indemnified Person may consent to the entry of any judgment or enter into any compromise or settlement with respect to such Third Party Claim. If such notice is given on a timely basis and the Indemnifying Person conducts the defence of the Third Party Claim in a reasonable and diligent manner but any other condition in clause 9.6.2 is not satisfied or becomes unsatisfied, then the Indemnified Person may defend, and may consent to the entry of any judgment or enter into any compromise or settlement with respect to, the Third Party Claim with the consent of the Indemnifying Person, which consent shall not be unreasonably delayed, conditioned or withheld. In the event that the Indemnified Person conducts the defence of the Third Party Claim pursuant to this clause 9.6.4, the Indemnifying Person will remain responsible for any and all other Losses that the Indemnified Person may incur or suffer resulting from, arising out of, relating to, in the nature of or caused by the Third Party Claim to the fullest extent provided in this clause 9 (but subject always to the limitations set out in this clause 9).

9.6.5 Reasonable Cooperation. The party or parties not in control of the prosecution or defence of a Third Party Claim will reasonably cooperate with the other party or parties in the conduct of the prosecution or defence of such Third Party Claim, including providing the party or parties in control of the prosecution or defence of such Third Party Claim with all documents and information reasonably requested by such party.

9.7 **No right of setoff**

For the elimination of doubt, without the prior written consent of the Sellers' Representative, Buyer shall not have a right to set off any amount to which it may be entitled from any of the Participating Equityholders against amounts otherwise payable by the Buyer to (or for the benefit of) any of the Participating Equityholders (including the Deferred Payment Amount or any amount payable pursuant to the Merger Consideration Adjustments).

9.8 **Indemnification procedure**

Claims for indemnification by any Buyer Indemnified Person pursuant to this clause 9 shall be made in accordance with the following procedures:

9.8.1 If any Buyer Indemnified Person determines in good faith that it is entitled to indemnification for Losses pursuant to this clause 9, Buyer shall give to the Sellers' Representative (with a copy to the Escrow Agent (if prior to the Release Date)) a Notice of Claim setting forth in reasonable detail the basis for such claim, and specifying the amount of Losses claimed (which, if not finally determined, may be a good faith estimate thereof) (the amount of Losses so claimed being hereinafter referred to as the "**Indemnity Claim Amount**").

9.8.2 The Sellers' Representative shall have 30 days to respond to such Notice of Claim, and, as applicable, accept or object to such Notice of Claim or the Indemnity Claim Amount set out therein by delivering to the Buyer (and the Escrow Agent if prior to the Release Date) a written notice either accepting the Notice of Claim (an "**Acceptance Notice**") or disputing the Notice of Claim (a "**Dispute Notice**"), which Dispute Notice shall contain, in reasonable detail, an explanation of the basis on which the Sellers' Representative disputes the applicable Notice of Claim, including, the portion of the Indemnity Claim Amount to which the Sellers' Representative objects. If the Sellers' Representative does not deliver an Acceptance Notice or a Dispute Notice to Buyer (and the Escrow Agent if prior to the Release Date) with respect to a Notice of Claim within such 30-day period, then such Notice of Claim shall be deemed to have been accepted in full by the Sellers' Representative, with the same effect as if the Sellers' Representative had timely delivered an Acceptance Notice, and, if prior to the Release Date, Buyer shall be entitled to the release of the funds in respect of the amount of Losses claimed in such Notice of Claim from the Indemnity Escrow Account in accordance with the procedures set forth in the Indemnity Escrow Agreement; provided that, if any such Losses are Tax Losses, then, to the extent that the Initial Tax Indemnity Threshold shall not then have been exceeded, funds in respect of the amount of such Tax Losses claimed in such Notice of Claim shall be paid to Buyer by the Sellers' Representative on behalf of the Sellers and, to the extent that such Tax Losses shall have caused the Initial Tax Indemnity Threshold to be exceeded, then funds in respect of such excess Tax Losses shall be

released to Buyer from the Indemnity Escrow Account in accordance with the procedures set forth in the Indemnity Escrow Agreement. If the Sellers' Representative delivers a Dispute Notice to Buyer (and the Escrow Agent if prior to the Release Date) within such 30-day period, then the Escrow Agent will not be authorised to disburse any funds in respect of the applicable Indemnity Claim Amount unless it has received either (a) a joint release directing the Escrow Agent to deliver such funds (including by setting forth instructions as to payment), which joint release Buyer and the Sellers' Representative agree to deliver to the Escrow Agent promptly following resolution of such Notice of Claim, or (b) an Arbitration Award, directing the Escrow Agent to disburse to such Buyer Indemnified Person such amount as set forth in such Arbitration Award.

9.8.3 If Sellers' Representative timely delivers a Dispute Notice as set out in clause 9.8.2, then Buyer and Sellers' Representative shall reasonably cooperate to resolve the matters set forth in such Dispute Notice as promptly as reasonably possible.

9.8.4 If any Buyer Indemnified Person is entitled to payment for any Losses pursuant to this clause 9, then such amount will first be satisfied from the Indemnity Escrow Account (except as set out in clause 9.8.2 with respect to Tax Losses in respect of the Initial Tax Indemnity Threshold) in accordance with the terms of this Deed and the Indemnity Escrow Agreement. If any Buyer Indemnified Person is entitled to payment for any Losses pursuant to this clause 9 in excess of the funds available in the Indemnity Escrow Account, then, subject to 3.4.3, such excess will be paid promptly after becoming due and payable in accordance with clause 3.4.4 by the relevant Participating Equityholders. Notwithstanding the first sentence of this clause 9.8.4, any Buyer Indemnified Person entitled to payment for any Losses in the case of fraud, wilful misconduct, intentional misrepresentation, or any breach of, or inaccuracy in, any Fundamental Warranty, or any breach, default or violation of any covenant or agreement of a Warranting Seller, an Oldford Group Company or the Sellers' Representative (other than an Excluded Covenant) may elect to recover from the Warranting Sellers directly, without first pursuing any amounts contained in the Indemnity Escrow Account, and each Warranting Seller agrees that, in the case of any such election, such Warranting Seller shall, subject to the provisions of this clause 9, clause 3.4.2 and 3.4.3, pay Buyer the full amount of such Losses for which such Warranting Seller is liable, irrespective of whether any amounts remain available in the Indemnity Escrow Account. The foregoing shall not apply in the event of fraud, wilful misconduct or intentional misrepresentation by a specific Seller or a breach by such Seller of any of his/her/its specific warranties, as set out in such Seller's Letter of Transmittal, or of a specific covenant by which such Seller is bound, in which case, such breaching Seller shall be liable to pay such Losses directly to the Buyer.

9.9 **Exclusive remedy**

From and after Completion, and except with respect to claims arising from breaches of the Fundamental Warranties, warranties contained in the Letters of Transmittal, fraud, intentional misrepresentation or wilful misconduct (or claims for equitable relief specifically provided for in this Deed), the provisions of this clause 9, clause 19 and Schedule 7 shall constitute the sole and exclusive remedy of the Indemnified Persons with respect to any Losses incurred by such Indemnified Persons in connection with this Deed.

9.10 **Knowledge and investigation**

The right of any Indemnified Person to indemnification pursuant to this clause 9 will not be affected by any investigation conducted or knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Deed or Completion, with respect to the accuracy or inaccuracy of any Warranty or performance of or compliance with any covenant or agreement referred to in clause 9.1, clause 9.2 or clause 9.4; provided, that Buyer represents and warrants that, to the Knowledge of Buyer, as of the date of this Deed, no breach of or inaccuracy exists with respect to any Warranty, covenant or agreement of Oldford or the Warranting Sellers; provided, however, that Buyer makes no such warranty with respect to the Fundamental Warranties or any warranty contained in the Letters of Transmittal.

9.11 **Remedies cumulative**

Subject to clause 9.9 and clause 9.14, the rights of each Buyer Indemnified Person and Seller Indemnified Person under this clause 9 are cumulative, and each Buyer Indemnified Person and Seller Indemnified Person, as the case may be, will have the right in any particular circumstance, in its sole discretion, to enforce any provision of this clause 9 without regard to the availability of a remedy under any other provision of this clause 9.

9.12 **Time of payment of claims**

Except as otherwise set forth in this clause 9, any amount owing by any person pursuant to this clause 9 shall be paid within five Business Days after final determination of such amount, in accordance with this Deed or as provided for in the Indemnity Escrow Agreement. For the elimination of doubt, if a claim for any Loss under this clause 9 is based upon a Liability which is contingent, no Indemnifying Person shall be liable to make any payment to any Indemnified Person in respect of such Loss unless and until such contingent Liability gives rise to an obligation to make a payment (but an Indemnified Person shall have the right to give notice of that claim pursuant to this clause 9 before such time).

9.13 **Mitigation; insurance reimbursement**

Each Indemnified Person shall use its commercially reasonable endeavours to mitigate any Losses after becoming aware of any event which would reasonably be expected to give rise to any Losses that are indemnifiable hereunder. The amount of any Losses for which indemnification is provided under this clause 9 shall be reduced by: (a) the insurance proceeds actually received with respect to any such Losses and (b) any other amount, if any, actually recovered from third parties (as a result of indemnification, contribution, Guarantee or otherwise) by the Indemnified Person (or its Affiliates) with respect to any Losses less, in the case of each of the immediately preceding clauses (a) and (b), all reasonable costs (including attorneys' fees) of the Indemnified Person to collect such proceeds and any likely or foreseeable increase in insurance premiums resulting from such recovery (each source named in clauses (a) and (b) of this clause 9.13, a "**Collateral Source**"); provided that such Indemnified Person shall nevertheless be entitled to bring a claim for indemnification under this clause 9 in respect of such Losses. If an Indemnified Person has received the payment required under this clause 9 from the applicable Indemnifying Person in respect of any Losses and later receives proceeds from a Collateral Source in respect of the same Losses, then such Indemnified Person shall hold such proceeds in trust for the benefit of the Indemnifying Person and shall pay to the Indemnifying Person, within 30 days after receipt, an amount equal to the excess of (i) the amount previously received by the Indemnified Person under this clause 9, plus the amount of proceeds actually received by such Indemnified Person from such Collateral Source (less all collection costs and any increase in insurance or other premiums arising therefrom or related thereto), over (ii) the amount of Losses with respect to

such claim which the Indemnified Person has become entitled to receive under this clause 9 (for the avoidance of doubt, if such payment is made to the Participating Equityholders, it will be made in accordance with each Participating Equityholder's Transaction Percentage).

9.14 **No multiple recovery**

No Indemnified Person shall be entitled to recover from an Indemnifying Person more than once for any particular Loss, nor shall any Indemnifying Person be liable or otherwise obligated to indemnify any or all Indemnified Persons for the same Loss more than once (*i.e.*, no double counting). For the elimination of doubt, no indemnification claims may be made under this clause 9 to the extent the Loss incurred is (a) paid for in the Merger Consideration Adjustments or (b) is explicitly and specifically reserved in the Accounts.

9.15 **Subrogation**

After any Indemnifying Person makes payment in full to an Indemnified Person in respect of a claim pursuant to this clause 9, such Indemnifying Person shall, only to the extent of such payment, be subrogated to all rights (if any) of the Indemnified Person against any third party (other than the Indemnified Person's financing sources (including the Financing Sources)) in connection with the Losses to which such claim relates. Without limiting the generality of the preceding sentence, the Indemnified Person, upon receiving an indemnification payment pursuant to the preceding sentence shall, upon the written request of the Indemnifying Person, execute any instrument reasonably necessary to evidence such subrogation rights. The Indemnifying Person shall notify the Indemnified Person in writing in advance prior to making any claim against each such third party based on this subrogation provision.

9.16 **Oldford's indemnification obligations**

9.16.1 Except as set forth in clause 10.4 or the indemnity letters attached as Exhibit L hereto, Participating Equityholders' rights to seek indemnification, contribution or payment of any amount from any Oldford Group Company, whether or not arising in respect of (a) the Contemplated Transactions (including in respect of any indemnification obligations that Participating Equityholders are required to make to Buyer or any other Buyer Indemnified Person pursuant to a Transaction Document), (b) any Contractual Obligation that exists or may have existed between an Oldford Group Company and any such Participating Equityholder or (c) any other claim that a Participating Equityholder has or may have against an Oldford Group Company arising under any theory of Law or equity, shall terminate in all respects upon Completion. At Completion, each Seller does hereby release the Oldford Group Companies from any such claim that such Seller has or may have had against any such Oldford Group Company. Without limiting the generality of the foregoing, no Seller shall make any claim against any Oldford Group Company or any officer, employee, adviser, agent or other Representative thereof or thereto on whom it may have relied before agreeing to any terms of any Transaction Document or authorising any statement in the Disclosure Letter; provided, that no Seller shall be precluded from claiming against any other Seller under any right of contribution or indemnity to which such claiming Seller may be entitled.

9.16.2 If any Oldford Group Company suffers, incurs or otherwise becomes subject to any Losses as a result of or in connection with any inaccuracy in or breach of any Warranty, covenant or obligation of such Oldford Group Company or any Seller hereunder, then (without limiting any of the rights of any Oldford Group Company, Buyer or any other Buyer Indemnified Persons as Indemnified Persons) Buyer shall also be deemed, by virtue of its ownership, directly or indirectly, of the Equity Securities of such Oldford

Group Company, to have incurred Losses as a result of and in connection with such inaccuracy or breach but in any case the total amount both Buyer and such Oldford Group Company may recover shall not exceed the amount of Losses (and subject further to all other limitations set out in this clause 9).

9.16.3 At Completion, Oldford (on its behalf and on behalf of the Oldford Group Companies) does hereby irrevocably and unconditionally forever release the Sellers and the persons listed in Exhibit L from any claim that any Oldford Group Company has or may have had against any such Seller or person (in such Seller's or person's capacity as a shareholder or as a director, officer or employee of any Oldford Group Company), other than as expressly contemplated by this Deed and except with respect to derivative claims against any person who served as a director or officer of any Oldford Group Company in respect of any breach of a fiduciary duty owed by such person to such Oldford Group Company.

9.17 **Merger Consideration Adjustment**

Payments received by any person pursuant to this clause 9 shall be treated by the parties as an adjustment to the Merger Consideration for Tax purposes.

9.18 **No Liability for post-Completion Taxes**

For the elimination of doubt, the Participating Equityholders shall have no Liability for Taxes for any taxable period beginning after the Completion Date and the portion of any Straddle Period beginning after the Completion Date (as determined in accordance with clause 1.1(c) of the Tax Covenant).

9.19 **Excluded Tax Events**

Notwithstanding any provision of this Deed to the contrary, the Participating Equityholders shall not have any Liability hereunder whatsoever as a result of the occurrence of any Excluded Tax Event, regardless of whether such Excluded Tax Event: (a) caused a breach of a Warranty (including a Tax Warranty), a breach of covenant (including the Tax Covenant) or a breach of any other provision in this Deed, or (b) raises any obligation for indemnification or reimbursement pursuant to the terms of this Deed.

9.20 **No Liability for Certain Cessations of Operations**

For the elimination of doubt, the parties acknowledge that the cessation or prohibition of the operation of the Business or the elimination of any of the Oldford Group Companies' ability to offer gaming products or services in any jurisdiction from which the Oldford Group Companies derived less than 5% of the gross gaming revenues of the Oldford Group Companies for the year ended December 31, 2013, shall not, in and of itself, constitute a breach of a Warranty, covenant or other obligation of Sellers or any Oldford Group Company under this Deed; and no Buyer Indemnified Person shall be entitled to seek indemnity under this clause 9 for a breach of any Warranty, covenant or other obligation of Sellers or any Oldford Group Company under this Deed related to such cessation, prohibition or elimination unless such breach resulted from the act, omission or transaction of any Seller or any Oldford Group Company.

10. **CERTAIN COVENANTS**

10.1 **Confidentiality**

10.1.1 Each Warranting Seller acknowledges that the success of the Business and the Oldford Group Companies after Completion depends upon the continued preservation of the confidentiality of certain information possessed by such

Warranting Seller, that the preservation of the confidentiality of such information by such Warranting Seller is an essential premise of the bargain between such Warranting Seller and Buyer, and that Buyer would be unwilling to enter into this Deed in the absence of this clause 10.1. Accordingly, each Warranting Seller (severally and not jointly with the other Warranting Seller) hereby agrees with Buyer that such Warranting Seller and its Affiliates will not, and that such Warranting Seller will cause its Affiliates to not, at any time on or after the Completion Date, directly or indirectly, without the prior written consent of Buyer, disclose or use, any Confidential Information involving or relating to the Business or the Oldford Group Companies, including (a) customer, partners, contract parties and supplier information, including lists of names and addresses of customers, partners, contract parties and suppliers of the Oldford Group Companies; (b) business plans and strategies, compensation plans, compensation information, sales plans and strategies, pricing and other terms applicable to transactions between existing and prospective customers, suppliers or business associates; (c) market research and databases, sources of leads and methods of obtaining new business, and methods of purchasing, marketing, selling, performing and pricing products and services employed by any Oldford Group Company; (d) information concerning the Intellectual Property and Software including configuration and architecture, technical data, networks, methods, practices, standards and capacities of any Oldford Group Company's information systems; (e) information identified as confidential and/or proprietary in internal documents of an Oldford Group Company; and (f) all information that would be a trade secret under any applicable Law; provided, however, that the information and/or disclosure subject to the foregoing provisions of this sentence will not include (i) disclosure that has been consented to in writing by the Buyer, (ii) any information generally available to, or known by, the public (other than as a result of disclosure in violation hereof), (iii) such disclosure that is required by an applicable Legal Requirement or Relevant Authority or the regulations of any stock exchange, if the receiving party gives the Buyer prompt notice thereof (to the extent legally permitted), discloses only that portion of the information that is legally required to be disclosed and takes no action to oppose efforts to seek confidential treatment of such information, (iv) such disclosure is required for such party to enforce this Deed or defend or preserve its rights hereunder or is reasonably required in connection with any litigation against or involving such party to enforce this Deed or defend or preserve its right hereunder, or (v) such disclosure that is required to obtain Tax or other clearances or consents from applicable Relevant Authorities, or such disclosure is necessary or required in connection with Tax filings; and provided, further, that the provisions of this clause 10.1.1 will not prohibit any retention of copies of records or disclosure (A) required by any applicable Legal Requirement so long as reasonable prior notice is given to Buyer of such retention and disclosure and a reasonable opportunity is afforded to Buyer to contest the same, (B) made in connection with the enforcement of any right or remedy relating to, or the performance of any obligation arising under, this Deed or the Contemplated Transactions, or (C) required in connection with any of the other exceptions for disclosure set out in sub-clauses (i)-(v) above.

10.1.2 The foregoing shall not restrict the ability of Oldford or any Warranting Seller to disclose information to their Representatives who need to know the information for purposes of the Contemplated Transactions or for any of the other purposes set out in clause 10.1.1, and who are advised of the

confidential and/or proprietary nature of such information and are bound by confidentiality obligations (which may be contained in such Representative's engagement agreements or rules of professional conduct) that prohibit the further use and disclosure of the Confidential Information; provided, that each Warranting Seller shall remain responsible for any breach or violation of the provisions of clause 10.1 by such Representatives.

10.1.3 The provisions of the Non-Disclosure Agreement shall continue to be in full force and effect and shall apply to all information furnished by the Oldford Group Companies and the Sellers to Buyer and its Representatives until Completion (whereupon such provisions shall lapse); provided, however, that if this Deed is terminated by either party in accordance with clause 8, then the Non-Disclosure Agreement shall continue to be in full force and effect and shall apply to all information furnished by the Oldford Group Companies and the Sellers to Buyer and its Representatives prior to termination; provided, further, that disclosures during the Interim Period pursuant to, and in accordance with, the provisions of Schedule 4 shall be expressly permitted.

10.1.4 If this Deed is terminated by either party in accordance with clause 8, Buyer shall not, for the benefit of the Sellers and the Oldford Group Companies, either alone or in conjunction with or on behalf of any other person, and shall procure that no Affiliate of Buyer, at any time during the period of two years following the date of such termination, solicit or contact with a view to his or her engagement or employment by another person, an officer, employee or manager of any Oldford Group Company or a person who was an officer, employee or manager of any such Oldford Group Company at any time during the six months prior to the date of this Deed, whether or not such person would commit a breach of his or her employment contract by reason of leaving service. Notwithstanding the foregoing, in the event of such termination, Buyer shall be able to advertise job openings by use of newspapers, magazines, the Internet and other media, as well as engage recruitment agencies or companies not directed at the Oldford Group Companies or their individual employees, consultants or independent contractors.

10.2 **Cooperation regarding financial statements**

Until April 30, 2015, the Warranting Sellers shall, if they are reasonably asked to so do by Buyer, at the sole expense of Buyer (and only to the extent that the Oldford Group Companies and their personnel are not able to adequately do so without the assistance of the Warranting Sellers), use their reasonable endeavours to assist and cooperate with the endeavours of Buyer and its accountants and auditors to prepare and audit any financial statements (including pro forma financial statements) which relate to the Business and the period prior to Completion that Buyer will be required to prepare, file or furnish pursuant to any applicable securities laws or exchange requirements, including any rules or regulations of the Toronto Stock Exchange ("TSX") or other stock exchange, or under any other applicable Laws.

10.3 **Litigation support**

If Buyer or any Oldford Group Company is (a) actively contesting or defending against any Action in connection with any fact, situation, circumstance, status, condition, activity, practice, plan, occurrence, event, incident, action, failure to act or transaction, or (b) taking any action that Buyer or any Oldford Group Company reasonably deems necessary or appropriate under any Order entered against any Oldford Group Company (including the Oldford Stipulation), which, in each case of (a) or (b) above, exists or relates to an event that occurred on or prior

to the Completion Date involving an Oldford Group Company or the Business, then, at any time prior to the second anniversary of the Completion Date, the Warranting Sellers and their Affiliates will, at the cost and expense of Buyer (unless and to the extent Buyer is entitled to indemnification therefor hereunder, in which event such costs and expenses shall be borne by the Warranting Sellers), use reasonable endeavours to cooperate in such contest or defence (including by providing such testimony as may be reasonably necessary in connection with such contest or defence) and render such assistance as may be reasonably requested by Buyer to comply with any such Order, except that the Warranting Sellers shall not be required to do any of the foregoing in the event that such cooperation, testimony or other action shall conflict with their own Actions, investigations, proceedings or interests.

10.4 **Directors' and officers' Liability**

Buyer agrees that the indemnification obligations (including exculpation rights) set forth in the Organisational Documents of the Oldford Group Companies shall survive Completion and shall not be amended, repealed or otherwise modified for a period of at least seven years after Completion in any manner that would adversely affect the rights thereunder of any person who on or prior to Completion was a director or officer, and all such rights shall be observed by the Oldford Group Companies and Buyer. Without derogating from the foregoing, following Completion, Oldford shall (and the Buyer shall procure that Oldford shall) irrevocably and unconditionally indemnify and hold harmless each of the Warranting Sellers and the persons listed on Exhibit L for their actions or defaults prior to Completion (other than in connection with this Deed), in their capacity as employees, officers, directors or shareholders of the Oldford Group Companies, in accordance with the terms of the indemnity letters attached as Exhibit L hereto.

10.5 **Use of Proceeds**

[INTENTIONALLY DELETED].

10.6 **Shareholders' Meeting; Related Notices**

10.6.1 As soon as reasonably practicable but in no event later than the 45th day following the date of this Deed, Oldford shall hold a meeting of its shareholders for the purpose of seeking Oldford Shareholder Approval of this Deed, including the Scheme of Merger (the "**Shareholders' Meeting**"). Oldford shall prepare and, not less than 14 days prior to the date of the Shareholders' Meeting (unless a longer notice period is required by Oldford's Organisational Documents), deliver to each Oldford shareholder of record on such mailing date a notice of the Shareholders' Meeting, together with a copy of the Scheme of Merger, which notice shall comply in all respects with the requirements of the Companies Act, including Section 153(6)(c) thereof, and Oldford's Organisational Documents (the "**Shareholders' Meeting Notice**"). Oldford shall provide Buyer, Buyer Parent and their counsel a reasonable opportunity to review the Shareholders' Meeting Notice before Oldford mails it to Oldford's shareholders, and Oldford shall give reasonable and good faith consideration to all additions, deletions or changes suggested thereto by Buyer, Buyer Parent and their counsel.

10.6.2 Not less than 21 days prior to the filing of the Scheme of Merger with the Registrar (the "**Merger Notice Period**"), Oldford shall, in accordance with Section 154(2)(c) of the Companies Act, deliver a notice to each of its shareholders, which notice shall state that Oldford intends to participate in the Merger and stating that the Scheme of Merger may be inspected at such office of the registered agent of Oldford and Merger Sub at such reasonable times specified in such notice (the "**Notice of Merger**") and publish such notice in two newspapers published in the Isle of Man. Oldford shall provide Buyer, Buyer Parent and their counsel a reasonable opportunity to review the Notice of Merger before Oldford mails it to

Oldford's shareholders, and Oldford shall give reasonable and good faith consideration to all additions, deletions or changes suggested thereto by Buyer, Buyer Parent and their counsel.

10.7 **Buyer Parent Shareholders' Meeting**

As soon as reasonably practicable but in no event later than the 45th day following the date of this Deed, Buyer Parent shall hold a meeting of its shareholders for the purpose of seeking the requisite approval of its shareholders required for Buyer Parent to consummate the Contemplated Transactions.

11. **RESTRICTIONS ON WARRANTING SELLERS' BUSINESS ACTIVITIES**

11.1 **Warranting Sellers' undertakings**

Each Warranting Seller covenants with Buyer, for the benefit of Buyer and each Oldford Group Company, that it shall not, either alone or in conjunction with or on behalf of any other person, and shall procure that no Affiliate of such Warranting Seller shall, do any of the following things:

11.1.1 neither pending Completion nor at any time during the period of three years following the Completion Date, directly or indirectly, carry on, be engaged, concerned or interested in or assist a Competing Business anywhere in the world;

11.1.2 neither pending Completion nor at any time during the period of three years following the Completion Date, do or say anything which purpose, intent or likely effect is to harm any Oldford Group Company's goodwill or reputation (as subsisting at the date of this Deed), and otherwise not make any public disparaging or derogatory statements concerning Buyer, or which purpose or intent is to lead a person who has dealt with any Oldford Group Company at any time during the nine months prior to the date of this Deed to cease to deal with any such Oldford Group Company on substantially equivalent terms to those previously offered or at all;

11.1.3 neither pending Completion nor at any time during the period of two years following the Completion Date, solicit or contact with a view to his or her engagement or employment by another person, an officer, employee or manager of any Oldford Group Company or a person who was an officer, employee or manager of any such Oldford Group Company at any time during the six months prior to the date of this Deed, whether or not such person would commit a breach of his or her employment contract by reason of leaving service; or

11.1.4 assist any other person to do any of the foregoing things.

11.2 **No holding out**

No Warranting Seller shall, and each Warranting Seller shall procure that no Affiliate or beneficial owner of such Warranting Seller shall, at any time after Completion:

11.2.1 intentionally give the impression (or permit or authorise another person to give the impression) that it is connected with any Oldford Group Company following Completion or that it has any authority to act on behalf of any such Oldford Group Company;

11.2.2 in any way, whether directly or indirectly, be concerned or knowingly take part in the carrying on of any business which uses any of the names or words (alone, together or in conjunction with any other words or symbols)

used by any Oldford Group Company at any time during the five years before the Completion Date or any colourable or phonetic imitation thereof in any combination, manner or form or any other name which is so similar to a name by which any Oldford Group Company or a product or service supplied by any such Oldford Group Company is known, or has been known at any time during the five years before the Completion Date, in each case as to reasonably be capable of suggesting an association of any kind with any such Oldford Group Company or any such product or service; or

11.2.3 in any way, whether directly or indirectly, be concerned or take part in the carrying on of any business which uses any Company Intellectual Property or any trade or service mark, business or domain name, distinctive mark, style, design or logo which, as at the date of this Deed, is or had been owned by any Oldford Group Company or anything which is reasonably capable of confusion with such mark, name, design or logo.

11.3 **Independent undertakings, etc.**

11.3.1 The restrictions in clauses 11.1 and 11.2 operate as separate restrictions in relation to each Oldford Group Company.

11.3.2 The restrictions in clauses 11.1 and 11.2, taken separately and together, are not more onerous or extensive than is necessary to protect the value of the Shares and the ability of Buyer to sell, or procure the sale of, the Shares or Business (or any part thereof) of any Oldford Group Company, and are also fair and reasonable, having regard to all the circumstances, including the amount payable for the Shares.

11.3.3 In the event that a court or other competent authority holds that any of the restrictions in clauses 11.1 or 11.2 would be unenforceable unless some part of such clause was deleted or its scope were reduced (by being limited to a specific type of business, by its duration or geographic extent being reduced or in any other way), the restriction shall have effect, and shall be deemed always to have had effect, subject to such alterations as are necessary to prevent it from being unenforceable.

11.3.4 Each of the restrictions in clauses 11.1 or 11.2 is separate and entirely independent from the others so that it shall not be rendered unenforceable if (despite the foregoing) all or any of the other restrictions are unenforceable.

11.3.5 The Warranting Sellers have entered into the restrictions in this clause 11 having been separately legally advised.

11.4 **Certain exclusions**

Notwithstanding clause 11.1 and clause 11.2, none of the following activities shall constitute a violation of clause 11.1 or clause 11.2: (a) the advertisement of job openings by use of newspapers, magazines, the Internet and other media, as well as the engagement of recruitment agencies or companies not directed at Buyer, the Oldford Group Companies or any of their respective Affiliates or individual prospective employees, consultants or independent contractors; or (b) acquiring through open market purchases and owning, solely as a passive investment, 5% or less in the aggregate of the Equity Securities of any class of publicly traded securities of a person that is engaged in a Competing Business.

11.5 **Buyer’s non-disparagement obligation**

Buyer shall (and shall procure that the Oldford Group Companies shall) neither pending Completion nor at any time following the Completion Date, do or say anything which purpose, intent or likely effect is to harm the goodwill or reputation (as subsisting at the date of this

Deed) of any of the Sellers or the Oldford Group Company's officers, directors and employees who are listed on Exhibit N (collectively, the "**Non-disparaged Persons**"), and otherwise not make any public disparaging or derogatory statements concerning any of the Non-disparaged Persons.

11.6 **Application of the Third Parties Act**

Each Oldford Group Company may enforce the provisions of clauses 11.1 to 11.4 subject to and in accordance with the provisions of the Third Parties Act. Each Non-disparaged Person may enforce the provisions of clause 11.5 subject to and in accordance with the provisions of the Third Parties Act.

11.7 **Consideration**

Buyer and Sellers confirm that no portion of the Merger Consideration is attributable to the non-competition and non-solicitation covenants set forth in clauses 11.1 and 11.2. Buyer and Sellers confirm that these restrictive covenants and agreements have been granted to maintain and preserve the fair market value of the Shares.

12. **ENTIRE AGREEMENT**

12.1 The Transaction Documents together constitute the whole and only agreement between the parties in relation to the Contemplated Transactions and supersede any previous agreement whether written or oral between all or any of the parties in relation to that subject matter (including, the Oldford Letter of Intent signed among the Warranting Sellers and Buyer Parent on 13 January 2014, and which is hereby terminated and of no further force and effect).

12.2 Each party acknowledges that in agreeing to enter into this Deed, it has not relied on any representation or warranty made by or on behalf of any other party, except as set forth in this Deed.

12.3 Nothing in this clause limits or excludes any liability for fraud.

13. **INVALIDITY**

If at any time all or any part of any provision of this Deed is or becomes illegal, invalid or unenforceable in any respect under any Law, such action shall not affect or impair:

13.1.1 the legality, validity or enforceability in that jurisdiction of the remainder of that provision or all other provisions of this Deed; or

13.1.2 the legality, validity or enforceability under the Law of any other jurisdiction of that provision or ail other provisions of this Deed.

14. **AMENDMENTS, WAIVERS AND RIGHTS**

14.1 **Amendments**

No amendment or variation of the terms of this Deed shall be effective unless it is made or confirmed in a written document signed by, or on behalf of, each party.

14.2 **Delay in exercise/non-exercise of rights**

Except as expressly set out in this Deed, no delay in exercising, or non-exercise, by a party of any right, power or remedy provided by Law or under this Deed impairs, or constitutes a waiver or release of, that right, power or remedy.

14.3 **Waivers**

Any waiver or release must be specifically granted in writing signed by the party granting it and shall:

14.3.1 be confined to the specific circumstances in which it is given;

14.3.2 not affect any other enforcement of the same or any other right; and

14.3.3 unless it is expressed to be irrevocable, be revocable at any time in writing.

To the extent any waiver by Buyer related to clauses 8, 15, 19, and 22 is adverse to the rights of the Financing Sources, the prior written consent of the Financing Sources shall be required before such waiver is rendered effective.

14.4 **Exercise of rights**

No single or partial exercise of any right, power or remedy provided by Law or under this Deed prevents any other or further exercise of it or the exercise of any other right, power or remedy.

14.5 **Rights and remedies cumulative**

Except as expressly set out in this Deed, the rights, powers and remedies of each party under this Deed are cumulative.

14.6 **Survival**

Any provision of this Deed which is capable of being performed after, but which has not been performed at or before, Completion and all Warranties, covenants and other undertakings contained in, or entered into pursuant to, this Deed shall remain in full force and effect notwithstanding Completion.

15. **ASSIGNMENT**

This Deed is personal to the Sellers, Buyer, Buyer Parent and Merger Sub. Accordingly, none of Buyer, Buyer Parent, Merger Sub or any Seller shall assign, transfer, declare a trust for the benefit of, or in any other way alienate, or create rights over, any of its rights or benefits under this Deed, whether in whole or in part; provided that, Buyer may (a) assign its rights (but not its obligations) under this Deed and the other Transaction Documents to any subsidiary that is wholly-owned by it as of the Completion Date so long as such wholly-owned assignee agrees to be bound by all the terms and conditions of this Deed, and (b) collaterally assign any or all of its rights and obligations under this Deed to any of its Financing Sources providing Financing and any agent for such Financing Sources as security for the Financing.

16. **THIRD PARTY RIGHTS**

16.1 Save for the Third Party Beneficiaries and in accordance with clause 16.2, the parties do not intend that any term of this Deed should be enforceable by virtue of the Third Parties Act by any person who is not a party to this Deed. Nothing in this clause 16 affects any right or remedy of a third party which exists or is available apart from the Third Parties Act.

16.2 The Third Party Beneficiaries may enforce the relevant provisions of this Deed, subject to and in accordance with the Contracts (Rights of Third Parties) Act 1999 provided that:

16.2.1 this Deed may be varied from time to time or rescinded without the consent of all or any of the Third Party Beneficiaries and s2(1)(a) to (c) Contracts (Rights of Third Parties) Act 1999 shall not apply to this Deed;

16.2.2 none of the Third Party Beneficiaries may assign any of their respective rights under any of those clauses either in whole or in part; and

16.2.3 neither Oldford nor any Oldford Group Company nor any officer, employee, agent or adviser thereof or thereto may take any steps to enforce all or any of its rights under clauses 11.1 to 11.4 against any of the Sellers without Buyer's prior written consent and without first having appointed Buyer as its agent to have sole conduct of all proceedings involving that Oldford Group Company.

17.4 **Notice to personal representatives**

If a party (being an individual) dies, any notice addressed to the deceased or to his personal representatives and sent or delivered in accordance with clause 17.3 shall, pending receipt by the other parties of a certified copy of the grant of representation to the estate of the deceased, be deemed sufficient service of that notice on the deceased and his personal representatives for all purposes and shall be as effectual as if the deceased were still living.

18. **COUNTERPARTS**

18.1 **Any number of counterparts**

This Deed may be executed in any number of counterparts, and by the parties on separate counterparts, but shall not be effective until each of the parties has executed at least one counterpart.

18.2 **Each counterpart an original; electronic signatures**

Each counterpart constitutes an original of this Deed, but all the counterparts together constitute but one and the same instrument. Facsimile or other electronically scanned and transmitted signatures, including by email attachment, shall be deemed originals for all purposes of this Deed.

19. **GOVERNING LAW AND JURISDICTION**

19.1 **Governing law**

This Deed, and any dispute or claim arising out of, or in connection with, it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with, the law of England and Wales.

19.2 **Dispute resolution**

19.2.1 Unless where otherwise expressly specified herein, any dispute arising out of, or in connection with, this Deed, including in respect of the Indemnity Escrow Agreement or any other Transaction Document, including any question regarding any of their existence, validity or termination, shall be submitted to arbitration at the request of, and upon written notice by, any disputing party and shall be finally determined by arbitration pursuant to the rules of the London Court of International Arbitration ("**LCIA**") which rules are deemed to be incorporated by reference into this clause. The seat or legal place of arbitration shall be London, England, and the arbitration

proceedings shall take place in London, England, before a panel of three arbitrators (the "**Panel**"), and shall be conducted in English. The Panel members shall be appointed as follows: (a) each of the Sellers' Representative and Buyer may appoint one (1) member at its own discretion; and (b) an additional member shall be jointly selected by the Sellers' Representative and Buyer. If the Sellers' Representative and Buyer are unable to agree on the identity of a third Panel member, such third Panel member shall be selected by the LCIA. The decision of the arbitrators (an "**Arbitration Award**") shall be binding and final on all the parties and not be subject to any appeal under any Law governing such procedures in respect of such arbitration proceedings.

19.2.2 If any witness required for such proceedings who is a Seller, or an employee, consultant or agent of any of the Oldford Group Companies or Buyer is located in a jurisdiction outside of London (a "Remote Location"), the Sellers' Representative and Buyer will meet with the Panel at the time of the proceeding to agree on an acceptable process of obtaining such witness's testimony, which may include taking testimony in such Remote Location via a live hearing, video or other recording, video conference or affidavit.

19.2.3 Notwithstanding anything in this Deed to the contrary, each of the parties hereto agrees that it will not bring or support any action, cause of action, claim, cross-claim or third-party claim of any kind or description, whether in law or in equity, whether in contract in tort or otherwise, against the Financing Sources in any way relating to this Deed or any of the transactions contemplated by this Deed, including any dispute arising out of or relating in any way to the Financing Sources, the Commitment Documents or the performance thereof in any forum other than a state or federal court sitting in the Borough of Manhattan in the City of New York, in the State of New York, United States. For the elimination of doubt, any dispute arising out of, or in connection with, this Deed or the Contemplated Transaction between the parties hereto shall be brought and conducted in accordance with clause 19.2.1.

19.3 **Specific performance; injunctive relief**

19.3.1 The parties hereto agree that irreparable damage would occur if any provision of this Deed were not performed by each party in accordance with the specific terms hereof or were otherwise breached by such party. It is accordingly agreed that each party shall be entitled, without posting a bond or similar indemnity, to an injunction or injunctions to prevent breaches of this Deed or to specifically enforce the performance of the terms and provisions hereof in any court or arbitral tribunal located in London, England, in addition to any other remedy to which such party may be entitled at law or in equity. The parties agree not to oppose the granting of an injunction, specific performance or other equitable relief when expressly available pursuant to the terms of this Deed on the basis that such party has an adequate remedy at law or an award of specific performance is not an appropriate remedy for any reason at law or in equity.

19.3.2 Buyer, Oldford and the Warranting Sellers acknowledge and agree that the agreements contained in this clause 19.3 are an integral part of the Contemplated Transactions, and that, without these agreements, none of Buyer, Oldford and the Warranting Sellers would enter into this Deed. The

parties hereto acknowledge that the damages resulting from a party's failure to complete the Contemplated Transactions in accordance with the terms of this Deed are uncertain and incapable of accurate calculation and that specific performance is a reasonable and appropriate remedy in the event such party breaches its obligations under this Deed.

19.3.3 Notwithstanding the foregoing clauses 19.3.1 and 19.3.2, in no event shall Oldford or any Seller have the right to cause the Buyer to effect Completion, and Oldford and Sellers shall not be entitled to an injunction or injunctions or specific performance or other equitable relief in respect of causing Completion,

19.4 **No public announcements**

No public announcement or disclosure will be made by any party with respect to the subject matter of this Deed or the Contemplated Transactions without the prior written consent of Buyer and the Sellers' Representative. Additionally, Buyer and the Sellers' Representative shall agree on the form and content of any public announcement or disclosure with respect to this Deed or the Contemplated Transactions prior to the issuance thereof, including providing each other the opportunity to review and comment upon, and agree upon, any such public announcement or disclosure, and no such public announcement or disclosure shall be issued prior to such consultation and agreement; provided, however, that the provisions of this clause 19.4 will not prohibit (a) any disclosure required by any applicable Legal Requirements, including any disclosure necessary or desirable to provide proper disclosure under the securities laws or under any rules or regulations of any securities exchange on which the securities of such party may be listed or traded (provided that in such event, and to the extent permissible under applicable Legal Requirements, the announcing party shall use all reasonable endeavours to consult with the other party(ies) as to the content and form of any such public announcement or disclosure and consider in good faith any comments the other party(ies) may have), or (b) any disclosure made in connection with the enforcement of any right or remedy relating to, or the performance of any obligation arising under, this Deed or the Contemplated Transactions.

20. **FEES AND COSTS**

Except as otherwise explicitly provided for in this Deed, all fees and expenses incurred in connection with the Contemplated Transactions shall be paid by the party incurring such fees or expenses, whether or not the Contemplated Transactions are consummated.

21. **AGENT FOR SERVICE OF PROCESS**

21.1 **Maintenance of agent**

The Sellers' Representative, Oldford, Buyer, Merger Sub and Buyer Parent shall at all times maintain an agent for receipt of service of process in England.

21.2 **Appointment of agent**

21.2.1 the Sellers' Representative appoints Wiggin LLP, located at 10th Floor, Met Building, 22 Percy Street, London W1T 2BU;

21.2.2 Oldford appoints Wiggin LLP, located at 10th Floor, Met Building, 22 Percy Street, London W1T 2BU; and

21.2.3 Buyer, Buyer Parent and Merger Sub appoint Trident Company Services (UK) Limited, located at 7 Welbeck Street, London, WIG 9YE.

as their respective agents for the purpose of service of process in England.

21.3 **Service of documents**

Any Service Document shall be deemed to have been duly served if marked for the attention of Trident Company Services (UK) Limited at 7 Welbeck Street, London, WIG 9YE or Wiggin LLP, located at 10th Floor, Met Building, 22 Percy Street, London W1T 2BU, as the case may be, and:

21.3.1 left at the specified address, in which case the Service Document shall, unless there is evidence that it was received earlier, be deemed to have been duly served at the time it is left; or

21.3.2 sent by commercial courier to the specified address, in which case the Service Document shall, unless there is evidence that it was received earlier, be deemed to have been duly served on the date and at the time of signature of the courier's delivery receipt,

provided, that if any Service Document would otherwise be duly served on a non-Business Day or after 17:00 hours on a Business Day, it shall instead be duly served at 09:00 hours on the next Business Day.

21.4 **Replacement agent(s)**

If for any reason an agent appointed under this clause 21 ceases to act as such or ceases to have an address in England:

21.4.1 the relevant party shall promptly appoint a replacement agent having an address for service in England and notify the remaining parties of the appointment and the name and address of the replacement agent; and

21.4.2 failing such appointment and notification within five Business Days of such cessation, the remaining parties shall be entitled by notice to the relevant party to appoint a replacement agent to act on the relevant party's behalf,

and the provisions of this clause 21 applying to service on an agent apply equally to service on a replacement agent.

21.5 **Buyer Parent Guarantee**

21.5.1 Buyer Parent hereby absolutely, unconditionally and irrevocably:

(a) guarantees, as a primary obligor and not merely as a surety, to Oldford and the Sellers (i) the full and punctual payment when due of all applicable payment obligations of Buyer and Merger Sub under this Deed, including the Merger Consideration and the Deferred Payment Amount, and (ii) the full and punctual observance and performance of all of Buyer's and Merger Sub's liabilities and obligations under, or arising out of, this Deed; and

(b) agrees that the Sellers and the Sellers' Representative may enforce their, and other Participating Equityholders', rights against Buyer Parent without first exercising any rights or remedies against Buyer or Merger Sub.

21.5.2 Buyer Parent agrees that its obligations pursuant to this clause 21.5 shall not be released or discharged, in whole or in part, or otherwise affected by: (a) the failure of the Sellers to assert any claim or demand or to enforce any right or remedy against Buyer or Merger Sub; (b) any change in the time, place or manner of payment of any amounts Buyer or Merger Sub is required to pay or performance of Buyer's or Merger Sub's obligations or any rescission, waiver, compromise, consolidation or other amendment or modification of any of the terms or provisions of this Deed or any other Transaction Document, other than to the extent agreed to by the Sellers' Representative in advance; (c) the addition, substitution or release of any person (other than Buyer or Merger Sub) interested in the Contemplated Transactions; (d) any change in the Organisational Documents or name of Buyer, Merger Sub the Oldford Group Companies or any other person or any change of control in any of them; (e) any insolvency, bankruptcy, reorganisation, liquidation, winding-up, incapacity, disability or other similar proceeding affecting Buyer or Merger Sub; (f) the existence of any claim, set-off or other rights which Buyer Parent may have at any time against Buyer or Merger Sub or any of their respective Affiliates; or (g) the adequacy of any other means the Sellers may have of obtaining payment of the Buyer's or Merger Sub's applicable payment obligations under this Deed or the other Transaction Documents, including the Confirmed Completion Date Purchase Price and the Deferred Payment Amount.

21.5.3 Buyer Parent agrees that Oldford, the Warranting Sellers and Buyer may at any time, and from time to time, without notice to or further consent of Buyer Parent, change the time of payment or performance of any obligations of Buyer or Merger Sub under this Deed in accordance with the terms hereof and thereof, and may also make any agreement with Buyer or Merger Sub for the extension, renewal, payment, compromise, discharge, amendment, change or release thereof, in whole or in part, or for any modification of the terms thereof, without in any way impairing or affecting the guarantee set forth in this clause 21.5. Buyer Parent waives notice of the acceptance of this guarantee, presentment, demand for payment, notice of dishonour and protest.

21.5.4 No failure on the part of a Seller to exercise, and no delay in exercising, any right, remedy or power pursuant to this clause 21.5 shall operate as a waiver thereof, nor shall any single or partial exercise by such Seller of any right, remedy or power pursuant to this clause 21.5 preclude any other or future exercise of any right, remedy or power pursuant to this clause 21.5. Each and every right, remedy and power hereby granted to the Sellers pursuant to this clause 21.5 or allowed to them by Law or other agreement shall be cumulative and not exclusive of any other, and may be exercised by the Sellers at any time or from time to time.

21.5.5 Buyer Parent acknowledges that its guarantee set out in this clause 21.5 is delivered to the Warranting Sellers and Oldford with the intention of inducing the Warranting Sellers and Oldford to enter into this Deed and that the Warranting Sellers and Oldford have entered into this Deed in reliance upon such guarantee.

21.5.6 Each Warranting Seller may enforce the provisions of this clause 21.5 subject to and in accordance with the provisions of the Third Parties Act.

22. **NON-RECOURSE**

Subject to the rights of Buyer under the Commitment Documents or the Definitive Agreements, in each case under the terms thereof, none of the Financing Sources shall have any liability for any obligations or liabilities of any party hereto under this Deed or for any claim (whether in contract, tort or otherwise) based on, in respect of, or by reason of (or in any way relating to), the transactions contemplated hereby, including any dispute arising out of or relating in any way to the Commitment Documents, the transactions contemplated thereby or the performance thereof and the parties hereto agree not to assert any such claim or bring any action, suit or proceeding in connection with any such claim against any Financing Source.

3.2 In addition to and without limitation of the foregoing, Buyer, Oldford and the Sellers' Representative shall, as promptly as practicable, file with the relevant Gaming Authorities (for purposes of obtaining the Gaming Approvals set forth on Schedule 3, part 1, paragraph 1.3) the appropriate and necessary documentation for the approval or exemption, as the case may be, of the Contemplated Transactions. Each party shall bear its own costs for the preparation of such filings and responding to any inquiries or information requests, if applicable, and Buyer shall be responsible for the payment of any applicable filing and licence and any similar fees. Buyer, Oldford and the Warranting Sellers shall cooperate with one another (including by exchanging with and providing to each other such information as may be reasonably requested) (a) in promptly making any such filings, furnishing information required in connection therewith and seeking to obtain timely any such approval or exemption, and (b) in keeping the other party reasonably informed of the status of any communications with, and any inquiries or requests for additional information from, the Relevant Authority, including any Gaming Authority regarding any of the Contemplated Transactions. Each party shall provide the other with adequate time to review and provide comments to, prior to filing, all documents proposed by such party to be filed with any Relevant Authority, including any Gaming Authority to secure approval of, or exemption from, the Contemplated Transactions; provided that, the delivering party shall be permitted to exclude personal, confidential and proprietary information.

3.3 No party hereto shall independently participate in any substantive meeting or discussion, either in person or by telephone, with any Relevant Authority with respect to the Contemplated Transactions without giving the other party prior notice of such meeting or discussion. To the extent legally permissible, the parties shall grant each other party the opportunity to attend all meetings and discussions with the Relevant Authorities subject to the following conditions with respect to discussions and meetings with any Gaming Authority:

(a) for jurisdictions where both Buyer and an Oldford Group Company hold or have applied for a Gaming Approval, both parties shall be required to participate in such meeting or discussion; provided, that each of Buyer and the Oldford Group Companies may have direct discussions with Relevant Authorities in the [*****] or [*****] without any Oldford Group Company's participation (in case of Buyer's discussions) or Buyer's participation (in case of Oldford Group Companies' discussions);

(b) for jurisdictions where an Oldford Group Company holds or has applied for a Gaming Approval but Buyer does not hold such Gaming Approval nor has it applied for such Gaming Approval, both parties shall be required to participate in such meeting or discussion;

(c) for jurisdictions listed on Exhibit 4.3.3(c) where only Buyer and its Affiliates hold a Gaming Approval, Buyer shall not be required to invite the Sellers' Representative or an Oldford Group Company to participate in such meeting or discussion, but Buyer shall provide an update to the Sellers' Representative following such meeting or discussion; provided that the Oldford Group Companies will be entitled to have direct discussions with the Relevant Authorities in [*****], including with respect to the reactivation of its application for [*****]; and

Subject to applicable Law, the parties will consult and cooperate with one another in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any party hereto relating to an Action under any Law relating to approval or exemption by any relevant Gaming Authority or other Relevant Authority, in each case, to the extent applicable for the Completion of the Contemplated Transactions.

3.4 In the event that any Action is instituted (or threatened to be instituted) by a Relevant Authority or other third party challenging the Contemplated Transactions, or any other agreement contemplated hereby, Buyer, Sellers' Representative and each Warranting Seller shall cooperate fully with each other and use their respective reasonable endeavours to contest and resist any such Action and to have vacated, lifted, reversed or overturned any Order, whether temporary, preliminary or permanent, that is in effect and that prohibits, prevents or restricts consummation of the Contemplated Transactions, except, that if any of the Warranting Sellers or Oldford determines in good faith, in such Warranting Seller's or Oldford's sole discretion, that there exists a significant conflict of interest between such Warranting Seller or an Oldford Group Company and Buyer with respect to such Action, then such Warranting Seller or Oldford (as applicable) will be entitled to defend itself against such Action separately as it may deem fit; provided, however, that such Warranting Seller or Oldford Group Company may not take any position in the Action that could reasonably be expected to have the effect of delaying, preventing or conditioning the Contemplated Transactions, unless such Warranting Seller or Oldford Group Company reasonably believes that in the absence of taking such a position he will incur material damages, be indicted or found guilty in any criminal charges or face a similar material adverse effect.

3.5 Notwithstanding anything to the contrary, nothing herein shall obligate Buyer to (a) consent to any change in the terms of any Transaction Document which is materially adverse to the interests of Buyer or any of its Affiliates; (b) incur any material expenses (except as expressly contemplated hereby), or agree to limit the conduct of its or the Oldford Group Companies' (or any of their respective subsidiaries' or Affiliates') respective businesses; (c) propose, negotiate, commit to or effect by consent decree, hold separate order, or otherwise, the sale, divestiture or disposition of any assets or businesses of Buyer or any Oldford Group Company (or any of their respective subsidiaries or Affiliates) that in the aggregate have a fair market value greater than $[*****]; or (d) other than as shall be required for the purpose of the Financing, implement or effectuate any changes to Buyer's or any Oldford Group Company's organisational or capital structure, including requiring voting and non-voting Equity Securities.

No Oldford Group Company or the Warranting Sellers shall release any third party from, or waive any provision of, any confidentiality or standstill agreement which relates to any Acquisition Proposal, to which any Oldford Group Company or Seller is a party. No notice (or updates to Disclosure Letter) given pursuant to this paragraph 6 shall have any effect on the Warranties or agreements contained in this Deed for purposes of determining satisfaction of any Condition, whether a breach or default has occurred, or the termination or indemnification rights of the parties provided by this Deed or otherwise.

6.1.2 During the Interim Period, Buyer will notify Oldford and the Warranting Sellers in writing of, and contemporaneously or promptly will provide Oldford and the Warranting Sellers with, true, correct and complete copies of any and all material information or documents relating to, and will use commercially reasonable endeavours to cure (to the extent curable) before Completion, any event, transaction or circumstance that existed or occurred on or after the date of this Deed, as soon as reasonably practicable after it becomes known to Buyer, that causes or will cause: (i) any covenant or agreement of Buyer under this Deed to be breached in any material respect, (ii) the Condition set out in Schedule 3, part 3, paragraph 3.1 not to be satisfied, or (iii) the timely satisfaction of any Condition to Completion impossible or unlikely. No notice given pursuant to this paragraph 6 shall have any effect on the Warranties or agreements contained in this Deed for purposes of determining satisfaction of any Condition, whether a breach or default has occurred, or the termination or indemnification rights of the parties provided by this Deed or otherwise.

7. CONSULTATION.

During the Interim Period, subject to compliance with applicable Legal Requirements, and without interfering with the normal operations of any Oldford Group Company, Oldford will consult with management of Buyer, from time to time and as reasonably requested by Buyer, with a view to informing them as to any material developments with respect to the operation and management of the Oldford Group Companies.

8. INTERIM ACCOUNTS.

Any payments made by Oldford in respect of any Interim Period Employee Shares, Vested Oldford Share Options, phantom equity awards or Oldford Share Awards shall be calculated in accordance with clause 3, and, following such termination, Oldford and the Warranting Sellers shall procure that the holders of Interim Period Employee Shares, Oldford Share Options, phantom equity awards and Oldford Share Awards shall no longer have any right to purchase or acquire any Equity Securities of Oldford or otherwise have any rights under Interim Period Employee Shares, Oldford Share Options, phantom equity awards or Oldford Share Awards with respect thereto.

10.1 Each of Buyer and its Affiliates shall use its reasonable endeavours to take, or cause to be taken, all actions necessary to consummate the Financing on the terms and conditions described in the Commitment Documents, including using its reasonable endeavours with respect to (a) maintaining in effect the Commitment Documents; (b) negotiating definitive agreements with respect to the Financing (the "**Definitive Agreements**") consistent with the terms and conditions contained in the Commitment Documents or, if available, on other terms that are acceptable to Buyer and would not adversely affect the ability of Buyer to consummate the Contemplated Transactions; and (c) satisfying on a timely basis all conditions applicable to Buyer and its Affiliates to obtaining the Financing that are within the Buyer's and its Affiliates' control. Notwithstanding anything contained in this Deed or otherwise, Buyer and its Affiliates shall have the right from time to time to amend, restate, replace, supplement or otherwise modify, or waive any of its rights under, any of the Commitment Documents and/or substitute other debt or equity financing for all or any portion of the Financing from the same and/or alternative financing sources so long as: (A) Buyer has obtained the prior written consent of the Sellers' Representative to any change in identity of the financing sources if the replacement financing source is not an internationally recognized and reputable financial institution (such consent not to be unreasonably withheld, conditioned or delayed), and (B) after giving effect to any such amendment, restatement, replacement, supplement or other modification, waiver or substitution, the proceeds from the Financing or any such modified financing, together with the cash or cash equivalents otherwise available to Buyer and its Affiliates, will provide Buyer at the Completion Date with sufficient funds to consummate in full its obligations under this Deed when due. In addition, in the event that any of the Commitment Letters are terminated or become ineffective or any portion of the Financing becomes unavailable, Buyer shall (i) promptly notify the Sellers' Representative in accordance with clause 10.2 of such event and (ii) use commercially reasonable endeavours to obtain alternative financing from the same or other sources (in an amount that will provide Buyer at the Completion Date with sufficient funds (together with cash and cash equivalents otherwise available to Buyer and its Affiliates) to consummate in full its obligations under this Deed when due), provided, that the identity of the alternative financing sources (if such alternative financing source is not an internationally recognized and reputable financial institution) shall be approved in advance and in writing by the Sellers' Representative (such approval not to be unreasonably withheld, conditioned or delayed). Upon any amendment, restatement, supplement, modification or replacement of any of the Commitment Documents as contemplated under this clause 10.1 (each, an "**Alternative Financing**"), the terms "Financing Commitments", "Commitment Letters", "Financing" and "Commitment Documents" shall mean the Financing Commitments, Commitment Letters, Financing and Commitment Documents, as the case may be, as so amended, restated, supplemented, modified or replaced by such Alternative Financing. Buyer shall, at all times during the Interim Period, use its reasonable endeavours to diligently pursue the obtaining of the Financing and/or any Alternative Financing in a manner which will enable it to consummate in full its obligations under this Deed when due. Buyer shall provide Sellers' Representative with copies of the Commitment Documents in respect of any Alternative Financing promptly following the execution thereof by Buyer and the other parties thereto.

10.2 Buyer shall provide the Sellers' Representative with prompt written notice of any material event relating to the Financing (including any event set forth in clause 10.1 or any other event that may prevent or delay the obtaining of the Financing or the consummation of the Contemplated Transactions); provided, however, that in no event will Buyer or any of its Affiliates be under any obligation to disclose any information pursuant to this clause 10.2 that is subject to attorney-client or similar privilege if Buyer and its Affiliates shall have used their reasonable endeavours to disclose such information in a way that would not waive such privilege. Buyer shall keep Sellers' Representative reasonably informed on a current basis of the status of its endeavours to consummate the Financing.

10.3 Prior to Completion, the Warranting Sellers and Oldford shall, and Oldford shall cause the Oldford Group Companies to, provide, and use their reasonable endeavours to have their Representatives cooperate with Buyer and its Representatives in connection with the

arrangements by Buyer to obtain the Financing, as may be reasonably requested by Buyer (provided that such requested cooperation does not unreasonably interfere with the ongoing operations of the Oldford Group Companies or unreasonably interfere with or hinder or delay in any material respect the performance by the Warranting Sellers or the Oldford Group Companies of their other respective obligations hereunder), including:

(e) furnishing Buyer and its Financing Sources, subject to appropriate confidentiality restrictions, with financial and other pertinent information regarding the Oldford Group Companies as may be reasonably requested by Buyer, including the report of Oldford's independent auditor (Haines Watts London LLP), and requesting the consent of such audit firms to the use of such reports in accordance with normal custom and practice and to request that such audit firms provide customary comfort letters to the underwriters, initial purchasers or placement agents, as applicable, in connection with the Financing;

(i) providing direct contact between (i) senior management and advisors, including auditors of Oldford and (ii) the Financing Sources, as applicable, and/or Buyer's auditors, in connection with the Financing, in each case, to the extent required for the Financing and at reasonable times during normal business hours and upon reasonable advance notice;

(j) participating in meetings, presentations, road shows, drafting sessions, sessions with rating agencies and other syndication activities, and due diligence sessions at reasonable times and upon reasonable advance notice so long as such meetings do not disrupt the management and operation of the Oldford Group Companies in Oldford's reasonable discretion;

(k) cooperating with the marketing endeavours of Buyer and its Financing Sources for the Financing;

(l) permitting Buyer's reasonable use of the Oldford Group Companies' names and logos for syndication and underwriting, as applicable, of the Financing, subject to Oldford's prior approval with respect to such use (which approval shall not be unreasonably withheld, conditioned or delayed); provided, however, that neither Sellers nor Oldford will, nor will

any Oldford Group Company prior to the Completion Date, be required to pay any commitment or other similar fee or incur any other Liability in connection with the Financing and that Buyer and its Affiliates shall not hold themselves as owners of the Business or any of the Oldford Group Companies prior to Completion;

(m) using its reasonable endeavours to ensure that the Financing Sources benefit materially from the existing lending and banking relationships of the Oldford Group Companies and that the Financing Sources have the benefit of "clear market" provisions in the Commitment Letters relating to the Oldford Group Companies;

(n) causing each Oldford Group Company to reasonably assist Buyer's legal counsel in delivering customary legal opinions in respect of corporate matters; and

(o) seeking to arrange for customary payoff letters, lien terminations and instruments of discharge to be delivered at Completion providing for the payoff, discharge and termination on the Completion Date of all indebtedness contemplated by the Commitment Letters to be paid off, discharged and terminated at Completion, if any, using its reasonable efforts to permit any cash and cash equivalents of the Oldford Group Companies (which is not distributed pursuant to the terms of part 2.2.1(a) above) to be made available to Buyer at the Completion Date, and cooperating reasonably with the Financing Sources' due diligence and with their efforts to obtain guarantees from the Oldford Group Companies and obtain and perfect security interests in the assets of the Oldford Group Companies intended to constitute collateral securing such Financing;

provided, in each case, that none of the Warranting Sellers or the Oldford Group Companies shall be required to enter into any agreement or deliver any guaranty, mortgage, collateral, pledge, Encumbrance, filing, blocked account control agreement, certificate, document or other instrument (except the authorisation letter delivered pursuant to the foregoing clause (a)), in each case the effectiveness of which is not contingent upon Completion.

10.4 The foregoing notwithstanding, (a) none of the Warranting Sellers, the Oldford Group Companies or any of their respective directors or officers shall be obligated to adopt resolutions or execute consents to approve or authorise the execution of the Financing prior to the Completion Date; (b) no obligation of the Warranting Sellers, the Oldford Group Companies or any of their respective Representatives under any certificate, document or instrument executed pursuant to the foregoing shall be effective until Completion; and (c) none of the Warranting Sellers, the Oldford Group Companies or any of their respective Representatives shall be required to (i) pay any commitment or other similar fee or incur any other cost, expense or Liability, in each case in connection with the Financing prior to Completion, (ii) take any actions to the extent such actions would unreasonably interfere with the ongoing business or operations of the Oldford Group Companies, or (iii) take any action that would conflict with or violate the Oldford Group Companies' Organisational Documents or any Legal Requirements, or result in the contravention of, or that would reasonably be expected to result in a violation or breach of, or default under, any Contractual Obligation to which an Oldford Group Company is a party. Nothing contained in this clause 10 or otherwise shall require any Oldford Group Company, prior to Completion, to be an issuer or other obligor with respect to the Financing. Buyer shall, promptly upon request by the Sellers' Representative, reimburse the Warranting Sellers, the Oldford Group Companies and any of their respective Representatives for all reasonable out-of-pocket costs incurred by them in connection with such cooperation and shall indemnify and hold harmless the Warranting Sellers, the Oldford Group Companies and any of their respective Representatives for and against any and all Losses

10.5 Prior to Completion, Buyer shall provide the Sellers' Representative and its Representatives with drafts of any confidential information memoranda, prospectuses, offering documents, bank information memoranda, other marketing and syndication materials and rating agency presentations prepared by any person in connection with the Financing and shall use reasonable endeavours to allow the Sellers' Representatives and its Representatives reasonable time to comment on such information memoranda, prospectuses, offering documents and other similar related documents and materials with respect to the Financing, the Contemplated Transactions, the Oldford Group Companies or the Warranting Sellers, in advance of their issuance, release or publication.

14.7 **Intangible Assets and Intellectual Property**

Section 14.7 of the Disclosure Letter sets out the amount of expenditure as of the date of this Deed on each of the intangible fixed assets (including goodwill and Intellectual Property) of the Oldford Group Companies and provides the basis on which any deduction or allowance relating to that expenditure has been taken into account in the Tax Returns or, in relation to an expenditure incurred since the Accounts Date, will be available to the Oldford Group Companies. No circumstances have arisen since the Accounts Date by reason of which that basis might change.

14.8 **Company residence and overseas interests**

3.4.2 violate any provision of any Legal Requirement applicable to Buyer or Buyer Parent; or

3.4.3 violate, breach or conflict with any Contractual Obligation to which Buyer or Buyer Parent is a party or by which Buyer or Buyer Parent is bound.

3.5 Except as required pursuant to Schedule 3, no waiver, Consent, authorisation, approval or other action by, or in respect of, or filing with, any Relevant Authority (including under any Gaming Laws) is required for, or in connection with, the valid and lawful:

3.5.1 execution, delivery and performance by Buyer and Buyer Parent of the Transaction Documents; or

3.5.2 the consummation of the Contemplated Transactions by Buyer and Buyer Parent.

3.6 **Litigation**

3.6.1 There is no Action pending or, to Buyer’s or Buyer Parent’s knowledge, threatened against Buyer or Buyer Parent which in any manner challenges or seeks the rescission of, or seeks to prevent, enjoin, alter or delay the consummation of, or otherwise relates to, this Deed or the Contemplated Transactions.

3.6.2 There is no Order outstanding against Buyer or Buyer Parent that would reasonably be expected to materially adversely affect the ability of Buyer or Buyer Parent to perform their respective obligations under any Transaction Document or to consummate the Contemplated Transactions.

3.7 **Funding**

3.7.1 Buyer has delivered to Oldford complete and correct copies of the executed commitment letters (including the exhibits, annexes and schedules thereto, collectively, the "**Commitment Letters**") from the parties thereto pursuant to which such parties have agreed, subject to the terms and conditions thereof, to provide debt or equity financing in the amounts set forth therein in connection with the Contemplated Transactions (the "**Financing Commitments**"). The financing contemplated pursuant to the Commitment Letters is hereinafter referred to collectively as the "**Financing**".

3.7.2 As of the date hereof, there are no agreements, side letters or arrangements, other than the Commitment Letters and any fee letters or other collateral agreements referenced in the Commitment Letters (collectively, the "**Fee Letters**"; the Commitment Letters and the Fee Letters are collectively referred to as the "**Commitment Documents**") to which any of the Buyer or its Affiliates is party relating to any of the Financing Commitments or that could adversely affect the availability of the Financing. Buyer has delivered to Oldford complete and correct copies of the executed Fee Letters, except that the fee amounts, pricing and other economic terms have been redacted.

3.7.3 Except as expressly set forth in the Commitment Documents, as of the date hereof there are no conditions precedent to the respective obligations of the Financing Sources to provide the Financing. Assuming the satisfaction of the conditions set forth in Schedule 3, part 1 and part 2, and subject to the terms and conditions set forth in the Commitment Documents, as at the date hereof, Buyer does not have any reason to believe that any of the conditions to the Financing will not be satisfied or that the Financing will not be consummated as contemplated by the Commitment Documents.

3.7.4 The Financing, when funded in accordance with the Commitment Documents, together with the cash and cash equivalents otherwise available to Buyer and its Affiliates, will provide Buyer with cash proceeds (after netting out original issue discount and similar premiums and charges after giving effect to the maximum amount of "flex" (including original issue "discount flex")) on the Completion Date sufficient for Buyer to (a) pay the Merger Consideration, and (b) pay any fees and expenses of or payable by the Buyer or its Affiliates in connection with the Contemplated Transactions and the Financing on the Completion Date. Following the Completion Date Buyer shall have sufficient funds to meet in full and when due all of its other payment obligations pursuant to this Deed, including pursuant to clause 3.5 (Post-Completion Merger Consideration Adjustment) and clause 3.6 (Deferred Payment).

3.7.5. As of the date hereof, the Commitment Documents are valid, binding and Enforceable obligations of the Buyer and its Affiliates, as applicable, and, to the Knowledge of Buyer, of each of the other parties thereto. To the Knowledge of Buyer, no event has occurred that, with or without notice, lapse of time, or both, would reasonably be expected to constitute a default or breach or a failure to satisfy a condition precedent on the part of the Buyer under the terms and conditions of the Commitment Documents. Buyer has paid and will continue to pay in full and when due any and all commitment fees or other fees required to be paid pursuant to the terms of the Commitment Documents. None of the Commitment Documents has been modified, amended or altered as of the date hereof, and, to the Knowledge of Buyer as of the date hereof, none of the respective commitments under any of the Commitment Documents has been withdrawn or rescinded in any respect.

3.7.6 Notwithstanding anything to the contrary set out herein, in no event shall the receipt or availability of any funds or financing (including, for the avoidance of doubt, the Financing) by or to Buyer or any of its Affiliates or any other financing transaction be a Condition to any of Buyer's obligations hereunder, including consummation of the Merger, Buyer's obligation to pay the Merger Consideration and the other Contemplated Transactions.

3.8 **Brokers**

Except for Deutsche Bank and Canaccord Genuity, no person is entitled to receive a finder's fee, investment banking fee, success fee, brokerage or commission from Buyer, Buyer Parent or any of their Affiliates in connection with any Transaction Document.

3.9 **No Reliance**

In connection with its decision to enter into this Deed, Buyer acknowledges, understands and agrees that (a) each of Buyer and Buyer Parent is a sophisticated party with such knowledge and experience in business matters (including, specifically, the business in which the Oldford Group Companies are engaged) and that it appreciates the merits and risks of consummating the Contemplated Transactions; (b) it is not relying upon any warranties and information (including, as may have been included in any information memorandum or management presentations, the Data Room, or statements or answers provided by or on behalf of the Oldford, the Warranting Sellers, or otherwise) other than that set forth explicitly in Schedule 6, part 1 and Schedule 6, part 2; (c) it is not relying upon any forward-looking projections, forecasts, budgets, financial data or any other forward-looking information (written or oral) with respect to the Oldford Group Companies and the Business, or prospects prepared by or furnished to it by or on behalf of Oldford ("**Forward-Looking Data**"); (d) it recognises that significant uncertainties are inherent in the Forward-Looking Data and that Oldford and the Warranting Sellers have not made any warranties, express or implied, relating to the Forward-Looking Data; (e) it takes full responsibility for making its own evaluation as to the adequacy and accuracy of the Forward-Looking Data; and (f) it has conducted a thorough financial, legal, tax and business due diligence review of the Oldford Group Companies before entering into this Deed.

3.10 **Competition**

For the purposes of determining the application of Part IX of the *Competition Act* (Canada), Buyer, together with its Affiliates (as defined in the *Competition Act* (Canada)), does not have assets in Canada with an aggregate book value that exceeds C$150 million, or aggregate annual gross revenues from sales in, from or into Canada that exceed C$50 million, in each case determined as required under the *Competition Act* (Canada) and the applicable regulations thereunder.

PART 4 WARRANTIES OF MERGER SUB

In order to induce Oldford and the Warranting Sellers to enter into and perform their obligations under this Deed and to consummate the Contemplated Transactions, Buyer and Buyer Parent hereby warrant as follows on the date hereof and on the Completion Date.

4.1 Merger Sub is a company limited by shares incorporated under the laws of the Isle of Man and is duly organised, validly existing and in good standing, and has been in continuous existence since organisation.

4.2 Merger Sub has the right, power and authority, and has taken all action necessary, to execute, deliver and exercise its rights and perform its obligations under each Transaction Document to which it is a party and each other document to be delivered by it. No further

authorisation on the part of Merger Sub is necessary to authorise the execution and delivery of the Transaction Documents to which it is a party or the consummation of the Contemplated Transactions.

4.3 The obligations of Merger Sub under each Transaction Document to which it is a party constitute, and the obligations of Merger Sub under each document to be delivered by it at Completion will, when delivered, constitute, binding obligations of Merger Sub and be Enforceable against it in accordance with their respective terms.

4.4 The execution and delivery of, and the performance by Merger Sub of its obligations under, each Transaction Document to which it is a party and each other document to be delivered by it at Completion will not:

4.4.1 contravene or conflict with, or result in a breach of, or default under, any provision of its Organisational Documents;

4.4.2 violate any provision of any Legal Requirement applicable to Merger Sub; or

4.4.3 violate, breach or conflict with any Contractual Obligation to which Merger Sub is a party or by which it is bound.

4.5 Except as required pursuant to Schedule 3, no waiver, Consent, authorisation, approval or other action by, or in respect of, or filing with, any Relevant Authority (including under any Gaming Laws) is required for, or in connection with, the valid and lawful:

4.5.1 execution, delivery and performance by Merger Sub of the Transaction Documents to which it is a party; or

4.5.2 the consummation of the Contemplated Transactions by Merger Sub.

4.6 **Litigation**

4.6.1 There is no Action pending or, to Merger Sub's knowledge, threatened against Merger Sub which in any manner challenges or seeks the rescission of, or seeks to prevent, enjoin, alter or delay the consummation of, or otherwise relates to, this Deed or the Contemplated Transactions.

4.6.2 There is no Order outstanding against Merger Sub that would reasonably be expected to materially adversely affect the ability of Merger Sub to perform its obligations under any Transaction Document to which it is a party or to consummate the Contemplated Transactions.

4.8 **Brokers**

Except for Deutsche Bank and Canaccord Genuity, no person is entitled to receive a finder's fee, investment banking fee, success fee, brokerage or commission from Merger Sub or any of its Affiliates in connection with any Transaction Document.

4.9 **No Reliance**

In connection with its decision to enter into this Deed, Merger Sub acknowledges, understands and agrees that (a) Merger Sub is a sophisticated party with such knowledge and experience in business matters (including, specifically, the business in which the Oldford Group Companies are engaged) and that it appreciates the merits and risks of consummating the Contemplated Transactions; (b) it is not relying upon any representations and warranties (including, as may have been included in any information memorandum or management presentations, the Data Room, or statements or answers provided by or on behalf of the

Oldford, the Warranting Sellers, or otherwise) other than that set forth explicitly in Schedule 6, part 1 and Schedule 6, part 2; (c) it is not relying upon any Forward-Looking Data; (d) it recognises that significant uncertainties are inherent in the Forward-Looking Data and that Oldford and the Warranting Sellers have not made any representations or warranties, express or implied, relating to the Forward-Looking Data; (e) it takes full responsibility for making its own evaluation as to the adequacy and accuracy of the Forward-Looking Data; and (f) it has conducted a thorough financial, legal, tax and business due diligence review of the Oldford Group Companies before entering into this Deed.

4.10 **Competition**

For the purposes of determining the application of Part IX of the *Competition Act* (Canada), Merger Sub, together with its Affiliates (as defined in the *Competition Act* (Canada)), does not have assets in Canada with an aggregate book value that exceeds C$150 million, or aggregate annual gross revenues from sales in, from or into Canada that exceed C$50 million, in each case determined as required under the *Competition Act* (Canada) and the applicable regulations thereunder.

SCHEDULE 7
TAX COVENANTS

1.1 Tax Returns and Payments of Tax.

(a) The Sellers shall file (or cause to be filed) all Tax Returns of the Oldford Group Companies (including Tax Returns for estimated Taxes and other Taxes required to be paid in advance of a final Tax Return for a taxable period) that are required to be filed at any time on or before the Completion Date (taking into account any available extensions) and pay (or cause to be paid) all Taxes due at any time on or before the Completion Date: (i) with respect to those Tax Returns, or (ii) required to be paid without a Tax Return. Oldford shall prepare and file (or cause to be prepared and filed) all of those Tax Returns in accordance with past practices, and Oldford shall not take a position, make an election, adopt a method of accounting or seek a ruling from a Relevant Authority that is or would be inconsistent with positions taken, elections made or methods used in prior periods in connection with those Tax Returns unless otherwise first consented to by Buyer in writing. All of those Tax Returns shall be true, accurate and complete in all material respects when filed and shall be duly and timely filed, and all such Taxes shall be duly and timely paid to the extent they are due prior to Completion.

(b) Buyer shall file (or cause to be filed) all Tax Returns of the Oldford Group Companies that are required to be filed after the Completion Date (taking into account any available extensions) and, subject to clause 1.1(c)(ii) below, pay (or cause to be paid) all Taxes due after the Completion Date with respect to those Tax Returns or otherwise. All Tax Returns for any taxable period beginning on or before the Completion Date and ending after the Completion Date (a "**Straddle Period**") shall be prepared in a manner consistent with past practice, except as required by applicable Law or unless otherwise first consented to by Sellers' Representative in writing. With respect to Tax Returns of the Oldford Group Companies for Straddle Periods that are required to be filed by Buyer under this clause 1.1(b) after the Completion Date, the Warranting Sellers shall, prior to the Completion Date, commence preparing (or shall cause the appropriate Oldford Group Company to commence preparing) those Tax Returns within the time and substantially adhering to the schedule that the Oldford Group Company has historically followed in having those Tax Returns prepared and, after the Completion Date, the Warranting Sellers, in each case, shall cooperate with Buyer in the preparation of all of those Tax Returns and shall promptly provide to Buyer all information reasonably necessary or helpful to prepare and file those Tax Returns (to the extent they hold or have the ability to access any such information). All those Tax Returns shall be true, accurate and complete in all material respects when filed and shall be duly and timely filed, and all those Taxes shall be duly and timely paid.

(c) Straddle Periods. In the case of any Tax of any Oldford Group Company that is imposed with respect to any Straddle Period, Sellers shall be liable for the portion of the Tax that is allocable to the portion of the Straddle Period that ends on or before the Completion Date (the "**Pre-Completion Tax Period**"), and Buyer shall be liable for the portion of the Tax that is allocable to the portion of the Straddle Period that begins after the Completion Date (the "**Post-Completion Tax Period**"). The portion of any Tax for any Pre-Completion Tax Period shall be equal to:

(i) in the case of a Tax that is based upon or relates to gross or net income or receipts or imposed in respect of specific transactions, and any credits available with respect to any such Tax, the amount of Tax calculated on an interim closing of the books method as of (and including) the Completion Date (and the parties hereto shall elect to adopt that method if permitted by applicable Law); and

(ii) in the case any other type of Tax (including, for example, a Tax imposed on a periodic basis with respect to the assets of any Oldford Group Company or otherwise measured by the level of any item), the amount of Tax for the entire Straddle Period multiplied by a fraction the numerator of that is the number of days in the Straddle Period ending on the Completion Date and the denominator of which is the number of days in the entire Straddle Period.

(d) To the extent Buyer, on the one hand, or Sellers, on the other hand, are liable under this Deed for a Tax that is required to be paid or remitted by the other party (or Affiliate of that

other party) to a Relevant Authority or other person not a party to this Deed, including a Tax that arises out of or relates to a Tax Return that is required to be filed (or caused to be filed) by that other party (or Affiliate of that other party), or a Tax relating to periods ending prior to the Completion Date that are not reflected in the Accounts or the Final Completion Statement, then Buyer, on the one hand, or Seller, on the other hand, shall, subject to the provisions of clause 9 of the Deed, pay to the party that is required to pay or remit the Tax the amount of its Liability for the Tax (without duplication) as determined under this Deed within ten (10) Business Days after receiving a written request for the payment from the other person, which request shall include a calculation of the amount of the other party's Liability. In all other cases, indemnification payments for Taxes shall be paid within five (5) Business Days after the date the matter to which the indemnity payment relates is settled, compromised or otherwise concluded in accordance with clauses 9.6 and 9.8 of the Deed. For the elimination of doubt and notwithstanding any reference in this schedule to clause 9 with respect to Tax Claims, no part of the Deed (other than clause 9) and no part of the Disclosure Letter or the Disclosure Documents shall operate to limit the liability of the Sellers in respect of Tax under this Schedule 7.

(e) If any Sellers Tax Indemnified Person or Buyer Tax Indemnified Person intends to seek indemnification pursuant to this Schedule 7, that party shall notify the other party in writing of the claim in accordance with the procedure set out in clauses 9.6 and 9.8, which shall apply for this purpose on a *mutatis mutandis* basis.

1.2 Transfer Taxes. All transfer, documentary, stamp, sales, use, value added, registration and other such Taxes (including all applicable real estate transfer or gains Taxes) and related fees (including any penalties, interest, additions to Tax and other additional amounts) ("**Transfer Taxes**") incurred in connection with this Deed and the Contemplated Transactions shall be allocated 50% to Sellers and 50% to Buyer and paid in accordance with that allocation. The Warranting Sellers and Buyer will cooperate (and cause their Affiliates to cooperate) to timely and duly prepare and file any Tax Returns or other filings relating to Transfer Taxes, including any claim for exemption or exclusion from the application or imposition of any Transfer Taxes. This clause 1.2 shall be the only section of this Deed that applies to the allocation of Liability for a Transfer Tax.

1.3 Contests.

(a) Notice. The Sellers' Representative and Buyer shall promptly notify the other party in writing upon receipt of a written notice of any current, pending or threatened Action that is reasonably likely to affect the Liabilities of the other party for any Tax or is reasonably likely to result in an indemnity payment for any Tax under the Deed (each, a "**Tax Claim**"), all pursuant to clauses 9.6 and 9.8 of the Deed, which shall apply *mutatis mutandis* (subject only to clause (b) below) to Tax Claims.

(b) Buyer Control. Buyer shall control all proceedings taken in connection with (A) any Tax Claim relating to Taxes of any Oldford Group Company for a Straddle Period, except to the extent the proceedings affect the amount of Taxes for which Sellers are liable under this Deed, in which case, (x) Buyer shall not settle or otherwise conclude any Tax Claim without prior written consent of Sellers' Representative (which consent shall not be unreasonably withheld or delayed) and (y) Sellers' Representative and counsel of their own choosing shall have the right to participate fully in all aspects of the prosecution or defense of the Tax Claim at the sole cost of Seller, and (B) all other Tax Claims not described above.

(c) For the elimination of doubt, and without derogating from the applicability of the provisions of clause 9, Buyer shall not be able to file any Notice of Claim pursuant to this Deed with respect to any Tax Claim (i) unless and until the relevant Oldford Group Company receives a notice of assessment from the relevant Tax Authority setting out a liquidated amount payable by the relevant Oldford Group Company, or (ii) following the Release Date.

1.4 Cooperation on Tax Matters.

(a) Between the Completion Date and the Release Date, the Warranting Sellers and Buyer shall, and shall cause their respective Affiliates to:

(i) furnish or cause to be furnished copies of all Tax Returns and other relevant information, records and documents relating to Taxes in the possession of that person relating to the Oldford Group Companies, or the business or assets of the Oldford Group Companies, as is reasonably necessary for the preparation and filing of any Tax Return or accounts, to respond to any Relevant Authority or for the preparation for, or defense against, any Tax Claim or other disputes regarding any Taxes or Tax Returns of the Oldford Group Companies for Pre-Completion Tax Periods or Straddle Periods or with respect to a Liability for which any party to this Deed or any Affiliate thereof may be liable (including reasonable access to employees, officers, consultants, counsel, auditors and other relevant professionals);

(ii) furnish the other party with copies of all correspondence received from any Relevant Authority in connection with any Tax Claim or information request with respect to any taxable period for which the other party may have a liability under the Deed;

(iii) consult with the other party as to any Tax audits, enquiries or correspondence with any Tax Authority, including providing such other party with the reasonable opportunity to provide comments as to any such proposed correspondence; and

(iv) timely sign and deliver the certificates or forms as may be necessary or appropriate to establish an exemption from (or otherwise reduce) Transfer Taxes, or to file Tax Returns;

provided, however, that none of the parties or any of their Affiliates shall be required to disclose to the other party or any of its Affiliates, any books, records, Tax Returns, schedules, work papers or other documents or data consisting of, or relating to, any member of any Affiliated Group for Tax purposes, except for a pro forma copy of any Tax Return (or other information) that relates solely to one or more Oldford Group Companies. Buyer and the Warranting Sellers (to the extent that they are under their control as of the Completion Date) agree to retain all books and records with respect to Tax matters pertinent to any Oldford Group Company relating to any taxable period beginning before the Completion Date until the expiration of the applicable statute of limitations (and, to the extent notified by Buyer or the Warranting Seller, any extensions thereof), and to abide by all record retention agreements entered into with any Relevant Authority. Each party agrees not to dispose of any documents without first offering the other party the opportunity at its sole cost and expense to take possession of those documents.

1.5 Additional Tax Covenants.

(a) Powers of Attorney. Powers of attorney with respect to Tax matters granted by or on behalf of the Oldford Group Companies prior to the Completion Date will be terminated as of the Completion Date, except for specific powers of attorney that Buyer identifies in writing to the Sellers' Representative shall not be terminated.

(b) Tax Benefits and Refunds. Without duplication of any other section of this Deed, any Tax refunds received by an Oldford Group Company, and any amounts credited against Tax to which an Oldford Group Company becomes entitled, that relate to any period prior to Completion (including any Pre-Completion Tax Period) shall be for the account of Seller, except to the extent the refund or credit: (i) is a consequence of a carryback to that period of Losses or other Tax benefits generated in a Post-Completion Tax Period; or (ii) was included in the Confirmed Completion Balance Sheet or otherwise taken into account in determining the Confirmed Completion Date Purchase Price. The Buyer shall procure that the applicable Oldford Group Company shall remit the refund or the amount of the credit to Sellers in the taxable period it is realized, when applicable. If any Tax refund is subsequently disallowed, Sellers shall reimburse such Oldford Group Company for any amount received pursuant to the preceding sentence.

4.5 The rights conferred upon the holders of the Shares of any Class shall not, unless otherwise expressly provided by the terms of issue of the Shares of that Class, be deemed to be varied by the creation or issue of further Shares ranking *pari passu* with such Shares.

5. Redemption of Securities

5.1 The Company may purchase, redeem or otherwise acquire its own Shares or other securities for any consideration provided that the Company continues to have at least one Shareholder at all times.

5.2 Unless Shares are expressed to be redeemable, the Company may only purchase, redeem or otherwise acquire them pursuant to –

5.3 The Company may only offer to purchase, redeem or otherwise acquire Shares if the resolution of the Directors authorising the purchase, redemption or other acquisition contains a statement that the Directors are satisfied, on reasonable grounds, that the Company will, immediately after the purchase, redemption or other acquisition, satisfy the Solvency Test.

5.4 Shares and other securities that the Company purchases, redeems or otherwise acquires pursuant to this Article shall be cancelled and no longer issued and outstanding.

6. Alteration of Share Capital

6.1 The Company may, by resolution of Directors, alter the Company's share capital comprising Shares with par value in any way and, in particular but without prejudice to the generality of the foregoing, may –

6.1.1 consolidate and divide all or any such Shares into Shares of a larger amount;

6.1.2 redenominate all or any such Shares as Shares with a par value denominated in another currency on such basis as the Directors see fit; or

6.1.3 sub-divide all or any such Shares into Shares of smaller amount.

7. Reduction of Share Capital

The Company may, by a resolution of the Directors, reduce its share capital in any way provided that the Board is satisfied, on reasonable grounds, that the Company will, immediately after such reduction, satisfy the Solvency Test.

8. Lien

8.1 The Company shall (unless the Directors resolve to the contrary in respect of any Share) have a first and paramount lien on every Share (not being a fully paid Share) for all moneys (whether presently payable or not) payable at a fixed time or called in respect of that Share.

8.2 The Company may sell in such manner as the Board determines any Shares on which the Company has a lien if a sum in respect of which the lien exists is presently payable

and is not paid within 14 days after notice has been given to the Shareholder or to the person entitled to it in consequence of the death or bankruptcy of the Shareholder, demanding payment and stating that if the notice is not complied with the Shares may be sold.

8.3 In order to give effect to a sale under Article 8.2, the Directors may authorise some person to execute an instrument of transfer of the Shares sold to, or in accordance with the directions of, the purchaser.

8.4 The net proceeds of any sale under Article 8.2, after payment of the costs of sale, shall be applied in payment of so much of the sum for which the lien exists as is presently payable, and any residue shall (upon surrender to the Company for cancellation of any certificates for the Shares sold and subject to a like lien for any moneys not presently payable as existed upon the Shares before the sale) be paid to the person entitled to the Shares immediately prior to their sale.

8.5 The title of the transferee to any Shares sold under Article 8.2 shall not be affected by any irregularity in or invalidity of the proceedings in reference to the sale.

9. Calls on Shares

9.1 Subject to the terms of issue of any Shares, the Board may make calls upon the Shareholders in respect of any moneys unpaid on their Shares and each Shareholder shall (subject to receiving at least 14 days' notice specifying when and where payment is to be made) pay to the Company as required by the notice the amount called on such Shareholder's Shares.

9.2 If a call remains unpaid after it has become due and payable, the person from whom it is due and payable shall pay interest on the amount unpaid from the day it became due and payable until it is paid at the rate fixed by the terms of allotment of the Share or in the notice of the call or, if no rate is fixed, at the rate of 5 per cent per annum, but the Board may waive payment of the interest wholly or in part.

9.3 The Board may make arrangements on the issue of Shares for a difference between the Shareholders in the amounts and times of payment of calls on their Shares.

10. Forfeiture

10.1 Shares that are not fully paid on issue are subject to the forfeiture provisions set forth in this Article, and for this purpose, Shares issued for a promissory note, other written obligation to contribute money or property or a contract for future services are deemed not to be fully paid.

10.2 A written notice of forfeiture specifying the date for payment to be made shall be served on the Shareholder who defaults in making payment in respect of the Shares.

10.3 The written notice of forfeiture referred to in Article 10.2 shall name a further date not earlier than the expiration of 14 days from the date of service of the notice on or before

which the payment required by the notice is to be made and shall contain a statement that in the event of non-payment at or before the time named in the notice the Shares, or any of them, in respect of which payment is not made, will be liable to be forfeited.

10.4 Where a written notice of forfeiture has been issued pursuant to Article 10.3 and the requirements of the notice have not been complied with, the Board may, at any time before tender of payment, forfeit and cancel the Shares to which the notice relates. The forfeiture shall include all dividends or other monies payable in respect of the forfeited Shares and not paid before the forfeiture.

10.5 The Company is under no obligation to refund any moneys to the Shareholder whose Shares have been cancelled pursuant to Article 10.4 and that Shareholder shall be discharged from any further obligation to the Company.

11. Transfer of Shares

11.1 Shares may be transferred by a written instrument of transfer signed by the transferor and, unless the Share is fully paid, by the transferee and containing the name and address of the transferee, which shall be sent to the registered agent of the Company or such other person as the Directors may from time to time appoint for registration.

11.2 The Company shall, on receipt of an instrument of transfer complying with Article 11.1, cause the name of the transferee of the Share to be entered in the Register of Members unless the Board resolves to refuse or delay the registration of the transfer for reasons to be specified in a resolution of the Directors.

11.3 The Board may not resolve to refuse or delay the transfer of a Share unless the transferor has failed to pay an amount due in respect of that Share.

11.4 The transfer of a Share is effective when the name of the transferee is entered on the Register of Members.

11.5 If the Board is satisfied that an instrument of transfer relating to Shares has been signed but that the instrument has been lost or destroyed, it may by resolution of the Directors–

11.5.1 accept such evidence of the transfer of Shares as it considers appropriate; and

11.5.2 determine that the transferee’s name should be entered in the Register of Members notwithstanding the absence of the instrument of transfer.

11.6 A person becoming entitled to a Share in consequence of the death or bankruptcy of a Shareholder may, upon producing such evidence as the Board may reasonably require, elect either to become the registered holder of the Share by giving notice to the Company to that effect or have some other person registered as the transferee by executing an instrument of transfer even though such person is not a Shareholder at the time of the transfer. Any instrument of transfer of the Shares must be in accordance with the provisions of Article 11.1.

12. Distributions

12.1 The Board may by resolution of the Directors authorise a Distribution by the Company to Shareholders at such time and of such amount as the Board thinks fit if it is satisfied, on reasonable grounds, that the Company will, immediately after the Distribution, satisfy the Solvency Test.

12.2 Where a Distribution has been made to a Shareholder and the Company did not, immediately after the Distribution, satisfy the Solvency Test, the Distribution (or the value thereof) may be recovered by the Company from the Shareholder in accordance with section 51 of the Act.

12.3 If several persons are registered as joint holders of any Shares, any one such person may give an effective receipt for any Distribution.

13. Distributions by way of Dividend

13.1 The Company may, by a resolution of the Directors, declare and pay a Distribution by way of dividend at such time and of such amount as the Board thinks fit if the Board is satisfied, on reasonable grounds, that the Company will, immediately after the Distribution, satisfy the Solvency Test.

13.2 Dividends may be paid in money, shares, or other property.

13.3 Notice of any dividend that has been declared shall be given to each Shareholder entitled to receive the dividend as specified in Article 26.1 and all dividends unclaimed for 3 years after having been declared may be forfeited by a resolution of Directors for the benefit of the Company.

13.4 No dividend shall bear interest as against the Company.

14. Meetings and Consents of Shareholders

14.1 The Board may convene meetings of the Shareholders or any Class of Shareholders at such times and in such manner and places within or outside the Isle of Man as they consider appropriate.

14.2 Upon the written request of a Shareholder or Shareholders entitled to exercise 10 per cent or more of the Voting Rights in respect of the matter for which the meeting is requested, the Board shall convene a meeting of Shareholders or Class of Shareholders.

14.3 When convening a Shareholders' meeting or a meeting of a Class of Shareholders, the Board shall give not less than 14 days' notice of such meeting to those Shareholders whose names on the date the notice is given appear as Shareholders in the Register of Members of the Company and who are entitled to vote at the meeting.

14.4 The Board may fix, as the record date for determining those Shareholders that are entitled to vote at the meeting, the date notice is given of the meeting, or such other date as may be specified in the notice, being a date not earlier than the date of the notice.

14.5 A meeting of Shareholders or a Class of Shareholders held in contravention of the requirement to give not less than 14 days' notice is valid if a Shareholder or Shareholders holding at least 90 per cent of the total Voting Rights on all the matters to be considered at the meeting have waived notice of the meeting and, for this purpose, the presence of a Shareholder at the meeting shall constitute a waiver in relation to all the Shares which that Shareholder holds.

14.6 The inadvertent failure of the Board to give notice of a meeting to a Shareholder or the fact that a Shareholder has not received notice, does not invalidate the meeting.

14.7 A Shareholder may be represented at a meeting of Shareholders or a Class of Shareholders by a proxy who may speak and vote on behalf of the Shareholder.

14.8 The instrument appointing a proxy shall be produced at the place designated for the meeting before the time for holding the meeting at which the person named in such instrument proposes to vote. The notice of the meeting may specify an alternative or additional place or time at which the proxy shall be presented.

14.9 The instrument appointing a proxy shall be in substantially the following form or such other form as the chairman of the meeting shall accept as properly evidencing the wishes of the Shareholder appointing the proxy.

A quorum may comprise a single Shareholder present in person (in the case of a Shareholder who is an individual) or by a duly appointed representative (in the case of a Shareholder who is a body corporate) or by proxy (in either case) in which case such person may pass a resolution of the Shareholders or Class of Shareholders and a certificate signed by such person accompanied, where such person is a proxy, by a copy of the proxy instrument, shall constitute a valid resolution of the Shareholders.

If there is no Chairman of the Board or if the Chairman of the Board is not present at the meeting, the Shareholders present shall choose one of their number to be the chairman. If the Shareholders are unable to choose a chairman for any reason, then the Shareholder with the most Voting Rights present at the meeting in person (in the case of a Shareholder who is an individual) or by a duly appointed representative (in the case of a Shareholder who is a body corporate) or by proxy (in either case) shall preside as chairman failing which the longest registered Shareholder present in person (in the case of a Shareholder who is an individual) or by a duly appointed representative (in the case of a Shareholder who is a body corporate) or by proxy (in either case) shall take the chair.

If the chairman has any doubts as to the outcome of the vote on a proposed resolution, the chairman shall cause a poll to be taken of all votes cast upon such resolution. If the chairman fails to take a poll then any Shareholder present in person or by proxy who disputes the announcement on any demand that a poll be taken and the chairman shall cause a poll to be taken again. 14.21 The chairman of any meeting at which a vote is cast on behalf of any Shareholder which is a body corporate may call for such evidence of authority of the representative to exercise the rights of the Shareholder as the chairman may reasonably require.

14.22 Directors may attend and speak at any Shareholders' meeting and at any separate meeting of a Class of Shareholders.

14.23 Any action that may be taken by the Shareholders or a Class of Shareholders at a meeting may also be taken by a resolution consented to in writing, without the need for any notice, by a Shareholder or Shareholders holding in excess of 50 per cent of the

Voting Rights in relation thereto (subject to any requirement specified in the Act or the Articles for a resolution to be passed by a particular majority). The consent may be in the form of counterparts, each counterpart being signed by one or more Shareholders or by one or more of the Class of Shareholders. If the consent is in one or more counterparts, and the counterparts bear different dates, then the resolution shall take effect on the earliest date upon which Shareholders or a Class of Shareholders holding a sufficient number of votes to constitute a resolution of Shareholders or Class of Shareholders have consented to the resolution by signed counterparts. If any written resolution of the Shareholders or a Class of Shareholders is adopted otherwise than by the unanimous written consent of all Shareholders or Class of Shareholders, a copy of such resolution shall be sent to all Shareholders or Class of Shareholders not consenting to such resolution forthwith upon it taking effect.

15. Directors

15.1 The Directors may be appointed by a resolution of the Shareholders or by a resolution of the Directors.

15.2 The minimum number of Directors shall be one and there shall be no maximum number.

15.3 Each Director holds office for the term, if any, fixed by the resolution of the Shareholders or the resolution of the Directors appointing such person, or until such person's earlier death, resignation or removal or until such person is no longer permitted to act as a Director under section 93 of the Act. If no term is fixed on the appointment of a Director, the Director serves indefinitely until such person's earlier death, resignation or removal or until such person is no longer permitted to act as a Director under section 93 of the Act.

15.4 A Director may be removed from office by –

15.4.1 a resolution of the Shareholders passed at a meeting of the Shareholders called for the purpose of removing the Director or for purposes including the removal of the Director or by a written resolution consented to by a Shareholder or Shareholders holding at least 75 per cent of the Voting Rights in relation thereto; or

15.4.2 a resolution of the Directors.

15.5 A Director may resign his office by giving written notice of resignation to the Company and the resignation has effect from the date the notice is received by the Company or from such later date as may be specified in the notice. A Director shall resign forthwith as a Director if such person is no longer permitted to act as a Director under the Act.

15.6 The Board may at any time appoint any person to be a Director either to fill a casual vacancy or as an addition to the existing Directors. Where the Board appoints a person as Director to fill a vacancy, the term shall not exceed the term that remained when the person who has ceased to be a Director ceased to hold office.

15.7 A vacancy in relation to Directors occurs if a Director resigns, is removed from office, is no longer permitted to act as a director under section 93 of the Act, dies or otherwise ceases to hold office prior to the expiration of the term of such person's office.

15.8 The Company shall keep a register of Directors containing –

15.8.1 the names and business or residential address of the persons who are Directors provided that if the register does not contain the residential address of a Director, the registered agent of the Company shall maintain a separate record of such address;

15.8.2 the date on which each person whose name is entered in the register was appointed as a Director; and

15.8.3 the date on which each person named as a Director ceased to be a Director of the Company.

15.9 The register of Directors may be kept in any such form as the Directors may approve, but if it is in magnetic, electronic, other data storage form or illegible form, the Company must be able to produce legible evidence of its contents.

15.10 The Board may, by resolution of the Directors, fix the emoluments of Directors with respect to services to be rendered in any capacity to the Company.

15.11 The Directors may, by resolution, pay the Directors all expenses properly incurred by the Directors in the discharge of their duties.

15.12 A Director is not required to hold a Share as a qualification for office.

16. Powers of Directors

16.1 The business and affairs of the Company shall be managed by, or under the direction or supervision of, the Directors. The Board has all the powers necessary for managing, and for directing and supervising, the business and affairs of the Company. The Board may pay all expenses incurred preliminary to and in connection with the incorporation of the Company and may exercise all such powers of the Company other than those required by the Act or by the Memorandum or the Articles to be exercised by the Shareholders.

16.2 Each Director shall exercise that person's powers as Director for a proper purpose and shall not act or agree to the Company acting in a manner that contravenes the Act, the Memorandum or the Articles. Each Director, in exercising powers or performing duties as Director, shall act honestly and in good faith in what the Director believes to be the best interests of the Company.

16.3 Any Director which is a body corporate may appoint any individual as its duly appointed representative for the purpose of representing it at meetings of the Board, of any committee of Directors or of Shareholders or a Class of Shareholders and with respect to the signing of consent or otherwise.

16.4 The continuing Directors may act notwithstanding any vacancy in the Board.

16.5 The Board may by resolution of the Directors exercise all the powers of the Company to incur indebtedness, liabilities or obligations and to secure indebtedness, liabilities or obligations whether of the Company or of any third party.

16.6 All cheques, promissory notes, drafts, bills of exchange and other negotiable instruments and all receipts for moneys paid to the Company shall be signed, drawn, accepted, endorsed or otherwise executed, as the case may be, in such manner as shall from time to time be determined by the Directors.

16.7 Any written contract, deed, instrument, power of attorney or other document may be made or executed on behalf of the Company by any person (including any Director) acting with the authority of the Directors.

17. Proceedings of Directors

17.1 Unless otherwise specified in the Act or in the Memorandum or Articles, the exercise by the Directors of a power given to them under the Act or the Memorandum or Articles shall be by a resolution passed at a meeting of, or consented to in writing by, the Directors or any committee of the Directors.

17.2 Subject to any contrary provision in the Memorandum or Articles, a resolution of the Directors is passed at a meeting of the Directors if it is approved by a majority of the Directors who are present at such meeting and (being entitled to do so) vote thereon.

17.3 Subject to the provisions of the Articles, the Directors may regulate their proceedings as they see fit.

17.4 Any one Director may call a meeting of the Directors by sending a written notice to each other Director.

17.5 A Director shall be given reasonable notice of meetings of Directors save that any Director may waive this requirement to be given notice either before or after such meeting.

17.6 The Board or any committee of Directors may meet at such times and in such manner and places within or outside the Isle of Man as the Board or any committee of the Directors may determine to be necessary or desirable.

17.7 A Director is deemed to be present at a meeting of the Board or at a meeting of any committee of Directors, if such Director participates by telephone or other electronic means and all Directors participating in the meeting are able to communicate with each other.

17.8 A Director may by a written instrument appoint an alternate who need not be a Director and the alternate shall be entitled to attend meetings of the Board or any committee of Directors (as appropriate) in the absence of the Director who appointed such alternate and to vote or consent in the place of the Director until the appointment lapses or is terminated.

17.9 A meeting of the Board is duly constituted and quorate for all purposes if at the commencement of the meeting there are two Directors present in person (in the case of a Director who is an individual) or by a duly appointed representative (in the case of a corporate Director) or by an alternate (in either case).

17.10 If the Company has only one Director, the provisions contained in this Article for meetings of the Board do not apply and such sole Director has full power to represent and act for the Company in all matters as are not by the Act, the Memorandum or the Articles required to be exercised by the Shareholders. In lieu of minutes of a meeting, the sole Director shall record in writing and sign a note or memorandum of all matters requiring a resolution of the Directors. Such a note or memorandum constitutes sufficient evidence of such resolution for all purposes.

17.11 At meetings of the Directors at which the Chairman of the Board is present, such person shall preside as chairman of the meeting. If there is no Chairman of the Board or if the Chairman of the Board is not present, the Directors present shall choose one of their number to be chairman of the meeting.

17.12 Any action that may be taken by the Directors or a committee of Directors at a meeting may also be taken by a resolution of the Directors or a committee of Directors consented to in writing by a majority of the Directors or by a majority of the members of a committee of Directors provided that a copy of the proposed resolution is sent to all the persons entitled to consent to it. The consent may be in the form of counterparts, each counterpart being signed by one or more Directors or by one or more members of a committee of Directors. If the consent is in one or more counterparts, and the counterparts bear different dates, then the resolution shall take effect on the earliest date upon which a majority of the Directors or members of a committee of Directors has consented to the resolution by signed counterparts. If any written resolution of the Directors or a committee of the Directors is adopted otherwise by the unanimous written consent of all Directors or all members of the committee of Directors, a copy of such resolution shall be sent to all Directors or members of the committee of Directors not consenting to such resolution forthwith upon it taking effect.

18. Committees

18.1 The Board may, by resolution of the Directors, designate one or more committees, each consisting of one or more Directors, and delegate one or more of their powers, including the power to affix the Seal, to the committee. Any such delegation may be made subject to any conditions the Board may impose, may be made collaterally with, or to the exclusion of, their own powers and may be revoked or altered.

18.2 The Board has no power to delegate to a committee of Directors any of the following powers –

18.2.1 to amend the Memorandum or the Articles;

18.2.11 to authorise the Company to continue as a company incorporated under the laws of a jurisdiction outside the Isle of Man.

18.3 Articles 18.2.3 and 18.2.4 do not prevent a committee of Directors, where authorised by resolution of the Directors, from appointing such committee or, by a subsequent resolution of the Directors, from appointing a sub-committee and delegating powers exercisable by the committee to the sub-committee.

18.4 The meetings and proceedings of each committee of Directors consisting of two or more Directors shall be governed *mutatis mutandis* by the provisions of the Articles regulating the proceedings of meeting of Directors so far as they are not superseded by any provisions in the resolution of the Directors establishing the committee.

19.2 The Company may by resolution of the Directors appoint officers of the Company at such times as may be considered necessary or expedient. Such officers may consist of a chairman of the Board (the "**Chairman of the Board**") and such other officers as may from time to time be considered necessary or expedient. Any number of offices may be held by the same person.

19.3 The officers shall perform such duties as are prescribed at the time of their appointment, subject to any modification in such duties as may be prescribed subsequently by the Directors.

19.4 The emoluments of all officers shall be fixed by the Board.

19.5 The officers of the Company shall hold office until their successors are duly appointed, but any officer elected or appointed by the Directors may be removed at any time, with or without cause, by resolution of the Directors. Any vacancy occurring in any office of the Company may be filled by resolution of the Directors.

19.6.10 to make a determination that, immediately after a proposed Distribution, the Company satisfies the Solvency Test; or

19.6.11 to authorise the Company to continue as a company incorporated under the laws of a jurisdiction outside the Isle of Man.

19.7 The resolution of Directors appointing an agent may authorise the agent to appoint one or more substitutes or delegates to exercise some or all of the powers conferred on the agent by the Company. The Directors may remove an agent appointed by the Company and may revoke or vary a power conferred on such agent.

19.8 The Company may, by instrument in writing executed in accordance with section 86 of the Act, appoint a person as its attorney either generally or in relation to a specific matter.

20. Conflict of Interests

20.1 A Director shall, forthwith after becoming aware of the fact that such Director is interested in a transaction entered into or to be entered into by the Company, disclose the interest to the Board.

20.2 For the purposes of Article 20.1, a disclosure to the Board to the effect that a Director is also a member, director, officer or trustee of another named company or other arrangement and is to be regarded as interested in any transaction which may, after the date of the disclosure, be entered into between the Company and that other company or person, is a sufficient disclosure of interest in relation to that transaction.

20.3 A disclosure made pursuant to Article 20.1 shall be made or brought to the attention of every Director on the Board, provided that a disclosure shall be deemed to have been so made if it is made at the meeting of the Directors at which the transaction was first considered or, if the Director in question was not at the date of that meeting interested in the transaction or aware that such Director was so interested, at the first meeting of the Directors held after the Director became so aware or so interested (as the case may be).

20.4 Subject to Articles 20.1 to 20.3, a Director who is interested in a transaction entered into or to be entered into by the Company may –

20.4.1 vote on a matter relating to the transaction;

20.4.2 attend a meeting of the Board at which a matter relating to the transaction arises and be included among the Directors present at the meeting for the purposes of a quorum; and

20.5 Provided that a Director has disclosed any interest in accordance with the Act and the Articles, a Director, notwithstanding his office –

20.5.1 may be a party to, or otherwise interested in, any transaction or arrangement with the Company or in which the Company is otherwise interested;

20.5.2 may be a director or other officer of, or employed by, or a party to any transaction or arrangement with, or otherwise interested in, any body corporate promoted by the Company or in which the Company is otherwise interested; and

20.5.3 shall not by reason of his office, be accountable to the Company for any benefit which such Director derives from any such office or employment or from any such transaction or arrangement or from any interest in any such body corporate and no such transaction or arrangement shall be liable to be avoided on the ground of any such interest or benefit.

21. Indemnification

21.1 The Company may indemnify against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred in connection with legal, administrative or investigative proceedings any person who –

21.3 The decision of the Directors as to whether the person acted honestly and in good faith and with a view to the best interests of the Company and as to whether the person had no reasonable cause to believe that such person's conduct was unlawful is, in the absence of fraud, sufficient for the purposes of the Articles unless a question of law is involved.

21.4 The termination of any proceedings by any judgment, order, settlement or conviction does not, by itself, create a presumption that the person did not act honestly and in good faith and with a view to the best interests of the Company or that the person had reasonable cause to believe that the conduct of such person was unlawful.

21.5 Expenses, including legal fees, incurred by a Director or a former Director in defending any legal, administrative or investigative proceedings may be paid by the Company in advance of the final disposal of such proceedings upon receipt of an undertaking given by or on behalf of the Director or former Director to repay the amount if it shall ultimately be determined that the Director or former Director is not entitled to be indemnified by the Company in accordance with Article 21.1.

21.6 The indemnification and advancement of expenses provided by or granted pursuant to this Article is not exclusive of any other rights to which the person seeking indemnification or advancement of expenses may be entitled under any agreement, resolution of the Shareholders, resolution of the Directors or otherwise, both as to acting in the person's official capacity and as to acting in another capacity while serving as a Director.

21.7 If a person referred to in Article 21.1 has been successful in defence of any proceedings referred to in Article 21.1, that person is entitled to be indemnified against all expenses, including legal fees, and against all judgments, fines and amounts paid in settlement and reasonably incurred by such person in connection with the proceedings.

However, notwithstanding the foregoing, Subscription Receipts shall only be transferred upon:

(i) payment to the Subscription Receipt Agent of a reasonable sum for each new Subscription Receipt Certificate issued upon such transfer, and reimbursement of the Subscription Receipt Agent or the Corporation for any and all stamp taxes or governmental or other charges required to be paid in respect of such transfer; and

The Corporation will be entitled, and may direct the Subscription Receipt Agent, to refuse to recognize any transfer, or enter the name of any transferee, of any Subscription Receipts on the registers referred to in this Article, if such transfer would constitute a violation of the securities laws of any jurisdiction or the rules, regulations or policies of any regulatory authority having jurisdiction, or would be contrary to the terms of the constating documents of the Corporation or this Agreement.

(e) Subject to the provisions of this Agreement and applicable law, a Receiptholder shall be entitled to the rights and privileges attaching to the Subscription Receipts. Either the issue of the Underlying Common Shares as provided in Section 3.3, or the payment of the Subscription Price and the Earned Interest (less applicable withholding taxes, if any) as provided in Section 3.5, all in accordance with the terms and conditions herein contained, shall discharge all responsibilities of the Corporation and the Subscription Receipt Agent with respect to such Subscription Receipts and neither the Corporation nor the Subscription Receipt Agent shall be bound to inquire into the title of a Receiptholder.

All Subscription Receipt Certificates shall, save as to denomination, be of like tenor and effect. The Subscription Receipt Certificates may be typewritten, photocopied, engraved, printed, lithographed, or partly in one form and partly in another, as the Corporation may determine. The Global Security shall be deemed to bear the following legend:

"Unless this certificate is presented by an authorized representative of CDS Clearing and Depository Services Inc. ("CDS") to Amaya Gaming Group Inc. or its agent for registration of transfer, exchange or payment, and any certificate issued in respect thereof is registered in the name of CDS & CO., or in such other name as is requested by an authorized representative of CDS (and any payment is made to CDS & CO. or to such other entity as is requested by an authorized representative of CDS) ANY TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL since the registered holder hereof, CDS & CO., has a property interest herein in the securities represented by this certificate and it is a violation of its rights for another person to hold, transfer, or deal with this certificate."

(i) Registration of beneficial interests in and transfers of Subscription Receipts held by CDS shall be made through the Book Entry Only System and no Subscription Receipt Certificate shall be issued in respect of such Subscription Receipts except if required pursuant to the terms of this Agreement.

(j) Until the termination of the Book-Entry Only System, owners of the beneficial interests in the Subscription Receipts shall not be entitled to have Subscription Receipts registered in their names, shall not receive or be entitled to receive Subscription Receipt Certificates in definitive form and shall not be considered owners or holders thereof under this Agreement or any supplemental agreement except in circumstances where CDS resigns or is removed from its responsibility and the Subscription Receipt Agent is unable or does not wish to locate a qualified successor. Beneficial interests in Subscription Receipts represented by the Global Security will be represented only through the Book-Entry Only System. Transfers of Subscription Receipts between CDS Participants shall occur in accordance with CDS's rules and procedures. Neither the Corporation nor the Subscription Receipt Agent shall have any responsibility or liability for any aspects of the records relating to or payments made by CDS, or its nominee, on account of the beneficial interests in the Subscription Receipts. Nothing herein shall prevent the owners of beneficial interests in the Subscription Receipts from voting such Subscription Receipts using duly executed proxies in accordance with CDS's rules and procedures.

(k) All references herein to actions by, notices given or payments made to Receiptholders shall, where Subscription Receipts are held through CDS, refer to

actions taken by, or notices given or payments made to, CDS upon instruction from the CDS Participants in accordance with its rules and procedures. For the purposes of any provision hereof requiring or permitting actions with the consent of or at the direction of Receiptholders evidencing a specified percentage of the aggregate Subscription Receipts outstanding, such direction or consent may be given by Receiptholders acting through CDS and the CDS Participants owning Subscription Receipts evidencing the requisite percentage of the Subscription Receipts. The rights of a Receiptholder whose Subscription Receipts are held through CDS shall be exercised only through CDS and the CDS Participants and shall be limited to those established by law and agreements between such Receiptholder and CDS and/or the CDS Participants or upon instructions from the CDS Participants. Each of the Subscription Receipt Agent and the Corporation may deal with CDS for all purposes (including the making of payments) as the authorized representative of the respective Receiptholders and such dealing with CDS shall constitute satisfaction or performance, as applicable, of their respective obligations hereunder.

(l) For so long as Subscription Receipts are represented by the Global Security, if any notice or other communication is required to be given to Receiptholders, the Subscription Receipt Agent will give such notices and communications to CDS as well as to Receiptholders whose Subscription Receipts are evidenced by a Subscription Receipt Certificate.

(m) If CDS resigns or is removed from its responsibility as depository and the Subscription Receipt Agent is unable or does not wish to locate a qualified successor, the Corporation shall direct CDS to surrender the Global Security to the Subscription Receipt Agent with instructions for registration of Subscription Receipts in the name and in the amount specified by CDS and the Corporation shall issue and the Subscription Receipt Agent shall certify and deliver the aggregate number of Subscription Receipts then outstanding in the form of definitive Subscription Receipt Certificates representing such Subscription Receipts.

The Subscription Receipt Agent hereby agrees to hold the same as trustee and agent for and on behalf of the Receiptholders, the Underwriters and the Corporation and to disburse and deal with the same as provided herein.

2.15 Cancellation of Surrendered Subscription Receipt Certificates

All Subscription Receipt Certificates surrendered to the Subscription Receipt Agent pursuant to Sections 2.11, 2.12, 2.13, and 7.1 shall be returned to or received by the Subscription Receipt Agent for cancellation and, if required by the Corporation, the Subscription Receipt Agent shall furnish the Corporation with a cancellation certificate identifying the Subscription Receipt Certificates so cancelled and the number of Subscription Receipts evidenced thereby.

In addition to the legends required pursuant to Section 3.8, the Underlying Common Shares so issued on or prior to the date that is four months and a day from the date hereof shall be deemed to bear, and each certificate in respect thereof shall bear, the following legends:

"THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE LISTED ON THE TORONTO STOCK EXCHANGE ("TSX"); HOWEVER, THE SAID SECURITIES CANNOT BE TRADED THROUGH THE FACILITIES OF TSX SINCE THEY ARE NOT FREELY TRANSFERABLE, AND CONSEQUENTLY ANY CERTIFICATE REPRESENTING SUCH SECURITIES IS NOT "GOOD DELIVERY" IN SETTLEMENT OF TRANSACTIONS ON TSX."

provided that subsequent to the date which is four months and one day after the date hereof the certificates representing the Underlying Common Shares may be exchanged for certificates that do not bear the legends set forth above.

(b) The Underlying Common Shares shall be issued to registered holders of Subscription Receipts upon the updating of the register of the Corporation reflecting the issue of such Underlying Common Shares, together with a notation relating to any legends and/or transfer restrictions applicable to such Underlying Common Shares. Upon the issuance of the Underlying Common Shares, the Corporation shall, in accordance with the provisions of its constating documents, cause share certificates representing the Underlying Common Shares to be issued to the holder of certificated Subscription Receipts. Within three Business Days after the receipt of the Escrow Release Notice provided for in Section 3.1, the Subscription Receipt Agent shall cause certificates representing the Underlying Common Shares to be mailed or delivered to the Person or Persons entitled thereto.

3.5 Payment on Termination

(a) If Termination occurs, the Corporation shall forthwith notify the Subscription Receipt Agent and Canaccord Genuity thereof in writing and shall issue a press release setting forth the Termination Date.

(b) If Termination occurs, each Subscription Receipt shall, subject to Subsection 3.5(f) hereof, be automatically terminated and cancelled and (i) each Receiptholder other than U.S. Receiptholders shall be entitled to receive out of the Canadian Escrowed Funds at the Termination Payment Time, an amount equal to (A) the Subscription Price in respect of such Receiptholder's Subscription Receipts; and (B) such Receiptholder's *pro rata* share of the Earned Interest thereon less applicable withholding taxes, if any, and (ii) the U.S. Receiptholders shall be entitled to receive out of the U.S. Escrowed Funds at the Termination Payment Time, an amount equal to (A) the Subscription Price in respect of such Receiptholder's Subscription Receipts; and (B) such Receiptholder's *pro rata* share of the Earned Interest thereon less applicable withholding taxes, if any.

(c) The amounts paid to each Receiptholder under paragraph 3.5(b)(i)(A) and (B) shall be satisfied by the Canadian Escrowed Funds, and the amounts paid to each Receiptholder under paragraph 3.5(b)(ii)(A) and (B) shall be satisfied by the U.S. Escrowed Funds. To the extent that the Escrowed Funds are insufficient to refund to each Receiptholder an amount equal to the aggregate Subscription Price for the Subscription Receipts held by them, the Corporation shall be responsible and liable to the Receiptholders for any shortfall and shall contribute such amounts as are necessary to satisfy any shortfall such that each Receiptholder will receive an amount equal to the aggregate Subscription Price for the Subscription Receipts held.

(d) In the event that a U.S. Receiptholder ceases to be the registered holder of the Subscription Receipts evidenced by the U.S. Subscription Receipt Certificate issued to such U.S. Receiptholder on the date hereof, such U.S. Receiptholder shall cease to be entitled to be paid in accordance with paragraph 3.5(b)(ii)(A) and (B) and any transferee of the U.S. Receiptholder shall be paid in accordance with paragraph 3.5(b)(i)(A) and (B) out of the Canadian Escrowed Funds.

(e) The obligation to make the payment of the amounts specified in Subsection 3.5(b) shall be satisfied by wire transfer (in the case of CDS) made by the Subscription Receipt Agent to Receiptholders or by the Subscription Receipt Agent mailing cheques made payable to the Receiptholders at their registered addresses.

(f) Upon receipt of a wire transfer or the mailing or delivery of any cheque as provided in Subsection 3.5(e) (and, in the case of a cheque, provided such cheque has been honoured for payment, if presented for payment within six months of the date thereof) all rights evidenced by the Subscription Receipts held by a Receiptholder shall be satisfied and such Subscription Receipts shall be void and of no value or effect.

3.6 Additional Payments by the Corporation

(a) The Corporation shall, no later than one Business Day before the date upon which any amount due hereunder from the Corporation, if any, is required to be paid pursuant to Article 3, pay to the Subscription Receipt Agent such amount, if any, in immediately available funds as will be sufficient to allow the Subscription Receipt Agent to pay in full the amounts required to be paid under this Article 3. The Corporation shall notify in writing the Subscription Receipt Agent of such payment when made.

(b) The Subscription Receipt Agent shall, no later than one Business Day following the date upon which the amounts required to be paid under this Article 3 are paid in full, pay to the Corporation such amount, if any, in immediately available funds, of any remaining U.S. Escrowed Funds which is held by the Subscription Receipt Agent. The Subscription Receipt Agent shall notify in writing the Corporation of such payment when made.

3.7 Withholding

The Subscription Receipt Agent shall be entitled to deduct and withhold from any amount released pursuant to this Agreement all taxes which may be required to be deducted or withheld under any provision of applicable tax law. All such withheld amounts will be treated as having been delivered to the party entitled to the amount released in respect of which such tax has been deducted or withheld and remitted to the appropriate taxing authority.

3.8 U.S. Legends

(a) Each U.S. Subscription Receipt Certificate issued to an Institutional Accredited Investor, and all certificates representing Underlying Common Shares issued to an Institutional Accredited Investor pursuant to the Subscription Receipts evidenced by such U.S. Subscription Receipt Certificate in accordance with Article 2 hereof (and each U.S. Subscription Receipt Certificate or Underlying Common Share certificate issued in exchange therefor or in substitution or transfer thereof), shall be overprinted with the following legend.

"THE SECURITIES REPRESENTED HEREBY HAVE NOT AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "U.S. SECURITIES ACT") OR ANY STATE SECURITIES LAWS. THE HOLDER HEREOF, BY

PURCHASING OR OTHERWISE HOLDING SUCH SECURITIES, AGREES FOR THE BENEFIT OF AMAYA GAMING GROUP INC. (THE "CORPORATION") THAT SUCH SECURITIES MAY BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY (A) TO THE CORPORATION, (B) IN THE UNITED STATES PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT, OR (C) OUTSIDE THE UNITED STATES IN ACCORDANCE WITH RULE 904 OF REGULATION S UNDER THE U.S. SECURITIES ACT AND IN COMPLIANCE WITH APPLICABLE CANADIAN LOCAL LAWS AND REGULATIONS. DELIVERY OF THIS CERTIFICATE MAY NOT CONSTITUTE "GOOD DELIVERY" IN SETTLEMENT OF TRANSACTIONS ON STOCK EXCHANGES IN CANADA.";

If the Corporation is a "foreign issuer" within the meaning of Regulation S under the U.S. Securities Act at the time any of the Subscription Receipts or Underlying Common Shares are transferred outside the United States in accordance with Rule 904 of Regulation S, a new certificate, which will constitute "good delivery" in settlement of transactions on Canadian stock exchanges, will be made available to the Receiptholder upon provision by the Receiptholder of a declaration in the form below or in such other form that is acceptable to the Corporation, together with any other evidence, which may include a legal opinion reasonably satisfactory in form and substance to the Corporation, required by the Corporation or the registrar and transfer agent for the Subscription Receipts or Underlying Common Shares:

"The undersigned acknowledges that the sale of the securities of Amaya Gaming Group Inc. (the "**Corporation**") to which this declaration relates is being made in reliance on Rule 904 of Regulation S under the United States Securities Act of 1933, as amended (the "**U.S. Securities Act**"), and certifies that: (1) the undersigned is not an "affiliate" of the Corporation (as that term is defined in Rule 405 under the U.S. Securities Act); (2) the offer of such securities was not made to a person in the United States and either (a) at the time the buy order was originated, the buyer was outside the United States or the seller and any person acting on its behalf reasonably believe that the buyer was outside the United States, or (b) the transaction was executed on or through the facilities of the Toronto Stock Exchange or any other designated offshore securities market, and neither the seller nor any person acting on its behalf knows that the transaction has been prearranged with a buyer in the United States; (3) neither the seller nor any affiliate of the seller nor any person acting on their behalf has engaged in any directed selling efforts in the United States in connection with the offer and sale of such securities; (4) the sale is bona fide and not for the purpose of "washing off" the resale restrictions imposed because the securities are "restricted securities" (as that term is defined in Rule 144(a)(3) under the U.S. Securities Act); and (5) the contemplated sale is not a transaction, or part of a series of transactions, which, although in technical compliance with Regulation S, is part of a plan or scheme to evade the registration provisions of the U.S. Securities Act. Terms used herein have the meanings given to them by Regulation S under the U.S. Securities Act."

(b) No transfer of Subscription Receipts evidenced by a U.S. Subscription Receipt Certificate bearing the legend set forth in subsection 3.8(a) above shall be made except in accordance with the requirements of such legend and subject to this Agreement.

ARTICLE 4
ESCROWED UNDERWRITERS' FEE

4.1 Escrowed Underwriters' Fee to be placed in Escrow

On the Offering Closing Date, the Escrowed Underwriters' Fee shall be delivered to the Subscription Receipt Agent to be held in the Escrow Account pursuant to the terms hereof. The Subscription Receipt Agent hereby agrees to hold the same as agent for and on behalf of Canaccord Genuity and the Receiptholders, as the case may be, and to disburse and deal with the same as provided herein.

4.2 Release of Escrowed Underwriters' Fee

If the Escrow Release Time occurs on or before the Escrow Release Deadline and the Escrow Release Notice is delivered in accordance herewith, the Subscription Receipt Agent shall deliver a cheque or complete a wire transfer payable to Canaccord Genuity in the full amount of the Escrowed Underwriters' Fee plus Earned Interest thereon in accordance with the Escrow Release Notice. If Termination occurs, then the Subscription Receipt Agent shall use the full amount of the Escrowed Underwriters' Fee, plus Earned Interest thereon, to satisfy a portion of the refund right of the Receiptholders in accordance with Section 3.5.

ARTICLE 5
ADJUSTMENT

5.1 Definitions

In this Article 5, references to any "record date" refer to the particular time on such relevant date stipulated for such event and otherwise refer to 5:00 p.m. (Montréal time) on such date.

5.2 Adjustment

The rights attaching to the Subscription Receipts are subject to adjustment from time to time in the events and in the manner provided as follows:

(a) If at any time after the issuance of the Subscription Receipts and before the Escrow Release Time, the Corporation:

(i) subdivides its outstanding Common Shares into a greater number of Common Shares, or

(ii) consolidates its outstanding Common Shares into a lesser number of Common Shares,

(any of such events in Subsections 5.2(a)(i) and 5.2(a)(ii) being called a "**Common Share Reorganization**"), then the number of Underlying Common

Shares with respect to each Subscription Receipt will be adjusted as of the record date at which the holders of Common Shares are determined for the purpose of the Common Share Reorganization by multiplying the number of Underlying Common Shares theretofore obtainable immediately prior to such record date by a fraction, the numerator of which will be the number of Common Shares outstanding on the record date after giving effect to such Common Share Reorganization and the denominator of which will be the number of Common Shares outstanding on the record date before giving effect to such Common Share Reorganization.

(b) If at any time after the issuance of the Subscription Receipts and before the Escrow Release Time there is a reclassification of Common Shares at any time outstanding or a change of the Common Shares into other securities or property (other than a Common Share Reorganization), or a consolidation, amalgamation, arrangement or merger of the Corporation with or into any corporation or other entity (other than a consolidation, amalgamation, arrangement or merger which does not result in any reclassification of the outstanding Common Shares or a change of the Common Shares into other securities or property), or a transfer of the undertakings or assets of the Corporation as an entirety or substantially as an entirety to another entity, or a record date for any of the foregoing events occurs, (any of such events being herein called a "**Capital Reorganization**"), any Receiptholder entitled to acquire Underlying Common Shares after the record date or effective date of such Capital Reorganization will be entitled to receive, and will accept in lieu of the number of Underlying Common Shares to which such Receiptholder was theretofore entitled, the aggregate number of other securities or other property which such Receiptholder would have been entitled to receive as a result of such Capital Reorganization if, on the effective date of such Capital Reorganization, the Receiptholder had been the registered holder of the number of Underlying Common Shares to which such Receiptholder was then entitled with respect to the Subscription Receipts subject to adjustment thereafter in accordance with provisions the same, as nearly as may be possible, as those contained in Section 5.2, provided however, that no such Capital Reorganization will be carried into effect unless all necessary steps have been taken to so entitle the Receiptholders.

(c) The adjustments provided for in this Section 5.2 are cumulative and shall apply to successive subdivisions, consolidations, changes, distributions, issues or other events resulting in any adjustment under the provisions of this Section 5.2.

(d) In case the Corporation, after the date hereof, shall take any action affecting the Common Shares, other than the actions described in this Section 5.2, which, in the reasonable opinion of the directors of the Corporation, would materially affect the rights of the Receiptholders and/or the rights attaching to the Subscription Receipts, then the number of Underlying Common Shares which are to be received pursuant to the Subscription Receipts shall be adjusted in such manner, if any, and at such time as the directors of the Corporation may, in their discretion but subject to the prior approval of the TSX, reasonably determine to be equitable to the Receiptholders in such circumstances.

(e) In the event of any question arising with respect to the adjustment provided in this Section 5.2, such question shall be conclusively determined by a firm of chartered accountants appointed by the Corporation and acceptable to the Subscription Receipt Agent (who may be the auditors of the Corporation); such accountants shall have access to all necessary records of the Corporation and such determination shall be binding upon the Corporation, the Subscription Receipt Agent, the Underwriter and the Receiptholders.

(f) The Subscription Receipt Agent may rely upon certificates and other documents filed by the Corporation pursuant to this Article for all purposes of the adjustment.

(g) Notwithstanding anything to the contrary in this Article, no adjustment shall be made pursuant to this Agreement to the rights attached to the Subscription Receipts upon the issue of Common Shares pursuant to any share option or share purchase plan in force from time to time for officers, directors, employees, consultants or shareholders of the Corporation or Subsidiaries of the Corporation, or pursuant to any share option granted by the Corporation prior to the date of this Agreement.

5.3 Duties of the Subscription Receipt Agent

The Subscription Receipt Agent shall not:

(a) at any time be under any duty or responsibility to any Receiptholder to determine whether any facts exist which may require any adjustment in the number of Underlying Common Shares issuable upon exercise of Subscription Receipts, or with respect to the nature or extent of any such adjustment when made, or with respect to the method employed in making such adjustment;

(b) be accountable with respect to the validity or value (or the kind or amount) of any Common Shares or of any shares or other securities or property which may at any time be issued or delivered upon the exercise of any Subscription Receipt; or

(c) be responsible for any failure of the Corporation to make any cash payment or to issue, transfer or deliver Common Shares or share certificates, or to comply with any of the covenants contained in Article 5.

5.4 Notice of Adjustment

(a) As promptly as reasonably practicable upon the occurrence of the earlier of the effective date of or the record date for any event referred to in Section 5.2 that requires an adjustment of the rights attaching to the Subscription Receipts, the Corporation shall:

(i) file with the Subscription Receipt Agent a certificate of the Corporation specifying the particulars of the event and, if determinable, the adjustment and computation of the adjustment and the Subscription Receipt Agent may act and rely absolutely on the certificate of the Corporation; and

(ii) give notice, or cause notice to be given, to the Receiptholders of the particulars of the event and, if determinable, the adjustment.

(b) If notice has been given under Subsection 5.4(a) and the adjustment is not then determinable, the Corporation shall promptly, after the adjustment is determinable:

(i) file with the Subscription Receipt Agent a computation of the adjustment; and

(ii) give notice, or cause notice to be given, to the Receiptholders of the adjustment.

ARTICLE 6
INVESTMENT OF PROCEEDS AND PAYMENT OF INTEREST

6.1 Investment of Proceeds

(a) Pending disbursement of the Escrowed Funds, the Subscription Receipt Agent shall:

(i) deposit the Canadian Escrowed Funds on behalf of the Corporation to guarantee obligations hereunder to the Receiptholders other than the U.S. Receiptholders in one or more interest-bearing trust accounts to be maintained by the Subscription Receipt Agent in the name of the Subscription Receipt Agent at one or more banks listed in Schedule C hereto (each such bank, a "**Canadian Approved Bank**"). The Subscription Receipt Agent shall pay an interest at an annual rate which is equal to the prime rate less 2.25% of interest announced from time to time by The Bank of Nova Scotia on Canadian dollar loans made to its most credit worthy customers in Canada. Such payment obligation shall be calculated daily and paid to the account(s) within three (3) Business Days of each month-end. The Subscription Receipt Agent may receive investment earnings in excess of or less than the interest payable to the Corporation pursuant to this Section 6.1(a)(i), such earnings being for the Subscription Receipt Agent's benefit or at its risk, as applicable; and

(ii) deposit the U.S. Escrowed Funds on behalf of the Corporation to guarantee the obligations hereunder to the U.S. Receiptholders in one or more interest-bearing trust accounts, such accounts to be denominated in United State dollars, to be maintained by the Subscription Receipt Agent in the name of the Subscription Receipt Agent at one or more banks listed in Schedule D hereto (each such bank, a "**U.S. Approved Bank**" and together with the Canadian Approved Banks, the "**Approved Banks**"). The Subscription Receipt Agent shall pay an interest at an annual rate which is equal to the average 90 day USD treasury bill rate, such annual rate not to be less than zero. Such payment obligation shall be calculated daily and paid to the account(s) within three (3) Business Days of each month-end. The Escrow Agent may receive investment earnings in excess

of or less than the interest payable to the Corporation pursuant to this Section 6.1(a)(ii), such earnings being for the Subscription Receipt Agent's benefit or at its risk, as applicable.

(b) The Subscription Receipt Agent shall maintain separate accounts to hold (a) the U.S. Escrowed Funds in U.S. currency, with such amounts to be invested pursuant to this Agreement, and (b) the Canadian Escrowed Funds in Canadian currency, with such amounts to be invested pursuant to this Agreement.

(c) All amounts held by the Subscription Receipt Agent pursuant to this Agreement shall not give rise to a debtor-creditor or other similar relationship. The amounts held by the Subscription Receipt Agent pursuant to this Agreement are at the sole risk of the Corporation and, without limiting the generality of the foregoing, the Subscription Receipt Agent shall have no responsibility or liability for any diminution of the Escrowed Funds which may result from any deposit made with an Approved Bank pursuant to this Agreement, including any losses resulting from a default by the Approved Bank or other credit losses (whether or not resulting from such a default) and any credit or other losses on any deposit liquidated or sold prior to maturity. The parties acknowledge and agree that the Subscription Receipt Agent will have acted prudently in depositing the Escrowed Funds at any Approved Bank, and that the Subscription Receipt Agent is not required to make any further inquiries in respect of any such bank.

(d) At any time and from time to time, the Corporation shall be entitled to direct the Subscription Receipt Agent by written notice (a) not to deposit any new amounts in any Approved Bank specified in the notice and/or (b) to withdraw all or any of the Escrowed Funds that may then be deposited with any Approved Bank specified in the notice and re-deposit such amount with one or more of such other Approved Banks as specified in the notice. With respect to any withdrawal notice, the Subscription Receipt Agent will endeavor to withdraw such amount specified in the notice as soon as reasonably practicable and the Corporation acknowledges and agrees that such specified amount remains at the sole risk of the Corporation prior to and after such withdrawal

6.2 Segregation of Proceeds

The Escrowed Funds received by the Subscription Receipt Agent and any securities or other instruments received by the Subscription Receipt Agent upon the investment or reinvestment of such Escrowed Funds, shall be received as agent for, and shall be segregated and kept apart by the Subscription Receipt Agent as agent for, the Receiptholders, the Corporation or Canaccord Genuity, as the case may be.

6.3 Third Party Interest

The Corporation hereby represents to the Subscription Receipt Agent that any account to be opened by, or interest to be held by, the Subscription Receipt Agent, in connection with this Agreement, to the extent opened or held for or to the credit of the Corporation, is not intended to be used by or on behalf of any third party.

ARTICLE 7
RIGHTS OF THE CORPORATION AND COVENANTS

7.1 Optional Purchases by the Corporation

Subject to applicable law, the Corporation may from time to time purchase by private contract or otherwise any of the Subscription Receipts.

7.2 General Covenants

(a) The Corporation covenants with the Subscription Receipt Agent and Canaccord Genuity that so long as any Subscription Receipts remain outstanding:

(i) it will maintain its existence at all times;

(ii) it will make all requisite filings under applicable Canadian securities legislation including those necessary to remain a reporting issuer not in default in each of the provinces of Canada in which it is currently a reporting issuer;

(iii) it will announce by press release the Escrow Release Time or the Termination Date, as the case may be, in accordance with the provisions hereof;

(iv) it will perform and carry out all of the acts or things to be done by it as provided in this Agreement;

(v) prior to the earlier of the Escrow Release Time and the Termination Date, it will not sell the properties or assets of the Corporation as, or substantially as, an entirety, to any other entity;

(vi) it will cause the Underlying Common Shares to be duly issued as fully paid and non-assessable shares and delivered in accordance with the terms hereof;

(vii) it will use its reasonable commercial efforts to ensure that all of the Underlying Common Shares when issued will be listed and posted for trading on the TSX;

(viii) use its best efforts to list the Subscription Receipts on the TSX effective upon the expiry of a four-month resale restriction period if such Subscription Receipts have not yet been exchanged into Underlying Common Shares by such time;

(ix) in the event that it shall begin, or cease, to be a “foreign issuer” within the meaning of Rule 902 of Regulation S, the Corporation shall promptly deliver to the Subscription Receipt Agent an officers’ certificate certifying such issuer status and other information as the Subscription Receipt Agent may require at such given time, it being understood that such determination shall be made as of the last business day of the Corporation’s second fiscal quarter as required by the U.S. securities laws.

(b) In addition, the Corporation covenants with the Subscription Receipt Agent and Canaccord Genuity that, from the date hereof to the earlier of the Termination Date and the Escrow Release Date, it will not issue Common Shares to holders of all or substantially all of the outstanding Common Shares by way of a dividend or distribution, or declare or pay any dividend in cash, or make any distribution of cash, on all or substantially all of the outstanding Common Shares.

7.3 Subscription Receipt Agent's Remuneration, Expenses and Indemnification

The Corporation covenants that it will pay to the Subscription Receipt Agent from time to time reasonable remuneration for its services hereunder and will pay or reimburse the Subscription Receipt Agent upon its request for all reasonable expenses, disbursements and advances incurred or made by the Subscription Receipt Agent in the administration or execution of this Agreement (including the reasonable compensation and the disbursements of its counsel and all other advisers and assistants not regularly in its employ) both before any default hereunder and thereafter until all duties of the Subscription Receipt Agent hereunder shall be finally and fully performed, except any such expense, disbursement or advance as may arise out of or result from the Subscription Receipt Agent's gross negligence, willful misconduct or bad faith. Any amount owing hereunder and remaining unpaid after 30 days from the invoice date will bear interest at the then current rate charged by the Subscription Receipt Agent against unpaid invoices and shall be payable on demand.

7.4 Performance of Covenants by Subscription Receipt Agent

If the Corporation shall fail to perform any of its covenants contained in this Agreement, the Subscription Receipt Agent may notify the Receiptholders and Canaccord Genuity of such failure on the part of the Corporation or may itself perform any of the said covenants capable of being performed by it, but shall be under no obligation to perform said covenants or to notify the Receiptholders of such performance by it. All sums expended or advanced by the Subscription Receipt Agent in so doing shall be repayable as provided in Section 7.3. No such performance, expenditure or advance by the Subscription Receipt Agent shall relieve the Corporation of any default hereunder or of its continuing obligations under the covenants contained herein.

7.5 Accounting

The Subscription Receipt Agent shall maintain accurate books, records and accounts of the transactions effected or controlled by the Subscription Receipt Agent hereunder and the receipt, investment, reinvestment and disbursement of the Escrowed Funds, and shall provide to the Corporation and Canaccord Genuity records and statements thereof periodically upon written request. The Corporation shall have the right to audit any such books, records, accounts and statements.

7.6 Payments by Subscription Receipt Agent

The Subscription Receipt Agent will disburse monies according to this Agreement only to the extent that monies have been deposited with it. The Subscription Receipt Agent shall not under any circumstances be required to disburse funds in excess of the amounts on deposit with the Subscription Receipt Agent at the time of such disbursement.

7.7 Regulatory Matters

The Corporation shall file all such documents, notices and certificates and take such steps and do such things as may be necessary under applicable securities laws to permit the issuance of the Underlying Common Shares in the circumstances contemplated by Section 3.3 such that (i) such issuance will comply with the prospectus and registration requirements (or exemptions therefrom) of applicable securities laws in each of the provinces of Canada, as applicable, and and on a basis exemption from registration under the U.S. Securities Act, and (ii) the first trade in the Underlying Common Shares (other than from the holdings of a Person who, alone or in combination with others, holds sufficient Common Shares to materially affect control of the Corporation) will not be subject to, or will be exempt from, the prospectus requirements of applicable securities laws in each of the provinces of Canada (subject to a hold period under applicable securities laws of four month plus one day following the date of issue of the Subscription Receipts).

7.8 Anti-Money Laundering & Privacy

The Subscription Receipt Agent shall retain the right not to act and shall not be liable for refusing to act if, due to a lack of information or for any other reason whatsoever, the Subscription Receipt Agent, in its sole judgment, acting reasonably, determines that such act might cause it to be in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline. Further, should the Subscription Receipt Agent, in its sole judgment, acting reasonably, determine at any time that its acting under this Agreement has resulted in its being in non-compliance with any applicable anti-money laundering or anti-terrorist legislation, regulation or guideline, then it shall have the right to resign on 10 days prior written notice sent to all parties provided that (i) the Subscription Receipt Agent's written notice shall describe the circumstances of such non-compliance; and (ii) that if such circumstances are rectified to the Subscription Receipt Agent's satisfaction, acting reasonably, within such 10 day period, then such resignation shall not be effective.

The parties acknowledge that the Subscription Receipt Agent may, in the course of providing services hereunder, collect or receive financial and other personal information about such parties and/or their representatives, as individuals, or about other individuals related to the subject matter hereof, and use such information for the following purposes:

(a) to provide the services required under this Agreement and other services that may be requested from time to time;

(b) to help the Subscription Receipt Agent manage its servicing relationships with such individuals;

(c) to meet the Subscription Receipt Agent's legal and regulatory requirements; and

(d) if Social Insurance Numbers are collected by the Subscription Receipt Agent, to perform tax reporting and to assist in verification of an individual's identity for security purposes.

Each party acknowledges and agrees that the Subscription Receipt Agent may receive, collect, use and disclose personal information provided to it or acquired by it in the course of this Agreement for the purposes described above and, generally, in the manner and on the terms described in its privacy code, which the Subscription Receipt Agent shall make available on its website or upon request, including revisions thereto. Further, each party agrees that it shall not provide or cause to be provided to the Subscription Receipt Agent any personal information relating to an individual who is not a party to this Agreement unless that party has assured itself that such individual understands and has consented to the aforementioned uses and disclosures.

7.9 Use of Accounts

Each of the Corporation and Canaccord Genuity hereby represents to the Subscription Receipt Agent that any account to be opened by, or interest to be held by, the Subscription Receipt Agent in connection with this Agreement, for or to the credit of such party other than the Receiptholders, either (i) is not intended to be used by or on behalf of any third party; or (ii) is intended to be used by or on behalf of a third party, in which case such party hereto agrees to complete and execute forthwith a declaration in the Subscription Receipt Agent's prescribed form as to the particulars of such third party.

ARTICLE 8
ENFORCEMENT

8.1 Suits by Receiptholders

Subject to Section 9.10, all or any of the rights conferred upon any Receiptholder by any of the terms of the Subscription Receipt Certificates or of this Agreement, or of both, may be enforced by the Receiptholder by appropriate proceedings but without prejudice to the right which is hereby conferred upon the Subscription Receipt Agent to proceed in its own name to enforce each and all of the provisions contained herein for the benefit of the Receiptholders. The Subscription Receipt Agent shall also have the power at any time and from time to time to institute and to maintain such suits and proceedings as it may reasonably be advised shall be necessary or advisable to preserve and protect its interests and the interests of Receiptholders.

8.2 Immunity of Shareholders

The Subscription Receipt Agent and, by the acceptance of the Subscription Receipts and as part of the consideration for the issue of the Subscription Receipts, the Receiptholders (including any owner of beneficial interests in the Subscription Receipts) hereby waive and release any right, cause of action or remedy now or hereafter existing in any jurisdiction against any past, present or future Shareholder of the Corporation or any successor entity, or any past, present or future officer, employee or agent of the Corporation or any successor entity for the issue of the Underlying Common Shares pursuant to any Subscription Receipt or on any covenant, agreement, representation or warranty by the Company contained herein or in the Subscription Receipts Certificates.

8.3 Limitation of Liability

The obligations hereunder are not personally binding upon, nor shall there be any recourse against, the private property of any of the past, present or future officer, director, employee or

agent or Shareholder of the Corporation or any successor entity or any past, present or future officer, director, employee or agent of the Corporation or of any successor entity, but only the property of the Corporation or any successor entity shall be bound in respect hereof. No Shareholder of the Corporation as such will be subject to any personal liability whatsoever, in tort, contract or otherwise, to any party to this Agreement in connection with the obligations or the affairs of the Corporation or the acts or omissions of its directors, whether under this Agreement or otherwise, and the other parties to this Agreement will look solely to the property and assets of the Corporation for satisfaction of claims of any nature arising out of or in connection therewith and the property and assets of the Corporation only will be subject to levy or execution.

ARTICLE 9
MEETINGS OF RECEIPTHOLDERS

9.1 Right to Convene Meetings

The Subscription Receipt Agent may at any time and from time to time, and shall on receipt of a written request of the Corporation or of a Receiptholders' Request and upon being funded and indemnified to its reasonable satisfaction by the Corporation or by the Receiptholders signing such Receiptholders' Request against the cost which may be incurred in connection with the calling and holding of such meeting, convene a meeting of the Receiptholders. In the event of the Subscription Receipt Agent failing to so convene a meeting within 15 days after receipt of such written request of the Corporation or such Receiptholders' Request and funding and indemnity given as aforesaid, the Corporation or such Receiptholders, as the case may be, may convene such meeting. Every such meeting shall be held in Montréal, Québec or at such other place as may be determined by the Subscription Receipt Agent and approved by the Corporation.

9.2 Notice

At least 21 days prior notice of any meeting of Receiptholders shall be given to the Receiptholders in the manner provided for in Section 12.2 and a copy of such notice shall be sent by mail to the Subscription Receipt Agent (unless the meeting has been called by the Subscription Receipt Agent) and to the Corporation (unless the meeting has been called by the Corporation). Such notice shall state the date (which shall be a Business Day) and time when, and the place where, the meeting is to be held, shall state briefly the general nature of the business to be transacted thereat and shall contain such information as is reasonably necessary to enable the Receiptholders to make a reasoned decision on the matter, but it shall not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this Article 9.

9.3 Chairman

An individual (who need not be a Receiptholder) nominated in writing by the Subscription Receipt Agent shall be chairman of the meeting and if no individual is so designated, or if the individual so designated is not present within 30 minutes from the time fixed for the holding of the meeting, the Receiptholders present in person or by proxy shall choose some individual present to be chairman.

9.4 Quorum

Subject to the provisions of Section 9.11, at any meeting of the Receiptholders a quorum shall consist of not less than two Receiptholders present in person or by proxy and holding at least 33% of the then outstanding Subscription Receipts. If a quorum of the Receiptholders shall not be present within 30 minutes from the time fixed for holding any meeting, the meeting, if summoned by the Receiptholders or on a Receiptholders' Request, shall be dissolved; but in any other case the meeting shall be adjourned to the same day in the next week (unless such day is not a Business Day, in which case it shall be adjourned to the next following Business Day) at the same time and place and no notice of the adjournment need be given. Any business may be brought before or dealt with at an adjourned meeting which might have been dealt with at the original meeting in accordance with the notice calling the same. No business shall be transacted at any meeting unless a quorum is present at the commencement of business. At the adjourned meeting the Receiptholders present in person or by proxy shall form a quorum and may transact the business for which the meeting was originally convened notwithstanding that they may not hold at least 33% of the then outstanding Subscription Receipts.

9.5 Power to Adjourn

The chairman of any meeting at which a quorum of the Receiptholders is present may, with the consent of the meeting, adjourn any such meeting and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

9.6 Show of Hands

Every question submitted to a meeting shall be decided in the first place by a majority of the votes given on a show of hands except that votes on a Special Resolution shall be given in the manner hereinafter provided. At any such meeting, unless a poll is duly demanded as herein provided, a declaration by the chairman that a resolution has been carried or carried unanimously or by a particular majority or lost or not carried by a particular majority shall be conclusive evidence of the fact.

9.7 Poll and Voting

On every Special Resolution, and on any other question submitted to a meeting and after a vote by show of hands when demanded by the chairman or by one or more of the Receiptholders acting in person or by proxy and holding at least 5% of the Subscription Receipts then outstanding, a poll shall be taken in such manner as the chairman shall direct. Questions other than those required to be determined by Special Resolution shall be decided by a majority of the votes cast on the poll.

On a show of hands, every Person who is present and entitled to vote, whether as a Receiptholder or as proxy for one or more absent Receiptholders, or both, shall have one vote. On a poll, each Receiptholder present in person or represented by a proxy duly appointed by instrument in writing shall be entitled to one vote in respect of each Subscription Receipt(s) then held or represented by such Person. A proxy need not be a Receiptholder. In the case of joint Receiptholders, any one of them present in person or by proxy at the meeting may vote in the absence of the other or others; but in case more than one of them shall be present in person or by proxy, they shall vote together in respect of Subscription Receipts of which they are joint

registered Receiptholders. The chairman of any meeting shall be entitled, both on a show of hands and on a poll, to vote in respect of the Subscription Receipts, if any, that are held or represented by the chairman.

9.8 Regulations

The Subscription Receipt Agent, or the Corporation with the approval of the Subscription Receipt Agent, may from time to time make and from time to time vary such regulations as it shall think fit for:

(a) the setting of the record date for a meeting of Receiptholders for the purpose of determining Receiptholders entitled to receive notice of and vote at such meeting;

(b) the deposit of voting certificates and instruments appointing proxies at such place and time as the Subscription Receipt Agent, the Corporation or the Receiptholders, convening the meeting, as the case may be, may in the notice convening the meeting direct;

(c) the deposit of voting certificates and instruments appointing proxies at some approved place or places other than the place at which the meeting is to be held and enabling particulars of such instruments appointing proxies to be mailed or telecopied before the meeting to the Corporation or to the Subscription Receipt Agent at the place where the same is to be held and for the voting of proxies so deposited as though the instruments themselves were produced at the meeting;

(d) the form of the instrument of proxy and the manner in which the instrument of proxy must be executed; and

(e) generally for the calling of meetings of Receiptholders and the conduct of business thereat.

Any regulations so made shall be binding and effective and the votes given in accordance therewith shall be valid and shall be counted. Save as such regulations may provide, the only Persons who shall be recognized at any meeting as a Receiptholder, or be entitled to vote or be present at the meeting in respect thereof (subject to Section 9.9), shall be Receiptholders or their counsel, or duly appointed proxies of Receiptholders.

9.9 Corporation and Subscription Receipt Agent may be Represented

The Corporation and the Subscription Receipt Agent, by their respective authorized employees, Underwriters, and Counsel for the Corporation and counsel for the Subscription Receipt Agent may attend any meeting of the Receiptholders, but shall have no vote as such unless in their capacity as Receiptholder or a proxy holder.

9.10 Powers Exercisable by Special Resolution

In addition to all other powers conferred upon them by any other provisions of this Agreement or by law, the Receiptholders at a meeting shall, subject to the provisions of Section 9.11, have the power, subject to all applicable regulatory and exchange approvals, exercisable from time to time by Special Resolution:

(a) to agree with the Corporation to any modification, abrogation, alteration, compromise or arrangement of the rights of Receiptholders or, subject to the consent of the Subscription Receipt Agent, the Subscription Receipt Agent, against the Corporation or against its undertaking, property and assets or any part thereof whether such rights arise under this Agreement or the Subscription Receipt Certificates or otherwise;

(b) to amend, alter or repeal any Special Resolution previously passed or sanctioned by the Receiptholders;

(c) to direct or to authorize the Subscription Receipt Agent to enforce any of the covenants on the part of the Corporation contained in this Agreement or the Subscription Receipt Certificates or to enforce any of the rights of the Receiptholders in any manner specified in such Special Resolution or to refrain from enforcing any such covenant or right;

(d) to waive, authorize and direct the Subscription Receipt Agent to waive, any default on the part of the Corporation in complying with any provisions of this Agreement or the Subscription Receipt Certificates either unconditionally or upon any conditions specified in such Special Resolution;

(e) to restrain any Receiptholder from taking or instituting any suit, action or proceeding against the Corporation for the enforcement of any of the covenants on the part of the Corporation in this Agreement or the Subscription Receipts or to enforce any of the rights of the Receiptholders;

(f) to direct any Receiptholder who, as such, has brought any suit, action or proceeding to stay or to discontinue or otherwise to deal with the same upon payment of the costs, charges and expenses reasonably and properly incurred by such Receiptholder in connection therewith;

(g) to assent to any modification of, change in or omission from the provisions contained in the Subscription Receipt Certificates and this Agreement or any ancillary or supplemental instrument which may be agreed to in writing by the Corporation, and to authorize the Subscription Receipt Agent to concur in and execute any ancillary or supplemental agreement embodying the change or omission;

9.11 Meaning of Special Resolution

(a) The expression **"Special Resolution"** when used in this Agreement means, subject as hereinafter provided in this Section 9.11 and in Section 9.14, a resolution proposed at a meeting of Receiptholders duly convened for that purpose and held in accordance with the provisions of this Article 9 at which two or more Receiptholders are present in person or by proxy, representing not less in aggregate than 33% of the number of Subscription Receipts then outstanding and passed by the affirmative votes of Receiptholders holding more than 66 ⅔% (except in the event of Receiptholders exercising their powers under section 9.10(k), in which case passed by the affirmative votes of Receiptholders holding more than 50%) of the outstanding Subscription Receipts represented at the meeting and voted on a poll upon such resolution.

(b) Notwithstanding Subsection 9.11(a), if, at any meeting called for the purpose of passing a Special Resolution, at least two Receiptholders holding not less in aggregate than 33% of the then outstanding Subscription Receipts are not present in person or by proxy within 30 minutes after the time appointed for the meeting, then the meeting, if convened by Receiptholders or on a Receiptholders' Request, shall be dissolved; but in any other case it shall stand adjourned to such day, being not less than 21 nor more than 60 days later, and to such place and time as may be determined by the chairman. Not less than 10 days' prior notice shall be given of the time and place of such adjourned meeting in the manner provided for in Section 12.2. Such notice shall state that at the adjourned meeting the Receiptholders present in person or by proxy shall form a quorum but it shall not be necessary to set forth the purposes for which the meeting was originally called or any other particulars. At the adjourned meeting:

(i) if the Special Resolution purports to exercise any of the powers conferred pursuant to Subsections 9.10(a), 9.10(d), 9.10(i) or 9.10(j) or purports to change the provisions of this Section 9.11 or of Section 9.14 or purports to amend, alter or repeal any Special Resolution previously passed or sanctioned by the Receiptholders in exercise of the powers referred to in this paragraph, a quorum for the transaction of business shall consist of Receiptholders holding more than 33% of the then outstanding Subscription Receipts present in person or by proxy; and

(ii) in any other case, a quorum for the transaction of business shall consist of such Receiptholders as are present in person or by proxy.

(c) At any such adjourned meeting, any resolution passed by the requisite votes as provided in Subsection 9.11(a) shall be a Special Resolution within the meaning of this Agreement notwithstanding that Receiptholders holding more than 33% of the then outstanding Subscription Receipts are not present in person or by proxy at such adjourned meeting.

(d) Votes on a Special Resolution shall always be given on a poll and no demand for a poll on a Special Resolution shall be necessary.

9.12 Powers Cumulative

Any one or more of the powers or any combination of the powers in this Agreement stated to be exercisable by the Receiptholders by Special Resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers or any combination of powers from time to time shall not be deemed to exhaust the right of the Receiptholders to exercise such power or combination of powers then or thereafter from time to time.

9.13 Minutes

Minutes of all resolutions and proceedings at every meeting of Receiptholders shall be made and duly entered in books to be provided from time to time for that purpose by the Subscription Receipt Agent at the expense of the Corporation, and any such minutes as aforesaid, if signed by the chairman or the secretary of the meeting at which such resolutions were passed or proceedings had or by the chairman or secretary of the next succeeding meeting held shall be *prima facie* evidence of the matters therein stated and, until the contrary is proved, every such meeting in respect of the proceedings of which minutes shall have been made shall be deemed to have been duly convened and held, and all resolutions passed thereat or proceedings taken shall be deemed to have been duly passed and taken.

9.14 Instruments in Writing

Subject to receiving the consent of such Persons as may otherwise be required by this Article 9 in connection with the taking of any action or the exercise of any power by Receiptholders, all actions which may be taken and all powers that may be exercised by the Receiptholders at a meeting held as provided in this Article 9 may also be taken and exercised by an instrument in writing signed in one or more counterparts by such Receiptholders in person or by attorney duly appointed in writing, by one or more Receiptholders holding more than 66 ⅔% (except in the event of Receiptholders exercising their powers under section 9.10(k), in which case passed by the affirmative votes of Receiptholders holding more than 50%) of the then outstanding Subscription Receipts with respect to a Special Resolution, and the expression **"Special Resolution"** when used in this Agreement shall include an instrument so signed by one or more Receiptholders holding more than 66 ⅔% (except in the event of Receiptholders exercising their powers under section 9.10(k), in which case passed by the affirmative votes of Receiptholders holding more than 50%) of the then outstanding Subscription Receipts.

9.15 Binding Effect of Resolutions

Every resolution and every Special Resolution passed in accordance with the provisions of this Article 9 at a meeting of Receiptholders shall be binding upon all the Receiptholders, whether present at or absent from such meeting, and every instrument in writing signed by Receiptholders in accordance with Section 9.14 shall be binding upon all the Receiptholders, whether signatories thereto or not, and each and every Receiptholder and the Subscription Receipt Agent (subject to the provisions for indemnity herein contained) shall be bound to give effect accordingly to every such resolution and instrument in writing.

9.16 Holdings by Corporation Disregarded

In determining whether Receiptholders holding the requisite number of Subscription Receipts are present at a meeting of Receiptholders for the purpose of determining a quorum or for the purpose of concurring in any consent, waiver, Special Resolution, Receiptholders' Request or other action under this Agreement, Subscription Receipts owned legally or beneficially by the Corporation or any affiliated entity of the Corporation (including any Subsidiary of the Corporation or any partnership to which the Corporation may be directly or indirectly a party to) shall be disregarded in accordance with the provisions of Section 12.6.

ARTICLE 10
SUPPLEMENTAL AGREEMENTS AND SUCCESSOR PERSONS

10.1 Provision for Supplemental Agreements for Certain Purposes

From time to time the Corporation, Canaccord Genuity and the Subscription Receipt Agent may, subject to the provisions hereof and subject to regulatory approval, and they shall, when so directed in accordance with the provisions hereof, execute and deliver by their proper officers, agreements supplemental hereto, which thereafter shall form part hereof, for any one or more or all of the following purposes:

(a) adding to the provisions hereof such additional covenants and enforcement provisions as, in the opinion of Counsel, are necessary or advisable in the circumstances, provided that the same are not, in the opinion of the Subscription Receipt Agent relying on the advice of Counsel, prejudicial to the interests of the Receiptholders;

(b) giving effect to any Special Resolution passed as provided in Article 9;

(c) evidencing the succession, or the successive successions, of any other Person to the Corporation and the assumption by such successor of the covenants of, and obligations of the Corporation under this Agreement in accordance with Section 10.2.

(d) making such provisions not inconsistent with this Agreement as may be necessary or desirable with respect to matters or questions arising hereunder, provided that such provisions are not, in the opinion of the Subscription Receipt Agent, relying on the advice of Counsel, prejudicial to the interests of the Receiptholders;

(e) adding to or altering the provisions hereof in respect of the transfer of Subscription Receipts, making provision for the exchange of Subscription Receipt Certificates, and making any modification in the form of the Subscription Receipt Certificates which does not affect the substance thereof;

(f) modifying any of the provisions of this Agreement, including relieving the Corporation from any of the obligations, conditions or restrictions herein

contained, provided that such modification or relief shall be or become operative or effective only if, in the opinion of the Subscription Receipt Agent, relying on the advice of Counsel, such modification or relief in no way prejudices any of the rights of the Receiptholders or of the Subscription Receipt Agent, and provided further that the Subscription Receipt Agent may in its sole discretion decline to enter into any such supplemental agreement which in its opinion, relying on the advice of counsel, may not afford adequate protection to the Subscription Receipt Agent when the same shall become operative; and

(g) for any other purpose not inconsistent with the terms of this Agreement, including the correction or rectification of any ambiguities, defective or inconsistent provisions, errors, mistakes or omissions herein, provided that in the opinion of the Subscription Receipt Agent, relying on the advice of Counsel, the rights of the Subscription Receipt Agent and of the Receiptholders are in no way prejudiced thereby.

10.2 Successor Persons

If the Corporation is consolidated, amalgamated or merged with or into any other Person or conveys or transfers all or substantially all of the properties and assets of the Corporation in their entirety to another Person, the successor Person or Persons formed by such consolidation or amalgamation or into which the Corporation shall have been merged or which shall have received a conveyance or transfer as set out above shall, as a condition precedent to any such transaction, agree to succeed to and be substituted for the Corporation under this Agreement by supplemental agreement with the same effect as nearly as may be possible as if it had been named herein and shall deliver the executed supplemental agreement to the Subscription Receipt Agent. Such changes may be made in the Subscription Receipts as may be appropriate and necessary in view of such consolidation, amalgamation, merger, conveyance or transfer without the need for any approval of the Receiptholders.

ARTICLE 11
CONCERNING THE SUBSCRIPTION RECEIPT AGENT

11.1 Rights and Duties of Subscription Receipt Agent

(a) In the exercise of the rights and duties prescribed or conferred by the terms of this Agreement, the Subscription Receipt Agent shall exercise that degree of care, diligence and skill that a reasonably prudent Subscription Receipt Agent would exercise in comparable circumstances. No provision of this Agreement shall be construed to relieve the Subscription Receipt Agent from liability for its own intentional or gross fault, its own gross negligence or wilful misconduct, or its own bad faith.

(b) The obligation of the Subscription Receipt Agent to commence or continue any act, action or proceeding for the purpose of enforcing any rights of the Subscription Receipt Agent or the Receiptholders hereunder shall be conditional upon the Receiptholders furnishing, when required by notice by the Subscription Receipt Agent, sufficient funds to commence or to continue such act, action or proceeding and an indemnity reasonably satisfactory to the Subscription Receipt

Agent to protect and to hold harmless the Subscription Receipt Agent against the costs, charges and expenses and liabilities to be incurred thereby and any loss and damage it may suffer by reason thereof. None of the provisions contained in this Agreement shall require the Subscription Receipt Agent to expend or to risk its own funds or otherwise to incur financial liability in the performance of any of its duties or in the exercise of any of its rights or powers unless indemnified as aforesaid.

(c) The Subscription Receipt Agent may, before commencing or at any time during the continuance of any such act, action or proceeding, require the Receiptholders at whose instance it is acting to deposit with the Subscription Receipt Agent the Subscription Receipts held by them, for which Subscription Receipts the Subscription Receipt Agent shall issue receipts.

(d) Every provision of this Agreement that by its terms relieves the Subscription Receipt Agent of liability or entitles it to rely upon any evidence submitted to it is subject to the provisions of this Section 11.1 and of Section 11.2.

(e) The Subscription Receipt Agent shall not be required to take notice of any default hereunder, unless and until notified in writing of such default, which notice shall distinctly specify the default desired to be brought to the attention of the Subscription Receipt Agent and in the absence of any such notice, the Subscription Receipt Agent may for all purposes of this Agreement conclusively assume that no default has been made in the observance or performance of any of the representations, warranties, covenants, agreements or conditions contained herein. Any such notice shall in no way limit any discretion herein given to the Subscription Receipt Agent to determine whether or not the Subscription Receipt Agent shall take action with respect to any default.

(f) The Subscription Receipt Agent shall have no duties except those expressly set forth herein, and it shall not be bound by any notice of a claim or demand with respect to, or any waiver, modification, amendment, termination or rescission of, this Agreement, unless received by it in writing and signed by the other parties hereto and, if its duties herein are affected, unless it shall have given its prior written consent thereto.

(g) The Subscription Receipt Agent shall retain the right not to act and shall not be held liable for refusing to act unless it has received clear and reasonable documentation which complies with the terms of this Agreement, which documentation does not require the exercise of any discretion or independent judgment.

(h) The Subscription Receipt Agent shall incur no liability whatsoever with respect to the delivery or non-delivery of any certificates or cheques whether delivery by hand, mail or any other means.

(i) The Subscription Receipt Agent shall not be responsible or liable in any manner whatsoever for the deficiency, correctness, genuineness or validity of any securities deposited with it.

11.2 Evidence, Experts and Advisers

(a) In addition to the reports, certificates, opinions and other evidence required by this Agreement, the Corporation shall furnish to the Subscription Receipt Agent such additional evidence of compliance with any provision hereof, and in such form, as the Subscription Receipt Agent may reasonably require by written notice to the Corporation.

(b) In the exercise of its rights and duties hereunder, the Subscription Receipt Agent may, if it is acting in good faith, act and rely as to the truth of the statements and the accuracy of the opinions expressed in statutory declarations, opinions, reports, written requests, consents, or orders of the Corporation, certificates of the Corporation or other evidence furnished to the Subscription Receipt Agent pursuant to any provision hereof or pursuant to a request of the Subscription Receipt Agent.

(c) Whenever it is provided in this Agreement that the Corporation shall deposit with the Subscription Receipt Agent resolutions, certificates, reports, opinions, requests, orders or other documents, it is intended that the truth, accuracy and good faith on the effective date thereof and the facts and opinions stated in all such documents so deposited shall, in each and every such case, be conditions precedent to the right of the Corporation to have the Subscription Receipt Agent take the action to be based thereon.

(d) Proof of the execution of an instrument in writing, including a Receiptholders' Request, by any Receiptholder may be made by the certificate of a notary public, or other officer with similar powers, that the Person signing such instrument acknowledged to him the execution thereof, or by an affidavit of a witness to such execution or in any other manner which the Subscription Receipt Agent may consider adequate and in respect of a corporate Receiptholder, shall include a certificate of incumbency of such Receiptholder together with a certified resolution authorizing the Person who signs such instrument to sign such instrument.

(e) The Subscription Receipt Agent may at the expense of the Corporation employ or retain such counsel, accountants, appraisers or other experts or advisers as it may reasonably require for the purpose of determining and discharging its duties hereunder and may pay reasonable remuneration for all services so performed by any of them, without taxation of costs of any counsel, and shall not be responsible for any misconduct or negligence on the part of any such experts or advisers who have been appointed with due care by the Subscription Receipt Agent.

(f) The Subscription Receipt Agent may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from counsel, or any accountant, appraiser, engineer or other expert or advisor, whether retained or employed by the Corporation or by the Subscription Receipt Agent with respect to any matter arising in relation to the Agreement.

11.3 Securities, Documents and Monies Held by Subscription Receipt Agent

Any securities, documents of title, monies or other instruments that may at any time be held by the Subscription Receipt Agent pursuant to this Agreement may be placed in the deposit vaults of the Subscription Receipt Agent or of any Canadian chartered bank or deposited for safekeeping with any such bank. Any monies so held pending the application or withdrawal thereof under any provisions of this Agreement may be deposited in the name of the Subscription Receipt Agent in any Canadian chartered bank, or in the deposit department of the Subscription Receipt Agent or any other loan or trust company authorized to accept deposits under the laws of Canada or a province thereof, at the rate of interest (if any) then current on similar deposits.

11.4 Actions by Subscription Receipt Agent to Protect Interest

The Subscription Receipt Agent shall have the power to institute and to maintain such actions and proceedings as it may consider necessary or expedient to preserve, protect or enforce its interests and the interests of the Receiptholders.

11.5 Subscription Receipt Agent not Required to Give Security

The Subscription Receipt Agent shall not be required to give any bond or security in respect of the execution of this Agreement or otherwise in respect of the premises.

11.6 Protection of Subscription Receipt Agent

By way of supplement to the provisions of any law for the time being relating to trustees or agents it is expressly declared and agreed as follows:

(a) the Subscription Receipt Agent shall not be liable for or by reason of any statements of fact or recitals in this Agreement or in the Subscription Receipt Certificates (except the representation contained in Section 11.8 or in the certificate of the Subscription Receipt Agent on the Subscription Receipt Certificates) or be required to verify the same, but all such statements or recitals are and shall be deemed to be made by the Corporation and Canaccord Genuity, as the case may be;

(b) nothing herein contained shall impose any obligation on the Subscription Receipt Agent to see to or to require evidence of the registration or filing (or renewal thereof) of this Agreement or any instrument ancillary or supplemental hereto;

(c) the Subscription Receipt Agent shall not be bound to give notice to any Person or Persons of the execution hereof;

(d) the Subscription Receipt Agent shall not incur any liability or responsibility whatever or be in any way responsible for the consequence of any breach on the part of the Corporation of any of the covenants herein contained or of any acts of any directors, officers, employees, agents or servants of the Corporation; and

(e) the Corporation shall indemnify and save harmless the Subscription Receipt Agent and its officers, directors, employees and agents from and against any and all liabilities, losses, costs, claims, actions or demands whatsoever brought against

the Subscription Receipt Agent which it may suffer or incur as a result of or arising out of the performance of its duties and obligations under this Agreement, including any and all legal fees and disbursements, save only in the event of the Subscription Receipt Agent's gross negligence or wilful misconduct. It is understood and agreed that this indemnification shall survive the termination or discharge of this Agreement or the resignation or removal of the Subscription Receipt Agent.

11.7 Replacement of Subscription Receipt Agent; Successor by Merger

(a) The Subscription Receipt Agent may resign its appointment and be discharged from all other duties and liabilities hereunder, subject to this Section 11.7, by giving to the Corporation not less than 30 days prior notice in writing or such shorter prior notice as the Corporation may accept as sufficient. The Receiptholders by Special Resolution shall have power at any time to remove the existing Subscription Receipt Agent and to appoint a new Subscription Receipt Agent.

(b) In the event of the Subscription Receipt Agent resigning or being removed as aforesaid or being dissolved, becoming bankrupt, going into liquidation or otherwise becoming incapable of acting hereunder, the Corporation and Canaccord Genuity shall forthwith appoint a new Subscription Receipt Agent unless a new Subscription Receipt Agent has already been appointed by the Receiptholders; failing such appointment by Canaccord Genuity and the Corporation, the retiring Subscription Receipt Agent (at the expense of the Corporation) or any Receiptholder may apply to a justice of the Superior Court of Québec on such notice as such justice may direct, for the appointment of a new Subscription Receipt Agent; but any new Subscription Receipt Agent so appointed by Canaccord Genuity and the Corporation or by the Superior Court of Québec shall be subject to removal as aforesaid by the Receiptholders.

(c) Any successor Subscription Receipt Agent appointed under any provision of this Section 11.7 shall be a corporation authorized to carry on the business of a trust company in the Province of Québec and, if required by the applicable legislation for any other provinces, in such other provinces. On any such appointment the successor Subscription Receipt Agent shall be vested with the same powers, rights, duties and responsibilities as if it had been originally named herein as Subscription Receipt Agent hereunder. At the request of the Corporation or the successor Subscription Receipt Agent, the retiring Subscription Receipt Agent, upon payment of the amounts, if any, due to it pursuant to Section 7.3, shall duly assign, transfer and deliver to the new Subscription Receipt Agent all property and money held and all records kept by the retiring Subscription Receipt Agent hereunder or in connection herewith.

(d) Upon the appointment of a successor Subscription Receipt Agent, the Corporation shall promptly notify the Receiptholders thereof in the manner provided for in Article 12 hereof.

(e) Any corporation into or with which the Subscription Receipt Agent may be merged or consolidated or amalgamated, or any corporation resulting therefrom to which the Subscription Receipt Agent shall be a party, or any corporation succeeding to the corporate trust business of the Subscription Receipt Agent shall be the successor to the Subscription Receipt Agent hereunder without any further act on its part or any of the parties hereto, provided that such corporation would be eligible for appointment as a successor Subscription Receipt Agent under Subsection 11.7(a).

(f) Any Subscription Receipt Certificate certified but not delivered by a predecessor Subscription Receipt Agent may be delivered by the successor Subscription Receipt Agent in the name of the predecessor or successor Subscription Receipt Agent.

11.8 Conflict of Interest

(a) The Subscription Receipt Agent represents to the Corporation and Canaccord Genuity that at the time of execution and delivery hereof no material conflict of interest exists between its role as a Subscription Receipt Agent hereunder and its role in any other capacity and agrees that in the event of a material conflict of interest arising hereafter it will, within 30 days after ascertaining that it has such material conflict of interest, either eliminate the same or assign its appointment as Subscription Receipt Agent hereunder to a successor Subscription Receipt Agent approved by the Corporation and meeting the requirements set forth in Subsection 11.7(a). Notwithstanding the foregoing provisions of this Subsection 11.8(a), if any such material conflict of interest exists or hereafter shall exist, the validity and enforceability of this Agreement and the Subscription Receipt Certificates shall not be affected in any manner whatsoever by reason thereof.

(b) Subject to Subsection 11.8(a), the Subscription Receipt Agent, in its personal or any other capacity, may buy, lend upon and deal in securities of the Corporation and generally may contract and enter into financial transactions with the Corporation or any affiliated entity of the Corporation without being liable to account for any profit made thereby.

11.9 Acceptance of Appointment

The Subscription Receipt Agent hereby accepts the appointment as Subscription Receipt Agent in this Agreement and agrees to perform its duties hereunder upon the terms and conditions herein set forth.

11.10 Subscription Receipt Agent Not to be Appointed Receiver

The Subscription Receipt Agent and any Person related to the Subscription Receipt Agent shall not be appointed a receiver, a receiver and manager or liquidator of all or any part of the assets or undertaking of the Corporation.

11.11 Force Majeure

No party shall be liable to the other, or held in breach of this agreement, if prevented, hindered, or delayed in the performance or observance of any provision contained herein by reason of act of God, riots, terrorism, acts of war, epidemics, governmental action or judicial order, earthquakes, or any other similar causes (including, but not limited to, mechanical, electronic or communication interruptions, disruptions or failures). Performance times under this Agreement shall be extended for a period of time equivalent to the time lost because of any delay that is excusable under this Section 11.11.

A Receiptholder shall be entitled to the rights evidenced by such Subscription Receipt Certificate free from all equities or rights of set off or counterclaim between the Corporation and the original or any intermediate holder thereof and all Persons may act accordingly and the receipt of any such Receiptholder for the Underlying Common Shares which may be acquired pursuant thereto shall be a good discharge to the Corporation and the Subscription Receipt Agent for the same and neither the Corporation nor the Subscription Receipt Agent shall be bound to inquire into the title of any such holder except where the Corporation or the Subscription Receipt Agent is required to take notice by statute or by order of a court of competent jurisdiction.

12.4 Satisfaction and Discharge of Agreement

Each Subscription Receipt entitles the Receiptholder:

(a) provided that the Escrow Release Time occurs on or before 5:00 p.m. (Montréal time) on the date that is six (6) months following the Offering Closing Date, such date being January 7, 2015 (the "**Escrow Release Deadline**"), to receive automatically, without any further action required by such Receiptholder and without the payment of any additional consideration at the Escrow Release Time one fully paid and non-assessable common share (a "**Common Share**") of the Corporation; or

The Agreement provides for adjustment in the number of Underlying Common Shares to be issued upon the exchange of the Subscription Receipts, evidenced by this Certificate upon the occurrence of certain events set forth therein.

The Agreement contains provisions making binding upon all holders of Subscription Receipts outstanding thereunder resolutions passed at meetings of such holders held in accordance with such provisions and by instruments in writing signed by the holders of a specified majority of the outstanding Subscription Receipts.

UNDERWRITING AGREEMENT

July 7, 2014

Amaya Gaming Group Inc.
7600 TransCanada Highway
Pointe-Claire, QC H9R 1C8

Attention: David Baazov, President and Chief Executive Officer

Dear Sirs:

Canaccord Genuity Corp. (“**Canaccord Genuity**”), Cormark Securities Inc. and Desjardins Securities Inc., as co-lead underwriters and joint bookrunners (the “**Lead Underwriters**”), and Clarus Securities Inc. (collectively with the Lead Underwriters, the “**Underwriters**” and each individually, an “**Underwriter**”), understand that Amaya Gaming Group Inc. (the “**Corporation**”) proposes to issue and sell to the Underwriters, on a bought deal private placement basis, 25,000,000 Subscription Receipts (as defined herein) of the Corporation (the “**Firm Subscription Receipts**”) at a price of $20.00 per Firm Subscription Receipt (the “**Offering Price**”) for aggregate gross proceeds of $500,000,000 (the “**Base Offering**”).

The Lead Underwriters shall have an option (the “**Option**”) to purchase up to an additional 7,000,000 Subscription Receipts (the “**Option Subscription Receipts**”) at the Offering Price, such Option Subscription Receipts having the same terms and conditions as the Firm Subscription Receipts, for additional gross proceeds of up to $140,000,000 (together with the Base Offering, the “**Offering**”). The Option shall be exercisable at any time, in whole or in part at the sole discretion of the Lead Underwriters, up to 48 hours prior to the Closing Date (as defined herein). Unless the context otherwise requires, all reference to the “**Offering**” shall include the Option and all references herein to “**Offered Subscription Receipts**” shall include the Firm Subscription Receipts and the Option Subscription Receipts.

Upon and subject to the terms and conditions set forth herein, the Underwriters hereby separately (and for greater certainty, not solidarily within the meaning of the *Civil Code of Québec*) offer to purchase from the Corporation in their respective percentages set out in Section 13 and by the Corporation’s acceptance hereof the Corporation agrees to sell to the Underwriters, at the Closing Time (as defined herein) all of the Offered Subscription Receipts to be issued and sold pursuant to the Offering in the Selling Jurisdictions, all in the manner contemplated by this Agreement. In the United States, the Underwriters may only offer for sale the Offered Subscription Receipts through the U.S. Affiliate (as defined herein) to Qualified Institutional Buyers (as defined in Schedule A) and Institutional Accredited Investors (as defined in Schedule A), who will acquire the Offered Subscription Receipts directly from the Corporation as Substituted Purchasers (as defined in Schedule A) in transactions designed to be exempt from the registration requirements of the U.S. Securities Act (as defined herein) pursuant to Rule 506 of Regulation D of the U.S. Securities Act, and in accordance with Schedule A attached hereto, which is incorporated by reference herein and forms a part of this Agreement. The Underwriters and the Corporation agree that all offers of the Offered Subscription Receipts in the United States shall be made in compliance with Schedule A. The Underwriters’ obligations to purchase

the Offered Subscription Receipts pursuant to this Agreement shall be reduced by the number of Offered Subscription Receipts (if any) sold to substituted purchasers in the Selling Jurisdictions where the Offered Subscription Receipts may be lawfully sold. Any reference in this Agreement to the "**Purchasers**" shall be taken to be a reference to the Underwriters, as the initial committed purchasers, and to substituted purchasers, if any.

In consideration of the services to be rendered by the Underwriters in connection with the Offering, the Corporation shall pay to the Underwriters the Commission (as defined herein) in accordance with Section 12 of this Agreement. Of the Commission, 50% will be payable by the Corporation at the Closing Time, in addition to the Underwriters' Expenses, and the balance will be paid from the Escrowed Proceeds (as defined herein) at the time of occurrence of the Release Event (as defined herein).

The Underwriters understand that the Corporation plans to use the proceeds from the Offering to partially fund the Proposed Acquisition (as defined herein). The Underwriters also understand that the Corporation (i) has accepted a commitment letter from GSO Capital Partners LP ("**GSO**") (on behalf of funds or accounts managed or advised by GSO) for the sale of US$600,000,000 of preferred shares of the Corporation (the "**Preferred Shares**") convertible into Common Shares (as defined herein) and of US$55,000,000 of Common Shares (the "**Commitment Shares**"); (ii) intends to issue up to US$450,000,000 of additional Preferred Shares; (iii) intends to obtain senior secured credit facilities in an aggregate amount of approximately $2,800,000,000 and comprised of a first lien term loan facility and a revolving credit facility to partially pay the consideration and other amounts owing in connection with the Proposed Acquisition, to repay third party debt for borrowed money of the Target (as defined herein) and its subsidiaries and to pay all or a portion of the transaction costs related to the Proposed Acquisition; and (iv) intends to issue to GSO and another investor up to 12,750,000 common share purchase warrants in the aggregate (the "**Commitment Warrants**"), with each such Commitment Warrant entitling its holder to acquire one Common Share at a price of $0.01 per share for a period of 10 years after their issuance.

Each Offered Subscription Receipt will, in accordance with the specific terms and conditions of the Subscription Receipt Agreement (as defined herein), entitle the holder either:

A. if the Release Event occurs prior to 5:00 p.m. (Montréal Time) on the date that is six (6) months after the Closing Date (the "**Release Deadline**"), to receive one Underlying Share (as defined herein) without payment of additional consideration or further action on the part of the holder, forthwith upon the occurrence of the Release Event; or

B. (i) if at or before the Release Deadline, the Release Notice (as defined herein) has not been delivered to the Escrow Agent (as defined herein); or (ii) prior to the Release Deadline, the Corporation advises the Underwriters or announces to the public that it does not intend to proceed with the Proposed Acquisition; or (iii) the Acquisition Agreement (as defined herein) has been terminated in accordance with its terms (the time of occurrence of any such event being the "**Termination Time**"), to receive forthwith, from the gross proceeds of the issuance of the Offered Subscription Receipts, less 50% of the Commission payable to the Underwriters and the Underwriters' Expenses (the "**Escrowed Proceeds**") held in escrow by the Escrow Agent under the Subscription

Receipt Agreement, the full purchase price of such holder's Subscription Receipts, plus the *pro rata* portion of the interest earned thereon, calculated from the Closing Date to and including the Termination Time, and upon the occurrence of the Termination Time, the Offered Subscription Receipts will be cancelled and only represent the holder's right to receive such payment from the Escrow Agent. To the extent that the Escrowed Proceeds are not sufficient to reimburse in full all holders of Offered Subscription Receipts, the Corporation will contribute in immediately available funds such amounts as are necessary to satisfy any shortfall.

The Escrowed Proceeds will be held by Computershare Trust Company of Canada (the "**Escrow Agent**"), and invested in short-term obligations of, or guaranteed by, the Government of Canada (and other approved investments) until the earlier of: (i) the delivery of the Release Notice; and (ii) the Termination Time, at which time the Escrowed Proceeds and any interest thereon will be released to the Corporation or returned to the holders of Subscription Receipts, as applicable. An amount of US$54,166,672.92 forming part of the Escrowed Proceeds shall be held by the Escrow Agent in an approved investment in US currency.

Provided that the Release Notice is delivered to the Escrow Agent prior to the Release Deadline: (i) the Underlying Shares will be issued to the holders of the Subscription Receipts; (ii) the applicable portion of the Commission payable to the Underwriters in accordance with Section 12 of this Agreement and the interest accrued thereon shall be released by the Escrow Agent to Canaccord Genuity, on behalf of the Underwriters; and (iii) the balance of the Escrowed Funds and the interest accrued thereon shall be released to the Corporation or as it otherwise directs.

The Underwriters shall be entitled to appoint, at their own expense, a soliciting dealer group consisting of other registered dealers acceptable to the Corporation for the purposes of offering the Offered Subscription Receipts in the Offering Jurisdictions. The Underwriters shall ensure that any investment dealer (a "**Selling Firm**") who is a member of any soliciting dealer group formed by the Underwriters pursuant to the provisions of this Agreement or with whom any Underwriter has a contractual relationship with respect to the Offering, if any, agrees with such Underwriter to comply with the covenants and obligations given by the Underwriters herein.

The Indemnitors also agree that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Indemnitors or any person asserting Claims on behalf of or in right of the Indemnitors for or in connection with this Agreement. The Indemnitors will not, without Canaccord Genuity's prior written consent, on behalf of the Underwriters, settle, compromise, consent to the entry of any judgment in or otherwise seek to terminate any Claim in respect of which indemnification may be sought hereunder (whether or not any Indemnified Party is a party thereto) unless the Indemnitors have acknowledged in writing that the Indemnified Parties are entitled to be indemnified in respect of such Claim and such settlement, compromise, consent or termination includes an unconditional

release of each Indemnified Party from any liabilities arising out of such Claim without any admission of negligence, misconduct, liability or responsibility by or on behalf of any Indemnified Party.

10.1.2 Promptly after receiving notice of a Claim against any Indemnified Party or receipt of notice of the commencement of any investigation which is based, directly or indirectly, upon any matter in respect of which indemnification may be sought from the Indemnitors, the Indemnified Party will notify the Indemnitors in writing of the particulars thereof, provided that the omission so to notify the Indemnitors shall not relieve the Indemnitors of any liability which the Indemnitors may have to any Indemnified Party except and only to the extent that any such delay in or failure to give notice as required prejudices the defense of such Claim or results in any material increase in the liability which the Indemnitors have under this indemnity. The Indemnitors shall have 14 days after receipt of the notice to undertake, conduct and control, through counsel of their own choosing and at their own expense, the settlement or defense of the Claim. If an Indemnitor undertakes, conducts and controls the settlement or defense of the Claim, the relevant Indemnified Parties shall have the right to participate in the settlement or defense of the Claim.

10.1.3 The foregoing indemnity shall not apply to the extent that a court of competent jurisdiction in a final judgment that has become non appealable shall determine that such Losses to which the Indemnified Party may be subject were primarily caused by the gross negligence, intentional fault or wilful misconduct of the Indemnified Party.

10.1.4 The Indemnitors hereby constitute the Underwriters as trustees for each of the other Indemnified Parties of the Indemnitors' covenants under this indemnity with respect to those persons and the Underwriters agree to accept that trust and to hold and enforce those covenants on behalf of those persons.

10.1.5 The Indemnitors also solidarily agree to reimburse the Underwriters for the time spent by their personnel in connection with any Claim at their normal per diem rates. The Underwriters or any other Indemnified Party may retain one firm as counsel to separately represent them in the defense of a Claim, which shall be at the Indemnitors' expense if: (i) the Indemnitors do not promptly assume the defense of the Claim and in any event no later than 14 days after receiving actual notice of the Claim; (ii) the Indemnitor agree to separate representation; or (iii) the Underwriters or any other Indemnified Party is advised by counsel that there is an actual or potential conflict in the Indemnitors' and the Underwriters' or any other Indemnified Party's respective interests or additional defenses are available to the Underwriters or any other Indemnified Party, which makes representation by the same counsel inappropriate.

10.1.6 The indemnity obligations of the Indemnitors hereunder are in addition to any liabilities which the Indemnitors may otherwise have to the Underwriters or any other Indemnified Party.

10.2 Right of Indemnity in Favour of Others

With respect to any party who may be indemnified by 10.1 above and is not a party to this Agreement, the Underwriters shall obtain and hold the rights and benefits of this Section 10 in trust for and on behalf of such indemnified party.

10.3 Contribution

10.3.1 In order to provide for a just and equitable contribution in circumstances in which the indemnity provided in Section 10 would otherwise be available in accordance with its terms but is, for any reason, unavailable to or unenforceable by the Underwriters or enforceable otherwise than in accordance with its terms or insufficient to hold any Indemnified Party harmless, the Indemnitors shall solidarily contribute to all claims suffered or incurred by any Indemnified Party in such proportion as is appropriate to reflect not only the relative benefits received by the Corporation on the one hand and any Indemnified Party on the other hand from the issue and sale of the Offered Subscription Receipts but also the relative fault of the Indemnitors or any Indemnified Party as well as any relevant equitable considerations. The Indemnitors shall in any event be solidarily liable to contribute to the amount paid or payable by an Indemnified Party as a result of a claim under Section 10, any amounts in excess of the Commission or any portion of such Commission actually received by the Indemnified Party. The Underwriters shall not in any event be liable to contribute, in the aggregate, any amounts in excess of the Commission or any portion of such Commission actually received. However, no party who has engaged in any fraud, fraudulent misrepresentation, wilful misconduct or negligence shall be entitled to claim contribution from any person who has not engaged in such fraud, fraudulent misrepresentation, wilful misconduct or negligence.

10.3.2 The rights to contribution provided in this Section 10.3 shall be in addition to and not in derogation of any other right to contribution which the Underwriters may have by statute or otherwise at law.

10.3.3 With respect to any Indemnified Party who is not a party to this Agreement, it is the intention of the Indemnitors to constitute the Underwriters as trustees for such Indemnified Party of the rights and benefits of this Section 10.3 and the Underwriters agree to accept such trust and to hold the rights and benefits of this Section 10.3 in trust for an on behalf of such Indemnified Party.

10.3.4 For greater certainty, in the event of unenforceability or unavailability of the indemnity provided for in Section 10, the Indemnitors shall not have any obligation to contribute pursuant to this Section 10.3 except to the extent the indemnity given by it in Section 10 would have been applicable to such Claim in accordance with its terms, has such indemnity been found to be enforceable and available to the Indemnified Parties.

11. ADVERTISEMENTS

The Corporation acknowledges that the Underwriters shall have the right, subject to this Agreement, at its own expense, to place such advertisement or advertisements relating to the sale of the Offered Subscription Receipts contemplated herein as the Underwriters may consider desirable or appropriate and as may be permitted by applicable law. The Corporation and the Underwriters each agree not to make or publish any advertisement in any media whatsoever relating to, or otherwise publicise, the transaction provided for herein so as to result in any exemption from the prospectus and registration requirements of Canadian Securities Laws in any of the Selling Jurisdictions or any other jurisdiction in which the Offered Subscription Receipts shall be offered or sold being unavailable in respect of the sale of the Offered Subscription Receipts to prospective purchasers.

12. UNDERWRITERS' COMMISSION

In consideration of the services to be rendered by the Underwriters in connection with the Offering, the Corporation shall pay the Underwriters a cash fee (the "**Commission**") equal to 4.5% of the gross proceeds from the Offering (including pursuant to the exercise of the Option, as applicable). With respect to the Base Offering, no commission shall be payable on the proceeds equal to the Canadian dollar equivalent of US$54,166,672.92 received on the Closing Time from a certain investor who was identified and whose order was secured by the Corporation without the assistance of the Underwriters. No other fee or commission is payable by the Corporation in connection with the completion of the Offering, except for the reimbursement of the Underwriters' Expenses.

Of the Commission, 50% will be payable by the Corporation at the Closing Time and the balance will be paid from the Escrowed Proceeds at the time of occurrence of the Release Event. If the Release Event has not occurred prior to the Release Deadline, then no further payment on account of the Commission will be payable by the Corporation to the Underwriters.

13. SYNDICATION OF THE UNDERWRITERS

13.1 Syndication

13.1.1 Subject to the terms and conditions of this Agreement, the obligation of the Underwriters to purchase the Firm Subscription Receipts at the Closing Time shall be joint (and not solidary, nor joint and several) and shall be limited to the percentage of Firm Subscription Receipts set out opposite the name of the respective Underwriters below:

Underwriter	Syndicate Position
Canaccord Genuity Corp.	50%
Cormark Securities Inc.	22.5%
Desjardins Securities Inc.	22.5%
Clarus Securities Inc.	5.0%

13.1.1 In the event that the Option is exercised, subject to the terms and conditions of this Agreement, the obligation to purchase the Option Subscription Receipts at the Closing Time shall be joint (and not solidary, nor joint and several) and shall be limited to the percentage of Option Subscription Receipts set out opposite the name of the respective Lead Underwriters below:

Underwriter	Syndicate Position
Canaccord Genuity Corp.	80%
Cormark Securities Inc.	10%
Desjardins Securities Inc.	10%

13.1.2 If any one of the Underwriters shall not complete the purchase and sale of its applicable percentage of the aggregate amount of the Offered Subscription Receipts at the Closing Time for any reason whatsoever, the other Underwriters shall have the right, but shall not be obligated, to purchase the Offered Subscription Receipts which would otherwise have been purchased by the Underwriter which fails to purchase. If, with respect to the Offered Subscription Receipts, the non-defaulting Underwriter elects not to exercise such rights to assume the entire obligations of the defaulting Underwriter, then the Corporation shall have the right to terminate its obligations hereunder without liability except in respect of its indemnity, contribution and expense obligations in respect of the non-defaulting Underwriter. Nothing in this Section 13 shall oblige the Corporation to sell to the Underwriters less than all of the Offered Subscription Receipts or shall relieve an Underwriter in default hereunder from liability to the Corporation.

14. ACTION BY UNDERWRITERS

All steps which must or may be taken by the Underwriters in connection with this Agreement, with the exception of the matters relating to termination contemplated by

Section 6 or matters relating to indemnity and contribution contemplated by Section 10 and Section 10.3, may be taken by Canaccord Genuity on behalf of itself and the Underwriters and the execution and delivery of this Agreement by the Corporation and the Underwriters shall constitute the Corporation's authority for accepting any notice, request, direction, certificate, consent or other communication from Canaccord Genuity and for delivering the Offered Subscription Receipts by electronic deposit or otherwise to, or to the order of, Canaccord Genuity. Canaccord Genuity agrees to consult with the other Underwriters with respect to all material matters. The rights and obligations of the Underwriters under this Agreement shall be joint and not solidary.

15. ALL TERMS TO BE CONDITIONS

The Corporation agrees that the conditions contained in Section 5.2 will be complied with insofar as the same relate to acts to be performed or caused to be performed by the Corporation and that it will use its commercial best efforts to cause all such conditions to be complied with. Any breach or failure to comply with any of the conditions set out in Section 5.2 shall entitle any of the Underwriters to terminate its obligations hereunder, by written notice to that effect given to the Corporation at or prior to the Closing Time. It is understood that the Underwriters may waive, in whole or in part, or extend the time for compliance with, any of such terms and conditions without prejudice to the rights of the Underwriters in respect of any such terms and conditions or any other or subsequent breach or non-compliance, provided that to be binding on the Underwriters any such waiver or extension must be in writing and signed by each of the Underwriters.

16. MATERIAL CHANGES DURING DISTRIBUTION

During the period from the date hereof to the Closing Date, the Corporation shall promptly notify the Underwriters (and, if requested by any of the Underwriters, confirm such notification in writing) of (i) any Material Adverse Effect, actual or contemplated; (ii) any material change in any information provided to the Underwriters concerning the Corporation, the Target, the Proposed Acquisition, the Subscription Receipts, the Commitment Letters or the Offering; (iii) any notice by any judicial or regulatory authority or any stock exchange requesting any information, meeting or hearing relating to the Corporation or the Offering; or (iv) any other event or state of affairs that may be material to the Underwriters or the securityholders of the Corporation. During the period from the date hereof to the Closing Date, the Corporation shall promptly, and in any event, within any applicable time limitation, comply with all applicable filing and other requirements under Canadian Securities Laws as a result of such change. The Corporation shall in good faith discuss with the Underwriters any fact or change in circumstances (actual, anticipated, contemplated or threatened, and financial or otherwise) which is of such a nature that there is reasonable doubt as to whether notice in writing need be given to the Underwriters pursuant to this Section 16.

17. PRESS RELEASES AND OTHER PUBLIC DOCUMENTS

The Corporation shall (i) provide Canaccord Genuity, on behalf of the Underwriters, and its counsel with a reasonable opportunity to review and comment on any press release or

other public communication issued by the Corporation in connection with the Proposed Acquisition and the Offering, including any materials to be mailed to shareholders of the Corporation in connection with the Meeting and the Proposed Acquisition and its financing; (ii) at Canaccord Genuity's request, on behalf of the Underwriters, include a reference to the Underwriters and their role in any such release or communication, and (iii) ensure that any press release concerning the Offering complies with applicable law including U.S. securities law restrictions in respect of general solicitation, general advertising and directed selling efforts. The Corporation acknowledges that if the Offering is successfully completed, the Underwriters will be permitted to publish, at their own expense, public announcements or other communications relating to their services in connection with the Offering as they consider appropriate.

This Agreement may be amended or modified in any respect by written instrument only. All schedules attached to this Agreement are deemed to be part hereof and are hereby incorporated by reference.

18.8 Severability

The invalidity or unenforceability of any particular provision of this Agreement shall not affect or limit the validity or enforceability of the remaining provisions of this Agreement.

18.9 Governing Law

This Agreement shall be governed by and construed in accordance with the laws of the Province of Québec and the federal laws of Canada applicable therein.

18.10 Successors and Assigns

The terms and provisions of this Agreement shall be binding upon and enure to the benefit of the Corporation, the Underwriters and the Purchasers and their respective executors, heirs, successors and permitted assigns; provided that, except as provided herein or in the Subscription Agreements, this Agreement shall not be assignable by any party without the written consent of the others.

18.11 Further Assurances

Each of the parties hereto shall do or cause to be done all such acts and things and shall execute or cause to be executed all such documents, agreements and other instruments as may reasonably be necessary or desirable for the purpose of carrying out the provisions and intent of this Agreement.

18.12 Conflict

The Corporation acknowledges that the Underwriters and their affiliates carry on a range of businesses, including providing stockbroking, investment advisory, research, investment management and custodial services to clients and trading in financial products as agent or principal. It is possible that the Underwriters and other entities in their respective groups that carry on those businesses may hold long or short positions in securities of companies or other entities, which are or may be involved in the transactions contemplated in this Agreement and effect transactions in those securities for their own account or for the account of their respective clients. The Corporation agrees that these divisions and entities may hold such positions and effect such transactions without regard to the Corporation's interests under this Agreement.

18.13 Language

The parties hereby acknowledge that they have expressly required this Agreement and all notices, statements of account and other documents required or permitted to be given or entered into pursuant hereto to be drawn up in the English language only. *Les parties reconnaissent avoir expressément demandé que la présente Convention ainsi que tout avis, tout état de compte et tout autre document à être ou pouvant être donné ou conclu en vertu des dispositions des présentes, soient rédigés en langue anglaise seulement.*

18.15 Fiduciary

The Corporation hereby acknowledges that the Underwriters are acting solely as Underwriters in connection with the purchase and sale of the Offered Subscription Receipts. The Corporation further acknowledges that the Underwriters are acting pursuant to a contractual relationship created solely by this Agreement entered into on an arm's length basis, and in no event do the parties intend that the Underwriters act or be responsible as a fiduciary to the Corporation, its management, shareholders or creditors or any other person in connection with any activity that the Underwriters may undertake or have undertaken in furtherance of such purchase and sale of the Corporation's securities, either before or after the date hereof. The Underwriters hereby expressly disclaim any fiduciary or similar obligations to the Corporation, either in connection with the transactions contemplated by this Agreement or any matters leading up to such transactions, and the Corporation hereby confirms its understanding and agreement to

that effect. The Corporation and the Underwriters agree that they are each responsible for making their own independent judgments with respect to any such transactions and that any opinions or views expressed by the Underwriters to the Corporation regarding such transactions, including, but not limited to, any opinions or views with respect to the price or market for the Corporation's securities, do not constitute advice or recommendations to the Corporation. The Corporation and the Underwriters agree that the Underwriters are acting as principal and not the fiduciary of the Corporation and no Underwriter has assumed, and no Underwriter will assume, any advisory responsibility in favour of the Corporation with respect to the transactions contemplated hereby or the process leading thereto (irrespective of whether any Underwriter has advised or is currently advising the Corporation on other matters).

Representations, Warranties and Covenants of the Underwriters

The Underwriters and the U.S. Affiliate separately (and for greater certainty, not solidarily within the meaning of the *Civil Code of Québec*) acknowledge that the Offered Subscription Receipts and the Underlying Common Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws and the Offered Subscription Receipts may be offered and sold only in transactions exempt from or not subject to the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, each Underwriter separately (and for greater certainty, not solidarily within the meaning of the *Civil Code of Québec*) represents, warrants and covenants to the Corporation that:

1. It has not offered and arranged the sale of, and will not offer and arrange the sale of, any Offered Subscription Receipts as a part of its distribution except (a) in an offshore transaction in accordance with Rule 903 of Regulation S, or (b) in the United States to Qualified Institutional Buyers and Institutional Accredited Investors purchasing Offered

Subscription Receipts directly from the Corporation as Substituted Purchasers pursuant to the exemption from the registration requirements under the U.S. Securities Act provided by Rule 506 of Regulation D and similar exemptions under applicable state securities laws, and as provided in paragraphs 2 through 12 below. Neither it nor any person acting on its behalf (i) other than as permitted in paragraphs 2 through 13 below, has made or will make any offer to sell or any solicitation of an offer to buy Offered Subscription Receipt to any person in the United States; (ii) has otherwise facilitated or will facilitate any sale of Offered Subscription Receipts to any purchaser unless at the time the buy order was or will have been originated, the purchaser was outside the United States or it or any person acting on its behalf reasonably believed that such purchaser was outside the United States; or (iii) has engaged or will engage in any Directed Selling Efforts in the United States with respect to the offer and sale of the Offered Subscription Receipts.

2. It has not entered and will not enter into any contractual arrangement with respect to the distribution of the Offered Subscription Receipts, except with the U.S. Affiliate, any Selling Group members or with the prior written consent of the Corporation. It shall require each Selling Group member to agree, for the benefit of the Corporation, to comply with, and shall use its commercial best efforts to ensure that the U.S. Affiliate and each Selling Group Member complies with, the same provisions of this Schedule A as apply to such Underwriter as if such provisions applied to the U.S. Affiliate or such Selling Group member, as applicable.

3. All offers and arranged sales of the Offered Subscription Receipts in the United States have been and will be made or arranged through the U.S. Affiliate, which on the dates of such offers and arranged sales was and will be (a) duly registered as a broker or dealer pursuant to section 15(b) of the U.S. Exchange Act and the securities laws of each state in which such offer or sale is made (unless exempt) and (b) a member of and in good standing with the Financial Industry Regulatory Authority Inc. and in compliance with all applicable federal and state requirements governing the registration and conduct of broker-dealers.

4. Offers and arranged sales of Offered Subscription Receipts in the United States have not and will not be made by any form of General Solicitation or General Advertising or in any manner involving a public offering within the meaning of Section 4(a)(2) of the U.S. Securities Act.

5. 6. Prior to the completion of any sale of Offered Subscription Receipts in the United States, each purchaser thereof will be required to execute and deliver to the Underwriters a U.S. Subscription Agreement.

7. All purchasers of the Offered Subscription Receipts that are in the United States will be informed that the Offered Subscription Receipts and the Underlying Shares have not been and will not be registered under the U.S. Securities Act or applicable state securities laws and the Offered Subscription Receipts are being sold to them without registration under the U.S. Securities Act in reliance on the exemption from registration provided by Rule 506 of Regulation D and similar exemptions under applicable state securities laws.

8. On the Closing Date, each Underwriter, together with the U.S. Affiliate, will provide to the Corporation a certificate in the form of Annex I to this Schedule A relating to the manner of the offer and sale of the Offered Subscription Receipts in the United States or will be deemed to have represented that neither it nor the U.S. Affiliate offered or arranged for the sale of Offered Subscription Receipts in the United States.

9. None of the Underwriters, the U.S. Affiliate, their respective affiliates or any person acting on their behalf (other than the Corporation, its affiliates and any person acting on their behalf, as to which no representation is made) has taken or will take, directly or indirectly, any action in violation of Regulation M under the U.S. Exchange Act, in connection with the offer and sale of the Offered Subscription Receipts.

10. Each offeree of Offered Subscription Receipts in the United States has been or will be provided with a copy of the U.S. Subscription Agreement and no other written material had been or will be used in connection with the offer and sale of the Offered Subscription Receipts in the United States.

11. 12. None of the Underwriters nor the U.S. Affiliate are aware of any person (other than any Corporation Covered Person (as defined below) or Underwriter Covered Person) that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with the sale of any Offered Subscription Receipts pursuant to Rule 506 of Regulation D. Each Underwriter will notify the Corporation, prior to the Closing Date of any agreement entered into between an Underwriter and such person in connection with such sale.

13. Each of the Underwriters will notify the Corporation in writing, prior to the Closing Date of (i) any Disqualification Event relating to any Underwriter Covered Person not previously disclosed to the Corporation in accordance with Section 11 of this Schedule A and (ii) any event that would, with the passage of time, become a Disqualification Event relating to any Underwriter Covered Person.

The Indemnitors agree to waive any right the Indemnitors may have of first requiring an Indemnified Party to proceed against or enforce any other right, power, remedy or security or claim payment from any other person before claiming under this indemnity. The Indemnitors also agree that no Indemnified Party shall have any liability (whether direct or indirect, in contract or tort or otherwise) to the Indemnitors or any person asserting Claims on behalf of or in right of the Indemnitors for or in connection with this Agreement (whether performed before or after the Indemnitors' execution of this Agreement). The Indemnitors will not, without Canaccord Genuity's prior written consent, settle, compromise, consent to the entry of any judgment in or otherwise seek to terminate any Claim in respect of which indemnification may be sought hereunder (whether or not any Indemnified Party is a party thereto) unless the Indemnitors have acknowledged in writing that the Indemnified Parties are entitled to be indemnified in respect of such Claim and such settlement, compromise, consent or termination includes an unconditional release of each Indemnified Party from any liabilities arising out of such Claim without any admission of negligence, misconduct, liability or responsibility by or on behalf of any Indemnified Party.

10.1.2 Promptly after receiving notice of a Claim against any Indemnified Party or receipt of notice of the commencement of any investigation which is based, directly or indirectly, upon any matter in respect of which indemnification may be sought from the Indemnitors, the Indemnified Party will notify the Indemnitors in writing of the particulars thereof, provided that the omission so to notify the

Indemnitors shall not relieve the Indemnitors of any liability which the Indemnitors may have to any Indemnified Party except and only to the extent that any such delay in or failure to give notice as required materially prejudices the defense of such Claim or results in any material increase in the liability which the Indemnitors have under this indemnity. The Indemnitors shall have 14 days after receipt of the notice to undertake, conduct and control, through counsel of their own choosing and at their own expense, the settlement or defense of the Claim. If an Indemnitor undertakes, conducts and controls the settlement or defense of the Claim, the relevant Indemnified Parties shall have the right to participate in the settlement or defense of the Claim.

10.1.3 The foregoing indemnity shall not apply to the extent that a court of competent jurisdiction in a final judgment that has become non-appealable has determined that such Losses to which the Indemnified Party may be subject were caused solely by the gross negligence, intentional fault or willful misconduct of the Indemnified Party.

10.1.4 The Indemnitors hereby constitute Canaccord Genuity as trustee for each of the other Indemnified Parties of the Indemnitors' covenants under this indemnity with respect to those persons and Canaccord Genuity agrees to accept that trust and to hold and enforce those covenants on behalf of those persons.

10.1.5 The Indemnitors also solidarily agree to reimburse Canaccord Genuity for the time spent by their personnel in connection with any Claim at their normal per diem rates. Canaccord Genuity or any other Indemnified Party may retain one firm as counsel to separately represent it in the defense of a Claim, which shall be at the Indemnitors' expense if: (i) the Indemnitors do not promptly assume the defense of the Claim and in any event no later than 14 days after receiving actual notice of the Claim; (ii) the Indemnitor agree to separate representation; or (iii) Canaccord Genuity or any other Indemnified Party is advised by counsel that there is an actual or potential conflict in the Indemnitors' and Canaccord Genuity's or any other Indemnified Party's respective interests or additional defenses are available to Canaccord Genuity or any other Indemnified Party, which makes representation by the same counsel inappropriate.

10.1.6 The indemnity obligations of the Indemnitors hereunder are in addition to any liabilities which the Indemnitors may otherwise have to Canaccord Genuity or any other Indemnified Party.

10.2 Right of Indemnity in Favour of Others

With respect to any party who may be indemnified by 10.1 above and is not a party to this Agreement, Canaccord Genuity shall obtain and hold the rights and benefits of this Section 10 in trust for and on behalf of such indemnified party.

10.3 Contribution

10.3.1 In order to provide for a just and equitable contribution in circumstances in which the indemnity provided in Section 10 would otherwise be available in accordance with its terms but is, for any reason, unavailable to or unenforceable by Canaccord Genuity or any other Indemnified Party or enforceable otherwise than in accordance with its terms or insufficient to hold Canaccord Genuity or any Indemnified Party harmless in respect of a Claim, the Indemnitors shall solidarily contribute to all claims suffered or incurred by any Indemnified Party in such proportion as is appropriate to reflect not only the relative benefits received by the Corporation on the one hand and Canaccord Genuity or any other Indemnified Party on the other hand from the issue and sale of the Offered Preferred Shares but also the relative fault of the Indemnitors, Canaccord Genuity or any other Indemnified Party as well as any relevant equitable considerations. The Indemnitors shall in any event be solidarily liable to contribute to the amount paid or payable by Canaccord Genuity or any other Indemnified Party as a result of a claim under Section 10, any amounts in excess of the Commission or any portion of such Commission actually received by Canaccord Genuity under this Agreement. Canaccord Genuity shall not in any event be liable to contribute, in the aggregate, any amounts in excess of the Commission or any portion of such Commission actually received. However, no party who has engaged in any fraud, fraudulent misrepresentation, willful misconduct or gross negligence shall be entitled to claim contribution from any person who has not engaged in such fraud, fraudulent misrepresentation, willful misconduct or gross negligence.

10.3.2 The rights to contribution provided in this Section 10.3 shall be in addition to and not in derogation of any other right to contribution which Canaccord Genuity may have by statute or otherwise at law.

10.3.3 With respect to any Indemnified Party who is not a party to this Agreement, it is the intention of the Indemnitors to constitute Canaccord Genuity as trustee for such Indemnified Party of the rights and benefits of this Section 10.3 and Canaccord Genuity agrees to accept such trust and to hold the rights and benefits of this Section 10.3 in trust for an on behalf of such Indemnified Party.

10.3.4 For greater certainty, in the event of unenforceability or unavailability of the indemnity provided for in Section 10, the Indemnitors shall not have any obligation to contribute pursuant to this Section 10.3 except to the extent the indemnity given by it in Section 10 would have been applicable to such Claim in accordance with its terms, had such indemnity been found to be enforceable and available to the Indemnified Parties.

11. ADVERTISEMENTS

The Corporation acknowledges that Canaccord Genuity shall have the right, subject to this Agreement, at its own expense, to place such advertisement or advertisements relating to the sale of the Offered Preferred Shares contemplated herein as Canaccord Genuity may consider desirable or appropriate and as may be permitted by applicable law. The Corporation and Canaccord Genuity each agree not to make or publish any advertisement in any media whatsoever relating to, or otherwise publicise, the transaction

provided for herein so as to result in any exemption from the prospectus and registration requirements of Canadian Securities Laws in any of the Selling Jurisdictions or any other jurisdiction in which the Offered Preferred Shares shall be offered or sold being unavailable in respect of the sale of the Offered Preferred Shares to prospective purchasers.

12. UNDERWRITERS' COMMISSION

In consideration of the services to be rendered by Canaccord Genuity in connection with the Offering, the Corporation shall pay Canaccord Genuity a cash fee (the **"Commission"**) equal to [*****] % with respect to the initial USD$ [*****] portion of the gross proceeds from the Offering and [*****] % with respect to the subsequent USD$ [*****] portion of the gross proceeds from the Offering. No other fee or commission is payable by the Corporation in connection with the completion of the Offering, except for the reimbursement of the Underwriter's Expenses.

13. ALL TERMS TO BE CONDITIONS

The Corporation agrees that the conditions contained in Section 5.2 will be complied with insofar as the same relate to acts to be performed or caused to be performed by the Corporation and that it will use its commercial best efforts to cause all such conditions to be complied with. Any breach or failure to comply with any of the conditions set out in Section 5.2 shall entitle Canaccord Genuity to terminate its obligations hereunder, by written notice to that effect given to the Corporation at or prior to the Closing Time. It is understood that Canaccord Genuity may waive, in whole or in part, or extend the time for compliance with, any of such terms and conditions without prejudice to the rights of Canaccord Genuity in respect of any such terms and conditions or any other or subsequent breach or non-compliance, provided that to be binding on Canaccord Genuity any such waiver or extension must be in writing and signed by Canaccord Genuity.

14. MATERIAL CHANGES DURING DISTRIBUTION

During the period from the date hereof to the Closing Date, the Corporation shall promptly notify Canaccord Genuity (and, if requested by Canaccord Genuity, confirm such notification in writing) of (i) any Material Adverse Effect, actual or contemplated; (ii) any material change in any information provided to Canaccord Genuity concerning the Corporation, the Target, the Proposed Acquisition, the Common Equity Capital Raise, the Preferred Shares, the GSO Commitment, the BlackRock Commitment or the Offering; (iii) any notice by any judicial or regulatory authority or any stock exchange requesting any information, meeting or hearing relating to the Corporation or the Offering; or (iv) any other event or state of affairs that may be material to Canaccord Genuity or the securityholders of the Corporation. During the period from the date hereof to the Closing Date, the Corporation shall promptly, and in any event, within any applicable time limitation, comply with all applicable filing and other requirements under Canadian Securities Laws as a result of such change. The Corporation shall in good faith discuss with Canaccord Genuity any fact or change in circumstances (actual, anticipated, contemplated or threatened, and financial or otherwise) which is of such a nature that there is reasonable doubt as to whether notice in writing need be given to Canaccord Genuity pursuant to this Section 14.

15. PRESS RELEASES AND OTHER PUBLIC DOCUMENTS

The Corporation shall (i) provide Canaccord Genuity and its counsel with a reasonable opportunity to review and comment on any press release or other public communication issued by the Corporation in connection with the Proposed Acquisition and the Offering, including any materials to be mailed to shareholders of the Corporation in connection with the Meeting and the Proposed Acquisition and its financing; (ii) at Canaccord Genuity's request include a reference to Canaccord Genuity and its role in any such release or communication, and (iii) ensure that any press release concerning the Offering complies with applicable law including U.S. securities law restrictions in respect of general solicitation, general advertising and directed selling efforts. Representations, Warranties and Covenants of Canaccord Genuity

Canaccord Genuity and the U.S. Affiliate separately (and for greater certainty, not solidarily within the meaning of the *Civil Code of Québec*) acknowledge that the Offered Preferred Shares and the Underlying Shares have not been and will not be registered under the U.S. Securities Act or any state securities laws and the Offered Preferred Shares may be offered and sold only in transactions exempt from or not subject to the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, Canaccord Genuity and the U.S. Affiliate separately (and for greater certainty, not solidarily within the meaning of the *Civil Code of Québec*) represents, warrants and covenants to the Corporation that:

Canaccord Genuity will notify the Corporation, prior to the Closing Date of any agreement entered into between Canaccord Genuity and such person in connection with such sale.

13. Representations, Warranties and Covenants of the Corporation

The Corporation represents, warrants, covenants and agrees that:

1. The Corporation is a Foreign Issuer and reasonably believes that there is no Substantial U.S. Market Interest in the Offered Preferred Shares or the Underlying Shares.

2. The Corporation is not, and as a result of the sale of the Offered Preferred Shares contemplated hereby will not be, an "investment company" registered or required to be registered under the Investment Company Act of 1940, as amended.

3. Neither the Corporation nor any of its predecessors or affiliates has been subject to any order, judgment or decree of any court of competent jurisdiction temporarily, preliminarily or permanently enjoining such person for failure to comply with Rule 503 of Regulation D concerning the filing of a notice of sales on Form D.

The Corporation has not, for a period of six months prior to the commencement of the Offering hereof sold, offered for sale or solicited any offer to buy any of its securities, and will not do so for a period of six months following the completion of the Offering, in the United States in a manner that would be "integrated" with the Offering and that would cause the exemption from registration afforded by Rule 506 of Regulation D or the exclusion from registration provided by Regulation S to be unavailable for offers and sales of the Offered Preferred Shares pursuant to this Agreement.

8. None of the Corporation, its affiliates, or any person acting on its or their behalf (other than Canaccord Geunity, the U.S. Affiliate and any person acting on their behalf, as to which no representation is made) has taken or will take, directly or indirectly, any action that would constitute a violation of Regulation M under the U.S. Exchange Act in connection with the offer and sale of the Offered Preferred Shares.

6.2 Breach

If the Corporation is in breach of any material term, condition or covenant of this Agreement or any representation or warranty given by the Corporation in this Agreement is false in any material respect, the Purchasers (or any one of them) shall be entitled at their sole option, in accordance with Section 6.4 of this Agreement, to terminate their obligations under this Agreement by written notice to that effect given to the Corporation on or prior to the Closing Time. In the event of any such termination by the Purchasers, there shall be no further liability on the part of the Purchasers to the Corporation or on the part of the Corporation to the Purchasers except in respect of any liability which may have arisen or may arise after such termination in respect of acts or omissions prior to such termination under Section 9 of this Agreement or in respect of the Purchasers' Expenses under Section 7 of this Agreement.

7. EXPENSES

Whether or not the Issuance herein contemplated shall be completed, the Corporation shall be responsible for all reasonable and documented out-of-pocket expenses (including due diligence expenses (including for legal and other advisors) and travel expenses, but limited, in the case of legal fees and expenses, to the reasonable fees, charges and disbursements of one counsel to the Purchasers and BlackRock, taken as a whole (and, if reasonably necessary, of one local counsel in any relevant jurisdiction (as well as one regulatory counsel to the extent reasonably necessary) to all such persons, taken as a whole, as well as any applicable anti-trust counsel to BlackRock), incurred in connection with the Issuance and any related documentation and in connection with any anti-trust or competition related legal work or filing fee or expense arising in respect of the Transactions and/or the acquisition or conversion by any of the Purchasers of any security issued by the Corporation received in connection with the Transactions; provided that with respect to any such anti-trust or competition related fee or expense incurred by the Purchasers, BlackRock after the Closing as a result of conversion of any Offered Preferred Shares or exercise of any Warrants, such fees and expenses shall be split equally between the Corporation, on the one hand, and the Purchasers and BlackRock (as determined among them), on the other hand, and the Purchasers and/or BlackRock shall consult the Corporation prior to incurring such expenses to the extent reasonably practicable; including any expenses incurred prior to the date first written above and all VAT payable in respect of any of the foregoing (collectively, the **"Purchasers' Expenses").** All such fees, disbursements and expenses shall be payable by the Corporation immediately upon receiving supporting documentation and an invoice therefore from the Purchasers, or at the option of the Purchasers, to the extent incurred on or prior to the Closing shall be paid by the Corporation at the Closing Time pursuant to Section 5.1 to the extent supporting documentation and an invoice is provided to the Corporation prior to the Closing.

The Purchasers and/or the Corporation, as the case may be, will be entitled to rely on the representations and warranties of the other parties contained in this Agreement or delivered pursuant to this Agreement notwithstanding any investigation, which the Purchasers and/or the Corporation may undertake or which may be undertaken on the Purchasers' and/or Corporation's behalf, as the case may be.

9.1.2 No Indemnified Party shall be liable for any damages arising from the use by any person (other than such Indemnified Party (or its Related Parties)) of information or other materials obtained through electronic, telecommunications or other information transmission systems, except to the extent any such damages arise from the gross negligence, bad faith, or willful misconduct of such Indemnified Party (or any of its Related Parties), in each case as determined by a final non-appealable judgment of a court of competent jurisdiction. None of the Indemnified Party, Indemnitors or any of their respective affiliates or the respective directors, officers, employees, agents, advisors or other representatives of any of the foregoing shall be liable for any consequential or punitive damages in connection with this Agreement, the Offered Securities, the BlackRock Commitment Letter or the Issuance (including the use or intended use of the proceeds of the Issuance) or the transactions contemplated hereby; provided that nothing contained in this sentence shall limit the indemnification obligations of the Indemnitors to the extent set forth hereinabove.

9.1.3 The Indemnitors shall not be liable for any settlement of any Proceeding effected by any Indemnified Party without Corporation's written consent (which consent shall not be unreasonably withheld or delayed), but if settled with Corporation's written consent, or if there is a final and non-appealable judgment by a court of competent jurisdiction against an Indemnified Party in any such Proceeding, the Indemnitors agree to indemnify and hold harmless such Indemnified Party in the manner set
